UNPAID TA[illegible] IN PENNINGT[illegible] AT RECORD L[illegible]

Delinquent Taxes for 1947 Only 2.9 Per Cent, Co. Treasurer Reports

While total tax levies in Pennington county in 1947 mounted to $480,702.02 compared to $400,119.21 in 1946, only $14,056.77 was delinquent at the end of 1947, or 2.9 per cent, fractionally lower than the three per cent left unpaid the previous year, County Treasurer A. E. Johnsrud announced this week.

The current figure, a record low mark, continues the downward trend in delinquency in effect during the past ten years. In 1944 the total was six per cent, in 1941 11½ per cent and in 1938 15 per cent.

In the city of Thief River Falls with a levy of $265,901.80, tax payments aggregated $260,419.81, with cancellations and abatements of $460.99, leaving a delinquency of $5,021 or one and seven-eighths per cent.

Occupying top place among the townships is Polk Centre with a levy of $6,731.24 and a net delinquency of only $18.74 or one-fourth of one per cent.

Following in order are Silverton with a delinquency of $129.30 or one and one-half per cent; Kratka, with $199.34 or 1.6 per cent; North and Rocksbury with one and three-quarters per cent; and River Falls with three per cent.

At the bottom of the list are Hickory township, with a delinquency of 11¼ per cent; and Norden with 10¼ per cent. For the village of Goodridge the figure was five and seven-eighths per cent, and for St. Hilaire six per cent.

Being a member of the state legislature, Mr. Herseth pointed out a few major issues that will confront voters in the next few years. State aid to schools was also discussed.

Burt Vigen of Smiley township was elected vice-president and Mrs. Cal Toomey was named secretary and treasurer. Mrs. Frank Hardisty was reelected home and community chairwoman for the coming year.

FIRE DEPARTMENT IS BUSY THIS WEEK

Blaze Causes Damage in Rest Room at St. Lukes

The local fire department was called out a half-dozen times during the past week's cold spell, but substantial damage resulted from only one of the blazes.

Uniforms and wearing apparel, the property of nurses at St. Lukes hospital, were damaged by a fire that broke out in a first-floor rest room at the hospital Sunday morning at 8:30. The room was damaged to the extent of approximately $100, Fire Chief Roy Langevin estimated.

A blaze Thursday night at the J. S. Gibson residence on Pine av. N., developed in a wall while Mr. Gibson was thawing out a frozen water pipe with a blowtorch. His prompt action in cutting away the burning portion with an axe resulted in the fire being extinguished by the time the fire department arrived at the scene. Damage was slight.

No damage resulted from chimney fires Thursday evening at the Mrs. Chas. Alexander residence at 216 Conley av. S. and at 321 Duluth av. S. Firemen were again called out Monday morning when aluminum stove pipes became overheated and fell apart at the Ordean Olson home at 306 Duluth av. S., no damage resulting.

Low Bid Is Accepted for Carrying out 1st Stage of Red Lake River Work

Al Johnson Const. Co. Plans February Start on Preliminary Phase

A *campaign originally* launched by residents of this area fully thirty years ago will bear fruit about the middle of February when preliminary work on the Red Lake-Clearwater river channel improvement project will be started by the Al Johnson Construction company of Minneapolis, which firm Tuesday was awarded the contract by the St. Paul district office of the corps of U. S. army engineers.

The Johnson company's bid of $307,440, which is well within the total of $400,000 appropriated by Congress in 1947 to initiate the project, covers that portion of the work between the Hickory township line east of River Valley down Red Lake river to a point about two miles below Highlanding.

Officers of the Johnson company informed The Times Wednesday afternoon that they expect to start about February 15 on the work of clearing the ground to be covered by the new location of the channel.

They also indicated that dirt-moving operations will get under way by April 1, and that a dragline with a four cubic yard capacity and a 100-foot boom will be utilized. J. H. King has been appointed to take charge of construction work.

Local promoters of the long-awaited project have made tentative plans for a ground-breaking ceremony to be held in April, with state officials and members of the sponsoring organizations participating.

Residents affected by the project are hoping that Congress during its current session will appropriate $1,200,000 to continue the work as requested by President Harry Truman in his recent budget message. This sum, it is anticipated, will carry the huge undertaking approximately two-thirds of the way to completion.

RAINBOW PASTRY SHOP OPENED JAN. 24 BY JUNG BROS.

Doughnuts and Coffee to be Served Saturday in Shop on LaBree av.

Saturday, January 24, is the date set for the formal opening of the Rainbow Pastry Shop to be operated by Jungs Bakery in of the Jay-Bee drug store on the Odd Fellows building north LaBree av., it was announced today by C. Herbert and Walter Jung, proprietors.

The shop will be operated along with the present establishment on Main av. N., and will be devoted to the manufacture and sale of fancy breads, rolls, cakes, cookies, and pies. Mrs. Louise Hanson will be in charge of retail sales. The company also will maintain its office in the new location.

Undergoing a complete remodeling the past three months, the new quarters present an attractive appearance. The front of the building has been completely rebuilt, utilizing plate glass with aluminum trim and structural glass in shades of maroon, green, ished in natural birch with wallpaper panels above and with modernistic fixtures, has been transformed thru the removal of the former balcony from the front of the room, leaving a balcony only at the rear where the office will be located. Lighting is of the indirect recessed type.

Since it was established October 12, 1915, by the two Jung brothers with a staff of only one clerk, the organization has expanded in the intervening years until today it has approximately fifty persons on its payroll. Five company-owned trucks deliver bakery products thruout Northwestern Minnesota.

Peterson-Lennox Vows Spoken New Year's Day in Los Angeles, Calif.

Carol Evangelyn Peterson, daughter of Mr. and Mrs. O. C. Peterson of Los Angeles, California formerly of this community, and James K. Lennox, son of J. K. Lennox, were united in marriage at a candlelight service on New Year's day at the Bethel Lutheran church in Los Angeles. Rev. A. O. Bloom officiated at the service before 175 guests.

The aisle was decorated with single candelabra at the end of each pew with a large bouquet of white poinsettias tied with white satin bows and streamers touching the floor. The altar decorations were four tall candelabra and flowers identical to those in the aisle. Rheba [illegible] sang "Because" preceding the ceremony and, while the couple knelt at the altar, "The Lord's Prayer."

The bride entered the church on the arm of her father, proceeding down the white carpeted aisle to the strains of Lohengrin's wedding march played by Ruth [illegible]. Her gown, designed and fashioned by herself, was of white bridal satin, made with a fitted scalloped bodice fastened [illegible] coming to a scallop at the wrists, an inset of nylon marquisette formed the front yoke and a graceful scalloped peplum of satin which fell into a long train. Her headdress was a white satin coronet which also held her lace-edged illusion fingertip veil. She carried a white satin muff on which laid a large cluster of pure white camelias.

[illegible] Andrew, friend of the bride, was maid of honor, wearing a gown of deep rose satin with matching coronet and gloves. The four bridesmaids were Marilyn Nelson, Ramona [illegible], Carolyn Martins and Elizabeth Libke. They all wore identical gowns of light blue satin, matching gloves and coronet headpieces. They carried muffs with camellias matching the maid of honors dress, and wore rhinestone bracelets, gifts of the bride.

Karen Bloom, daughter of Rev. and Mrs. A. O. Bloom, was flower girl, wearing a light blue satin gown, matching the bridesmaids and carried a basket of sweet peas. She also wore a coronet and gloves of blue satin.

The groom was attended by [illegible] Vreehen, as best man. [illegible] Peterson, Jack Jatho, [illegible] Teltjen, Stan Stevens, who served as ushers.

The bride's mother wore an aqua crepe formal with accessories and a corsage of white [illegible].

Following the ceremony a reception was held in the church parlors, which was decorated in pastel colors. A beautifully decorated cake, topped with a miniature bride and groom, was cut by the bride and groom. Hostesses were the bride's aunts, Mmes. E. W. Nelson, J. Peterson and E. A. Peterson.

The couple left on a wedding trip to Mexico. For going away the bride wore a white crepe dress with green topper and brown accessories.

Mr. and Mrs. Lennox are graduates of Manual Arts high school. The groom served 16 months overseas with the U. S. marines and is now engaged with the Pacific Press. They will make their home at 4252 Halldale Ave., Los Angeles 37, Calif., temporarily.

Zehlian Group Noted Sixth Anniversary at Party Tuesday Evening

The Zehlians were entertained at a surprise birthday party Tuesday evening at the home of Mrs. Willard Still, this group celebrating its sixth anniversary Jan. 27th.

In keeping with the idea of being six years old balloons containing notes were passed. Each guest blew her balloon until it broke, and then matched notes which were statements pertaining to art and artists. The partners drew pencil caricatures of each other, and Mrs. Ray Jude served as judge. Prizes went to Mrs. John Stewart for a drawing of Mrs. Harold Elofson, and Mrs. Glenn Christie for a drawing of Mrs. Rudolph Sagmoen. Mrs. Elofson and Mrs. Sagmoen were each presented with mirrors.

The birthday gift to the Zehlians was presented by Mrs. G. H. Mayer-Oakes and was a lovely old linen dress, bag, boa, and fan dated 1887, which had belonged to Mrs. Della B. Zeh, patroness of the Zehlian group. Mrs. Stewart appeared modeling the dress as Mrs. Mayer-Oakes made the presentation. The dress has spots of paint on the sleeves and skirt, which was of much interest to the Zehlians.

Refreshments were served in the dining room buffet style. The table was covered with a lace cloth. In the center of the table was a white palette laid out in six colors of paint. In the center of each color sat a lighted candle. The Palette revolved on a music box, which played "Happy Birthday" and was surrounded by a wreath of huckleberry leaves.

Mrs. Stewart, gowned in a lovely old dress, served the birthday cake. At the other end of the table, coffee was poured by Mrs. Gunder Legvold, who was president of the Woman's club when the Zehlians were organized.

Birthday greetings were received from Mrs. Milton Larson of Fargo, N. Dak., who is an out-of-town member of the Zehlians.

Ruth Broz Marries William Taylor on Anniversary Friday

Ruth Broz, daughter of Mr. and Mrs. George Broz of Minneapolis, and William Taylor, son of Mr. and Mrs. G. W. Taylor also of Minneapolis, spoke their marriage vows in the Annunciation parish house in Minneapolis on Friday afternoon, January 16, which also marked the twenty-sixth wedding anniversary of the bride's parents. The double ring ceremony was performed by Father Siebenand.

For her marriage, the bride was attired in an ice blue faille taffeta ankle length dress, with shoulder veil, and carried a bouquet of camellias. She also wore pearls. Her attendant, Miss Margaret Mary McCarty of Minneapolis, queen for the Star and Tribune during the '47 aquatennial, being attired in an ankle length dress of cocoa brown and carried a bouquet of camellias. She also wore pearls a gift of the bride.

E. B. Braman of Minneapolis, friend of the groom, was best man.

The bride's mother was dressed in black and ice blue, wearing and orchid, and the groom's mother wore a navy blue dress with matching accessories, and a corsage of white tea roses.

A dinner, honoring the newlyweds and immediate relatives, was given at the bride's parental home, which was also followed with an informal reception, attended by 175 guests. The bridal table was decorated with a five tiered wedding cake topped by a miniature bride and groom.

Mrs. Taylor is a graduate of Holy Angel's academy in Minneapolis and St. Catherine's college in St. Paul, and prior to her marriage was employed in the advertising department of the Star and Tribune. Mr. Taylor, a graduate of the University of Minnesota, is a radio announcer at station KTRF.

The couple left on a wedding trip to northern points in the state, before coming to this city, and are now residing at 311 Arnold Ave. So. For travelling Mrs. Taylor chose a royal blue suit trimmed in leopard and gold accessories.

Present for the wedding were Mrs. Patrick O'Connell of San Antonio, Texas, and Mrs. Mary Callahan of Los Angeles, California, sister and grandmother of the bride, respectively.

OIL SUPPLIES ARE GROWING SHORTER

No Suffering Reported in This Area to Date

While Thief River Falls fuel oil dealers thus far have been able to supply the needs of their regular customers they are uncertain as to the possibility of securing sufficient oil for the remainder of the winter, a survey of the local situation revealed this week.

The supply problem is aggravated by the subzero weather that has prevailed in the northwest during the past week or ten days. Oil jobbers supplying local dealers ascribe their inability to furnish oil in desired quantities largely to a shortage of tank cars.

One local dealer was entirely out of fuel oil Wednesday morning, and reported he was expecting a tank carload, but didn't know when it would arrive.

Cut Labor Costs

Work in the dairy barn makes up more than 50 per cent of the labor of producing milk. Dairy barn arrangement, barn equipment and methods of feeding and milking offer the most opportunities for cutting labor costs.

NEW TYPE OF SEED DISINFECTANT IS NOW OBTAINABLE

New Product Is Almost Odorless, County Agent Frank Hobbs Reports

A new seed disinfectant, Ceresan M., has several advantages over New Improved Ceresan in treating grain. The new product is practically odorless and can be handled with little or no discomfort if precautions are observed, says County Agent Frank A. Hobbs.

Ceresan M has been tested several years by many agricultural experiment stations, according to R. C. Rose, extension plant pathologist at University Farm.

Since the new product is sold only in large lots of 40 or 100 pounds, farmers may have to buy cooperatively.

Ceresan M will protect the crop against the same diseases as New Improved Ceresan. It can be applied either as a dry dust or mixed with water. The latter, called the slurry method, is practical only for custom treaters. The moisture deposited in slurry treated seed will not affect storage later.

Well cured seed can be treated at any time and stored in bins, sacks or piles in well ventilated places, Rose declares. If the new product is not available, New Improved Ceresan will give very satisfactory results.

Good Soil Required

The first ingredient of a successful home garden is good soil. However, poor garden soils often can be built up so that better crops are produced. The ideal garden soil is loose, granular and spongy. Water and air can penetrate to the roots easily in this type of soil. Home garden soil, however, is often sandy or heavy and tight and hard to work. A few basic materials including manure, compost, sewage sludge, fertilizer, and in some cases, lime will help to improve poor garden soils.

Cotton Bolls Vary

Cotton bolls of different varieties range in color from white through light and dark cream to brown.

Trooping of Colors

One of the sights to see in London is the traditional "trooping of the colors," a ceremony which takes place annually on the king's birthday anniversary at horse guards parade, Whitehall. For this imposing military ceremony two troops of the household cavalry and 1,800 men of the brigade of guards parade for inspection by the king. As each regiment passes, the regimental march is played by the massed bands of the guards.

First Collegiate Meet

Princeton won the first intercollegiate track and field meet staged at Saratoga, N. Y., in 1876.

Aid to Operator

The tractor manufacturer's instruction book is the daytime flashlight that simplifies repair, adjustment and replacement of worn or broken parts.

Watch DDT for Fires

When spraying with DDT inside the home, extinguish all open fires. Do not spray eating or drinking utensils.

World Citrus Center

About half of all oranges and lemons and practically all the grapefruit produced in the world are grown in the United States.

In The Rough

In ancient times diamonds were polished and worn in their natural shapes because a method for cutting diamonds was not discovered until the Middle Ages.

Heart Beat Charted

The pumping action of the heart is charted in great detail and with precise time measurement on a moving strip of paper by an instrument called the electrokymograph.

Causes Mishaps

Disorder of farm equipment is the greatest single cause of farm accidents.

No Fish Story

The largest fisherman among animals is the monstrous Alaskan brown or Kodiak bear. He sometimes reaches a weight of 1,500 pounds.

Now We Know About It

Honey is a mixture of dextrose and levulose into which the bees' legs have stirred the well-flavored pollen of flowers.

Editorials.....

Pennington County's Farm Bureau organization started a new year last week confronted with the annual problem of securing a paid-up membership. Only a small part of the cost of our extension service and 4-H Club work is paid in the form of membership dues. Most of the money comes in the form of county and state appropriations, which is proper. Nevertheless a paid-up membership is necessary if the county is to meet the requirements of the law and that is why a drive for members must be made. If you want to save a few individuals a lot of running around, mail your check in. Your cooperation will be greatly appreciated.

While Thief River Falls reversed a trend of many years with a slight increase in tax delinquency in 1947, Pennington County as a whole came through with another decrease. Only 2.9% of the taxes imposed by all of the taxing units in Pennington County last year were unpaid. In the City of Thief River Falls the delinquency increased from 1.1% in 1946 to 1.87% in 1947. Not so many years ago Pennington County's delinquency was nearly 25%.

Government, welfare and school costs have gone up at the local level as they have at every other level. The total of all taxes levied against property in Pennington County increased from $353,000 in 1943 to $480,000 in 1947, and the reason for such an increase is understandable. Fortunately it is easier for most people to pay the larger taxes now than it was to pay the smaller taxes of a dozen years ago. For many whose incomes have not increased with the rising costs the higher taxes have been one more factor in making for a lower standard of living.

One continuing trend all Pennington County property owners can feel good about is the reduced debt of the county. As of December 31 the outstanding bonds totalled $331,000 which was offset by a sinking fund for debt service totalling $120,000, leaving a net bonded indebtedness of $211,000. For those of us who remember when the county bonded debt totalled more than $600,000, drawing 6% interest and going along year after year without any reduction, the county's present financial condition is excellent. At the present time the county has some outstanding warrants issued for recent ditch cleaning projects but they are only an indirect county obligation and there is little chance that they will become a problem. Otherwise all county funds are comfortably in the black.

At long last the Red Lake river channel improvement project has become a reality. A contract for the initial stage of construction has been awarded and by the first of April the job of digging will be under way. While only a comparatively small part of the entire project is included in the job that now has been let, it is reasonable to assume that additional appropriations will make it possible to proceed with the work until the entire program is completed. And now that we are assured of the improvement of the channels of the Red Lake and Clearwater rivers we face another big job of ditch improvements in the watersheds of these rivers. It is a job that must have careful planning. Fortunately under the authority of the Drainage and Conservancy District we can secure good planning and should be able to correct some of the old mistakes that have been causing damage for many years.

Honey a Medicine

Recent research conducted by the Soviet Institute of Agriculture and many Soviet medical institutions seems to justify the old belief that honey is good for wounds and as an internal medicant. Honey proved to be beneficial in cases of chronic dysentery, jaundice, swellings caused by heart and kidney ailments and many other diseases. Patients said they were better four or five days after receiving honey. It has been proven that the dark varieties of honey have greater blood-forming value than do the light, but both are of dietary importance. Medicinal honey produced by bees fed on artificial honey from sap of green vine leaves is being used in Soviet hospitals.

Greek Warfare Now Rages At Site of Ancient Clashes

The Greek government's drive to rout rebel concentrations from Mount Olympus and Mount Ossa has its setting in the rugged and beautiful region of eastern Greece where the ancients placed a struggle of the gods.

The two classical mountains rise on either side of Peneios river, along which much of the guerrilla warfare has raged, notes National Geographic society. On the north, Mount Olympus, traditional home of Zeus, looks down from snowy heights of more than 9,500 feet. Ossa's summit is nearly 6,500 feet.

In his legendary Olympian palace of rose-and-gold tinted clouds, Greek mythology says, the king of the gods held court, feasting on nectar and ambrosia. Homer relates that when the twin giants, Otus and Ephialtes, declared war on the Olympian mortals, the famous threat was made to pile Ossa on Olympus to help create a pathway to heaven itself.

Less than 150 miles northwest of Athens, the present-day theater of Greek fighting favors guerrilla tactics. The Olympian range, highest in Greece, is made up of dozens of peaks. Snow crowns its ridges and fills its upper gorges for most of the year. Violent windstorms and even sleet sweep its high passes late in summer.

Underground streams, barren, rocky hillsides, and narrow defiles mark the general region. Hidden caves and overhanging crags offer both shelter and points of attack.

The magnificent oak and beech stands that once covered the lower slopes of the mountains are gone. But in their place is a widespread bush growth of the protective maquis type, such as gave its name to the resistance movement of southern France during World War II.

New Shoe Cloth

Tested in the shoes of jungle fighters during the war a woven plastic screen cloth is being produced for the civilian market. Recommended for sports and industrial footwear, it is said to help prevent calluses, blisters, athlete's foot and other afflictions resulting from insufficient ventilation in boots and shoes. It is resistant to odors and can be washed.

New Music Instructor to Join Bemidji College

Maurice M. Callahan will join the faculty of Bemidji State Teachers College as instructor in instrumental music and director of band and orchestra on January 26 according to an announcement by Carl O. Thompson, chairman of the division of fine and applied arts.

Mr. Callahan is a protege of Dr. Frank Simon, renowned as John Philip Sousa's assistant conductor and conductor of the NBC symphonic band.

Mr. Callahan has been music director in the schools of Independence, Kansas, Muskogee, Oklahoma, and elsewhere, and has taught at the University of Kansas.

Machinery Increases

The volume of machinery, power and equipment on farms has increased each year since 1940, and in 1946 was about one-third above the 1935-39 average, according to the department of agriculture. More machinery will be available in 1947 than during the past few years, but at prices above those in 1946. Production of farm machinery for the last six months of 1946 was about 25 per cent above that for the same period of 1945, and a further increase in production is expected this year. The number of tractors in 1946 was more than double the number in 1935-39.

184 Purebred Animals Offered in Auction at Crookston Feb. 26-27

Seventy-eight breeders of purebred livestock will sell 184 head of foundation stock at the two-day consignment sale at the Red River Valley Winter Shows at Crookston on February 26 and 27. The Winter Shows sales have, for more than thirty years, been the outstanding source of foundation stock for Red River Valley farmers.

O. M. Kiser, animal husbandman at the Northwest Experimental Station at Crookston and secretary of the sales committee of the Red River Valley Livestock association, announces that bred ewes and gilts and Holstein cattle will be sold on Thursday, February 26, and breeds of beef cattle including milking Shorthorns, will be sold on Friday, February 27, the closing day of the show.

Mr. Kiser reports that thirty-four livestock breeders, representing the six popular breeds of hogs, will sell 78 head of bred gilts; seven breeders of Hampshire and Shropshire sheep will sell 25 bred ewes; thirty-nine milking Shorthorns, Angus, and Holstein cattle, will sell 41 bulls and 39 females.

A. J. Dexter, agricultural development agent of the Northern Pacific Railway Company, has been appointed livestock sales manager. Freddie Chandler, nationally known livestock auctioneer from Carrington, Iowa, will cry the livestock sales.

Origin of Inscription

"In God We Trust" was first authorized for inscription on a United States coin 83 years ago during the presidency of Abraham Lincoln, according to Dr. Louis A. Warren, historian of Lincoln National Life Insurance company. In 1861 M. R. Watkinson, a clergyman living in Riddleyville, Pa., wrote to Secretary of the Treasury Chase appealing for a religious inscription on U. S. coins. One week after Chase received the letter, he addressed a note to James Pollock, director of the mint, asking that steps be taken to declare the trust of our people in God—on our national coins. Legal barriers stood in the way of immediately carrying out the proposal, and it was not until three years later, April 22, 1864, that an act was passed authorizing coinage of a two-cent piece bearing the religious inscription. About a month before Lincoln was assassinated, congress passed an act authorizing the inscription of the motto, "In God We Trust," on all United States coins.

Lost Paintings Found

Aboriginal paintings which have been lost for 100 years in caves in northwestern Australia recently were found by Howard Coate of Derby. The paintings were first discovered by Sir George Grey in a cave near the Gibb river about 100 miles from Derby. Howard Coate searched for the cave for nine months using maps and bearings from notes made by Sir George. The bearings proved wrong, but by luck, Coate discovered a big cave in which he found the lost paintings. The largest figure is 10½ feet long and 5 feet high.

To Discuss Dairy Outlook

H. R. Searles, extension specialist in dairy from the University Farm, will discuss the outlook of the dairy industry in the Civic and Commerce Room of the Thief River Falls Auditorium, Thursday, January 29, starting at 1:30 P. M., according to County Agent Frank A. Hobbs. In addition to dairying prospects, rations for dairy cows, calf feeding and hints on saving grain through proper management will be discussed by Mr. Searles.

Exploding Grains

A new process for exploding cereal grains into flour that "has possibilities of revolutionizing the milling industry to the advantage of both miller and consumer" was reported by Harold Vaetborg, president of Midwest Research institute. The process involves explosion of the grains by means of compressed air or other gases and is considered by the institute as its outstanding development to date. There is no known scientific record that the process, known as "explosive dissociation" of grain," ever has been accomplished before. Significance of the experiments, Vaetborg said, lies in the fact that preferential separation of the component parts of the grain berry can be obtained. Wheat flour can be made free of the germ, something exceedingly difficult under conventional milling methods. Bran can be blown off, oat husks removed.

Luminous Lures

Luminous fishing lures made from the phosphorescently treated linen which navy men used to mark parachuted rescue supplies at sea during the war have reached the retail stores. The bait can be used either for fly casting or deep sea fishing.

Washington's Population

Thomas Jefferson thought that at the end of 100 years, Washington, D. C., might have 100,000 inhabitants, and might hope ultimately to attain a population of 200,000, according to Encyclopaedia Britannica. The 1940 census listed the district's population as 663,091.

MOTHER

One sad year has passed
Since we layed our Mother to rest,
Who was tired of earthly strife.
Gods Angels came and bore her,
To her heavenly eternal life.

Her tired hands are still,
Her Earthly life was Nobly lived,
Her death our fathers will.

New Type Textiles

Fine quality worsteds now can be produced at the speed of ordinary cotton by a new textile process. The new process permits mass production of the finest worsted fabrics at lower prices. The method also can be applied to cotton, silk, rayon, nylon, rabbit hair and all other fibers. Certain dyes which previously faded when exposed to atmospheric gas fumes are given better fastness by this new chemical process. Applied during the dyeing operation, it is claimed that its protective effect persists after repeated washings and dry cleanings.

Really 'Sweet'

The natural sweetness of the sweet potato can be used to advantage in making cookies, pies and custards, as well as in scalloped dishes.

Cost of Goods

Retail trade accounts for nearly one-third of the total cost of distributing goods.

WINNIPEG SIX PLAYS THIEVES IN CITY SUNDAY

Locals Defeat Warroad Lakers in Well-played Game Here Last Sunday

The senior hockey Thieves, with Bill Zippel getting four goals and one assist, defeated the Warroad Lakers, 9 to 3 in a well-played game here Sunday afternoon, and with the win the locals boosted their point standings in the States-Dominion league by four points. Due to the fact that Warroad will play but one game with each league opponent this year, those games will be worth four points.

Two attractive games are on the Thieves home schedule this week, with the locals meeting the Winnipeg Dodgers here on Sunday afternoon, and then playing the Crookston Pirates in a league encounter on Wednesday night.

The game on Sunday should draw a near-capacity crowd as the Winnipeg team will have Joe Popiel, Joe Novak, and Paul Kornek, all pre-war members of the Thieves, in their lineup. Popiel and Novak will play in a forward line, while Kornek is listed as a defenseman. In addition the Dodgers will be bolstered by a number of ablest amateur hockey players in Winnipeg.

Sunday's rugged game with Warroad found the Thieves taking a 1 to 0 lead early in the opening period when Bill Zippel's shot from the left side of the rink glanced into the net off goalie Bob Murray's skate. But the Lakers, on a pair of goals by Clarence Schmidt, moved into a 2 to 1 lead midway in the period. Connie Stanbridge evened the tally with a goal from in front of net, getting a feeder pass from Zippel to beat Murray.

Jimmy Doyle scored the tie-breaking goal on an assist from Mouse Efteland, scoring from close in. And, with the Thieves short-handed, Babe Paulsen broke loose for a solo rush down the ice, getting the puck into the net on a backhand shot. Zippel, after a bit of nifty team-play, marked up the locals fifth goal, with Stanbridge setting up the play in front of the south goal. With Jim Doyle serving a penalty, Warroad scored their final goal when Cal Marvin slapped a backhand shot past goalie Greek Swanson. Swanson, by the way, making his first start in the local nets for a couple of weeks, turned in a magnificent performance, and but for his sterling goal-tending the score would have been much closer.

Warroad, in the second period, lost the services of their husky defenseman Paul McKinnon, when the Laker suffered a shoulder dislocation.

Zippel, Paulsen, and Mouse Efteland scored the Thieves goals in the final period to push the locals lead to 9 to 3.

The summary:

Results of the week's games: Grand Forks, 8, at Crookston, 3. Warroad, 3, at Thief River Falls, 9. Emerson, 4, at Hallock, 12.

Games this week:

Jan. 25th, Crookston at Thief River Falls.

Jan. 28th, Grand Forks at Hallock.

Jan. 30th, Thief River Falls at Emerson.

The Thieves boosted their lead in the States-Dominion hockey league on Sunday by defeating the Warroad Lakers, 9 to 3. The win added four points to the locals point total. Due to the fact that Warroad does not have an indoor rink, the league directors decided that Warroad, if it was to remain in the league, would have to play all of their games "on the road," and that these games would be worth four points in the league standings.

The Hallock Seniors moved into a threatening position by trouncing the league champions, Emerson, 12 to 4, in a game played at Hallock on Sunday afternoon. The Thieves' game slated to have been played against Emerson on Friday night, Jan. 23rd, has been postponed to Jan. 30th.

TOGGERY MIDGETS TAKE G. FORKS SIX

Bjorkman Team Whips All-stars Friday 4-2

In an entertaining midget hockey game played here Friday night, the Bjorkman's Toggery team, reinforced by the presence of several players from other midget teams, defeated the Grand Forks All-Star midgets, 4 to 2. A return game is to be played at Grand Forks later this month.

Joe Poole's long shot, from just inside the blue-line, gave the locals a 1 to 0 lead early in the first period. And the locals held that advantage until the third period when Marvin Jorde, on a shot from close in, pushed to lead to 2 to 0. A moment later, Jimmy Jacobson, getting a pass from Darryl Lund, shoved the locals third score into the net. After Ronnie Gaels had scored for Grand Forks, on a long backhand shot, Marvin Jorde was given credit for the locals final tally when the Grand Forks goalie, in attempting to clear the puck, pushed the disc into the net. Curtis Harloff racked up Grand Forks second tally on hard shot from ten feet out.

G. FORKS AMERKS SWAMP THIEVES WEDNESDAY NIGHT

Local Six Suffers First Defeat of Season in League Play 10 to 2

The Grand Forks Amerks, led by their smooth-skating center-ice man Cliff "Fido" Purpur, handed the Thieves their first league defeat on Wednesday night, winning over the locals by a decisive 10 to 2 score in a slam-bang hockey game played at Grand Forks. The win, the third in league play for the Amerks, moved the Grand Forks sextet into second place in the league standings, and indicated that the North Dakota team would be a vital factor in determining the league championship.

The two teams played on even terms in the first period of Wednesday night's rough encounter, with the score being 1 all. But in the second period, goals by Purpur, Jimmy Williams, and Tommy Devine, gave the Amerks a solid 6 to 2 lead, and in the final stanza, the Grand Forks team boosted their score to 10 to 2. An indication of the roughness of the encounter can be judged by the fact that nine penalties were meted out by the referee in the first two periods.

HALLOCK SIX BOWS TO PROWLERS 4-1

Warroad Coming for Second Tilt Saturday

Playing a return game with the Hallock high school six at Hallock on Saturday afternoon, the Prowlers, by a 4 to 1 score, recorded their third win in regional competition against two losses and a tie. The game scheduled to have been played here Tuesday night against Baudette was postponed because of the blizzard conditions that prevailed. On Saturday night the powerful Warroad sextet will face the Prowlers, and on Tuesday night the locals will journey to Crookston for an engagement with the Cathedral Blue Wave.

Allan Steenerson, left wing on the Swede Lund and Ronnie Ness line, and one of the two eighth graders on the squad—Jackie Erickson being the other—personally accounted for the Prowlers win over Hallock on Saturday, getting three unassisted goals. Lanky Ambrose Reese tacked on the locals fourth goal.

But for some erratic shooting, and some agile goal-tending by Hallock's Bob Blair, the scoring total for the Prowlers would have been greater than the four markers that they posted. Al Steenerson's two goals gave the Prowlers a comfortable first period lead, and Steenerson and Reese added goals in the second period before Hallock, on Fred Glidden's tally, broke into the scoring column.

Coach Babe Paulsen and the Prowler squad traveled to Grand Forks following the game, and attended the second game of the University of North Dakota vs. Michigan Tech series played that evening. Paulsen, together with Connie Stanbridge, officiated at the game.

Suspended Sentence Is Meted out to Man Who Stole Alvin Bjorge Car

Appearing Saturday before Judge Oscar R. Knutson in district court, Theodore W. Parker of Pine River pleaded guilty to taking the Alvin Bjorge car from its parking place in this city late in December, the car later being recovered in damaged condition at Marcoux Corner. Parker was given a suspended sentence of up to five years, and was taken Saturday by Sheriff Arthur Rambeck to the St. Cloud veterans hospital to undergo treatment.

Wanted: A large Crowd

The Thieves hockey team, given favorable weather, should draw one of the season's largest crowds into the Arena Sunday afternoon when they tackle the Winnipeg Dodgers team in an exhibition game. Since the reorganization of the States-Dominion hockey league, and following the caliber of play that local fans have witnessed, there has been much discussion as to whether or not the present Thieves aggregation could take the measure of the locals' pre-war lineup. That question will be partially answered on Sunday when Joe Popiel brings his team here.

In addition to Popiel, who is managing the club, the Dodgers will have *Joe Novak and Paul* Kornek on its roster. Popiel, Novak and Kornek, you'll recall, were all members of the Thieves hockey team in 1940 and '41, being the high-scoring forward line that paced the local club to the States-Dominion league title. That was the team that was coached by George Beverly, and had such players as Jimmy Bronson, Fred Gustafson, Eddie McMillan, Bill Gray and Del Hovie in the lineup.

The Dodgers lineup, as revealed by Popiel, shows that Novak and Popiel are playing at the forwards, with Kornek having been moved back to a defense position. Referee Pete Ullman, after a look at the Dodger roster, stated that Thieves are in for a strenuous game, for all of the players on the Dodgers' team are well-known Winnipeg hockey players. And I don't think that Popiel would bring a team down here with the intention of taking a beating.

Most Important Game

On Friday night, on the local high school floor, the Green Wave of East Grand Forks and the Prowlers will meet in a basketball game that will be vital as to the final standings in the district race. A win for the Prowlers would put the local in a most favorable position for the district tournament, with the boys being "seeded" as the number one team. But I'm afraid Friday's game is going to prove easier to win on paper than it will be to win on the floor, for coach "Snooks" Sullivan is certain to have the Green Wave "up" for this game. That upset loss, by a 37 to 35 score, that the Prowlers registered at East Grand Forks on the 9th rankles the East Siders.

The outcome of the game depends largely on how well the Prowlers can "bottle up" center Earl Gangeness, and if they are as successful in holding the blond scorer in check as they were at East Grand Forks the locals will rack up another win, otherwise no.

Coach Bob Nick brought up a couple of the boys from the 'B' squad this week, with Wally Grovum and Kaith Rosengren joining the varsity workouts. Grovum and Rosengren, both sophomores, have shown considerable improvement while with Wayne Johnson's 'B' squad, and they deserve their promotion.

Snort's Big Week

Last Tuesday night, John "Snort" Langseth, bowling as anchor man for the Hartz Bakery team in the Business league, racked up scores of 235, 248, and 208 for a huge 691 total. That's the highest three-game total that has been recorded in league *bowling here this year, and it's* one of the highest totals that has been bowled on the Mint alleys. "Snort", a right-handed with an effortless three-step delivery, had his ball rolling into the 1-3 pocket all night.

Here He Comes

Saturday night will find the hockey Prowlers waiting at the Arena rink to ambush Max Oshie and the Warroad Warriors, and that fracas should prove interesting. The spectacular Max tallied twelve goals against the Prowlers in a game at Warroad a couple of weeks ago, skating through, around, and over the locals to get ten of those goals unassisted.

But the Warriors, who have been installed as the eighth regional favorites, and on their record they are entitled to that rating, having other first rate players on their squad and aren't a one-man team. Sam Gibbons, a veteran of several years of high school hockey, Fred Leitch, Gus Huerd, Carl Grover, Al Angus, and "Buster" Oshie, are other boys that coach Bernie Broderick will depend on to defeat the Prowlers on Saturday.

Two Events on Calendar of Elks Lodge This Week

Members of the local Elks lodge have two events to look forward to this week-end, Ole Engelstad, secretary, stated. He announced that a dinner will be served this evening at 6:30 preceding the regular meeting of the lodge, while Saturday evening, January 24, Elks and their ladies will be guests at a dinner to be served from 6 to 8 o'clock, followed by an entertainment program and games.

SPORTSMEN'S AID ASKED IN PROJECT

Plans Made for Feeding Wildlife Next Winter

In a letter to sportsmen's clubs, game wardens, refuge supervisors and patrolmen, Taylor W. Huston, supervisor of game in the game and fish division, asks for cooperation in a spring planting program to provide food for wildlife next winter.

Seed will be provided for planting areas where there are concentrations of game birds and where the present food supply may not be adequate. Cane, millet, sunflower and buckwheat seed is available and requests for seed should be given to the local gamewarden, refuge supervisor or patrol man before February 10th.

Sportsmen's organizations are urged to contact farmers and members who might be willing to plant small plots of the seed and not harvest it next fall. The seeds on the standing grain will provide a valuable source of food during the winter of 1948-49.

County Service Officer Announces His Schedule

Following the closing of the veterans contact office in Thief River Falls, H. B. Rafteseth, Pennington and Red Lake county veterans service officer, announced that he is prepared to assist war veterans of this community in handling their problems. He is stationed at his office in the court house here Monday, Wednesday and Thursday and Saturday mornings; at Red Lake Falls Tuesday; and at Plummer Friday.

ONE OUT OT TEN PATRONS USE BLUE CROSS PLAN IN '47

Increasing Use Made of Hospital Plan During Past Year, Report Shows

One Minnesota Blue Cross subscriber in every ten used hospital care in 1947, it was reported this week by Arthur M. Calvin, executive director of the Minnesota Blue Cross Plan.

"The hospitalization rate for Blue Cross subscribers in 1947 was actually 131 per 1,000 subscribers, or 1.3 persons in every ten," stated Mr. Calvin, "and these figures bear out the national statistic that one person out of every ten goes to the hospital each year."

According to Mr. Calvin, the Minnesota Blue Cross plan provided hospital care benefits in 1947 to 111,000 subscribers, the greatest number ever to be hospitalized within one year since the organization was founded in 1933. This year's number of Blue Cross cases surpassed the previous record of 83,123 hospitalizations in 1946 by a margin of 27,877 cases.

"In addition, Blue Cross subscribers received more than $5,350,000 in hospital care benefits during the year, and they spent a total of 670,000 days in the hospital" the director pointed out.

The year 1947 also brought a substantial growth in Blue Cross enrollment, with 89,000 more people in the state becoming subscribers and increasing the total enrollment in this voluntary, non-profit hospitalization plan to 843,000 subscribers, a gain of 10.6 per cent over enrollment for 1946.

"With the enrollment today of 943,000 persons in Blue Cross," Mr. Calvin noted, "one out of every three persons in the state now carries Blue Cross. In the Twin Cities and Duluth this figure is even higher, for in these areas one out of every two persons belongs to the plan."

During 1947 there were 17,500 Blue Cross babies born, representing an increase of 5,587 babies over the number born in 1946. Furthermore, 23.2 per cent of all the babies born in the state of Minnesota during the first ten months of 1947 were covered by Blue Cross benefits.

Carriage Trade Gains

Little people are big business. The baby-food industry reached the 100 million dollar mark last year from the sale of cans and jars of strained and chopped foods. Sales increased 777 per cent in five years. Baby foods are the largest single item among canned goods, and, in volume, represent about 3.5 per cent of all canned fruit and vegetable sales.

HIGHWAY FUNDS DRAW INTEREST, HOFFMAN STATES

Reserve Needed to Comply with Encumbrance Act, Commissioner Points Out

Minnesota collected $391,329 in interest in 1947 on state trunk highway funds invested in U. S. government bonds, M. J. Hoffmann, commissioner of highways, reported. A total of $1,460,138 has been collected since investment of reserve funds was authorized by the 1943 legislature.

"The state as of Dec. 31 had $15,000,000 of trunk highway funds and $3,000,000 trunk highway sinking fund monies invested in U. S. government bonds," said Mr. Hoffmann. "These investments have led many people to urge that this money be used to enlarge the construction program. This cannot be done because the greater part of these funds are already obligated. In fact these investments serve the same as cash reserves to insure payment of outstanding encumbrances.

"Sinking fund investments will interest on highway bonds due be needed to pay principal and during the year, while trunk highway investments are part of the reserve which must be kept on hand to comply with the 1939 encumbrance act.

"The 1939 law provides that whenever contracts are let or other commitments made, sufficient funds must be set aside to pay the obligation when due. This was done to prevent recurrence of such deficits as accumulated in 1938.

"During the war when construction was at a standstill, the funds on hand became considerably larger than the amount encumbrances. The surplus was set aside as a post-war construction fund. Since construction was resumed after the war, this surplus has been gradually reduced. Present reserves are not much greater than needed to meet current obligations. It is, of course, sound business to keep as much as possible of the reserve fund invested and drawing interest.

"Current revenue during the year is expected to be sufficient to take care of maintenance and other current needs, as well as matching federal aid for construction, but there will be no substantial sum of state funds available for undertaking trunk highway projects without federal aid."

Cooperative Oil Well

Oklahoma's first oil well, the Nelly Johnstone at Bartlesville, now is owned by a cooperative association. This well recently passed its 50th anniversary with ceremonies initiated by the city of Bartlesville. Even though the flow of oil is only just about sufficient to defray expense of maintenance the cooperative continues its more than 50 years of uninterrupted production because of the well's historical interest.

TREE PLANTING IN STATE GETS BOOST UNDER NEW LAW

State to Sell 1,000,000 Trees at Cost, Commr. of Conservation Announces

Plans for the first step in a far-reaching tree planting program authorized by the state tree planting bill last year by the state legislature, were announced by Chester S. Wilson, conservation commissioner, today.

About 1,000,000 deciduous and coniferous trees to be sold at cost plus handling expense will be available for planting on private lands for reforestation, soil conservation, erosion control, cover and food for wild life, and other conservation purposes. Another 1,000,000 coniferous trees will be available for free distribution for planting on public lands, such as state forests, county, city and school lands and highway rights of way.

Distribution of tree stock will be under the general supervision of the Minnesota forest area supervisors in the northern part of the state and the county agricultural agents in the counties outside of the forest areas.

Application forms for salable stock, with information and price lists of trees available this spring, may be obtained from the forest supervisors or rangers and county agricultural agents by individual land owners. February 7 is set as the last date on which completed applications accompanied by money orders, must be turned in to the state forest supervisors, rangers, or county agricultural agents.

Monument to Weevil

The Alabama State Chamber of Commerce is erecting a monument at Enterprise to the boll weevil, a pest that cost cotton growers vast sums of money and caused many farmers to try diversification. A likeness of the boll weevil will serve as an "ornament" on the monument.

Study of Manual Urged on Taking Driver Exams

All persons planning to take examinations for drivers licenses are urged to obtain one of the new Minnesota drivers manuals and read it carefully. Many of those who have taken the tests since the new law went into effect Jan. 1 have failed because they had not prepared themselves, says a highway bulletin.

The manual contains a summary of the traffic laws, information on highway signs and other material which an applicant should have if he expects to pass a drivers license examination. Copies may be obtained free from Henry Storhaug, clerk of the district court here, or from the Minnesota Highway Department, 1279 University Avenue, St. Paul 4, Minn.

DRIVERS LICENSE RULE CLARIFIED

Entitled to Renewal If Old Card Is Produced

A record that the applicant was previously licensed in Minnesota is essential for renewal of a Minnesota license without an examination, according to a ruling of the attorney general.

If any person claims to have been previously licensed but records to substantiate his claim are lacking, he must take an examination if he wants a drivers license.

The query arose from the fact that the law permits destruction of drivers license records after the period for which the license was issued has expired, except that records of revocation, suspension, conviction or accidents must be kept five years.

If the record has been destroyed, and the applicant can produce his old drivers license card, he is entitled to renewal without examination, regardless of how long ago the license expired. But if he has no card, and the highway department has no previous license record, the only way to get a new license is by examination.

No limit can be set on the time elapsing between expiration and application for renewal, the opinion holds. The commissioner of highways may require any licensed driver to take an examination when deemed necessary too determine competency, but it must be for some reason other than length of time elapsed since a previous license expired.

The ruling was given by Arthur Christofferson, deputy attorney general, in reply to an inquiry by E. P. Lee, drivers license supervisor.

THEY'RE NOT A BIT SHEEPISH . . . With blizzard winds and snow still whipping around the corners of barns in most sections of the Midwest, these frisky new arrivals, part of the spring lamb crop, frolicked into the picture a little early. However, they don't seem to know it and wouldn't care if they did. Their young master, Dale Goodrich, 10, who lives near Geneseo, Ill., corralled the youngsters for a picture.

Indian Cashew Nut

A recent immigrant into the United States, the cashew nut, arrived from India, where it was introduced from Brazil by the Portuguese, who also brought the tree to East Africa. There is a common belief that each nut has a worm inside, as infrequently found in overripe cherries. This little soft, white "thing" found in some cashew nuts is the start of germination when the nuts have been picked too late, somewhat like potatoes starting to sprout. In India the cashew is hand cracked, roasted in shallow pans over open fires to the point where cracking of the nuts may be done easily. The United States is almost the sole buyer of the cashew output from India, usually in burnt or salted form.

GOODRIDGE

A science Club to be affiliated with the Science Club of America, was organized on Friday for the freshmen by Nonte Jarvi, who its the advisor.

Officers are: Dianna Ellingson, chairman; Freda Habedank, vice chairman; Carol Thompson, secretary; and Vernon Neuschwander, treasurer. Elected reporter was Marlys Geving.

The Club will meet the 2nd and 4th Thursday of each month during the general Science class. Dues were set at 50c for the remainder of the year.

The Panthers, captained by Thomas Thompson, have taken the lead in the intramural league with 2 wins to no defeats. Irvin Dahle's Greyhounds haven't lost either but they have played but only one game. The Grizzlies have won 2 and lost one, while the Wildcats and Badgers occupy the cellar with 2 losses and no wins.

In games last week the Panthers took the Wildcats, 8 to 6; the Badgers lost to the Grizzlies, 6 to 0; and the Panthers defeated the Badgers, 3 to 2. Lloyd Tanen and Lloyd Wiseth were officials during the week.

The senior class play has been tentatively set for the week preceding Easter vacation week, with the play to be selected within a few days.

Goodridge high school athletic teams will not much longer be without a nickname as principal Nonte Jarvi has announced a contest with the students being back of the move.

Details of the contest are being worked out, with the townspeople invited to contribute names also. Contestants are reminded to steer clear of names used in the area and common ones used in the county. The more unique the name, the better it will be as a publicity item, states Mr. Jarvi.

At the time this is being written it is expected the winning name will be announced between halves of the Oslo Goodridge game Thursday night.

Friday, the last hour, will see whether the freshmen basketeers were wise in challenging the rest of the high school boys to a basketball game. Regular game conditions will prevail with the cheer leaders also to be in action. The freshmen believe they have the edge as three of the players are on the school's fast five. They are Lloyd Tanen, Tommy Thompson, and Harold Becker. Available also are Vernon Neuschwander, Roger Easthouse, Earl Vraa, Earl [illegible], Loren Race and Norman Bru[illegible].

Lloyd Wiseth and Ronald Bucholz will be the backbone of the opposition. They will be augmented with Carl Dahlin, Raymond [illegible]lum, Gordon Hovet, Wallace [illegible]no and Irvin Dahle.

The school poll, conducted by Nonte Jarvi, in which Stassen led President Truman by a 22 to 20 vote was given considerable comment Friday in the Minneapolis Star, by M. W. Halloran, political writer.

Halloran pointed out the poll indicates that Stassen is away ahead of all other Republicans in what typically D. F. L. territory, reasoning that the youngsters probably well reflect the sentiments of the folks back home." Halloran says "Stassen supporters can say there's another indication that the GOP had better nominate him if they expect to carry Minnesota. And the Wallace people might figure, too, they need to do some work up in that territory where their man is supposed to be strong."

Class and club representatives for the student council have been selected during the week, with general organization slated for next week.

Black-out curtains for the gym (community center) have arrived making it much more convenient to show movies during the day.

Lloyd Tanen's field goal with seconds to go resulted in the locals nosing out Oslo, 33 to 31 at Oslo Tuesday of last week. This was coach Nonte Jarvi's squad's first win of the season. The boys are showing continued improvement and expect to give all future opponents a hard battle. Against Oslo the squad was not up to strength as Ronald Bucholz was ill.

Next week there will be two games, Oklee at Oklee Wednesday, and on Thursday Oslo comes here for a game which should attract the countryside.

Comprehensive intelligence tests were given to the freshmen and seniors by Supt. George Netteland during the week.

Due to a frozen gas line, which occured one mile south of Thief River Falls, Nonte Jarvi was unable to speak to the St. Hilaire P. T. A. Friday night. This is the second time he has been stymied in the attempt. In November a storm caused cancellation.

Capt. Mable Rime, who made herself a fine record as an army nurse, is visiting her parents, Mr. and Mrs. E. K. Rime. Mable served several months in Germany and before returning to America she visited several other countries including Norway where she visited several of her mothers relatives.

Claire Syverson is reported quite ill.

Mr. and Mrs. O. L. Sabo and children drove to Grygla Tuesday evening. They were accompanied by Mrs. H. Nygaard who has been visiting at their home.

Mr. and Mrs. O. L. Sabo and children visited with Rev. Sabo at Mavie Friday evening.

Mr. and Mrs. A. L. Josephson and Linn were Sunday dinner guests at the Charles Josephson home.

Mr. and Mrs. Harry Grondahl, and Mr. and Mrs. Don McMillan were Sunday guests at the Oliver Grondahl home in Middle River.

Mr. and Mrs. Robert Wiseth were entertained at the McMillan home Saturday evening.

Mr. and Mrs. Art Rambeck, Mr. and Mrs. Charles Josephson and Mark, and Mr. and Mrs. A. B. Josephson were Sunday supper guests at the Robert Rambeck home.

Odwin Blakestad returned home Sunday from a local hospital where he underwent a major operation. His wife and mother spent several days in Thief River Falls to be near him. Mrs. Rambeck looked after home duties.

A last weeks item should have read as follows: The neighbors of Mrs. Matt Mutnansky gathered at her home Jan. 11, to assist her in celebrating her birthday. They were Mr. and Mrs. Rime, Mr. and Mrs. Elsbrener and Mr. and Mrs. Florian Szymansky.

Mr. and Mrs. Clarence Mandergrud were Saturday evening guests at the Orris Olson home, Sunday guests at Olsons were Mr. and Mrs. Arnie Markusson, Mr. and Mrs. Einar Sand and Marlin, Mr. Kieasch, and Mr. and Mrs. J. Kulseth and family.

Mr. and Mrs. Dan Josephson and Mrs. and Mrs. L. J. Tenold drove to Edmore, N. D., Tuesday where they attended the funeral of Mrs. Tenolds brother.

Goodridge regrets to report the passing of another very early pioneer, Isaac Isaacson. He was laid to rest at Grand Meadow, Minn.

Dinner guests at the Dan Josephson home last week were Mr. and Mrs. Orvis Olson and Brenda, and Mr. and Mrs. Oscar Fjeld.

Mr. and Mrs. Oscar Fjeld left for Calif., Monday morning.

Mr. and Mrs. Dan Josephson, and Mr. and Mrs. Oscar Fjeld were lunch guests at the Elmer Johnson home Sunday.

Little Jo Ann Johnson and her mother returned home Friday from a local hospital where Jo Ann had been a patient.

MONEY MAKES MONKEYSHINES

Two men hauling oats from an Eagle Bend farm found an old painted can buried in the bin, containing $4,300 in checks and bonds. The sum was listed as part of the assets of the late Frank Junger, but the administrator had been at a total loss as to its whereabouts. A purse containing a goodly sum was found at Sauk Centre, and taken to the postoffice for mailing to the address on a driver's license found among the contents. Postal employees remembered that the lady in question was visiting right there in town, and the purse was returned to her.

NEW DODGE "Job-Rated" TRUCKS
NEW "Pilot-House" Cabs with all-'round vision
NEW All-Weather Ventilation
NEW Ease of Handling
OLD LEFT TURN
OLD RIGHT TURN
NEW LEFT OR RIGHT TURN
NEW Comfort

NOW ON DISPLAY

You're looking at the most attractive and useful trucks ever designed. The first thing you notice, of course, is their new massive "truck-like" appearance. But underneath—you'll find power-packed chassis, each "Job-Rated" for performance, economy, dependability, and long life.

Because these new Dodge trucks are "Job-Rated"—because they *fit the job*—they naturally save money and last longer. But you're in for a *real* surprise, when you see how many *additional* money-saving and time-saving *advantages* Dodge has built into these newest trucks.

We urge you to come in and see them without delay. You'll find them years ahead in design . . . the only *really new* trucks on the market this year!

Higher and wider windshield and windows give the driver real "Pilot-House" vision . . . in *all* directions! It's all-'round vision, still further augmented by newly available rear quarter windows. They're the safest truck cabs ever built, too, with welded all-steel construction. Their *comfort* is almost unbelievable. Take a ride . . . and you'll feel that you're "sitting on top of the world" . . . with all the road yours to command.

Real comfort at ten below or a hundred above! That's because of an ingenious combination of fresh heater, defroster vents, vent windows, cowl ventilator and a new fresh air intake from the radiator grille. It's the finest "All-Weather" heating and ventilating system available in any truck cab.

You enjoy remarkable new ease of handling and driving in these new trucks. You can turn them in much smaller circles . . . the same size circle either right or left. You can park, or back up to platforms, with greater ease. With this shorter turning, you also get full-size bodies, longer cabs, better weight distribution.

① PLENTY OF HEADROOM.
② STEERING WHEEL . . . right in driver's lap.
③ NATURAL BACK SUPPORT . . . adjustable for maximum comfort.
④ PROPER LEG SUPPORT . . . under the knees where you need it.
⑤ CHAIR-HEIGHT SEATS . . . just like you have at home.
⑥ "AIR-O-RIDE" CUSHIONS . . . adjustable to weight of driver and road conditions.
⑦ 7-INCH SEAT ADJUSTMENT . . . convenient hand control.

IN ALL, 248 BASIC CHASSIS MODELS UP TO 23,000 POUNDS G. V. W. . . . UP TO 40,000 POUNDS, G. T. W.

Big And Strong

Dr. Harold E. Jones of University of California measured 80 boys from public schools in Oakland, Calif., at intervals, and compared their physical performances at different ages. Some of the 17-year-olds proved to be big but weak; others, though smaller, athletic and strong. Dynamometric tests—right and left grip, pulling strength and thrusting strength—told the story. Strength is related to body size, but weight accounts for only 25 per cent of the variation in strength.

Parents Should Co-Operate In Filing Birth Certificate

A birth certificate can become a very important document for matters of employment, foreign travel and certain rights and privileges where one is often required.

It is every child's birthright and every parent's responsibility to have a properly recorded certificate. For this reason prospective parents should be prepared well in advance of their baby's birth with all necessary information. The child's name should be selected ahead of time—one for a boy and one for a girl — so that there need be no delay in naming the baby.

At the time of the new mother's admission to the hospital, the certificate is made out according to the information she gives. The hospital also assumes responsibility for securing necessary information from the attending physician and filing the birth record with the local registrar within 10 days of birth. If the child is born at home, the physician should be charged with the duty of filing the record within 10 days. In areas with local or county health departments, parents should notify their health officer, who can assist them in obtaining the needed information.

Apply Varnish to Clean Floor in Warm Room

Several kinds of varnish are used for wood finishing, such as spar, rubbing, flat and high gloss, which are all applied in the same manner, says Practical Builder. Since varnish is one of the materials prepared ready for use, it should not be thinned. Be sure brush is clean.

Both the surface to be varnished and the room in which the varnishing is done should be clean and free from dust and at least 70 degrees in temperature. Work the brush into the varnish thoroughly enough to allow the stock to be well filled with the material. It is not necessary to dip the brush the full length of the bristle into the varnish; about two-thirds of its length is sufficient.

Slap the brush lightly on the inside of the pot to remove the surplus material. Do not wipe the brush on the edge of the pot as a sufficient amount of material will not remain in it. Flow the varnish onto the surface so as to cover it entirely. Varnish will flow out free from brush marks and does not need to be laid off. Do not attempt to patch places after the varnish has partly set. Allow it to dry and then go over the place requiring more varnish.

The state of Connecticut, a great manufacturing center, boasts, also, of its agricultural interests, and points especially to a superior brand of tobacco it produces.

Storing Cabbage

If the cabbage has to be cut early in the fall, it should be kept in a cold basement cellar or garage, until the temperature drops down to 10 or 15 degrees. Then it should be put into a warmer room. The ideal storage temperature for cabbage is 32 to 34 degrees, but a cool moist cellar with the temperature 40 degrees or less will be all right. Cabbage may be put in pits. It should be put in as late in fall as possible before the ground freezes, covered with three or four inches of hay and then about six or eight inches of soil. Glory or Copenhagen varieties will keep almost as well when properly pitted as Danish Ball Head, although they must be used immediately after being taken out of the pit.

Answers Biblical Query

The question asked by the psalmist in the Bible, "If salt should lose its savor wherewith shall it be salted?" now can be answered by *adding a mixture consisting of* potassium chloride, ammonium chloride, potassium formate, calcium formate, magnesium citrate and starch. This material, developed by Winthrop Chemical company under the name neocurtasal, provides the salt flavor. It is expected to prove useful to those who are required to stay on a salt free diet. Under some conditions the sodium in ordinary salt is handled with difficulty by the body and in others a rigid balance between sodium and potassium is necessary.

FIRST In Total Truck Production and Sales for the total 17-year period, January, 1931 to January, 1948—according to published nation-wide figures.

FIRST In Total Number of Cars and Trucks on the road today—according to official nation-wide registrations.

WE, YOUR LOCAL CHEVROLET DEALER—and every other Chevrolet dealer in America—are both proud and happy to make the following report to buyers and prospective buyers of Chevrolet products.

Again in 1947, Chevrolet built and sold more cars and more trucks than any other maker in the industry, just as Chevrolet has built and sold more cars and more trucks than any other maker for the total seventeen-year period, dating from January, 1931 to January, 1948—the modern period of motor car history!

Naturally, we as well as the Chevrolet Motor Division of General Motors are deeply grateful for America's outspoken preference for Chevrolet passenger cars and trucks; and we are determined to do everything in our power to continue to deserve this preference in the future as in the past.

We want to thank each and every person in this community for his friendship and goodwill for this organization. We solicit and appreciate your patronage. We are doing our level best to prove that, by filling orders for new Chevrolets just as promptly as we can—even under today's trying conditions—and we are deeply and doubly appreciative of the patience and understanding of all our customers who are awaiting deliveries of new Chevrolets.

Needless to say, you buy wisely when you buy the product of the world's largest producers of cars and trucks, for that is the way to maximum dollar value! Rest assured that we'll fill your order for a new Chevrolet just as soon as it is humanly possible to do so. Meanwhile, please let us help to keep your present car or truck in good running condition by bringing it to us for skilled service now and at regular intervals.

GRYGLA

Grygla P. T. A. Meets

The Grygla Parent-Teacher Association met at the schoolhouse last Friday evening. A good sized crowd was present in spite of the severe cold.

The meeting opened with community singing with Mrs. G. L. Halmrast at the piano. A short business meeting was held with Mrs. Erwin Nelson presiding.

The program, which followed, was very interesting and entertaining. Mrs. Arthur Ortloff sang a vocal solo accompanied at the piano by Mrs. M. K. Ellingson. Three puppet shows were given by the lower grade pupils, "Little Jack Horner," "Little Robin Redbreast," and "Little Boy Blue." This was followed by a song by Marlys and Joy Larson.

The upper grade pupils then gave a fine demonstration of several exercises which they are working on in their physical education. This feature was introduced by Mrs. Jensen, who gave a talk on the new requirements by the State Department of Education in physical education. The pupils concluded this portion of the program with the Virginia Reel.

The lower grades then performed very well in a group of singing games and folk dances.

The final number on the program was a short talk by Mr. T. A. Brown, who voiced the annual appeal for the drive against infantile paralysis which is now in progress. Mr. Brown reminded us that it's not only a "March of Dimes," but that dollars are needed.

Lunch was served by Mmes. Donald Gibson, Palmer Johnson, Emil Clausen, and Oscar Knutson, the latter substituting for Mrs. Leonard Hanck.

The next meeting will be held on Friday evening, Feb. 20. At that time the Founders Day of the National Parent-Teacher congress will be observed. The program will include a Founders Day ceremony and the Founders Day cake will be auctioned as usual.

Birthday Party

Mrs. Harry McLean entertained a few relatives and friends on Saturday afternoon in honor of her daughter Sandra, who was one year old. Mrs. McLean served a lovely lunch which featured a white birthday cake topped with one yellow candle. Sandra received several gifts.

Those present besides the McLean family were Mr. and Mrs. Peter Levang, Mr. and Mrs. Peter Bakken, Mrs. Carl Holte and sons, and Mrs. Gust Austad and children.

A few relatives and friends were entertained at the Hans Cleven home on Sunday afternoon in honor of Ardell Cleven who was eight years old that day. The youngsters present spent the afternoon playing games while their elders visited. A white cake topped with 8 candles and trimmed in pink and green featured the lovely lunch served by Mrs. Cleven. Ardell received several gifts. Guests were Mr. and Mrs. Olaf Olstad and family, Carl Cleven and son, Billy Hanson, Carol and Alvin Arneson, Gladys Johnson, and Donald Berg.

Mr. and Mrs. Charles Rustvold of Thief River Falls arrived on Friday for several days visit at the Randolph Thompson and John Rustvold homes.

Mrs. Hans Wick spent a few days at Thief River Falls last week visiting at the home of her daughter, Mrs. Tron Fonnest.

Mrs. Brateng and Vernon left last Wednesday by automobile for Iowa to attend the funeral of the former's brother-in-law.

Mrs. Carl Dyrseth returned last Saturday from a Thief River Falls hospital where she had a major operation.

Mr. and Mrs. Jack Sorenson became the proud parents of a baby boy on January 10. Mr. and Mrs. Ralph Bush, Mr. and Mrs. Emil Boyum, and Jack Sorenson drove to Thief River Falls on Sunday where they visited at the hospital with Mrs. Sorenson.

Mr. and Mrs. Obed Sabo and family of Goodridge visited at the Kernel Paulson home on Tuesday evening. They were accompanied by Mrs. Henry Nygaard, who returned home after a visit at the Obed Sabo home.

Mrs. Irene Landberg left last Tuesday for St. Paul to attend the funeral of her brother-in-law, John Landberg. The deceased was a former resident of Grygla having been in business here years ago when he and his brother the late R. F. Landberg operated a meat market here.

Mr. and Mrs. Elmer Blaine and Mrs. T. A. Brown left on Friday for Pengilly where they attended the wedding on Sunday January 18, of Miss Elaine Blaine, daughter of Mr. and Mrs. James Blaine of Pengilly, to Wendell Bagger, also of Pengilly. The bride is a niece of Mr. Blaine and Mrs. Brown.

Relatives here have received announcement of the birth of a baby boy, Steven Dennis, to Mr. and Mrs. Dennis Tangen of Thief River Falls, on January 15. Mrs. Tangen is the former Helen Rasmusson.

Rev. and Mrs. G. L. Halmrast and Luther spent Monday at Grand Forks where Luther had a doctor checkup following a recent operation. The Halmrasts also visited with their daughter, Elna Grace.

After considerable worry relatives here were relieved to get word from the Lutheran Missionary Board as to the safety of Sister Ihone Landland who has been stationed at Honan, China. Following the recent murder of three missionaries by communists, several Lutheran missionaries were flown to safety from further attacks by communists, according to the communication. Sister Landland was among this latter group.

Mrs. A. O. Morken and Allard and Milton, Mrs. Ervin Johnson, and Mrs. Fred Salley were callers in Thief River Falls last Tuesday.

Correction: Our apologies are offered to Fred Bucholz this week for the erroneous statement in last week's column that he had gone to International Falls to be employed. Mr. Bucholz did not go to International Falls.

Mr. and Mrs. Clifford Rude are the proud parents of a baby girl born on January 15 at a Thief River Falls hospital. Richard and Louanne Rude are staying at the Bucholz home during their mothers absence.

Birthday Parties

Mrs. Ordean Anderson entertained a few friends last Sunday evening at supper honoring Mrs. G. L. Halmrast, whose birthday occurred that day. Two decorated birthday cakes graced the supper table. Those present besides the Anderson family were: Mr. and Mrs. Ole Tengwahl and Chester and Reuben, Mr. and Mrs. Erling Gilthuedt and Vernon and Russell, Mr. and Mrs. Harry Byklum, and Rev. and Mrs. G. L. Halmrast.

Mrs. Oscar Sletten and Carol spent Sunday afternoon at the Fred Bucholz home on the occasion of Mrs. Bucholz's birthday. The lunch, which was served, featured a birthday cake baked by Mrs. Sletten.

Mr. and Mrs. Oscar Hagen and Mrs. Arne Hagen returned last Wednesday from a week's visit with relatives at Bagley, Detroit Lakes, and Mayville, N. D.

Grygla School Notes Dist. 115

The above heading is not what the students of Grygla school want permanently. They are searching their dictionaries for a better one. Each week one grade in the upper room will review interesting work of the school. The eighth grade English class wrote the notes for this week.

P. T. A. Program

The students of the upper and lower grades demonstrated the physical education work of the last six weeks before the large audience of parents assembled for the P. T. A. meeting.

Mrs. Jensen first explained the state course of study as it was worked out three years ago so that big gyms or tiny country schools could be doing the same work.

The plan calls for training squad leaders to direct the work. Naida DeChamp and Robert Johnson directed the work. The janitor, Mr. Johnson has been so interested in the work that he demonstrated he could outdo Governor Youngdahl's record of 31 sit-ups.—Patty Peterson.

The lower grades danced to games Friday evening at P. T. A. After the program the girls and boys invited their fathers and mothers to join in the games. It was fun to see people aged from six to sixty dancing the Virginia Reel.—Helen Hanson.

Library Books Received

Students are busy reading new library books. The teachers sent thirty-five cents each to the state library and rented 25 books for each room. Then the new books ordered for the year by the school board arrived and accessioned by the teachers. One dollar per year per student must be spent by the district for library books. These new books are very interesting.—Niada Du Champ.

Use Common Sense

Common sense is the best safety rule for tractor operation, extension specialists warn operators of the nation's two million farm tractors. Dangerous practices, such as driving close to ditches, cranking the tractor while it is in gear, driving too fast and refueling while the engine is running, are ways to invite a trip to the hospital.

Yield of Flax

The national average yield for flax in 1946, a favorable year, was 8.8 bushels an acre.

NEWFOLDEN

The Legion-Auxiliary meetings which were to have been held last Thursday evening were postponed on account of the severe weather. They will now be held on Thursday evening, January 22.

Mrs. Ed Erickson of Grand Forks is visiting her daughter, Mrs. Lars Nelson for a few weeks.

Carl Johnson of near Strandquist started work last week in the shop of the Newfolden Machine company.

Lowell Anderson, former Newfolden high school basketball star and ace player with our independent team, who is a student at Moorhead state teachers college, is now playing on the first team of that college. We predict that Lowell will make a name for himself in college basketball just as he has in high school and independent basketball.

Sunday dinner guests at the Edwin Nelson home were Mr. and Mrs. Ernest Nelson and Diane, Mr. and Mrs. Nestor Austin and Newell, Mr. and Mrs. Nels Nelson and family, Mrs. Ed. Erickson, Mr. and Mrs. Lars Nelson and family and Bob Benson.

Duane Ellingson, who recently underwent an operation in a Thief River Falls hospital, is now at home recovering nicely.

Mr. and Mrs. Louis Farstad and Mrs. Elaine Roering made an auto trip to Drayton, N. Dak., and Thief River Falls on Saturday.

Mr. and Mrs. Gunnar Lindquist and family moved into their new home on Saturday. The new Lindquist residence is a neat stucco bungalow erected this fall south of the Nels Lindquist residence.

Mr. and Mrs. Edwin Nelson and family returned on Sunday after visiting for several days with relatives in Baudette and Canada.

Sheldon Forland, accompanied by his sister Doris, left last Wednesday evening for St. Paul, where he had a check up at Gillette hospital. He returned home Friday morning with the encouraging message that his hip is mending nicely and the doctors at the hospital are very satisfied with his progress.

Don't Hurry

Impatience on the part of the painter to get an exterior job started or completed in a hurry may be an invitation to so-called "paint failure" if time is not allowed for the surface painted to become thoroughly dry. Similarly, failure to remove accumulated dirt, grease or old, scaly paint from the surface before repainting leaves the painter and not the paint responsible for unsatisfactory results.

Hybrid Forest Trees

Hybrid forest trees to produce wood faster than present kinds are being developed, reports the department of agriculture. Trees of sawtimber size are being cut and destroyed each year 1½ times as fast as they are replaced by growth.

Prowler Quint Wins & Loses Past Week; E. G. Forks Coming

The Prowlers marked up a win and loss in the two North Valley conference games that they played during the week-end, defeating the Crookston Pirates at Crookston on Friday night by a 39 to 37 score, and losing to the Grand Forks Central team, 37 to 29, in a game played here Saturday night. Tomorrow night, on the local court, the Prowlers will meet the ever-dangerous East Grand Forks team, and this game will have a vital bearing on the district tournament pairings. Two weeks ago the Prowlers upset the Green Wave, 37 to 35, in a game at East Grand Forks, and coach "Snooks" Sullivan has primed his squad for the return game here on Friday night.

It was nip-and-tuck between the Prowlers and the Pirates at Crookston on Friday night, with the Prowlers edging out last year's district champions by two points, 39 to 37. Harley Wagner's two field goals sparked the Prowlers to a 10 to 8 lead in the first period, and Al Williamson's kept the locals in the lead, 21 to 18 at the intermission.

The Prowlers held Crookston's towering center, Don Drake, scoreless in the third period, but Jim Anderson, a left-handed shooting forward, broke loose for four field goals in the third period and nipped a point off the Prowler lead. Williamson, Wagner, and Ronholm tallied field goals for the Prowlers, giving coach Nick's squad a 31 to 29 lead as the teams entered the final period. In the final period, Wagner and Ronholm notched a pair of field goals each, while Pilger scored twice from the field for the Pirates and Anderson getting one. Al Williamson and Harley Wagner shared scoring honors for the Prowlers with eleven points each. Anderson had the high total for the game with sixteen points.

In a low-scoring preliminary game, the Crookston 'B' team squeezed past the Prowlers 'B' team, 15 to 14.

In a rough and erratic game played here Saturday night, the Grand Forks Maroons handed the Prowlers their first North Valley conference defeat, winning by a 37 to 29 score. The locals outplayed their rangy rivals in the first two periods, holding a 10 to 7 lead at the end of the first period, and an 18 to 17 lead at the intermission. And it was only due to some expert work from the Maroons in the game in the first period, for after Bonnie Thompson had taken the ball on pass from Emerson on a tip-off play, Grand Forks scored their remaining five points in the period on free throws.

The Prowlers, meanwhile, on field goals by Erv Skaar, Wagner, Davidson, and Williamson, were forging into a lead and controlling the ball and the play.

Wagner's jump shot and free throws by Ronholm and Davidson pushed the Prowler lead to 14 to 7 early in the second period, and with but two minutes of the period remaining the locals led, 18 to 12. A free throw by Emerson, a field goal by Emerson, on an out-of-bounds play, and Hallada's left-handed shot sliced the Prowlers lead to 18 to 17 just as the half ended.

The game was touch-and-go in the third period, with the lead alternating several times, and it was not until the final minutes of the quarter when, on a pair of free throws by Paulson, and a field goal by big Lloyd Hallada, that Grand Forks pulled away to a four-point lead, 28 to 24. Coach Bob Nick was forced to remove several of the Prowlers from the lineup due to the fact that they were carrying four fouls.

Ronnie Thompson, on a pair of break-away plays, dribbled in for a couple of set-up goals to open the final period, and Schue's free throw gave coach Don Hall's team a 33 to 24 lead. The Prowler regulars, Williamson, Wagner, and Ronholm returned to the game with four minutes to play, but they could only pare a point off the Maroons' lead, giving Grand Forks a 37 to 29 win.

In an exciting preliminary game, the Prowler 'B' team, with Wally Gonyum connecting for eight points and lanky Keith Rosengren scoring six points and playing a strong game covering rebounds, defeated the Grand Forks 'B' team, 27 to 26.

Perk Up Spuds

A warm storeroom for potatoes for at least part of the time before they are used may be a good thing. Cool storage temperatures encourage the changing of potato starch to sugar, while warmer storage temperatures may change much of the sugar back to starch, restoring some of the original mealy quality of the tubers, according to a Wyoming experiment station study of potatoes in storage. Sugar content, a measure of deterioration in quality, varied with temperatures of storage, E. J. Thiessen, research worker in foods and nutrition, said. Storage at 50 to 60 degrees for 25 days was sufficient to change much sugar back into starch, as measured by weekly color tests for sugar content. Other tests made with stored potatoes indicated that Bliss Triumphs deteriorated earlier than Cobblers, Miss Thiessen said. Irrigated varieties stood up much better than dryland varieties.

Plywood in California

More fir plywood is consumed in California than any other state. Next largest consumer is Illinois, followed in order by Washington, New York, Pennsylvania and Michigan. Fir plywood is manufactured only from prime logs of giant (old growth) Douglas firs, usually from three to eight feet in diameter.

BUY FERTILIZER NOW, IS ADVICE

Shortage Anticipated Later, 'U' Farm Man Says

Pennington county farmers can help themselves and their neighbors by ordering fertilizer early, and storing it on their farms, says County Agent Frank A. Hobbs.

According to a survey recently made by E. R. Duncan, extension soils specialist at University Farm, fertilizer supplies will again be short in 1948.

Many dealers throughout the state are cramped for storage space. If fertilizer is left with these dealers, they will be unable to order additional fertilizer because of lack of space.

In storing on the farm, it is important to keep fertilizer in a dry place with good air circulation. It should be kept off the ground or concrete floor. This can be done by placing planks across a few cement blocks, bricks, or fence posts.

Storing fertilizer on the farm will not damage its value, Duncan says, and it will help make room for further orders by many local dealers.

Central Co-op Livestock Assn. Votes Dividend

The board of directors of the Central Co-operative Association at their regular bimonthly meeting Thursday afternoon at South St. Paul declared a 17% patronage refund on commissions collected for the sale of livestock during 1947. A 3% dividend on stock was also voted.

This announcement was made by Charles B. Crandall, Randolph, Minnesota, president of the board of directors.

During the past year the Central and its subsidiaries and affiliates handled and sold $132,833,604.32 worth of livestock for its members and patrons. The Central Co-operative Association has a membership embracing seven states, with principal operations at South St. Paul, Minnesota, West Fargo, North Dakota and Billings, Montana.

Lacquers Used Through Ages for Fine Finishes

Queens, princesses and their courtiers far back in antiquity owed a share of their luxury to lacquers and enamels which were made by secret formulas and often with the aid of raw materials brought from far places by seafaring men at the peril of their lives. The litters or chairs in which these fine dames and damsels were carried by lackeys were handsomely decorated with the best finishes of the times. Some of these finishes, especially a natural lacquer which was made from the sap of the Lac tree, had unpleasant potentials similar to the juice of poison ivy, but the result of their application was so beautiful that the use of the material continued through the ages, and is still used today, to some degree, in the orient.

Sometimes more than 300 coats of lacquer were applied to an article of value before the artisan and his customer were satisfied with the results. Walls of fine palaces and homes in ancient Egypt and Crete appear to have been lacquered and enameled in attractive colors, according to the discoveries reported by archeologists.

The use of such finishes continued through the Middle Ages and became stimulated in the post-Renaissance. Coaches used as far back as the days of Columbus constituted badges of social pomp and ceremony and were lavishly finished. The use of fine finishes extended to the interiors of fine buildings, and especially to furniture. In the Chippendale era, ladies of leisure took up lacquering as a fine art for pleasure and diversion.

Support Selves

Eighty-four in every 100 working women in the United States support themselves and often their dependents.

Opportunity Is Offered Veterans Who Reenlist in New Regular Amy

An announcement was made today by Headquarters Fifth Army, of a new opportunity that is being offered to veterans upon reenlistment in the new regular army.

Authority has been granted the army recruiting service to enlist men with prior overseas service into a definite unit, now Stationed in the zone of interior (U. S. A.) and guarantee that with satisfactory service they will remain with the same organization for at least three years.

This new program, offers an excellent opportunity to the veteran who would like to get back into a good outfit, with definite assurance that he can stay there.

For any questions, or further information, contact Sgt. Skinner, local recruiting sergeant at the municipal auditorium, Thief River Falls.

Only Eight Million

Emperor Hirohito had an estate of 74 million dollars in pre-Pearl Harbor days. Today he is worth only eight million dollars.

Danger of Blackhead

There is more danger from outbreaks of blackhead when turkey eggs are hatched and the poults brooded with chicken hens, poultry specialists say.

Linen Weaving

More than 4,000 years ago the Egyptians were using the flax fibre to weave beautiful linens.

'Pot Liquor'

The southern custom of using the "pot liquor" or water in which greens have cooked, has long been approved by nutritionists because the liquor contains soluble nutrients from the greens.

Molded Grape Salad.
(Serves 6)

1½ tablespoons unflavored gelatin
½ cup cold water
1 cup orange juice
1 cup lemon juice
½ cup sugar
1 cup seeded or seedless grapes
½ cup nutmeats
Lettuce

Soak gelatin in cold water for 5 minutes. Bring juices to a boil, add sugar and gelatin. Cool, and when thick, fold in grapes and nuts. Pour into individual molds and chill until firm. Serve in nests of lettuce.

Mixed Fruit Salad.
(Serves 6)

2 oranges, peeled and diced
3 slices canned pineapple, diced, or
1 cup pineapple tidbits
1 unpeeled red apple, diced
½ cup pitted dates, cut into pieces
1 cup seeded grapes, cut in half
½ cup mayonnaise
½ cup coconut, shredded, if desired

Mix fruit with mayonnaise and chill thoroughly. Serve on shredded lettuce; sprinkle with coconut, if desired.

Released by Western Newspaper Union.

Serve sliced tomatoes on a bed of lettuce with a dressing to which a few caraway seeds have been added.

You might also like a half avocado dressed with lemon juice served with cubes of fresh orange to which just a suggestion of onion has been added.

Strips of peeled avocado marinated in lemon juice may be effectively combined with sections of grapefruit or orange, strips of pimiento and grated blue cheese and nutmeats.

WHO'S AFRAID OF OL' JACK FROST?

Walker school children provided a warm and well-fed Christmas for a robin picked up in a snowstorm. Several reliable persons at Benson saw a robin New Year week, but were unable to determine whether it was the last of 1947 or the first of 1948. A Nicollet lady thought surely the house was haunted until they found a squirrel in the furnace pipe, a little thin and discolored, but warm and active. A Perham hunter bagged a horned rabbit. And a Wood Lake farmer found two Christmas chicks hatched on the sub-zero floor of an old shed by a vigorous and persistent hen.

Peeling Potatoes

If peeled potatoes are allowed to soak, they lose some of their nutritional value. Peel them just before cooking and keep the peelings thin.

Egg Storage

Store eggs in a covered bowl or pan, away from strong smelling foods. Without a cover, eggs lose moisture and are likely to absorb odors.

Mrs. Albert Paulson and Mrs. Selmer Haugen spent Thursday at Thief River Falls visiting with Mrs. Pederson.

Adolph Haugen, Bennie Halvorson, Sig Holden of Viking and Henry Kalbackdalen of Edinburgh, N. D. left Tuesday on a trip to the west. They went by car and intend to spend a couple of months there.

Mrs. Vernon Holmstrom came home Wednesday from the St. Lukes hospital where she underwent an operation.

Mrs. Minnie Mellem of Thief River Falls visited at the Alfred Rafteseth home Sunday.

Sunday visitors at the Emil Hellquist home were Mr. and Mrs. Garth Schantzen and little son Allen of Red Lake Falls.

A number of friends gathered at the W. Solney home Friday evening to honor Mrs. W. Solney on her birthday.

The ladies aid well serve following the 2:30 p. m. Sunday services at the Rindal church.

Mrs. John Thompson and Mrs. Selmer Haugen were visitors at the Emil Haugen home Wednesday.

Mr. and Mrs. Elmer Kron and Larry, Elaine and Marilyn Hellquist were callers at the W. Solney home Sunday afternoon.

Mrs. Bertha Saugen was pleasantly surprised on Sunday following the services at the Rindal church. The ladies aid members arranged a birthday party for her in honor of her 80th birthday. The lunch table was decorated with a lovely birthday cake baked by Mrs. Emil Anderson. Seated at the table with the honor guest were her two sons Otto and Melvin, Rev. and Mrs. Eddie Berg and Mabel Polson. Mrs. Saugen is the oldest charter member of the aid, and has been one of the faithful workers thru these many years. She received a purse of money presented to her by Mrs. John Thompson, vice president of the aid. She responded with words of appreciation and thanks.

Sunday visitors at Selmer Haugen's were, Mr. and Mrs. D. T. Masheck of Crookston and Miss Ruth Neby of Fargo, N. D. Miss Neby is from Trioli, Norway, coming to the U. S. in June to visit an uncle at Fargo, then learning of her father's cousins Mrs. Haugen, Mrs. Masheck and sisters got in touch with them. The group also visited with Iver Westby of Thief River Falls, who's from Trioli. Mr. Westby now 87 years old visited in Norway in 1927. He enjoyed visiting with someone from there. Learing about old acquaintances and also places known to him. Miss Neby also plans to see California before returning to her native land in September.

Miss Avis Bergum spent the week-end with her girl friend Margaret Swanson at the Charles Swanson home near St. Hilaire.

Mr. and Mrs. Martin Swenson and Arlene were Sunday afternoon guests at the Sam Oswald home.

Mr. and Mrs. Sam Oswald, Arlyce and Ardelle Oswald, Mr. and Mrs. Oscar Oswald motored to Crookston Wednesday to see Reynert Oswald, who is a patient at the Bethesda hospital in Crookston.

Henry Oswald and Rev. Norman Erickson went to Crookston Friday to see Reynert Oswald.

Raland and Marilyn Hellquist gave a sleigh ride party Sunday night for a group of their young friends. Those who enjoyed it were Arlyce and Ardelle Oswald, Avis and Arlene Bergum, Lorraine and Walter Hellquist, Ardis and Loren Voldness, Dorothy Solney and Harlan Mellem.

Elaine Hellquist had a birthday Thursday and to make it a memorable one she had her friends and classmates over after school. Those present were Geraldine Hagness, Jeanne and Jerry Sabo, Rosalie, Nanda Virginia and Hope Jelle also her teacher, Mrs. Kron and Mrs. J. Jelle. On Friday evening Mr. and Mrs. Clifford Johnson, Dale and Barbara came over with a birthday cake too.

REINER

Birthday Party

Yvonne Wells celebrated her sixth birthday on Wednesday at school. She treated her teacher and schoolmates to cookies, individual birthday cakes and ice-cream which was brought over by her mother, Mrs. James Wells. She also received some gifts.

There will be services at 2 o'clock at the Selmer Erickson home on Sunday, January 25. After the services, Mrs. Selmer Erickson and Mrs. Andy Olson will serve the Ladies Aid.

Betty Stenvik is employed at the Ben Franklin Store in Thief River Falls.

Mr. and Mrs. Morris Miller were Sunday luncheon guests at the Bennett Johnsrud home.

Children have been having the flu around here, so not very many have been at school lately. But we hope for milder weather soon.

Hardware Dealers Will Meet in St. Paul Jan. 27

A. C. Kasner of Foley, Minnesota, president of the Minnesota Retail Hardware association, announces that its 51st annual convention and exhibit will be held in St. Paul January 27, 28, 29. Kasner states that the convention will attract almost 3,000 hardward dealers and retailers. Senator Joseph H. Ball will be the featured speaker at the opening session.

SOMETHING NEW HAS BEEN ADDED . . . John Snyder, secretary of the treasury, is leafing through some of the 22 different school textbooks which now contain material on United States savings bonds. Inclusion of the "plug" for bonds is the result of cooperation of members of American textbook publishers with the savings bond division of the treasury department.

Don't Smell Now—But Fish Used for Cakes, Ice Cream

Although it may sound fishy, codfish and shrimp of too poor quality for human food can be utilized to make silk dresses or to replace the white of egg for cakes and ice cream.

A report on this remarkable claimed development has been brought back from Germany by scientific investigators attached to the army. All the proteins, or nitrogen-containing amino acids, are extracted from the fish and mixed together in the proportions in which they exist in egg white. The result is a substance difficult to distinguish from white-of-egg, 94 per cent of which is composed of proteins, the essential body-building substances in food.

According to the report, the material contains nearly all of those necessary for a human diet. It will keep almost indefinitely. Investigators were shown apparently undeteriorated specimens that had been in storage for six years.

The synthetic material, it was claimed, "whips" better than natural egg white but apparently a slight fishy flavor cannot be entirely eliminated.

Specialists Find Old Moo Cow Temperamental Creature

A cow has to be in the mood to milk right, dairy specialists say. She associates various sights, sounds, odors and touches with milking time, and these associations result in hastening and increasing the milk flow.

Pleasant associations really help get the chores done and even increase milk production of the bovines. Just the sound of the milking machine has its effect on milk flow, since "bossy" soon learns that shortly after this sound stops, she will be given her "after milking feast" of palatable grains and hay, it is said.

Gentleness and kindly care have marked effects on milk production too. Cows which are brushed for a few minutes each day respond with more milk. Clean, quiet barns or lounging sheds along with plenty of fresh bedding and time to dry and sweeten barn odors will pay dividends. Adequate rations are important, too, but providing each cow with all the clean, warm drinking water she wants is equally important. Water makes up about 87 per cent of milk.

More Electric Homes

By the end of 1946, REA had granted a total of $19,320,000 in loans for electric constructions in North Dakota.

Use DDT or Poison Bait Against Pesky Silverfish

A silverfish or a firebrat is no respecter of persons. It will hunt its meal of starch and sugar in the bookbinding of a first edition or in the folds of the filmiest rayon as readily as it would attack books from the five-and-ten or the cheapest grade of wallpaper. Silverfish are dangerous little creatures to have about, and they can live for a remarkable length of time without food if necessary.

To control these silvery gray, slender, wingless insects, use DDT or a poison bait. An effective poison bait may be prepared by mixing together thoroughly 8½ parts by weight of flour with 1½ parts of powdered sugar and 1 part of a stomach poison, such as sodium fluoride, basic zinc arsenate, cryolite or Paris green. Scatter this bait in places frequented by the pests.

DDT is also an excellent weapon to use against silverfish or firebrats. Use a solution containing 5 per cent of DDT in deodorized kerosene or a dust containing 10 per cent DDT. The solution should be used at a rate of one to two quarts to every 1,000 square feet.

Early Salt Factory

The first American salt factory was started in Virginia in 1633, sea water being used. Eight years later, Massachusetts gave the exclusive right to manufacture salt in that colony to Samuel Winslow.

U. S. Savings Bonds in Amount of 160 Million Sold in State in 1947

Sales of U. S. savings bonds in Minnesota totaled $166 million during 1947, or 104 per cent of its goal of $160 million, it was reported by Von E. Luscher, state chairman of the savings bonds division of the Treasury department. This represents an increase of $7,500,000 over a year ago.

Redemptions of bonds, series A through E, were $18,000,000 less in 1947 than they were a year ago.

Vernon L. Clark, national director of the savings-bonds division described the Minnesota record of sales against quota this past year as "excellent."

A yearly report on promotional activities and a break-down of sales by counties is being prepared by Darrell D. Bandy, state director, and will soon be released by county chairman throughout the state.

M & O Paper Co. Sales Total 49 Million in '47

Donald D. Davis, president of the Minnesota and Ontario Paper company, announced today that net sales for the year ending December 31, 1947 were $48,998,126 against $29,464,110 in 1946. Stating that the final detailed figures would be completely outlined in the Annual Report to be released on or about March 29, 1948, Mr. Davis advised in a letter to company stockholders that preliminary figures indicate that net profits for the final quarter ending December 31, 1947, compared favorably with those for the preceding quarters of 1947.

Good Balance Necessary To Achieve Mental Poise

If you want mental health, stop worrying, advises extension specialist in home health and sanitation. Worry is a complete circle of inefficient thought whirling about a pivot of fear [illegible] and increases nervousness.

In outlining suggestions for mental poise and contentment, extension specialists say a proper balance must be maintained between work, rest and play. Never get too old nor too busy to play. Play will ease mental and physical fatigue. Cultivate self control in your habits, your attitudes and even in your ideals.

"You should accept your emotions," specialists advise, "do not run away from them or fight them. They are your automatically mobilized energies and you can usually do with them what you choose. Work thoroughly on one thing at a time, learn to concentrate. Concentration is the gentle art of controlling the attention."

Think of yourself as a normal person, and as such prepare yourself to carry a normal part of a normal world's work. Energy often is wasted by a peculiar process as "getting up steam." Many persons think this is necessary before doing anything difficult. This "flourish before action" is unnecessary. Expend the energy on the work to be done instead.

Haste is not a necessary part of modern life, so avoid it if possible. Try to start each day rested, both in body and mind. A well-planned life is made up of well-planned days. Such a life absorbs emergencies without strain.

Heart Disease Leads

Heart disease was the leading cause of death among life insurance policyholders in 1946, accounting for one-third of all deaths in the year, Institute of Life Insurance reports. More than 600,000 life insurance policies were paid as claims for heart disease deaths last year. This was more than twice the number paid for deaths resulting from cancer, second largest cause of death during the year.

From where I sit ... *by* Joe Marsh

From Sheepskin to Sheep

There aren't too many college graduates in our town. Good honest thinking, yes... but most folks went from high school into farming.

No harm in that! But I admire veterans like Dick Newcomb . . . who's 23, but going to college under the G.I. Bill of Rights. Intends to be a sheep farmer—but a better-informed, more scientific farmer, with more know-how!

And veterans like Dick aren't letting anything interfere. What little relaxation they allow themselves is in the form of needed exercise, or books, or conversation and an occasional glass of beer with friends.

Seems as if, just by having their education postponed, they've put a higher value on it . . . and on things like temperance (that glass of beer, for instance), understanding, and good citizenship. And from where I sit, when Dick gets his sheepskin—he won't have lost much time. He'll be an even better farmer than his Dad. (Exactly what Dad wanted!)

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Attitudes are "Catching"

As a child, were you exposed to attitudes? And did you "catch" them? Indeed, you did, right in your home, from the people you were closest to—your parents. What about your own children? Which of your attitudes are they catching from you? Are they the attitudes you wish them to have, or could they be improved on?

Intangible things, attitudes—these feelings about things and people, a series of directions in which you are ready to go, when the time for action presents itself—and yet they are awfully important in determining behavior. For example, think of your attitudes toward other races. Are they feelings of respect rather than contempt for differences? What feelings does the word "Chinese" arouse in you? How about "Negro," "Jap," or "British?"

Think of other kinds of attitudes, too. Does the word "work" stir up a vague response of something you dislike and resent, or does it involve a sort of challenge and speed up your thinking processes? What about "budget?" Is this a word to be avoided, or does it represent in your mind a way of having money to spend on the things you want the most? Think of a broader word, like "happiness." The kind of associations it brings to you is some of both the realities and the dreams you know.

All the time, in intangible fashion, without much use of words, the next generation is absorbing your ideas, your feelings, your attitudes. Many parents who set out to teach their children at about the age of six to be tolerant of other people and other races have already missed the boat. The previous five years have already given them a general attitude. Unless you've watched your own attitudes closely and tried to steer them into the channels that you really think are wisest, the way your child feels about things may not please you at all.

Telling Joe, aged thirteen, that "honesty is the best policy" the same day that he watches you for half-price admission for children under twelve will only convince him that adults are silly to think they can fool children by doing one thing and saying another. Deeds, not words, are the best expression of attitudes and furnish the most effective patterns from which children learn.

Pin-Cushion Wristlet

A so-called pin-cushion wristlet is a handy gadget as it can save the home seamstress much time and trouble in fitting, draping, measuring hems. In making a dress, the seamstress often must reach for a pin 50 times or more. Unless these pins are easily reached, fumbling for them slows up work and means much unnecessary effort and irritation. A tray or box of pins may be convenient enough for work that is done on the sewing table; but for fitting and hem work, the pin supply should move with the worker. A cushion on the wrist is a simple, homemade device. It can be made round with about two inches of thickness and three inches of width and filled with hair or sawdust. An elastic band will serve to hold it in the position of a wrist watch. This cushion can be a time-saver also by attaching it to the arm of a sewing machine. When this pin-cushion is not in use, the pins should be kept in a tight box. Pins kept in the cushion are likely to rust.

Mrs. Nina Larson left Tuesday [illegible] to assist at the Mrs. Harry Bragg home.

Idiomatic English

"Head space" and "head room" are expressions which do not always mean the same thing and which illustrate the difficulty of idiomatic English for foreigners. The expressions can mean in a food-processing factory the air space left at the top of a jar when it is filled to allow for expansion of the food product as it heats. However, "head space" and "head room" also can mean the amount of clearance for vehicles on highways at points where the routes lead beneath bridges or overpasses.

Make Wallboard Putty

To fill cracks in wallboard, an economical putty can be made from paper which is boiled to a pulp. Add whiting to make a stiff paste and enough glue to hold the mass together.

STEINER and AGDER

About 45 members from the Bethlehem church went to the Solberg home on Sunday afternoon and surprised Mr. Solberg on his 75th birthday. Lunch was served by the self invited guests and Mr. Solberg was presented with a gift of money. Included among the guests were Mr. and Mrs. Nabben, sons Erling and Percy, Hans Peterson, Mr. Isaacson and Oscar Pederson all of Thief River Falls.

Mr. and Mrs. Archie Anderson entertained on Sunday at a goose dinner honoring Mrs. Kisch on her birthday. Guests were Mr. and Mrs. Cota and family, Mr. and Mrs. Fixter and family and the Anderson and Kisch familys.

Arlette Moe, daughter of Mr. and Mrs. Art Moe had an operation for appendicitis last week. She is getting along fine and we hope she will soon be home again.

Company Sunday at Rupprechts were Mr. and Mrs. Matt Kraemer and Bonnie also Mrs. Clara Quam of Thief River Falls, and Ed Tronnes.

Word was received here that a baby girl was born to Mr. and Mrs. Herman Witts of Dorothy Sunday evening. Mrs. Witts was Ollie Nelson. Congratulations.

Sunday dinner guests at Sorums were Mrs. Roy Groven and Marvin.

Harold Halverson and Bud Molstad who left a week ago are now at Spokane, Washington, and are employed at the Western Fruit express. They had visited at the Alvin Grvidahl and Howard Kisk homes in that city.

Mr. and Mrs. Jerald Nelson and Palma were Sunday visitors at the Dan Dowacter home west of Thief River.

Jackie Hillyer was taken to Rochester last week having taken suddenly ill. He is at this writing getting along fine and will soon be home. His sister Eunice accompanied him.

Mrs. Carl Olson returned home Monday evening from Minneapolis where she visited with some of her daughters and familys.

No school in Sunnyside school on Tuesday due to the storm.

Plastic Coating for Pipe

Development of plastic-coated steel pipe resistant to the corrosive conditions often encountered in oil-well drilling has been announced. Unique properties of plastic-coated pipe promise to open broad fields for its use in many other industries, including home and industrial construction. During field tests of the new plastic-coated drill pipe which were performed intermittently over the last few years, several oil wells were drilled with a total of more than sixty thousand feet of hole. These tests have proved conclusively that plastic coating will prevent many failures of pipe during drilling by protection of the surface against corrosion pitting.

Diesels on Railroads

Railroads on January 1, 1947, had 3,024 diesel locomotives in operation, compared with 749 in 1940.

Convenient Refrigerator

Be sure that the door of the refrigerator opens on the side nearest the kitchen cabinet or work table since boxes come in either design, and the right arrangement will mean a lot of effort saved in reaching to the food compartment. In an off-the-floor model, check to see that there is enough space under the cabinet for easy cleaning. Special design features will add to cost, but some of them may be well worth the extra money. Releases for ice-trays and ice-cubes, adjustable and divided shelves, a covered vegetable crisper are some of the things that may be needed for convenience's sake.

Fitting Herbs to Dish

When using herbs specialists say the following are best for meats, soups and salads:

Chives — use in soups, stews, sauces, souffles, scrambled eggs, salads and cheeses.

Dill (stems, leaves, flowers or seeds)—Use in vinegar for salads. A bit of dill in cabbage, turnips or cauliflower "peps" these up.

Thyme—Use in soups, stews, meat sauces, dressings, meat loaves or chowders.

Marjoram — Add to stuffings, ground meat, sausage, soups, stews and salads.

Basil—Use in any dish calling for tomatoes.

WHERE ARE THEY NOW?

The mid-January dip in temperature no doubt provided a sequel to these unseasonable events. An arctic towhee, very rare in these parts, was among the boarders at Mrs. Rollo Wells' bird cafeteria in St. Paul early in the month. Two spirited meadowlarks were spending the holiday nights in a strawpile and feeding by day with the chickens on the W. T. Blomquist farm near Willmar. A gopher was seen near Nicollet January 6.

MIDDLE RIVER

Fire Destroys Store

The fire siren aroused the majority of the Middle River residents about six o'clock on Monday morning after a fire had been discovered by Mr. and Mrs. Hank Anderson, in their upstairs apartment above the Middle River Produce Store, which they have been managing recently.

Mrs. Anderson rushed down to the store where they kept a fire extinguisher and brought it upstairs where her husband used it and would have brought immediate results had it been full but unfortunately it had been previously used therefore not containing enough fluid to extinguish the fire. Realizing this the Anderson's son, Wayne ran to ring the fire alarm.

It was a matter of minutes before a number of people were there and the fire department was coming, but the blaze had already worked its way through the roof.

Volunteers carried the Produce supplies and the things out of the downstairs, but unfortunately nothing of the Anderson family's belongings were saved. All furniture and clothing burned with the structure of the building upstairs.

The downstairs however is not bad except for the water and charred material from the upstairs in the 2 front rooms of the building. The 2 back rooms are in good condition and Mr. and Mrs. Anderson and Wayne say they are going to start up again with the business immediately in those 2 back rooms. No plans have been made, as yet, as to their living quarters.

The Andersons have the deepest sympathy of their many friends of the community in the loss of their home.

Uniform Observance of Arbor Day is Proposed

A movement to set up the last Friday in April as National Arbor Day is being supported by leading horticultural interests, according to Dr. Richard P. White, executive secretary of American Association of Nurserymen.

The first Arbor Day was celebrated 75 years ago as a result of a resolution passed by the state legislature of Nebraska, "setting apart and consecrating the tenth day of April, 1872, to tree planting."

"Tree Planting Day," when a tree is supposed to be planted for every man, woman and child, now is being observed on varying dates in every state. Last year, 17 states specified the last Friday in April and others range from early winter to May in their observance.

Pointing to a recent statement of the United States Forest service that only 5 per cent of the nation's tree planting job had been completed, and President Truman's Arbor Day message warning that the nation is facing a very real forest problem, Dr. White said: "A uniform date in all 48 states would be one powerful way of focusing attention on the ever-increasing need for reforestation and community planting."

Many Synthetic Fibers

No longer is rayon the only commercially accepted synthetic fiber. Glass, vinyon, nylon, aralac, all these have proved their values as textile fibers. They often are used in combination with cotton and wool and may be had in many combinations. Since introduction of rayon in 1911, it has increased in volume so that it now ranks second only to cotton in the amount produced.

TWO ARMS BUSY ANYWAY

Mrs. Sophie Kern advertised in the Farmington Tribune that she would retire January 1 from the paperhanging business she has successfully conducted for 21 years. Such a widespread protest went up that Mrs. Kern's plans are now a bit uncertain. She says she got into the business simply by starting, and has been busy ever since, her rate going from 35c to $1.00 an hour during the quarter of a century. She has never had an accident more serious than a pop bottle exploding onto a new paper job.

Rail Charges

COUNTY 4-H CLUBS MAY SEND GARDEN SEEDS TO EUROPE

Seed Companies Offer Special Low Prices on Vegetable Seed Package

Pennington county 4-H clubs may soon have a part in planting freedom gardens in Europe. The plan, worked out by the state 4-H office in cooperation with the seed industry, makes it easy for 4-H clubs to send gift packages of vegetable seed to Europe.

"This is a wonderful opportunity for every local club in Minnesota to help European nations help themselves," A. J. Kittleson, state 4-H club leader at University Farm, declared in urging every club to contribute. "If every club contributes one assortment, the Minnesota 4-H movement alone can supply 20,000,000 pounds of vegetables this summer," Kittleson says. "One package of seed assortment will provide enough vegetables to feed one family for a year."

The plan is a simple one, explains County Agent Frank A. Hobbs. Seed companies throughout the country have agreed to pack and ship two pounds of seed to Europe for $3.95 (retail value, $5.50). The U. S. Department of Agriculture has approved the 24 varieties as suitable for Europe.

The seed dealers will send the package to any person that may be designated in practically every European country, or if preferred, dealers will forward it to Church World Service, Inc., to be delivered to needy individuals.

Insurance Coverage

Because of the tremendous rise in replacement costs during recent years, many homes and buildings are not sufficiently covered by fire and other damage insurance.

Clean Hot Air Registers

The suction attachment of an electric vacuum cleaner may also be used for cleaning hot air registers.

Wild Life Control on Game Refuge Described

Following is the third in a series of articles written by Robley W. Hunt, manager of the Mud Lake game refuge, dealing with wild life management in the refuge.

In any wild game removal program the State and Federal agencies concerned co-operate in planning the program, and administering the "hunt" within the refuge area.

The necessity for removal of surplus numbers of fur animals is determined as follows:

First, a 100% survey is made of the entire marsh areas by use of an airplane. In this survey the number and location of all muskrat houses are recorded on maps.

At about the same time a careful check of road grades, dikes and spoil banks is made in order to determine the number of bank dens in active use by both muskrats and beaver.

These checks are usually accomplished late in the fall at such time as the majority of both species have completed house and bank den construction. Studies made in previous seasons have provided accurate information as to the average number of muskrats and beaver occupying houses and dens. With this information it is a relatively simple matter to compute the total approximate population just prior to freeze-up.

Heavy populations of muskrats invariably result in extensive damage to earth dikes, road grades, and earth fills adjacent to the wing walls of water control structures.

Permitting muskrat populations to build up indefinitely also results in a depleted food supply, and possibilities of epidemic diseases.

Regular observations on the part of personnel are necessary in order that marsh areas can be checked as to the available food supply, and as to the activities of the muskrats in the dike roads and around structures. When there is evidence that the population must be reduced, a complete plan of removal is prepared and forwarded for approval of the Regional and Central Offices.

It has been found that removal of 70% of the total estimated population is necessary for reducing the damage potential of the muskrats, and at the same time decreasing the population within the carrying capacity of the marsh areas.

Removal quotas from the various sections of the marsh areas are usually set at that rate, except where undue damage to improvements is in evidence—in such cases an unlimited removal quota is usually recommended.

The method by which such trappers are selected is as follows:

At the time a newly developed refuge is opened for permittee trapping, notices are posted in local postoffices to the effect that applications for trapping of fur animals accepted during a definite period.

All trappers must be residents of the State of Minnesota for the prior six months, must have had experience in trapping and preparation of furs, and must possess small game and trapping license issued by the State of Minnesota.

Providing an applicant meets with these requirements, preference in final selection is as follows:

1. Veterans who were previous landowners within the refuge area.
2. Previous landowners within the refuge area.
3. Veterans who are local residents.
4. Residents of Marshall County.
5. Residents of other counties in the vicinity of Mud Lake Refuge.

Successful applicants are permitted to trap during State and Federal open seasons as designated on permits issued from year to year. Trappers retain trapping privileges from year to year providing their work is satisfactory, and providing they comply with all terms of the permits in force.

It might be well to mention, at this point, that previous landowners are given high preference because of the fact that the Federal Government found it necessary to purchase their home and farm sites for establishment of the refuge area. These former occupants engaged in annual trapping of fur animals on their own lands prior to the time the Federal Government purchased the lands for establishment of the refuge area. Other local residents are given preference for much the same reasons — villages and townships did lose a source of revenue when former residents were forced to move out of the area. The Federal Government therefore gives preference to these former residents in local communities.

Home of Tomato

The eastern slope of the Andes in Peru may be the original home of the tomato.

Waterproofing Flies

A cheap and excellent solution for waterproofing dry flies can be made by dissolving two ounces of paraffin in one pint of gasoline. Shave the paraffin into thin flakes and shake the solution briskly to dissolve it. They are then ready for the fishing trip.

MINNESOTA HISTORICAL SOCIETY

DATES FOR 1948 CO. FAIR FIXED AT AUGUST 2-5

Board Members Sign Grandstand Show and Carnival Last Week

Members of the Pennington county fair board, while in attendance at the annual convention of the Minnesota Federation of County Fairs in Minneapolis late last week, signed up entertainment features for the 1948 county fair in Thief River Falls.

At the same time the dates of the event this year were set at August 2 to 5 inclusive, Secretary A. F. Berge announced. In addition to Berge, Robert J. Lund and W. E. Dahlquist attended the convention.

As in recent past years, entertainment in front of the grandstand will be supplied by a Barnes and Carruthers revue, comprising 16 girls, a dance team, four vocalists, an eight-piece orchestra and eight big time circus acts.

Carnival attractions on the midway will be furnished by the Sunset Amusement company of Excelsior Springs, Missouri.

Speakers who addressed the convention Thursday and Friday in the Radisson Hotel included Governor L. W. Youngdahl and Senator Joseph H. Ball, while greetings were extended by Mayor Hubert H. Humphrey of Minneapolis.

R. J. Lund, Ninth district manager of the Minnesota State Agricultural society, sponsor of the state fair, also attended a meeting of that group. Secretary Raymond A. Lee reported that the 1947 state fair earned a profit of $253,000, largest since the ten-day exposition was established.

Goodman Farm Electric Invites Local Farmers to Dairy Program Feb. 2

An entertainment program of special interest to dairymen will be held Monday, February 2, in the Civic and Commerce Room in the Thief River Falls Auditorium under the auspices of the Goodman Farm Electric.

Starting at 2 p. m. the program will include a discussion of artificial insemination by I. W. Mead of Roseau.

The program will feature a color film, "No Hand Stripping," by Dr. Peterson, of the University of Minnesota school of agriculture, and other films on mechanical milking.

SPORTSMEN WILL HONOR BORCHERT TUESDAY EVENING

Retiring Game Warden and Club Secretary to Be Honored at Meeting

The February session of the Pennington County Sportsmens club next Tuesday evening in the Civic and Commerce rooms, has been designated as Bill Borchert night, it was announced today by Kern Olson, president.

On that occasion Mr. Borchert will receive tribute of fellow members for his ten years of efficient service as local game warden and eight years as secretary of the club, which post he is now relinquishing to accept the position as manager of the Red Lake game refuge with headquarters at Norris Camp. Representatives of neighboring sportsmens clubs also will be present to honor him.

Other events on the evening's program include the election of officers to serve the club during the coming year, and the showing of motion pictures supplied by the Wisconsin conservation department.

Great Northern Depot Employe Gets Transfer

Clark Snowbeck, who has been warehouseman at the local Great Northern depot for the past four years, has been accepted as clerk at the depot in Fergus Falls. Mr. Snowbeck is recuperating from a fractured vertebrae sustained while at work November 6, and will be unable to assume his new duties until the latter part of February. Mrs. Snowbeck and son will remain here until the end of May.

LINCOLN STUDENTS REHEARSING FOR PLAYLETS FEB. 16

Four One-act Plays Will Be Presented in High School Auditorium

The dramatic department of Lincoln high school will present a group of one act plays in the high school auditorium, Monday February 16, at 8 o'clock.

The combined casts for these comedies number over 40 members plus several "guest" actors.

The first play of this group "Call it a Day", presents a glimpse into the trials encountered during an afternoon in a doctor's office as seen from a humorous viewpoint.

"The Rose Garden" is an amusing portrayal tinged with a touch of the "Romeo and Juliet" theme. The clash of strong willed characters leads to quarrels today over the mistakes of 40 years ago.

The third play of the group "Nobody Sleeps" sparkles with clever laugh provoking lines, based on a slight but amusing plot. "Pink for Proposals" is light, amusing and colorful.

Taken together, these little comedies offer an evening of diverting entertainment that will be enjoyed by every one who likes a chance for a good laugh.

PENNINGTON 4-H LEADERS MEETING NEXT WEDNESDAY

Adult, Junior Leaders of 18 Clubs Will Share in Annual Institute

Featured speakers at the annual 4-H leaders' institute for Pennington county on Wednesday, February 4, will be Athelene Scheld, state 4-H club agent, and Glen Johnson, district 4-H club supervisor. The meeting will be held in Thief River Falls in the city Auditorium from 10:00 a. m. to 3:30 p. m.

The institute has been arranged to give assistance to local adult and junior leaders of the eighteen clubs in the county, according to County Agent Frank Hobbs. Special attention at the session will be given to 4-H records.

Miss Scheld and Mr. Johnson will suggest materials for club programs, give help on recreation, and present demonstrations. The place of the rural home and family in 4-H club work will be an important phase of the discussions.

J. NYQUIST SELLS MACHINE WORKS

Will Operate in Future as Thief River Welding

O. H. Granley and M. B. Hanson, who in the spring of 1947 purchased the Carl Wennberg welding shop in this city, last week joined with William I. Kvalston of Minneapolis in taking over the Nyquist Machine Works on West Third st. from Joel Nyquist.

The transfer was completed Saturday, and the new owners stated that they will operate under the name of the Thief River Welding, along with their present shop on Knight av. Kvalston formerly was associated with his father in the operation of the Kvalston Electric company in Minneapolis.

Nyquist, who established his business here in the fall of 1943, said this week he is planning on entering the summer resort field

REPUBLICANS SET DATES FOR CONVENTIONS

County Meetings Set for March 5; District Conventions March 13

Instructions received by Republican party officers here and in other counties throughout Minnesota this past week will set in motion within a few weeks machinery for selection of Minnesota delegates to the Republican national convention, an event of more than usual significance with Minnesota's former governor, Harold E. Stassen, one of the leading contenders for the Republican nomination for president.

Minnesota will have twenty-five delegates to the national convention this year. Two will be chosen from each district at the district convention. Seven will be selected at large at the time of the state convention.

The official call for the Republican conventions was issued by Bernard W. LeVander, Republican state chairman, and Mrs. M. L. Spencer, chairwoman, as soon as the Republican National Committee approved the call for the national convention, to be held in Philadelphia June 21st. The Minnesota conventions are to be held earlier than usual this year, partly because the national convention is being held somewhat earlier and partly so the state state convention here may by its action give early impetus to the Stassen campaign.

Precinct caucuses, first major step in the party schedule, will be held February 20th, between the hours of 2 and 9 P. M. The county convention will be held March 5th, and district conventions will be held March 13th, except that in the fourth and fifth districts the district conventions may be held on the same day as the county conventions.

The Republican county committee has designated the hour and place for the precinct caucuses and fix the hour and place for the county convention. The district executive committee will set the hour and place for the district convention. The state convention will be held in St. Paul March 20th.

A notice of the local caucuses and Pennington county convention, prepared by vice-chairman L. A. Ihle, appears elsewhere in this issue of The Times.

ELKS FATHERS AND SONS DINNER FEB. 4

Annual Event Will Be Held in Auditorium

The annual Elks Fathers and Sons banquet will be staged in the municipal Auditorium next Wednesday evening, February 4, starting shortly after 6 o'clock, C. S. Gibson, exalted ruler of the lodge announced today.

The after-dinner program will include community singing, greetings in behalf of the fathers by Dr. M. D. Starkow, response by Dale Larson, a brief talk in behalf of the former heads of the lodge by Andrew Anderson, accordion numbers by Bob Sjulestad and piano selections by Harold F. Harrison.

The program will be broadcast over KTRF from 8 o'clock to 8:30, Gibson stated.

Elks and their ladies to the number of 175 turned out Saturday evening in the club rooms to enjoy an excellent dinner, followed by the playing of games.

John Lang Is Appointed Manager of Land O'Lakes Hatchery in This City

The appointment of John Lang as manager of the Land O'Lakes hatchery was announced this week by Stuart McLeod, in charge of the local branch of Land O'Lakes Creameries, who stated that Lang has been employed at the hatchery the past several years and is familiar with all phases of its operation. At the same time Norman Furuseth was placed in charge of the hatchery office. He has had training in blood-testing and other details of hatchery work.

St. Hilaire Youth Gives to Polio Fund in Tokyo

That the March of Dimes reaches distant points with its campaign to raise funds to combat polio is revealed in a photograph taken this month in Tokyo, Japan, and published recently in newspapers in St. Paul and other cities. The picture shows Pfc. Orval Kolden, son of Mr. and Mrs. Thorval Kolden of St. Hilaire, in the act of making a contribution to the March of Dimes in Tokyo, where he is stationed on occupation duty with the First Cavalry division.

SIX BOYS QUALIFY FOR EAGLE SCOUT RATING THURSDAY

To Receive Awards at Court of Honor Slated for Monday, February 9

Appearing before the Eagle board of review last Thursday was the largest group of Scouts in the history of scouting in Thief River Falls qualified to receive the Eagle award, the highest rank in scouting.

The honored scouts were Allen Williamson, Jerry Rasmussen, Rodney Kaisler, Harry Simons and Gerald Hedlund from Senior Scout Troop 60, Morris Owen, scoutmaster; and John Erickson from Troop 59, Ed Haug, scoutmaster. They passed their final tests and will receive their Eagle scout awards at the court of honor to be held Monday, Feb. 9.

Dr. Wilson M. Laird, council chairman for advancement, and E. H. "Bob" Stock, scout executive of Lake Agassiz Council from Grand Forks, were in charge of the board, assisted by local Scouters, Rev. P. Alfred Peterson, Mayor H. E. Simons, W. A. Walters, Supt. P. L. Fjelstad and Harold Rasmussen. Also present were Scoutmasters Morris Owen, Clarence Kverno and Ed. Haug.

SEVEN ARE NAMED ON C. AND C. BOARD

Directors Slated to Elect Officers Today

Ballots in the annual election of directors of the Civic and Commerce association, were counted at the luncheon meeting last Thursday noon.

Elected for two-year terms were: F. E. Tunberg, Robert J. Lund, Bill Ekstrand, Alfred Skarstad, Orvis Olen and Henry K. Arneson, while L. W. Rullen was named for a one-year term.

The board was scheduled to meet this noon to elect officers to serve the association during the coming year.

Reports by heads of various committees made up the remainder of the business transacted at last Thursday's session.

RURAL TEACHERS IN SESSION TODAY

Institute in C. and C. Room Will Close Friday

The new curriculum and intercultural relations will furnish the theme of the teachers institute to be conducted today and Friday in the Civic and Commerce room in the auditorium. The institute will be conducted by Miss Katherine Casey of the state department of education assisted by Mrs. A. C. Matheson, county superintendent.

Speakers at the two-day session will include Mrs. Edna Nilsson, Thief River Falls school nurse, who will discuss health problems; Mrs. Hazel Halgrim, Carnegie librarian, who will deal with the county library system; Mrs. Tom Peck, junior Red Cross; and Game Warden Wm. H. Borchert, who will present a conservation movie.

At the close of the program this afternoon, the Western Pennington county teachers will be hostesses at a tea to visitors, teachers training students and teachers from the eastern part of the county.

Social Security Agent in City Next Thursday

A representative of the Social Security Administration will be at the state employment office in Thief River Falls beginning at 10:00 a. m., on Thursday, February 5.

CONDEMNATION IS STARTED AGAINST TWO RIVER TRACTS

Court Acts Favorably on Plea of Conservancy District Board Thursday

At a hearing conducted in this city last Thursday morning before Judge Oscar R. Knutson of Warren, action was taken to grant the petition of the Red Lake-Clearwater river conservancy district board seeking condemnation of two tracts abutting on Red Lake river in the Highlanding vicinity which are needed in connection with the forthcoming starting of work on the channel improvement project.

Affected by the order are tracts belonging to Anton Johnson and Louis Thompson, both of whom had withheld their signatures from easements that would have given access to their properties.

Appointed appraisers to estimate damages to the tracts that will result from carrying out the project were Elmer F. Erickson, Hazel; Ernest Yonke, Route 3; and Alfred Longren, Town of North. They received instructions from the court Thursday, and were ordered to file their report within thirty days.

Following the hearing, Messrs. Johnson and Thompson declared that their failure to sign the easements when requested was not inspired by any desire to delay the improvement project, but that it had for its purpose the securing of a definite understanding as to damages to be awarded them for their property.

New Officers of Odd Fellows Installed at Session Tuesday Night

The installation of officers of Young Pine Lodge No. 221 of the Independent Order of Odd Fellows was conducted on Tuesday evening by District Deputy Grand Master Alfred Bredeson assisted by a staff of grand officers.

Officers installed for the ensuing term are: Herman A. Kjos, noble grand; John Magnuson, R. S. N. G.; Andrew Skaar, L. S. N. G.; Gote Anderson, vice grand; Obert Lindland, R. S. V. G.; Albert Sjolsvold, L. S. V. G.; Erick Huset, warden; Morris Odegaard, conductor; James Burrell, chaplain; C. Herb Jung, secretary; Arthur Terrian, inside guardian; Erland Anderson, outside guardian; Alfred Longren, R. S. S.; Millard Nelson, L. S. S.; Carl Hovie, trustee.

Entertainment committee appointed includes Obert Lindland, Morris Odegaard and Emmett Mousley.

The social announced for Saturday Jan. 31, has been postponed until February 7th in order not to interfere in any way with the polio dance to be held at the city auditorium on Friday evening.

Rotary Club Hears Talk on Universal Military Training by Dr. Sattgast

Dr. C. R. Sattgast, president of Bemidji state teachers college, was the guest speaker at the luncheon meeting of the Rotary club Tuesday noon in the Civic and Commerce rooms. The speaker discussed objections to the proposal to inaugurate universal military training in the United States, pointing out that in this age of atomic warfare there is no need of maintaining a huge military force.

Local Engineers Attend Red Lake Falls Meeting

Several professional engineers from this area attended the district meeting of the Minnesota Association of Professional Engineers at Red Lake Falls last Friday evening. Engineers from Thief River Falls who attended were E. W. Johnson, D. H. Stewart, J. A. Erickson, K. V. Pearson and Bruce M. Kalb. Division Engineer A. M. Graves and James E. Walker were elected to membership in the association which is affiliated with the National Society of Professional Engineers, Washington, D. C.

MARINE-CORPS UNIT HAS MEETING JANUARY 20TH

The Tony Dorn detachment of the Marine Corps league held its regular monthly meeting January 20 in the Rex Cafe. Orville Eide, commandant, conducted the session.

Biggest Engine in City Power Plant Out of Commission

The 1,750-horsepower Busch-Sulzer Diesel engine, largest unit in the municipal power plant, was put out of commission for probably three weeks last Thursday shortly before 6 p. m.

Flames shot out of the huge generator, apparently as a result of a blade breaking off a cooling fan attached to the rotor, the loose piece of metal cutting into the windings of the armature and causing a short circuit, Supt. Ole Legvold reported. The crew on duty had the flames extinguished by the time the fire department arrived at the scene.

In spite of the loss of the use of the disabled unit, power and light service was interrupted only a few minutes, the load now being carried by the two smaller Diesels and the water turbines in the power plant adjoining the dam.

Also being used in the emergency are the two small Diesel units in the old Second st. power plant, which yield an additional 250 kilowatts.

The new 2,8000 horsepower Diesel unit ordered in 1947 from the Nordberg Engine company of Milwaukee is expected to be delivered here next summer, while installation work will be completed in the fall, thus giving considerably more leeway in the supply of current than the city enjoys at present.

Andy Williamson Named on Board of Education to Succeed Wm. Froiland

At a special meeting of the Thief River Falls board of education Tuesday, Andy Williamson, associated in the operation of the Fashion Shop, was elected to the board to fill a vacancy created by the resignation of Wm. Froiland, who has served the past several years. Mr. Williamson will serve until July 1, 1948, following the annual school district election.

ZWIENER TALKS AT JOINT SESSION OF LEGION, AUXILIARY

Tells of Support Given by Legion to Universal Military Training Bill

C. A. Zwiener, past Minnesota department adjutant of the American legion, Monday evening addressed a joint session of Ecklund-Holmstrom post of the Legion and auxiliary unit.

He discussed some of the reasons why the American Legion has endorsed universal military training, and also told of action taken on the Marshall Plan and veterans' housing at the national convention of the Legion in New York City last fall.

Zwiener declared that in endorsing universal military training, the Legion is not a warmonger, but merely believes the nation should be prepared for the worst. He conceded that no mother wants to see her son go to war, but added that neither does she want to see her country under the domination of a more aggressive nation. He reminded his hearers that the men who fought in World War I had tried to save this nation from what happened on December 7, 1941.

Zwiener said the 1947 national convention went on record in support of the Marshall Plan following a stirring plea by Harold E. Stassen of Minnesota, who pointed out the difficulty of combating Communism in Europe if the people there had empty stomachs.

Discussing the veterans' housing situation, he told of a Legion-sponsored bill now before Congress which provides for the formation by former service men of holding companies to build their own homes under Veteran Administration auspices.

WM. BORCHERT IS GIVEN PROMOTION

Will be Game Manager on the Red Lake Refuge

Wm. H. Borchert, game warden stationed in Thief River Falls since December 1937, has been promoted to the position of game manager at the huge Red Lake game refuge north of Red Lake effective February 1. He will establish his headquarters next week at Norris Camp near Roosevelt.

Mr. Borchert, with his genial personality, has gained wide popularity among local citizens during his years of residence here, particularly thru his efficient service as secretary of the Pennington County Sportsmens club during the past eight years. The club's membership has grown during his incumbency from 217 to more than 650.

He has served as a Minnesota game warden the past 10 years.

Navy Recruiter in City Eight Days in February

A representative of the U. S. Navy recruiting service in Grand Forks will be stationed in the veterans service office in the court house in Thief River Falls February 4, 5, 11, 12, 18, 19, 25 and 26, it was announced this week. He will accept applications for enlistment in the regular Navy, and will distribute Victory and American Defense medals to eligible naval veterans of World War II.

MUSICAL SHOW TO BE PRESENTED BY LEGION, AUXILIARY

Mrs. Jeannette Wright To Direct Production To Be Given in April

According to word received by the local American Legion post and auxiliary unit, a campaign will soon be under way to raise funds to help carry forward the Heart Research professorship at the University of Minnesota. The professorship is to be a living memorial to all men and women who served in World Wars I and II and will continue indeterminately.

At their last meeting held on January 20th, the Legion post and auxiliary unit of Thief River Falls unanimously agreed to support a musical show comprised of home talent, the proceeds of which will be sent to the heart research project.

Mrs. Jeannette Wright, who has been very successful in this work, has agreed to head the production of the show. There will be a variety of talent used, and the production will be similar to the "Hip-Hip Hooray" show presented here several years ago.

In the meantime plans are rapidly going ahead for the organization of committees and the selection of talent for the production. The show will be presented about the middle of April, it was announced.

Warren Pastor to Speak on Station KTRF Friday

Rev. Arvid C. Carlson of the Evangelical Covenant church, Warren, and district leader among Mission Covenant churches in the Red River Valley, is guest speaker on a special first anniversary program noting one year of service, slated for Friday's Morning Devotions, 7:15-55 o'clock, according to L. W. Lindholm, director, who says that tomorrow's program covers a 40 minute period in place of the usual 15 minute period, through KTRF.

Rainbow Pastry Shop Opening Last Saturday Attracts Huge Throng

The Rainbow Pastry Shop, operated by Jung Bros. on LaBree av., attracted throngs of visitors for its formal opening last Saturday. The attractive quarters were adorned with a large number of bouquets, contributed by local firms. Approximately 700 postcard notices were sent out to advertise the opening were turned in, and for each of these the proprietors of the shop donated ten cents to the local Girl Scout organization. The postcards will continue to be redeemed the remainder of the week, it was announced.

COUNTY POLIO DRIVE GETTING FINE RESPONSE

KTRF Show Saturday Brings in Total of $1,500; Dance Friday

That the 1948 March of Dimes is receiving a hearty response from Pennington county residents is revealed in the announcement today by Glenn Carlson, campaign chairman, that the drive up to Wednesday afternoon had netted approximately $3,300 in cash and pledges.

Of the total, approximately $1,800 was reported by Norman Peterson, in charge of the solicitation in the business district of Thief River Falls, while more than $1,500 in cash and pledges resulted from the highly successful polio fund broadcast over Radio Station KTRF Saturday night.

With the end of the campaign set for Friday, January 30, chairman Carlson requested rural residents to bring in their radio pledges to the Jay-Bee drug store, or to mail them to the KTRF polio fund, and also to send in their March of Dimes cards as quickly as possible.

The local polio fund will be further augmented by the proceeds of the March of Dimes Ball in the municipal Auditorium Friday evening, music for which will be supplied by the Kampus Kings orchestra from the University of North Dakota. At midnight an auction of a number of contributed items will be conducted.

A collection is being made in the schools of the city today and Friday under the direction of Harold Paulsen and Mrs. Edna Nilsson, while a similar drive is being conducted in the rural schools, Carlson stated.

Local citizens stayed up late Saturday night to listen to the varied features presented on the KTRF March of Dimes program, which continued until nearly 1:30 Sunday morning.

Nearly forty entertainers contributed their talents, which combined to make a thoroly enjoyable presentation. Alvin Christofferson served ably as master of ceremonies.

Four telephone lines were kept busy all during the program as listeners called to make pledges and request special numbers. Four automobiles were engaged in covering the city to pick up the amounts pledged.

At the close of the program the entertainers and the staff of KTRF were treated to lunch at the Elks club rooms, where a large gathering had listened to the program.

DISTRICT RURAL YOUTH PARLEY SET

Two Speakers Slated for Meeting Monday Night

One of the annual rural youth training meetings will be held in Thief River Falls in the Civic and Commerce room of the city Auditorium starting at 8:00 P. M. Monday, February 2, it was announced today by County Agent Frank Hobbs. Topics for discussion will be "wise food buymanship" for girls and soil conservation for the rural youth boys.

Kathleen Flom, state rural youth agent, will lead the girls in their discussion on food buymanship, and Paul J. Moore, assistant state 4-H leader and rural youth leader, will lead the boys in a timely subject, soil conservation.

Groups from Red Lake, Marshall, and Pennington counties will attend the meeting.

Universal Military Training Radio Forum Topic on KTRF Sunday

At a meeting Monday in the Rex Cafe of Northland chapter of Toastmasters with Glenn Christie, president, in charge, arrangements were made to hold a radio forum on the topic of universal military service over Radio Station KTRF next Sunday afternoon, February 1, at 2 o'clock. Glen Ahre acted as toastmaster at Monday's meeting, while speakers included Karl Gerstner, Martin Gulbranson, Ernest Hellquist, and John Lynsey.

Auxiliary Notes

by Mrs. H. L. Schuster

On January 26th the American legion auxiliary met jointly with the legion, and after a brief business meeting adjourned to hear Chic Zwiener, past state adjutant speak on the veteran housing and universal military training bill now before congress.

Mrs. Jeanette Wright announced that she would direct another variety show, simular to Hip-Hip Hooray in order to raise funds for the Heart Memorial fund campaign which gets under way Feb. 14 to May 24.

Mrs. Wright was also presented with a paid-up membership in the Legion for the coming year. Mrs. Wright has served in both world wars.

Mrs. Wayne Levorson, welfare chairman, announced that any one wishing to do sewing for the layettes and for the veterans hospitals to contact her and she will supply the necessary information. The hospitals are in direct need of laundry bags, hot water bottle covers and pillows for out veterans there. If each of us took it upon ourselves to sew just one of these articles, we would accomplish this very important task.

Stop awhile from your daily routine and sew just one article, a pillow perhaps for one of our boys. That's not asking too much considering the fact that he gave his all for you.

In the veterans hospital they have set up for the patients there what is called the "Cookie Jar." It takes approximately 55 dozen cookies a day to keep this jar full. In order to reach the hospital in time, please call Mrs. M. R. Levorson at 1492 or Mrs. Robert Bredeson at 947J, and report to them how many cookies you will make. They would like man-sized cookies wrapped in waxed paper, sealed with scotch tape and two cookies in a package. Leave your cookies at the Ben Franklin store to be picked up.

Members, members!!! we have stressed membership so much. Please do not wait to be asked for your dues.

Listen to Jeanette Wrights radio program every Monday noon at twelve o'clock at 1230 on your dial.

SCHOOL BOARDS TO HOLD CONVENTION IN MINNEAPOLIS

Dr. A. E. Jacobson to Preside in Discussion of Reorganization Plans

School board members from the local and neighboring districts will be in attendance Thursday and Friday Feb. 5 and 5, when the Minnesota school board association holds its annual convention at the Nicollet Hotel in Minneapolis. The entire two day event will concern itself with matters strictly pertaining to school affairs.

"State School Aids" will be discussed throughly by a panel the first afternoon of the session, with Commissioner of Education, Dean Schweickhard, presiding, and the following taking part: Ira Lambert, O. H. Paschka, Robert Scott, Mrs. Herbert Parker, Senator A. L. Almen, Dean Pelk, Mrs. S. B. Burton, Earl Keen, Alvin Stolen, Carl Ring, Lloyd Johnson and W. E. Dahlquist. Pearl A. Wanamaker, superintendent of public instruction, State of Washington, will take part as summarizer.

"School District Reorganization" is the subject for panel discussion Thursday evening. Dr. A. E. Jacobson, Thief River Falls chairman of the state advisory commission on reorganization, will preside, with the following taking part: T. C. Engum, Myron Clark, Rep Daun Clyde Robb, Cleo Smith, Chester Graupmann, Mrs. Thomas Davis, Miss Clara Thorpe, Charles Christianson of Roseau, H. B. Gough, L. L. Schaeffer, and Mrs. Edna Hjelm. Luther J. Black, secretary of the State of Illinois commission on school reorganization, will act as summarizer.

The convention closes Friday evening with the annual banquet as climax. Governor Luther W. Youngdahl will give the address of the evening. President H. R. Kurth of Hutchinson will preside.

Curtails Insects

Machines which were developed to generate fog to screen beachhead landings during the war have been adapted to dispense insecticides over a wide area, and are already being ordered by summer resorts to get rid of mosquitoes, flies, gnats and other pests. The fog produced by the machines, a dry vapor, travels with the air currents, creeps up the sides of buildings, through open doors and windows, through lawns and shrubberies. At Lake Placid, where a group of estate owners purchased a machine, insects and worms on trees had vanished within a few hours. After a fog treatment at Jones Beach, L. I., park officials reported a general drastic curtailment of insect disturbances.

WOMEN'S CLUBS OF STATE TO SPONSOR '48 ESSAY CONTEST

State Parks—Conserving Human Resources to be Topic for H. S. Students

"State Parks-Conserving Human Resources" is the title of the 5th annual conservation essay contest announced today by Mrs. Ralph G. LeMois, Akeley, president of the Minnesota Federation of Women's Clubs. This competition, which has been approved by the state contest committee of the Minnesota Association of Secondary School Principals, opens February 2, and closes May 3. All Minnesota high schools (grades 9 to 12) are eligible to enter.

To the twenty district winners of the contest will go the thrills of a week spent at Douglas Lodge, Itasca State Park, where all forms of outdoor recreation are offered, with excellent facilities. All expenses of these fortunate boys and girls are included in the awards. Folders containing complete details and entry cards are now in the mails addressed to all Minnesota high school superintendents.

Director of the division of state parks, L. E. Fiero, expressed the hope that the competition would make the public more aware of the necessity for expanding as well as maintaining state park facilities to accommodate the increasing needs of both youth and adults for wholesome outdoor recreation.

CROOKSTON HOLDS THIEVES TO 4-4 TIE IN GAME HERE

Visitors Score Twice in Third Period to Make Final Score a Tie

Bill Medved's long shot from just inside the south blue line, and which was screened from goalie Swanson's view, hit the net for the score that tied the States-Dominion hockey league game played here Wednesday night. The counter, coming at the 17:40 mark of the third period gave the Crookston Pirates a 4-all tie with the Thieves. League rules prohibit the playing of overtime periods, with the result that each team will be awarded one point in the league standings.

Crookston jumped into an early 1 to 0 lead when Jim Medved, following a scramble behind the Thieves net, picked up the puck and hooked a shot past Swanson at the 9:15 mark of the first period. The locals, meanwhile, were driving in for numerous scoring sorties, but the Pirates' Byron Larson performed in spectacular style to kick out the shots.

Early in the second period, Les Vigness, getting a pass from Lloyd Johnson, lifted a long shot from out in front of the Pirates' net that eluded goalie Larson. And with the Pirates short-handed, Connie Stanbridge, on an assist from Bill Zippel, scored on a backhand shot at the 5:15 mark to give the Thieves a 2 to 1 lead. With Bud Salem serving a Crookston penalty, Bill Zippel added a score to the locals' total when, on a pass from Pug Lund in the Pirates' defensive zone, he stickhandled through a pair of defenders to come in for a set-up shot. Bill Sullivan, following a melee in front of the Thieves' goal, tallied the Pirates' second tally at the 17:00 mark.

In the final period, Stanbridge and Zippel combined for a neat goal giving the locals a 4 to 2 lead, with Connie slamming a sharply-angled shot past Larson and into the north goal. Bill Sullivan's goal at 9:40 carried Crookston to within a score of the locals, and Bill Medved's tally evened the game at 4-all. In the final minutes, the locals had five forwards on the ice in an effort to pull out the victory, but goalie Larson was equal to the task of repelling the scoring threats.

The well-played game was witnessed by a fair crowd of fans, and it was the consensus that the goalies, Byron Larson of the Pirates and Greek Swanson of the Thieves, were entitled to the starring roles for their respective teams.

The summary:

Thief River Falls (4)	vs.	Crookston (4)
Swanson	goal	Larson
Dorn	defense	Michaud
Lund	defense	W. Medved
Zippel	wing	W. Sullivan
Faulkner	wing	Noah
Stanbridge	center	J. Medved

Scoring by periods:	1st	2nd	3rd	
Thief River Falls	0	3	1	4
Crookston	1	1	2	4

First period scoring: J. Medved, unassisted, 9:15. Penalty: Dorn, Johnson.

Second period scoring: Vigness (Johnson), 7:20; Stanbridge (Zippel), 5:15; Zippel (Lund), 12:10; W. Sullivan (J. Medved), 17:00. Penalties: A. Sullivan, Salem, Lund, Stanbridge.

Third period scoring: Stanbridge (Zippel), 5:45; W. Sullivan (J. Medved), 9:40; W. Medved (J. Medved) 17:40. Penalties: none.

Spares: Thief River Falls— Efteland, Johnson, Vigness, Froiz, Doyle, Amundson; Crookston — Salem, W. Johnson, Schroeder, A. Sullivan, H. Panner.

Referee, Pete Ullman.

Goodridge High School Quint Will Meet Oslo Team in Game Tonight

The Goodridge high school gymnasium is expected to be crammed with its largest crowd of the year Thursday evening when Coach Nonte Jarvi's Goodridge high school basketball team meets the Oslo five in an important game.

In addition to the game, which should be evenly-contested, a feature will be the announcement between the halves, of the nickname for the team that had been adopted, by a vote of the student body, that afternoon.

The Goodridge athletic team have been without a monicker ever since the school has been established, but due to Coach Jarvi's campaign, which ends this afternoon, the school will be properly titled. A prize will be awarded to person suggesting the winning game.

Funeral Services Held Friday Afternoon for Lars Bjerken, Age 78

Funeral services were held Friday afternoon at the Lutheran church in Mahnomen at 2 p.m. for Lars Bjerken, who died Sunday, January 18 at Fergus Falls, reaching the age of 78 years. Interment was made at the church cemetery there.

Mr. Bjerken was born October 9 1869 in Norway. He came to the United States in 1880, settling near Perley, where he farmed for a number of years. Later he moved to Mahnomen and worked for the Soo line, for some time. The family then went to Crygla and since 1942 have resided in this city. He was united in marriage to Mrs. Bjerken in Moorhead in 1889.

Surviving his death are his wife of this city; three daughters, Mrs. Harry Werner of Hibbing, Mrs. Vernon Nelson and Mrs. Helmer Anderson of this city; three sons, Peter of Anoka, Arthur and Oscar of this city; 12 grandchildren and 3 great grandchildren.

William F. Strouts, Resident of St. Paul Died, Buried Jan. 16.

Mr. Strouts was born in Austin, Minn. He was united in marriage to Olga Lindquist June 21, 1926 at the C. A. Lindquist home in Bray township. Following his marriage they moved to St. Paul, where he was a dealer and supervisor for Moore Business Forms for 27 years. His wife and a son, William Strouts Jr., survive his passing.

VALHALL

Mr. and Mrs. Paul Engelstad, James and Peter, and Alfred Engelstad spent Saturday evening at the Axel Engelstad home where they listened to the radio program over KTRF until 4:30 a.m. Sunday morning.

Alons Engelstad returned home on Friday morning from St. Paul where he attended the Annual Farm Bureau meeting. He also visited at the William J. Huber Jr. and Russell Molldrum homes in Minneapolis.

At the Edwin Hanson home on Tuesday evening to help Nick Hanson celebrate his 76th birthday were Mr. and Mrs. Arnold Hanson of Warren; Mr. and Mrs. Paul Engelstad, James and Peter, John Stromberg, Glenn Engelstad, Mr. and Mrs. Edwin Hanson.

Mr. and Mrs. Russell Molldrem and Dianne of Minneapolis came Wednesday from Bemidji where they had visited at the Wendell Beebes and Mr. Molldrem had attended to business with the Hardware Mutual Insurance co. They will visit here with Mrs. Molldrem's mother Mrs. Louisa Anderson and other relatives.

Mrs. Kenneth Finstad and infant daughter Karen Annette came home on Thursday from a local hospital.

Mrs. T. J. Wasley of Numedal township came on Friday to stay with her daughter, Mrs. Kenneth Finstad until Tuesday evening when she was called home by the sudden illness of her husband, Helmer Finstad.

Paul Engelstad and Arthur Larson made a business trip to Crookston on Friday.

Mrs. Raymond Munt called on Fern Hanson at a local hospital on Tuesday evening.

E. J. Miller, Highway Dept. Engineer, Dies

Ervin J. Miller, chief bridge engineer of the Minnesota Highway Department, died January 21 after an illness of several months. Mr. Miller had been connected with the Department since the creation of the trunk highway system in 1921, except for a two-year interval.

Mr. Miller was appointed assistant bridge engineer in the state highway department in 1921 and supervised the inventory, rehabilitation and maintenance of some 1,500 bridges on roads then taken into the trunk highway system. He resigned in 1931 to engage in bridge contracting but returned to the Department in 1933.

He was appointed chief bridge engineer in 1939, and in this position supervised the design and construction of some 200 trunk highway bridges, including the $1,500,000 span over the Mississippi at Winona.

Warroad Blaze Causes $50,000 Loss Friday

Fire early Friday destroyed the Marvin sash and door factory at Warroad with loss estimated at $50,000. Volunteer firemen fought the blaze for seven hours. Several suffered frost-bitten hands.

Charlotte Larson, Former Pastor's Wife, Dies in Washington

Charlotte Larson, 70, wife of the late Rev. George Larson, former pastor of the Zion Lutheran church of this city, passed away January 6 at a hospital in Everett, Wash., following an extended illness.

Funeral services were held Jan. 10 at Salem Lutheran church, Silvana, Rev. C. E. Dyrud officiating. Interment was made in Arlington, Wash.

Mrs. Larson was born in Sand Creek, Wisconsin, Oct. 14, 1877 and had resided in Arlington, Wash., since leaving here 21 years ago. Surviving are three daughters, Mrs. Burt Hansen, and Lorrain Larson of Everett, Wash., and Mrs. Barney Brown of Carpertino, California; five sons, Gordon and Noble of Everett, Wash., Reuben of East Standwood, Wash., Ray and Hartman of Sunnyvale, Calif.; and twelve grandchildren.

Charles S. Lundstrom, Retired Blacksmith, Summoned January 23

Charles S. Lundstrom retired blacksmith, passed away Friday evening at his residence in this city at the age of 72 years. Funeral services were conducted at the Gulbranson chapel Tuesday afternoon, Rev. J. O. Jacobsen officiating. Interment was made at Greenwood cemetery.

Born July 31, 1875 in Sweden, he came to New Ulm with his parents at the age of seven. They later moved to Adams, N. Dak., and Plummer. He was united in marriage to Gena Thompson in July 1907 in this city and resided here until 1917, then moved to McGregor, N. Dak. and farmed until 1925 when they returned to this city. He retired from his blacksmith trade seven years ago.

Survivors include his wife, Gena; two daughters, Mrs. Alfred Loure of this city and Mrs. Kenneth Melby of Rock Island, Ill.; two sons, John and Clarence of Seattle, Wash.; 4 grandchildren; two sisters, Miss Hilda Lundstrom of Minneapolis and Mrs. Theo. Halvorson of Plummer. He was preceded in death by his parents, a daughter, and one brother.

Eels to Cure Rheumatism

In some areas eel skins, along with rabbit feet, buckeyes and copper bracelets, are believed to be of aid to rheumatism sufferers. So far science and the medical profession have not endorsed these methods of treatment.

Uses Solar Water

Miami Beach, Fla., homes use a solar water system extensively, which heats water almost to the boiling point.

Funeral Rites Will Be Held Monday for Mrs. Anne Olufson

Funeral rites will be conducted at the Landstad Lutheran church Monday, Feb. 2, at 2 p.m., Rev. T. C. Hanson of Roseau officiating, for Mrs. Anne Olufson, who passed away at a local hospital Monday, Jan. 26, at the age of 70 years. Interment will be made at Landstad cemetery.

Mrs. Olufson was born July 18, 1877 in Tydalen, Norway. She came from Norway to Norman county in 1889 and a few years later she moved to Rollis township, Marshall county, where she resided until her death. She was united in marriage to Charley Olufson at Gatzke on Dec. 8, 1903.

Survivors include one daughter, Mrs. Hannah Hoskin of Bridger, Mont. and two sons, John and Oscar both of Gatzke, three sisters, Mrs. Erick Aune of Gatzke, Miss Thea Haugen of Los Angeles, Calif., Mrs. A. J. Towe of San Diego, Calif.; three brothers, Jens Haugen of Seattle, Wash., John Haugen of Inglewood, Calif. and Pete Haugen of Garden Grove, Calif.; three grandchildren. Her parents, husband and two brothers preceded her in death.

Notable Legislation

Despite so-called "deadlocks," there have been notable pieces of legislation enacted within the last 40 years during periods when one party held the Presidency and the other controlled the house. History records the submission of the amendment providing for the direct election of senators (submitted by congress, 1912); the statute requiring candidates for the house and the senate to make statements of the money raised and spent in their behalf and limiting the campaign expenditures of the candidates themselves (1911); the provision that all contract work for the federal government must be done on the basis of an eight-hour working day (1912); and the establishment of the Reconstruction finance corporation (1932).

Farm and Implement News

If you are lucky enough to have a Superior Hydraulic FARMHAND and have a problem of snow removal we can end your trouble in a hurry. The FARMHAND SNOW SCOOP shovels 33 cubic feet at a time. No more parking your car on the highway. With the SNOW SCOOP you can clean your road and yard in double-quick time with no back-breaking work. You don't have to take our word for it. We can give you the names of customers who are using them. They'll give you enthusiastic testimonial that the SNOW SCOOP really does the job.

Even of you don't have a FARMHAND you can cure your snow problem with the Beheren's snow plow and ditcher. This can be fitted to any Farmall H or M. Only one left — at sale price.

Right now we have an unusually good selection of used cream separators to choose from. They are all rebuilt, repainted guaranteed McCormick-Deering machines ranging in price from $34 to $80. The later models have power attachments for use with gas engine or electric motor. You don't have to take a chance with any of these used cream separators. Take one home and try it. If you aren't completely satisfied your money will be cheerfully refunded.

Of course, we also have new McCormick-Deering stainless steel cream separators in various sizes. Available in high or low base, with or without electric motor. A demonstration will convince you — it's the best separator to buy.

We have been fortunate enough to receive a few new, improved all-steel lever type harrows. If you are going to need a harrow, now is the time to get it—while you can be certain of delivery. These harrows are extra heavy built, weighing about 125 lbs. per section. Each section cuts about 5¼ ft. They are built for high speed, hard usage with ⅝ inch welded teeth using a heavy "U" bar and the sections have closed ends of web channel. Harrows are self cleaning with no extended teeth or clamp arrangement to gather rubbish.

Complete with automatic folding draw bars of high carbon steel tubing.

If your tractor is going to need repair before spring, now is the time to get it done. Our guaranteed Blue Ribbon tractor service assures you a competent job by skilled mechanics at lowest prices. Don't wait until the last minute to get your tractor in shape for spring work. Do it now. If you prefer, we can send out our truck to pick up your tractor and deliver it when the work is completed.

A treat is in store for you if you haven't already seen the new International Harvester freezers. They are beautifully finished and well constructed — all have the International Harvester five year guarantee. For freezing meat, fish, fruit, vegetables, and pastry, the Harvester freezers are unexcelled. Think of having fresh peas or carrots or corn-on-the-cob or strawberries months after they've been taken from your garden! Home economists endorse freezing as the best method of preserving color, taste and nutritional value. Ask for a free copy of "HOME FREEZING" and "FREEZING IS THE FASHION." And watch for the new International Harvester home refrigerators — coming SOON.

SAFETY OFFICIAL SPEAKS TO LIONS

Game Warden Borchert Also Is Guest of Club

Speakers at the Lions club luncheon meeting Wednesday noon in the Rex Cafe included A. W. Luecke, representative of the Minnesota Safety Council, and Game Warden Wm. H. Borchert who is leaving this city shortly.

Introduced by Sheriff Arthur Rambeck, chairman of the Pennington county safety council, Mr. Luecke discussed traffic safety and the objectives of the recently inaugurated driver license examinations.

Mr. Luecke stated that drivers under the age of 21 are responsible for most traffic accidents among various age groups, and he commended the local high school for having inaugurated a driver training class.

Warden Borchert expressed his regret on parting company with the many friends he has made during his ten years residence in Thief River Falls.

Deadline for Buying State Trees Feb. 7th

CATHEDRAL WINS OVER PROWLERS TUESDAY 5 TO 4

Roseau Sextet to Meet Prowlers at Arena Here Saturday Evening

Ronald Bushy's solo goal at the 5:49 mark of the third period gave the Crookston Cathedral Blue Wave a 5 to 4 win over the Prowlers in a well-played hockey game played at Crookston on Tuesday night. On Saturday night the locals will meet the Roseau six on the Arena ice.

After Graydon Garlough had tallied the first goal on Tuesday night, "Mahoney" Sullivan, Gib Noah, and Maurice Theroux, popped in Blue Wave scores to give Father Cardin's sextet a 3 to 1 lead. Swede Lund's solo pared a goal off that lead, and Crookston held a 3 to 2 first period lead.

Garlough's second goal of the game, and the 2:21 mark of the second period, evened the score at 3-all; and Swede Lund's solo, less than a minute later, moved the Prowlers into the lead. And the locals held that advantage until five seconds before the period ended when Theroux punched in a counter.

After Bushy had scored what proved to be the winning goal in the third period, Swede Lund, who turned in one of his best games, broke through the Cathedral defense for several open assaults on the Blue Wave goalie, but Lund's shots were off the line and the apparent scores did not materialize.

The summary:

Thief River Falls H. S. (4)	vs.	Crookston Cathedral (5)
Thorson	goal	Gabary
Garlough	defense	Theroux
Dennis Lund	defense	T. Sullivan
Haken	wing	G. Noah
Breen	wing	Bushy
Erickson	center	J. Sullivan

Scoring by Periods:	1st	2nd	3rd	
Thief River Falls	2	2	0	4
Crookston Cathedral	3	1	1	5

First period scoring: Garlough, unassisted, 4:00; J. Sullivan, unassisted, 6:30; G. Noah, unassisted, 10:27; Theroux (Lalliviere), 11:37; Derwood Lund, unassisted, 14:20. Penalties: none.

Second period scoring: Garlough, unassisted, 2:21; Derwood Lund, unassisted, 3:00; Theroux, unassisted, 14:55. Penalties: none.

Third period scoring: Bushy, unassisted, 5:49. Penalties: Erickson, Derwood Lund, Bushy.

Spares: Thief River Falls—Derwood Lund, Ness, Steenerson, Walker, Hall, Arnes, Christenson, Walsberg; Crookston Cathedral, D. Noah, Barth, Symonds, Steinbrook, D. Anderson.

3 Unions Block Labor Peace—Refuse Wage Boost Already Accepted by 19 Other Railroad Unions!

The Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen and the Switchmen's Union of North America, representing 125,000 railroad employes, have refused to accept the offer of the Railroads of a wage increase of 15½ cents an hour.

This is the same increase awarded 1,000,000 non-operating employes by an arbitration board in September, 1947.

This is the same increase accepted by 175,000 conductors, trainmen and switchmen by agreement on November 14, 1947.

Agreements have been made with 1,175,000 employes, represented by nineteen unions. But these three unions, representing only 125,000 men, are trying to get more. They are demanding also many new working rules not embraced in the settlement with the conductors and trainmen.

Incidentally, the Switchmen's Union of North America represents only about 7% of all railroad switchmen, the other 93% being represented by the Brotherhood of Railroad Trainmen and covered by the settlement with that union.

Strike Threat

The leaders of these three unions spread a strike ballot while negotiations were still in progress. This is not a secret vote but is taken by union leaders and votes are signed by the employes in the presence of union representatives.

When direct negotiations failed, the leaders of these three unions refused to join the railroads in asking the National Mediation Board to attempt to settle the dispute, but the Board took jurisdiction at the request of the carriers and has been earnestly attempting since November 24, 1947, to bring about a settlement. The Board on January 15, 1948, announced its inability to reach a mediation settlement. The leaders of the unions rejected the request of the Mediation Board to arbitrate. The railroads accepted.

What Now

The Unions having refused to arbitrate, the Railway Labor Act provides for the appointment of a fact-finding board by the President.

The railroads feel it is due shippers, passengers, employes, stockholders, and the general public to know that throughout these negotiations and in mediation, they have not only exerted every effort to reach a fair and reasonable settlement, but they have also met every requirement of the Railway Labor Act respecting the negotiation, mediation, and arbitration of labor disputes.

It seems unthinkable that these three unions, representing less than 10 per cent of railroad employes, and these among the highest paid, can successfully maintain the threat of a paralyzing strike against the interest of the entire country—and against 90 per cent of their fellow employes.

The threat of a strike cannot justify granting more favorable conditions to 125,000 employes than have already been put in effect for 1,175,000, nor will it alter the opposition of the railroads to unwarranted wage increases or to changes in working rules which are not justified.

A glance at the box shows what employes represented by the Engineers and Firemen make. They are among the highest paid in the ranks of labor in the United States, if not the highest.

Compare these wages with what you make!

Here is a comparison of average annual earnings of engineers and firemen for 1939 (pre-war) and 1947. Also shown is what 1947 earnings would have been if the 15½ cents per hour increase, offered by the railroads and rejected by the union leaders, had been in effect throughout the entire year 1947.

Type of Service	1939 Average Annual Earnings	1947 Average Annual Earnings	1947 Average Annual Earnings with 15½ Cents per Hour Added

TIME TO GET TOGETHER

A study of hospital needs in Minnesota has been under way for some time and a report covering this study, with recommendations for a long time program of development, has been issued. The recommendations probably will not be entirely satisfactory to many of the interested communities. That is to be expected and no doubt as time goes on there probably will have to many adjustments in the original plan.

One good result of a planned development of this kind should be the elimination of wasteful duplication of facilities. Our community, for instance, should be convinced by this report that if we are to have a place in an orderly hospital development program, subsidized by public funds, we must deny ourselves the pleasure of fightin' and feudin' in this particular field of activity. If we hope to share in the distribution of public funds for hospital building, then we must first agree among ourselves upon a community hospital plan.

It should not be difficult to work out a satisfactory hospital program here in Thief River Falls. With very few exceptions we are agreed that we would be better served with one good hospital that could have united community support. Problems of management should not be more difficult here than in other places. Let's get together and start making progress.

Andy Williamson succeeded Bill Freiland as a school board member this week. When one good man is replaced by another good man there is no need for either weeping or cheering. Bill has been, and Andy will be, a good school board member. Both Bill and Andy are business men, interested in the city and willing to give of their time for public service. For one of them however, this particular service is an extra sacrifice. Bill can't afford to remain on a public board of this kind because he then loses the right to compete when the school district buys transportation. To Andy it doesn't make any difference because the school district doesn't buy shoes. A round of cheers to both of them.

When the city's biggest power unit broke down last week it required all of the remaining power facilities to carry the peak load, including the two engines that were retired from service many years ago. Now, until the necessary repairs are made to the big unit, the old engines are putting in a couple of hours each day, justifying the little attention they have received from time to time keeping them in condition. And we know now that the purchase of another engine was a wise investment and we will all feel more secure when it is ready for operation some time next fall.

Our guess is that Harold Stassen is doing alright for himself in the skirmishes he is having from day to day as he journeys along toward the Republican national convention. No doubt he is offending a few people, and some of these few have a lot of power, but he also is making many friends. It cannot be said that he is a compromiser. In choosing the toughest of his competitors and offering to slug it out with them in their own back yards he is picking up some of that kind of following that always strings along with a challenger. He still is far from being a favorite to win but some of the favorites are wishing right now that he was still out in the Pacific.

Hockey fans will have an opportunity to see a prevue of future local stars when the best of the Thief River Falls midgets meet the best of the Winnipeg midgets at the Arena Friday night. If enough nickles and dimes are laid on the barrel head the youngsters will be able to play a return game in Winnipeg. Maybe you should organize a party for Friday night's game.

Starting Friday, Feb. 1 the Times is going to cost more but the increased rate will not apply for many months to those who pay for another year by Saturday.

Topics of the Times

By M. A. B.

Folks who are thinking of switching back to a wood-burning stove might bear in mind that fuel wood is quoted as high as $20 a cord.

We are advised that we are too technical when we insist on spelling it "charivari" instead of "shivaree".

Let's all join in hoping that Mr. Groundhog won't see his shadow, come next Monday.

Simile—As busy as a tow-truck in 30-below-zero weather.

Better watch your step, motorists, if you don't enjoy looking at a hospital ceiling.

If bowlers are on the losing end of the score, it presumably should be spelled "bawlers".

One thing no one shouldn't overlook is the March of Dimes campaign which comes to an end Friday.

Staggering statement — The New Jersey Taxpayers association tells us that our per capita food bill is $325 per year, and that the per capita cost of supporting the federal government is $341.

Our Grand Forks scout noted this headline in a North Dakota paper: "Bride Honored at Bathroom Shower".

Speaking of oddities, identical twin brothers were married to identical twin sisters in Maryland during the past week.

Boreas has been king during the past few frigid weeks, but no one has been worshiping him.

Many Trees Needed

Seventy-five million acres of denuded and poorly stocked forest lands in the United States must be planted to trees to grow the necessary timber for present day children.

Looking Backward

1927—TWENTY YEARS AGO

Kern Olson was named chairman of the local Legion Post's second annual automobile and style show.—Work of extending the alternating current electric lines in the city is progressing steadily.—John Bratrud resigned his duties as receiver for seven closed state banks in this area.—Members of the Legion auxiliary have organized a drill team under the direction of Roy Erickson.—Mrs. J. M. Bishop left for Washington, D. C. on business in connection with her duties as president of the state auxiliary.

1937—TEN YEARS AGO

John Cronkhite will retire February 1 from railway mail service after 33 years of service on the Soo Line.—The local Rotary club voted to sponsor a new Boy Scout troop.—E. O. Peterson was elected treasurer of the county fair board, succeeding Leon J. Kaliher.—The Elks lodge will initiate a class of 32 candidates in ceremonies tonight.

Subzero Temperatures Abate Here Wednesday

After another week of subzero temperatures, the mercury rose Wednesday afternoon to a high of 18 above zero, while early this morning a low of —3 was recorded. Radio Station KTRF reported a low for the past week of —36 last Friday morning and —34 on Tuesday morning. No snowfall of any consequence occurred during the week.

ADDITIONAL LOCALS

Clifford Bjorkman returned last Thursday from a business trip to the twin cities.

Delores Bouglan will leave Friday to spend a week in Minneapolis.

Three Chimney Blazes in Three Hours Tuesday

Three chimney fires brought out the fire department in a space of three hours Tuesday evening, no damage resulting from any of the blazes. Alarms were turned in from the Annie Olson home north of the fairgrounds at 5:30; from 216 West Fourth st. at 6:30; and from 217 State av. N. at 8:30.

Winnipeg Dodgers Take Thieves 10-8; Emerson Here Next

The Winnipeg Dodgers, with Joe Novak, Joe Popiel, and Eddie McMillan, all former local senior hockey players, in their lineup, defeated the Thieves, 10 to 8, in an entertaining exhibition game here Sunday afternoon. Arrangements have been completed to bring the Winnipeg club down here again on February 15th, and at that time the Dodgers are expected to have Paul Kornek, also a former Thieves player, in their lineup.

The locals will meet the Emerson Canadians, the defending States-Dominion league champions, in an important game here on Sunday afternoon. And on Wednesday, February 4th, the Thieves will travel to Hallock for a game with the Seniors.

Sunday's game was late in getting started, due to the fact that one carload of the Winnipeg players became stalled in a snowdrift north of Emerson and were not able to arrive here before five o'clock. In order to get the game started, Johnny Robarge donned the pads and played goalie for the Dodgers during the first period, with the remaining positions being filled by the Winnipeg players that had arrived on time.

The Thieves were guilty of lax play in the first period, with the result that Billy Yanchuk, a swift-skating and weaving center-ice player, scored four goals, giving the Winnipeg club a 4 to 1 first period lead. Paulsen, with Stanbridge and Zippel on the assists, scored the lone Thieves marker.

The locals played the visitors, who were at full strength with the arrival of Popiel, Novak, Mike Evanchuk, Jack Labovitch, Hugh Crossin, and Roy Paton, at even terms in the second period, and outscored the Dodgers, 3 to 2. After Yanchuk had scored his fifth goal, on a close in shot, Paulsen, getting a break, skated in for set-up goal.

The Winnipeg team utilized a five-man offense, pulling their defensemen up the ice, and Paulsen, picking up the puck in center-ice, outskated the Dodgers to score. Mouse Efteland, on a neat passing play with Tony Dorn and Les Vigness, racked up the locals third goal, and Vigness, on a shot from the red-line brought the score to 6 to 4 at the end of the second period.

Three goals by the Dodgers boosted the visitors lead to 9 to 4 early in the third period. Babe Paulsen, midway in the period, racked up his third and fourth goals, feinting goalie Evanchuk out of the nets to shove the disc across the goal-line. Bill Zippel assisted Babe on the second goal.

The summary:

Thief River Falls (8)		Winnipeg Dodgers (10)

Bjorkmans Toggery Six To Meet Oriole Bantams From Winnipeg Friday

Local midget hockey will move into "Big Time" on Friday night when the Bjorkman's Toggery team of the local midget league, with the addition of several midget players from other teams, will play the West End Oriole "bantams" of Winnipeg at the Arena rink. The West End Orioles have lost but one game in "bantam" league competition this year, and they are reputed to be one of the better midget hockey teams in Winnipeg.

An admission fee of 35 cents for adults and 15 cents for students will be charged for the game. Proceeds will be used to defray the expenses that have been incurred in arranging the midget hockey game. It is hoped that a large crowd will be in attendance.

E. G. FORKS WINS OVER PROWLERS IN FINAL 5 SECONDS

Visiting Basketball Team Registers 39-37 Victory Here Friday

Roger Wilcox' one-handed field goal with less than five seconds of play remaining, gave the East Grand Forks Green Wave a 39 to 37 win over the Prowlers in a spectacular North Valley conference and district basketball game here Friday night. Palmer Ronholm's one-handed left into the west basket had tied the score at 37-all with twenty seconds to play, and the game appeared to be slated for overtime but Wilcox, getting a pass while near the end-line to the right of east basket, and about ten feet from the hoop, flipped the game-winning shot into the goal.

Al Williamson, getting the out-of-bounds pass with a couple of seconds to play, heaved a two-handed shot more than half the length of the floor in an attempt to even the tally, but the ball hit the back of the basket and bounced off just as the buzzer sounded ending the hectic contest.

The Prowlers will continue their North Valley conference play this week, moving to Grafton for a game with the Spoilers on Saturday night.

Field goals by Wilcox, Earl Gangeness, and Dale Wavra gave the East Siders a 6 to 2 lead in the opening minutes of Friday's game; but then Harley Wagner scored on a close-in shot, Keith Jorde tossed in a one-handed flip, and Williamson rapped in a pair of field goals, giving the Prowlers a 10 to 6 advantage. And Wagner's shot from the lane, on a pass from Ronholm gave the locals a 12 to 6 first period lead.

The Prowlers appeared to "sag" in their play in the second period with the result that field goals by Gangeness and Keller, and free throws by Keller and Wavra had pared the Prowler lead to two points, 15 to 13, midway in the period. Wagner tallied on a jump shot for the locals, but field goals by Keller and Johnston tied the score at 17-all, and Keller's one-handed try from the left side of the court gave the Green Wave the lead, and the visitors left the floor at the intermission with a 22 to 19 lead.

In a low-scoring third period, East Grand Forks tacked three points to their margin, outscoring the Prowlers, 8 to 5, to hold a 30 to 24 lead as the teams entered the final period.

Keller marked up a point on a free throw, but Wagner, getting a rebound scored a field goal for the Prowlers, and Marlow Davidson hit with a left-handed shot, and when Ronholm scored on a close shot, the score was 31 to 30 for East Grand Forks, and four minutes to play. Wavra hoisted a one-handed shot into the net, and then lifted a free throw into the basket, giving the Green Wave a 34 to 30 lead with three minutes to go. Ronholm drove in for a lay-up shot. Keller tallied a Green Wave point on a free throw, but Wagner's free throw added a Prowler point. Paul Larson, taking Wavra's place when the latter left the game via the five personal foul route, scored on a "sleeper" play. Ronholm's third goal of the period brought the score to 37 to 35, and his fourth goal tied the game at 37 to 37.

Williamson, Wagner, Davidson, and Ronholm played outstanding games for the locals, and but from some erratic basket shooting, with their tries rimming the hoop and falling out, the Prowlers would have been returned the winners. Wilcox, with his game-winning basket, earned starring honors for the winners, but Gangeness and Keller, with 12 and 11 points, respectively, were the high scorers for coach Sullivan's team. Harley Wagner's 13-point total was high for the game.

In the preliminary game, the Prowler 'B' team showing the effects of the loss of Wally Grovum, who was promoted to the varsity squad, dropped a 22 to 17 decision to the East Grand Forks 'B' team.

Checker Tournament at Hibbing February 21st

The Hibbing Chess and Checker Club will sponsor the Second Northern Minnesota checker tournament to be held at the Memorial Building in Hibbing, starting at 9:30 a.m. on Saturday, February 21st. The players will be divided into groups and each group will play a single knockout elimination tournament to determine the winner, who will be recognized as the Northern Minnesota Champion for this year. The defending champion is Fred Fleischer of Brainerd, who won the tournament last year. There will be many prizes awarded not only to the highest scorer but also to those high in the groups. The registration fee will be $1.75 and entries should be sent to Robert Jackson, 131 Kerr Location, Hibbing, Minnesota.

WARROAD 6 WHIPS PROWLERS 10 TO 4; ROSEAU NEXT FOE

Inexperienced Baudette Sextet Is Defeated by Locals 3 to 0 Monday

It was a win and a loss for coach Babe Paulsen's hockey Prowlers in the two games played here this week, losing to the region's top-ranking Warroad Warriors, 10 to 4, on Saturday night, and the undefeated and inexperienced Baudette high school sextet, 3 to 0, on Monday night.

The 'big' game on the locals home schedule will be played here on Saturday night, January 31st, when Oscar Almquist's regional champion Roseau team meets the Prowlers on the Arena ice. The two teams played to a 4 to 4 tie in a game played at Roseau on January 14th and therefore Saturday night's game will be somewhat of a playoff of that "draw" game. On Tuesday night, February 3rd, the Williams high school team will return for their second game on the local ice.

The Warroad Warriors' Max Oshie, scoring four goals and assisting on five other goals, led coach Bernie Broderick's team to a 10 to 4 win over the Prowlers here Saturday night. The first period found the locals, with Swede Lund slamming in a shot from close in, playing the Warroad six on even terms, and it was only on Buster Oshie's second goal of the period that gave the visitors their 2 to 1 lead. Freshman Buster Oshie, Max's brother, scored the first tally early in the period when a double-pass play clicked for a set-up shot at the Prowler net.

Three goals by Max Oshie and a pair of goals by Sammy Gibbons in the second period "iced" the game for the Warroad team. Al Steenerson was credited with a goal for the locals when Max Oshie, in attempting to clear the puck, shoved the rubber into the goal. Two of Warroad goals were scored while the Prowlers were short-handed, Max Oshie and Gibbons breaking away to come in for close-in shots.

Monday night's game against the Baudette club was a "breather" for the Prowlers, with coach Paulsen using a number of reserves in the locals' lineup. Bryan Walker slammed in the first Prowler tally, and Jackie Erickson, on a pair of solo rushes to give the blue-and-gold a 3 to 0 first period lead. Scores by Ambrose Reese and Jack Erickson in the second period closed out the game's scoring.

Regional Hockey Prospects.

With defending champion Roseau playing here Saturday night all of the region's title-contending high school hockey teams will have performed before the locals fans. And the consensus is that Roseau, because they are the defending champions, and Warroad, because of their won-and-lost record, are entitled to be rated as the tournament favorites. Williams and Thief River Falls are capable of providing tournament upsets, but on their records they can't be rated better than third or fourth.

Up at Roseau, coach Oscar Almquist, losing such players as Rube Bjorkman, Lowell Ulvin, Vern Peterson, Tom Buran, and goalie Moris Schille from the starting lineup of last season's regional champions and state tournament runners-up, has been forced to rebuild his team. And the fact that Warroad was hard-pressed to squeeze out a 5 to 4 win the other day proves that Almquist will have one of the teams to beat when tournament time rolls around on Feb. 11th, 13th, and 14th.

Ray Baumgartner, a starter last year, and Jim Ovcson, a second line player on the team last season, are the two boys that are bulwarking the Roseau offense, but Almquist has a number of boys available that have played junior hockey and, with last season's reserves, they provide the champions with considerable first-rate material.

Coach Bernie Broderick's Warroad Warriors have been getting plenty of publicity, and it's been well-earned, too, on its fine playing record to date, having been undefeated in regional competition. There is however, some doubt as to the ability of the Warroad team to come through tournament play, for the Warriors, while they possess the region's finest scorers in Max Oshie and Sam Gibbons, are lacking in spares. Oshie is forced to put in full time on ice, being used as a defenseman when he isn't playing center-ice. It would be interesting, though, to have Warroad win the regional so that the smiling 175-pound Max could perform on the large rink in the St. Paul Auditorium. He'd give the experts a treat.

Midgets take a Big Chew.

Elmer Poole, manager of the Bjorkman's Toggery midget hockey team, has arranged a game that may be difficult for the youngsters to digest. On Friday night the local midgets will play the West End Oriole bantam hockey team of Winnipeg on the Arena ice. This will mark the first time that a team of Canadian midget hockey players have played here, and it is expected and hoped that a large number of fans will trek to the Arena to witness the fracas. Coach Lloyd Johnson of the Bjorkman's stated he expected to have Marvin Jorde, Joe and Munroe Poole on the forward line, Darryl Lund and Wayne Kataska on defense, and Roger Elofson in the nets as the starting lineup.

Don't forget, the West End Oriole bantam hockey team of Winnipeg will play here Friday night.

Winnipeg Dodgers to Return.

The Thieves smarting from their 10 to 8 defeat at the hands of the Winnipeg Dodgers here Sunday afternoon, were so anxious to get another chance at Joe Popiel's team that manager Russ Embury has completed arrangements to bring the Canadian team down here on February 15th.

Local fans, who were impressed by the speed and agility of Bill Yanchuk, the Dodgers' high-scoring center, will have another treat in store on the 15th for then the Winnipeg team expects to have Paul Kornek in the lineup. Kornek had been expected on Sunday, but Popiel stated that he, Kornek, had gone to Port Arthur for a Canadian senior hockey game. And referee Pete Ullman added that Kornek will show the fans here better speed than Yanchuk exhibited. That we will have to see.

Ship by Rail.

It took the boys quite a while to get under way, but now the Soo Line team in the Service league is entrenched in first place and it appears that they'll be difficult to side-track. Art Burke, Art Smith, Jimmy Welton, Billy Walters, and Ed Hamerski have been doing some consistent bowling and are bona fide first place bowlers. Jim Dryden of the Danielson Electric remarked that if there were to be any comments on first place standing of the Soo Line, now was the time for those comments for it wouldn't be long before the Danielson's would be the league toppers.

City Basketball League to Organize.

A city basketball league is in the process of being formed, and an organization meeting has been called for the Civic & Commerce room in the Auditorium on Friday night at 7:30 P. M. All prospective team members and other persons interested in a city basketball league are asket to attend.

HOFFMAN WARNS OF SPEEDING THRU CITIES, VILLAGES

Strict Observance of 30-mile Maximum Is Held Necessary for Safety

Failure of drivers on trunk highway to slow down when going through cities and villages is creating a serious traffic hazard, M. J. Hoffman, commissioner of highways, said in a statement urging cooperation in curbing the menace.

"Many of those who fail to observe the lower speed limits within municipalities are people who travel the same highway frequently," said Mr. Hoffman. "Because they are familiar with the towns they subconsciously think it is safe to go through at high speed. This habit may easily lead to tragedy.

"The state law makes 30 miles an hour the absolute maximum speed within municipal limits, except where otherwise zoned and posted. The law further prohibits driving at speed greater than reasonable, having regard to existing hazards. Speed considerably less than 30 may be necessary for safety when streets are icy, when visibility is poor, when traffic is congested or when pedestrians or school children are crossing the highway.

"Thirty-mile speed limit signs are posted at all trunk highway entrances to build up business or residence areas. Advance 40-mile speed signs give ample warning to reduce speed before reaching the 30-mile zones.

"State highway patrolmen will do their utmost to enforce traffic laws on trunk routes within municipalities, but they cannot be everywhere all the time. Cooperation of local traffic enforcement agencies is needed to curb the hazard of excess speed within municipal areas."

Mr. Hoffmann reminded motorists that three convictions for illegal speed within a 12-month period makes revocation of drivers license mandatory. Licenses may be suspended after one conviction if recommended by the trial court, and are always suspended for a period of at least 30 days for two convictions for illegal speed within a 12-month period.

Safe Cars Needed for Drivers License Tests

Every applicant for a a drivers license examination under the new law now in effect must furnish an automobile for the road test. Before this test is given, the car will be checked for compliance with the safe equipment sections of the state traffic law. Each car will be required to have:

Two headlamps, with high and low beam. At least one red tail light. Front and rear bumpers. A horn, but no siren, bell or whistle. Windshield wiper and a clean windshield. Muffler, free from leaks. Read view mirror. License plates, with light for rear plate. Satisfactory brakes, hand and foot.

All of the equipment must be in good working order, and the vehicle must be in general safe condition, including tires.

For a main dish for a meatless lunch, serve protein-rich cottage cheese with fruit salad.

WRONG ADDRESSES DELAY GI CHECKS

Should Keep VA Office Informed of Changes

Over $51,000 in subsistence, pension and compensation checks were returned to the Veterans Administration Center during the last 5 months of 1947 because of veterans' failure to keep VA informed of address changes, Mr. Leo L. Haley, Officer in charge of Veterans Administration office at Grand Forks, said today.

At the end of the year, 152 payment checks were still on hand at the Center finance office despite daily efforts of the office to locate veterans who were living at new addresses.

Mr. Haley said that during the 5-month period the finance office remailed a monthly average of 209 checks, totaling over $55,000 for the 5 months, to veterans at the latest address on VA records. He said not all checks have been delivered to ex-servicemen, a few payments having followed veterans from one change of address to another for months.

Mr. Haley said new postal regulations permit delivery of government checks to both post office and route mail boxes. In addition, the veteran may now authorize another person to receive checks in his name by notifying his post office in writing. Mr. Haley added that despite relaxed postal regulations, veterans should notify the VA of each new change of address to insure prompt delivery.

We are all glad to have him back home. Dean is the son of Mr. and Mrs. Emil Ornquist.

Mrs. Roy Nelson and children of Thief River Falls visited at the A. E. Blom home on Saturday afternoon.

WASHINGTON REPORT

By Senator Joseph H. Ball

The State Department breakdown of Marshall Plan figures by countries is is somewhat startling at first glance. There are tables showing the net dollar deficits of each country in its foreign trade for each year of the plan. The net deficits are obtained by subtracting each country's total exports to the United States and other western hemisphere countries from its total estimated imports from each area.

The tables show the United Kingdom with by far the largest deficit, totaling $2,489,500,000 for the first fifteen months of the plan, of which $1,132,200,000, is attributable to Britain's excess of imports from, over exports to the United States, and the rest to other American countries. France's net deficit is $1,400,000,000, of which $1,159,200,000 is on trade with the United States. The American-British Zone of Western Germany has an estimated deficit of $914,500,000 of which $718,600,000 is on excess imports from the United States. Italy's unfavorable balance is $976,900,000 of which $733,200,000 is attributable to trade with the United States. All figures are for the first fifteen months of the plan.

The total deficit for these four areas is $5,780,900,000. Their estimated excess of imports from over exports to the United States alone is estimated at $3,743,200,000. Presumably all of the latter, plus some of the deficit with other American countries, would be financed out of the Marshall Plan, which would make the total for these four areas alone well over four billion dollars. That certainly would not leave too much, even out of the Department's requested 6.8 billions, for the thirteen other countries. And it is almost inevitable that Congress will cut the total appropriated.

The huge British total of nearly 2.5 billions is the most startling figure. It certainly appears from these figures that the British lion will get the lion's share of Marshall Plan assistance. That is going to take a lot of justifying so far as I am concerned, and I suspect many members of Congress will feel the same way.

After all, Britain received a 4.4 billion dollar loan only a year and a half ago, and her government brags in the Paris report that her production in nearly all lines is already considerably above prewar. Naturally, one wonders why Britain requires such huge further sums. I wonder myself whether a large part of the British deficit doesn't arise from the fact that the socialist government there is subsidizing the prices of food and necessities to the extent of 1.6 billions a year, keeping prices low for her people with gifts from our government, while at the same time criticizing high prices in America. That kind of political chicanery makes me mad.

Start of Chiropractic

The principles upon which the science of chiropractic is based can be traced to the earliest physicians of antiquity. They were known and practiced by Hippocrates, the father of medicine (460-370 B. C.), by Galen (130-200 A. D.) and other noted physicians of ancient Greece and Rome. Descriptions of this method of treatment of bodily ills are to be found in the ancient manuscripts of the Egyptians, Hindus and Chinese.

From where I sit ... *by* Joe Marsh

Are You "Hobby Happy?"

Funny thing about hobbies... When Ed Carey started making a model of the "Flying Cloud," it was only to rest his eyes from reading. But now he spends every spare moment ship modelling!

Some wives might have resented a husband suddenly shutting himself in the attic every night. But not Ed's Prudence. When she found him working late, she brought him up some beer and crackers... showed a real interest in his hobby ... until finally Ed had her helping with the rigging.

Wasn't long before they were working side by side on Ed's bench, sharing a common interest. Instead of keeping them apart, Ed's hobby brought them more together.

From where I sit, a husband's hobby can often be a wife's as well. In fact, I've got the missus interested in tying trout flies—and, along with that mellow glass of beer, it makes the evenings go by mighty pleasantly.

House Ferns

Because of the beauty of its leaves, the endless variety of forms and the wide range of greens, gardeners everywhere regard the fern very highly as an indoor plant. Add to this the fact that the fern is comparatively easy to grow, gives perfect foliage in a short time and is long-lived and remarkably free from pests, and you have the reason for its being a favorite among house and garden plants. The most reliable of house ferns are the more tender varieties from southern latitudes. The reason for this is that many of these ferns are able to thrive if the atmosphere is kept moist and the temperature above 50 degrees and below 80 degrees.

Rat Control

Removal of waste foods, covering of garbage, rat-proofing buildings, and getting rid of possible breeding and hiding places are steps to take in preventing rat infestations. Two rat poisons, Red Squill, a plant extract, and ANTU (Alpha-naphthyl-thio-urea), a comparatively new compound, are recommended for control of rats. However, enough bait must be set out to assure a 100 per cent kill or the poisoning program will be ineffective. ANTU has little effect against house mice and if rats do not consume enough of the poison to be killed, they will avoid it for 30 days or more. If necessary to rebait an area, use unpoisoned food to lure the rats and then apply poison. If after 30 days control is ineffective, a change of bait and poison is recommended. Poisons must be kept away from children and livestock.

Hogs are the most important source of farm income in Minnesota. During 1947, sales from hogs totaled $300,000,000, according to W. C. Waite, agricultural economist at University Farm.

GRYGLA

Grygla School Slate

See the new heading? The name which shall head the school notes each week was chosen by the upper grades Monday, Jan. 26. This week the seventh grade students are reporters.

Parents Welcome

Mrs. Alma Klaven, mother of Clayton, Audrey, and Marie, visited the upper grades Thursday afternoon. Visitors are welcome for long or short periods. Plan to stop at the school. Two chairs are kept ready, and the proctor for the week is ready to invite you in when you knock. Audrey Klaven, 7).

Red Cross Seal Report

The Minnesota Public Health Association sent a card acknowledging receipt of $11.96 from the Grygla School sale of Red Cross Seals.

On the bulletin board are two large X-ray pictures of a healthy and tubercular lungs. X-ray pictures are being taken by X-ray mobile units, the expenses of which are paid for the sale of Red Cross Seals. A mobile units is expected in Marshall County this summer.

Hollywood Juniors

The lower grades of Grygla School might will be called "Hollywood Juniors". Each grade is making a movie in the Mickey Mouse style. The first grade are making "Little Black Sambo"; the second graders, "Cinderella", the third grades, "Jack and the Beanstalk", and the fourth graders, "Silly Jack". The picture is drawn on a long roll of paper with crayons. The motion may be a little slow, but there are twenty-three pictures in each reel. Bernice Sletten, 7).

Proctor Elected Each Week

The upper grades each week elect a new proctor to serve one week or during good behavior. Because the room is democratic it can elect a new proctor when one does not serve right. The old proctor presides when the new proctor is elected.

The proctor's duties are to lead all lines answer the telephone answer a knock at the door receive visitors, and lead in the giving of the pledge of allegiance each morning.

Sheldon Peterson was elected to serve the week of January 26.

The Old and the New

On the right wall of the upper grade room are 33 pictures of famous or infamous men of the world.

On the back wall will be placed pictures of the shields of famous knights in the days of Chivalry. In old days these shields were hung in the hall of the castle. The castle built by the sixth grade is too small to do that, so the shields are hung on the back wall near the castle. (Luther Halmrast 7).

Birthday Parties

Mrs. Clarence Peterson entertained a few youngsters after school last Tuesday in honor of her daughter's birthday. A tempting chocolate cake with pink and green trimmings topped with thirteen candles featured the yummy lunch served by Mrs. Peterson. Patty received several lovely gifts from the guests who were Naida DuChamp, Helen Hanson, Bernice Sletten, Luther Halmrast, and Mayo Ellingson.

Nine ladies armed with a delicious pot luck lunch went to call at the parsonage last Wednesday afternoon and to share a belated birthday party with Mrs. Halmrast whose birthday was on the preceding Sunday. The ladies devoted the afternoon to visiting. A white birthday cake with pink, green and blue decorations featured the lunch. Mrs. Halmrast was presented with a purse of money from her guests, who included Mmes. Anna Bjorkley, Marie Rude, Elmer Hylland, Clarence Peterson, A. M. Loyd, Melvin Sorenson, M. K. Ellingson, and C. M. Knutson.

Mrs. Sam Salveson was pleasantly surprised on Thursday evening when a few relatives dropped in to observe her birthday. Harland Lee, who is employed at Thief River Falls, spent the week-end with his family. He was accompanied by his daughter Jean, a student at Lincoln High school.

Rev. and Mrs. C. L. Halmrast and Luther went to Grand Forks on Tuesday where Luther had another doctor's checkup. They also visited with Elna Grace.

Mr. and Mrs. Elmer Hylland visited at the Elmer Strom home on Monday.

Rev. G. L. Halmrast returned home on Sunday evening, having visited with relatives at DeLamere, N. D. since the previous Tuesday. Rev. Halmrast had also planned to attend a Lutheran convention in Minneapolis but gave it up because of the severe weather.

This portion of the earth, meaning Grygla, is literally locked in ice these days. The temperature has been so low that the mercury no longer is fluid. They speak of Bemidji as the nations ice box but friends that's only the people who haven't yet been here. At any rate all we poor mortals of this region can do is to huddle around the heating unit and dream wistfully of such places as Florida and hopefully look forward to spring when nature will unlock this glacier and permit the suns rays to permeate.

Phyllis and Lois Belle visited over the week-end at the Leo Svenpladsen home.

Mr. and Mrs. Elmer Blaine and Mr. F. A. Brown returned last Wednesday from Kengilly where they had spent several days visiting relatives and where they attended the wedding of a niece.

Mr. and Mrs. Albert Nelson and daughter Donna of Gatzke visited last Friday with Mrs. Alma Klaven and family. Mrs. Nelson is a sister of Mrs. Klaven.

John Marotteck is a patient at a Thief River Falls hospital where he had an operation.

Mr. and Mrs. Arnold Gonnering and son and Mrs. Gedeon Olson motored to Fargo last Wednesday where they visited until Saturday with Mrs. Stenmoen's aged parents, the Henry Stenmoens, former residents of this area.

Mr. and Mrs. Severt Salveson and Phillip and Lorna, Mr. and Mrs. Sam Salveson, Mr. and Mrs. James Salveson, Mr. and Mrs. Clarence Peterson And Patty and Sheldon, and Mrs. A. M. Loyd and Charlotte were entertained at the Jack Holthusen home near Thorholt on Sunday where they enjoyed a sumptuous turkey dinner.

Cacti, Native to Western World, Abound in Species

Cacti are native to the Western hemisphere, with the possible exception of Rhipsales, and there are 1,500 recognized specimens and subdivisions. They are dicotyledonous, perennial and succulent in all cases, succulent making them capable of storing within themselves sufficient moisture to enable them to withstand arid conditions.

In most cases leaves are absent but when they are present, they are small and soon fall. Roots vary greatly, being fibrous in most instances, although they may be tuberous, aerial or taprooted. Blossoms are usually large and showy and the fruits are berries that in many cases are edible.

The distinguishing mark of the cactus is in the areoles, specialized organs from which spring branches, flowers, spines, glochids (barbed hairs) and, when present, leaves. The position and number of these areoles are determining factors in differentiating species, as are also the number, form and position of the spines.

GULLY

Mrs. Ole Smith of Brockton, Montana visited from Wednesday until Friday with Mrs. Carl Gunvaldson.

Rev. Marvin Arneson spent from Tuesday until Friday in Minneapolis attending conferences of the Evangelical Lutheran Church of America at the Central Lutheran Church.

Berdeen Halt of Fosston installed built in cupboards at the Oscar Johnson home last week.

Mrs. Edwin Christianson, president of Lund Ladies Aid, met with the committee for the serving schedule for 1948 last Friday at the Edwin Bergh home. Members of the group included Mrs. Edwin Bergh, chairman; Mrs. Sanford Berg, Mrs. Harlan Nyland and Mrs. Kenneth Forsberg. Lunch was served by Mrs. Bergh at the close of the afternoon.

A group of about 30 friends gathered at the Claude Knutson home on Wednesday afternoon for a pink and blue shower honoring Mrs. Virgil Knutson and baby daughter Julie Ann. A social time was enjoyed. The guests brought gifts for Julie. These were placed on a table decorated in pink and white. At the close of the afternoon Carol Ann Brovold brought Mrs. Knutson a decorated basket containing congratulatory cards as well as gifts of money. As each gift was opened Mrs. Knutson responded with a personal "thank you".

A tray lunch including cake, ice cream, sandwiches and coffee was served.

Mrs. Bertil Haugen and Mrs. Arnold Brovold served as hostesses.

Mr. and Mrs. Orris Halvorson and David drove to Viking on Sunday to visit with Mr. Halvorson's mother, Mrs. John Halvorson, who has been ill lately.

Wanda Ponsberg spent considerable time last week canvassing the village in connection with the "March of Dimes" campaign.

Sunday visitors at the Oscar Johnson home were Mr. and Mrs. Albert Johnson and Dickey and Mrs. A. M. Rue of Fosston and Mrs. Jerry Super and baby of Minneapolis.

Audrey Brovald spent the week end with her mother, Mrs. Thora Brovald.

Mr. and Mrs. Gust Eklund drove to Twin Valley on Sunday to be present at a birthday party honoring Mr. Eklunds mother, Mrs Dave Eklund.

Mr. and Mrs. Morris Ellertson and sons, David and Donald arrived on Saturday morning for a visit at the Ed Ellertson home. Norris returned on Monday morning to resume his studies at the University of Minnesota. Mrs. Ellertson and boys will stay for a longer visit. The Ellertson family were asked to vacate their home at University of Minnesota student housing project after the explosion and fire last Friday morning until repairs could be made on the gas mains. The Ellertsons lived in the third house from the one destroyed. It is believed that gas from a broken main had seeped through the ground and into the house and a pilot light ignited it. Two children were burned to death. We are thankful that the Ellertson family was spared.

Visitors at the Edwin Bergh home on Sunday were Mrs. Thora Brovald and Audrey, Mr. and Mrs. Mervin Rindahl and Pamila of Goodridge.

Mrs. I. H. Aos had the misfortune of falling on a slippery walk and hurting her right arm. At that time it was diagnosed as a bruised wrist, now after two weeks of suffering she again sought medical aid and it was found to be broken. During these two weeks Mrs. Aos has found it very difficult to get her housework done, but has expressed her thankfulness in having such friendly neighbors.

Tonger Vindlas Dies

Tonger Vindlas was born Sept. 6th, 1872 in Telemarken, Norway. He came to America in 1882 settling in Dane county near Stoughton, Wisconsin. Tonger, together with other members of his family, came to the Trail Community in 1896. He has been living with his brothers and sisters on a farm in Johnson Township until last Friday when he suffered a stroke and was taken to the Bagley hospital where he passed away Saturday, January 24 at the age of 75.

He is survived by one sister, Thilda and two brothers, Christian and Osmund, all of rural Trail. His parents and 5 brothers and one sister preceded him in death.

Funeral services were held Wednesday afternoon at Bethany Lutheran church. Rev. M. E. Arneson officiating with interment at Bethany cemetery.

GOODRIDGE

The extreme cold weather has made news scarce but it did not hinder a large crowd assembling for Community Club Wednesday evening. In the absence of president Roy Wiseth, vice-president John Kulseth presided. A lively community sing started the program with Mrs. H. South leader. Two splendid safety films were presented by Sheriff Rambeck with Roger Easthouse operating our new projector. Mr. Rambeck also explained the new law concerning drivers licenses. A group of upper grade students presented a clever skit, "The Ultra Modern School" under the supervision of Miss Jarvi. Instrumental numbers were presented by Leo Ellingson and daughter, Dianne, Gerald and Irvin Iverson and Marion Olson; vocal numbers were two solos by Mrs. Orvis Olson, one being a clever parody in Norse dialect, and two selections were sung by a trio consisting of Charles Josephson, Ernest Swanson and Vernon Urdahl. Gevings electric phonograph and the Iverson brothers furnished music for an hour of dancing.

Committees for February are: program, Mrs. H. South, Mrs. C. Christianson and Mrs. Urdahl; lunch, Mrs. O. Sebo, Mrs. Syverson, Mrs. Ellingson, Mrs. C. Josephson, Mrs. R. Wiseth and Mrs. O. Easthouse.

Percy, Lester and Earl Halvorson visited at the Malcolm Stucy home in River Valley Friday evening.

School Notes

"Our Health Handbooks" for 1948, distributed by the Minnesota Public Health association as a reward for Christmas seal sales, have been distributed to all grades and high school students here by Supt. George Netteland.

The first project of the Science club at the high school is to record temperatures daily. On the committee are Irene Rietten, Phyllis Nelle and Harold Becker. Marlys Geving was selected as the student council representative. Freda Habedank, vice president, presided in the absence of president Diana Ellingson.

The Goodridge basketeers put up a hard battle but succumbed to Alvarado 38 to 22 here last week. Coach Nonte Jarvi was highly satisfied with the play of reserves Byklum, Payne and Dahle. They may now be inserted without practically any loss in team strength. Owen Korsmo of Thief River Falls refereed the game in a satisfactory manner as did Robert Wiseth the "B" squad game.

An executive committee of nine for the student council has been elected under the supervision of Nonte Jarvi, high school principal. Class representatives are: Freshman, Marlys Geving, Roger Easthouse; sophomores, Mary Jane Hanson, Wallace Payne; juniors, Marion Olson, seniors, Eileen Johnson, Ronald Buchols.

Goldie Habedank will be the mascot representative and Carol Thompson will do the same for the Science club.

The executive council, composed of class presidents, will nominate candidates for the presidency and vice presidency of the council as the next step. Further nominations may be made from the floor. The two officials will be selected by the grand assembly.

The Science club at the high school has selected three more projects which they will work on simultaneously. They are: Study nutritional habits of members and encourage correct eating habits. Be responsible for starting and retaining safety measures in traffic. Encourage all forms of conservation in the area by means of demonstration talks.

The annual "March of Dimes" drive has been on at the school under the supervision of Supt. George Netteland. A 100 per cent contribution is expected. In the grades the room teachers are in charge, while in the high school Principal Nonte Jarvi is in charge. The drive closes Friday.

Two safety films, arranged through Sheriff Arthur Rambeck of Pennington county, were shown to the school students Friday.

Mrs. Ray Parnow entertained Monday afternoon in honors of her son Richards 8th birthday.

The little folks were seated around a small table which was centered by 2 lighted cakes.

Extreme cold and blocked roads kept many guests home but the following enjoyed the afternoon: Mrs. Ernie Swanson, Sharon, Lowell, and Anita; Mr. and Mrs. Harry Paulson and Lynette; Mrs. Henry Paulson and Mr. and Mrs. Clarence Grimley, Marlene, Clayton and Larry, Jr.

A Stanley Hostess party was held at the home of Mrs. Logelin Wednesday. Several contests with prizes were held. Mrs. Logelin served a lovely lunch at the close of the afternoon.

Next week's basketball games will be at Alvarado Tuesday.

Dennis Lunden was a school visitor Monday.

Following vigorous class discussions, supporters of compulsory peacetime military training cast 17 votes for the plan and 17 opposed with one undecided, in a poll conducted Friday in social studies classes by Nonte Jarvi at the high school. Previous to the discussion peacetime training was supported by a 30 to 5 vote.

The second poll ran as follows: sophomores, 14 yes, 4 no; juniors, 2 yes, 8 no; and senior, 5 no and 1 yes, 1 undecided. First poll results: sophomores, 18 yes, 2 no; junior, 8 yes, 2 no; and senior, 6 yes, 1 no. Freshman were not included in the poll as they take no social studies.

The Grizzlies, led by Wallace Payne now leads the intramural league with 3 wins to 1 defeat. Tied for second are the Panthers and Greyhounds with 2 victories and one loss. The Badgers have one win out of 4 games while the Wildcats occupy the cellar with 2 losses, no wins.

In games last week, Capt. Dahle of the Greyhounds scored all points to defeat the Badgers, who secured 3 due to the efforts of Capt. Tanem. Byklum led the Panthers to a 8 to 2 victory, Byklum scoring 3 goals. Supervisor of the program is Nonte Jarvi. Payne is official tabulator.

Trapping Problems at Mud Lake Refuge Cited

Following is the last of a series of four articles prepared by Robley W. Hunt, manager of the Mud Lake national wildlife refuge, dealing with trapping problems and practices in the refuge:

The first attempts at obtaining permittee trappers on many of the refuges was quite a problem. Many local trappers were not interested in trapping on a share-basis with the government. It was, therefore, necessary to accept applicants who might not have been first in preference. After the first permittee share-trappers operated those first years, it became evident to the general public that they were making a good substantial "wage" in spite of the fact that it was necessary to trap on shares with the government. It was also apparent that trapping was accomplished under ideal condition-heavy populations in relatively small areas, good prices for furs, and no molestation of traps or trap lines as is often experienced on the outside.

These facts resulted in a horde of applications for trapping within the refuge and, it was, of course, necessary to refuse the great majority of the new applicants unless they could qualify on the priority basis mentioned before.

At such times as new trapping units the opened on the Mud Lake refuge we follow the approved procedure as outlined previously.

The number of trappers permitted in a refuge area must be limited if any semblance of control as to trapper activities and animal quotas is to be maintained. The actual number of trappers is determined by the acreage of the area to be traped, the number of animals to be removed, and the value of furs being taken. It is necessary to gauge trapping activities so that the trapper earns his salt, but it is also the policy of the service to see that no one trapper shows a profit out of line with his efforts, and a normal day's wage, considering going wages in the community. We are not always successful in controlling revenue of the various permittee trappers, due mainly to fluctuation of fur prices, and unpredictable trapping conditions. Changes in quotas, areas, and the number of trappers permitted on the refuge are, therefore, necessary periodically, in order that trappers income can be kept at a fair and equitable level.

Permittee trapping on the refuge is undertaken on a "share" basis between the individual trapper and the Government. The furs are fleshed and stretched by the trapper, and dried in a specially constructed building located at the refuge headquarters.

Refuge personnel are responsible for proper handling of all furs after the trappers have completed fleshing and stretching work.

When the furs have dried properly they are removed from the stretchers by refuge personnel, and divided with the individual trapper on a pelt basis. The usual division of refuge pelt is: Mink, muskrat, weasel, and beaver—50-50; skunk, 50-50 (in the round, or entire carcass); coyote, trapper take all; and fox, and others, usually on ¼ to the Government and ¾ to trapper.

Trappers dispose of their share as they wish. The Government furs are shipped to public auction fur houses, and auctioned off to the highest bidder.

Money received from the sale of refuge furs, as well as from the sale of refuge hay, wood, clover seed, harvesting cattail fluff, and rental of grazing areas is deposited in the Treasury of the U. S.

25% of the total revenue from the refuge area in any one fiscal year is returned to Marshall County - these funds to be used by the County for maintenance of their school and road systems. The return of these monies to the County or counties in which a refuge is located is for the purpose of compensating the County for loss of tax revenue of former landowners and taxpayers who were moved out of the refuge area.

In order that the reader may have some idea as to the amount of revenue produced by the Mud Lake refuge a tabulation of the past five years' operation of the refuge shows that during the period the refuge had a total income of $33,780.40, while a total of $18,454.20 was returned to Marshall County.

From this tabulation it can be seen that the refuge is not only a productive area from the standpoint of building up wildlife populations, but is at the same time an area on which certain uses are available to the public, and an area which is returning a considerable sum of money each year to the taxpayers of the U. S., to the local citizens of Marshall County, and indirectly, the State of Minnesota.—Robley

POLITICAL ROUNDUP

By Arthur Naftalin

Speculation over Henry Wallace's independent candidacy for the Presidency continues to be the No. 1 item of interest in Minnesota political circles, and both Republican and Democratic-Farmer-Labor leaders are anxiously awaiting further developments that will provide a more clear indication as to the effect Wallace's candidacy will have upon the state's election in '48. Some of the seasoned old-timers who have witnessed other third party movements are predicting that Wallace talk will soon subside and that by summer-time the Presidential contest will be strictly a Republican-Democratic affair with Wallace relegated far into the background.

Minnesota DFL leaders, however, are currently deeply concerned over the Wallace move. While national observers give conflicting interpretations that Wallace's candidacy may harm the GOP as much, if not more, than the democrats, local DFL leaders are virtually unanimous in the opinion that it is certain to affect adversely the chances of President Truman's carrying Minnesota and that it plays directly into the hands of the Republican Party.

Wallace supporters appear determined to carry their fight into the DFL Party. Former Governor Elmer Benson, the No. 1 Wallace leader in the state, has reiterated the intention of attempting to get the state DFL convention to send a Wallace delegation to the national Democratic convention and to elect a group of electors that would vote for Wallace and not Truman, if the Democrats carried the state.

Thus, the crucial fight in Minnesota will center about the DFL convention, the date of which has not been set, but which will probably be held in late March or early April. The Wallace forces will be marshaled in one bold drive to capture the DFL machinery. If that happens, the supporters of President Truman will unquestionably bolt the convention and set up their own party, which; however, under our election laws, they cannot call Democratic. If, on the other hand, the Wallace group loses in the convention, it is prepared to withdraw from the DFL and create its own party. Thus, there are some tumultuous weeks ahead in DFL circles as both groups attempt to rally their forces.

The Democratic national committee has so far given little indication that it appreciates fully the threat that the Wallace move represents in this state. At the best, even without Wallace in the picture, Truman faces a tough fight to carry the state. If the DFL convention falls into hands of the Wallace supporters, the state will be lost to the Democrats without question. Yet, the national committee, always cautious about intervening in state party disputes, is refraining from forcing a severance of relations with the pro-Wallace faction in the state, which leads some observers to believe that national Democratic leaders are still hopeful that Wallace may withdraw his candidacy before next fall.

Governor Luther Youngdahl's flying visit to the Scandinavian countries is regarded in political circles as a master-stroke of good public relations. As chief executive of a state that has predominant Scandinavian population, the Governor carries a message of good-will which is unusually intimate and direct. Happily, for the success of the trip, the Governor's official duties do not involve matters of foreign policy. He is, therefore, free to bring his good-will message without risking the charge that he is engaged in some personal propagandistic maneuver.

TWO MEN KILLED IN SNOWPLOW UPSET ON SOO LINE IN N. D.

Engineer Thompson and Fireman C. Bieber Lose Lives East of Oakes

Maurice Thompson, 62, of Kenmare, N. D., Engineer of a Soo Line snowplow which left the rails Friday near Monango, about 25 miles east of Oakes, Friday night died of burns suffered in the accident.

Fireman Calvin Bieber, 22, Pollock, S. D., who was scalded about the face and hands, died Saturday in the Oakes hospital where he and Thompson were brought after the derailment.

Discharged after being treated for superficial facial cuts and bruises were Roadmaster A. D. Henninger; Palmer Shelly, the snowplow operator; and J. J. Jaeger, a section worker. All are from Hankinson. Three other men in the train were not injured.

Cause of the accident had not been determined, according to B. A. Cross, superintendent on the Soo Line at Enderlin.

Cross said the plow left the rails and somersaulted when it uncoupled and was struck by the locomotive. The wooden structure on the car burned. Henninger, Shelly and Jaeger, who were in the plow escaped.

The locomotive overturned, scalding the engineer and fireman. The caboose remained upright but Cross said it left the rails.

The plow was clearing the track between Hankinson and Wishek when the mishap occurred. The westbound Soo Line mixed freight and passenger train, Hankinson to Bismarck branch, was following, running about a half hour behind the plow. The mixed train brought the injured men to the hospital at Oakes.

Okra Seed for Oil

Experimental tests have shown that okra seed oil can be processed and put into commercial uses similar to that of cotton seed oil. Growers producing 800 to 1,000 pounds per acre should realize around $60 to the acre. As okra is practically immune to disease and insects, except nematodes, it can be grown on a wide range of soil. It is believed that it will prove a profitable crop to the south.

97 QUEENS TO JOIN IN ST. PAUL EVENT

Annual Winter Carnival Will Open on Saturday

Ninety-seven snow and fire queens from Minnesota, Wisconsin, Iowa, the Dakotas and Canada will be guests of the St. Paul Winter Carnival, Jan. 31 thru Feb. 8, said officials this week.

Thirty-eight snow queens will be entered Jan. 31 thru Feb. 4; and 59 fire queens, attached to the Court of Vulcan, will be guests Feb. 4 thru 8. Towns and cities represented include 60 from Minnesota and 14 from Wisconsin.

Top events on the snow queens' program will be the coronations of the carnival's new Snow King and Queen of Snows; opening parade, Saturday, Jan. Jan. 31; national drum majorette championships; and colorful musical jamboree.

New Fiber

Washable fabrics that combine dimensional stability with durability, strength, light weight and warmth—fabrics that resist mussing and such destructive influences as moths, fungi, mildew and alkali—are now within the realm of possibility through nylon staple fiber, scientists say. A new fiber made from nylon, nylon staple fiber is outstandingly different in its properties from other staple fibers, such as cotton, rayon, wool and linen. Now being produced only experimentally, limited commercial production of nylon staple fiber is expected early next year.

A Good Report

We have a report from Dunn & Bradstreet (the greatest reporting agency in this country on corporations and firms big and small) in which they give The Farmers Insurance Exchange a rating which is tops both as to their financial standing but also, which is fully as important, their willingness and ability to settle all claims fairly, without quibbling, fighting, or chiselling.

As far as we know there has not been one of our Policyholders cancelled out with us to take a policy with some other outfit.

The only ones we lose are those who die or move to Mexico.

Our campaign for a free trip to Los Angeles ends this week and we wish to heartily thank those who have given us this opportunity to win this trip with all expenses paid. Those who have had loss claims with us have been our best boosters. It required 450 new policies to make this trip possible!

Cotton [illegible]

Cotton has excellent resistance to the heat encountered in general service. Its fabrics and garments are usually washed at 160 degrees to 200 degrees, dried at temperatures ranging from 200 degrees to 300 degrees, and pressed with a [illegible] degree iron. The boiling of cotton garments and household fabrics is still a routine weekly practice with tens of thousands of families. They can be ironed with the confidence that they will hold their shape, as cotton does not melt, shrink or stretch when ironed.

FAMILIAR SIGHT . . . You are looking down on a climbing line of steel-helmeted marines as they ascended the gangway into the attack transport USS Bexar before the vessel sailed for Mediterranean waters. Maj. Gen. Clifton B. Cates, marine corps commandant, said the sending of 1,000 marines to the Mediterranean was strictly "routine."

MORNING DEVOTIONS
Tomorrow (Friday)
Jan. 30, 7:15-55 o'clock
KTRF, 1230K, Thief River Falls
Pastor Arvid C. Carlson, Warren, Minn.,
guest speaker

We praise the Lord for the privilege of this service which completes its first year on the air. We thank those who have stood by in prayer and with gifts. We acknowledge Mr. Henry K. Arneson's special courtesy in view of this anniversary and express to him and to all of station personnel our thanks for "unfailing cordial relations."

MORNING DEVOTIONS, the first of Gospel broadcasts released through KTRF, begun January 30th, 1947, may be heard during week days, 7:15, through the local station.

We remind also of Sunday MORNING MEDITATIONS, 8:15, through KILO, Grand Forks, and KTRF here, and the GOSPEL STORY and SONG in Swedish through both of named stations on Sunday morning, 8:45 o'clock usually originating locally in the Mission Covenant Church.

Land O'Lakes Creameries Will Give Cooperation in State Cream Grading

With creameries throughout Minnesota making preparations to meet expected new state regulations governing the grading and testing of cream, Land O'Lakes Creameries, Inc., is offering its facilities and assistance to all creameries, members as well as non-members, it was announced this week.

B. M. Zakariasen, manager of the laboratories and field service at Land O'Lakes, is chairman of the advisory committee appointed by Commissioner of Agriculture, Dairy and Food, E. A. Trovatten to make recommendations for the new cream regulations. The committee will submit its proposals to the dairy industry at a hearing February 17.

Because of the many requests made to Land O'Lakes for assistance on problems pertaining to the grading and testing of cream, Land O'Lakes is working closely with the state dairy and feed department in working out a statewide program, according to Zakariasen.

He said that Land O'Lakes representatives are at work organizing creameries under the Land O'Lakes quality program, and that any creamery, whether it markets through Land O'Lakes or not, may enter into it. Under the program, Zakariasen said, trained Land O'Lakes field men will supervise the carrying out of the cream regulations for any creamery needing help, relieving the creamery of extra work and worry.

Former Middle River Man Robbed in Tacoma

A youthful bandit, about 21 years old, obtained approximately $25 in currency January 15 in the robbery of a filling station in Tacoma, Wash. The robber menaced the attendant, Edwin Maijala, with a small automatic pistol and took $1 from the victim's pockets, but later dropped it on the floor.

Maijala gave the police a partial description of the robber. After the robber's flight, Maijala discovered telephone wires of the station had been cut.

Maijala is the son of Mrs. Hina Maijala of Middle River.

Recent tabulations by the Veterans Administration show that three out of five veterans are under 30 years old.

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota.

The City Council elect of the City of Thief River Falls, Minnesota, for the purpose of organization for the ensuing term, convened in the Council Chambers in the Auditorium and Municipal Building on Tuesday, January 6th, 1948 immediately upon adjournment of the out-going administration. The members, having duly qualified for the respective offices to which they had been elected, took their seats at the Council Table and answered to Roll Call, as follows: Alderman from the First Ward, Orrin R. Hall; Alderman from the Second Ward, Alfred Bredeson; Alderman from the Third Ward, Harold Connie Stanbridge; Alderman from the Fourth Ward, Tom Fuller; Aldermen at Large Carl G. Gjernes and Ernest E. Hellquist.

The Council then proceeded to elect, by ballot, a President for the ensuing term. The result of the ballot indicated the election of Alfred Bredeson and the President Elect was thereupon seated and proceeded with further matters of organization.

By ballot for election of Vice-President, Orrin R. Hall received a majority of the vote cast and was thereupon declared elected to fill the office of Vice President for the ensuing term.

Further balloting to fill appointive offices indicated the unanimous election of the following, who thereupon were declared elected to fill such offices for the ensuing term:

P. G. Pederson—City Clerk.
Theo. Quale—City Attorney.
Ole Legvold—Superintendent Water and Elect. Utility.
Roy N. Langevin—Fire Chief.
Harry Roberts—First Asst. Chief.
N. C. Lindberg—Assessor.
W. K. Knight—Relief Superintendent.
L. R. Twete—Dairy Inspector.
Dr. O. F. Melby—City Physician.
R. J. Erickson—Manager Liquor Dispensary.
G. E. Ahre—Band Director.

Aldermen Hall introduced a motion that the verbal arrangement made by the previous administration, with Co-operative Auditing Service, Minneapolis, Minnesota, for audit and report of operations of the Municipal Liquor Dispensary for the period September 15th to December 31st, 1947, be ratified and confirmed and that such firm be retained to make quarterly audits and reports of further operations, to set up the accounting system required and furnish instruction as to procedures and to continue for such period as is determined by the City Council. Alderman Hellquist seconded such motion and the President ordered the roll called on its adoption. All members voted in favor thereof and the motion was thereupon declared passed and adopted.

A motion was then made that the meeting be adjourned to Tuesday, January 13th at eight o'clock P. M. and the same was seconded and adopted, whereupon the meeting was declared an adjourned.

ALFRED BREDESON,
President of the Council.
Attest: P. G. Pederson,
City Clerk.

Duck Superstitions

Cato had a great love for, and faith in, ducks to keep his family in good health. In case of illness, duck flesh was the first prescription ordered by that wise man. In ancient Scotland, it was believed that if a sick person slept in the same bed with a goose or duck, he could easily cure his fever.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

The country in which we live is built up around a system which demands that individuals be able to use money intelligently. This fact is not new, everyone agrees to it; yet in a majority of cases we are training our children to be financial illiterates.

A research study of actual American life found that our children are kept dependent upon parents for financial gifts rather than encouraged to become more independent as they grow older. Girls particularly, because of the strong social pressure against girls working, are dependent upon their families.

The earlier children learn the value of money by actually handling money in practical situations, the more intelligent they will be about the use of money as adults. Children may be given small tasks such as purchasing groceries at a very early age, possibly five or six if they are provided with a clear list and approximately the correct amount of money to cover the purchase. Such duties are very valuable if the child is actually contributing and feels his contribution to the family; they are not valuable if parents impose the duty as a means of escaping work themselves.

Most parents are very concerned about the possibility of a child being cheated or being unwise in his purchase. If parents are careful to instruct their child in the exact procedure that will be required at the grocery, at the pharmacy, or at the dime store they will find that the child will do well and mistakes that occur will be minor.

In order to learn, we must have experience; and this is as true of money matters and personal belongings as of anything else. If, for instance, a thirteen year old girl refuses to take proper care of her clothes her parents can solve the problem by providing her with enough money to buy her own clothes. After this, if she chooses to mistreat her clothes to the extent that they wear out quickly, her parents should let her suffer the consequences. The force of social opinion among her friends will soon teach her that some care is necessary. Usually this type of treatment is infinitely more effective than any amount of lecturing or nagging for the reason that the girl is allowed to learn from her own personal experience.

Financial experience will give the child confidence in himself and, more important, will give the parents confidence in the child. From such mutual confidence comes a happy family.

LOCAL CAFE CHANGES HANDS

A deal was completed last week whereby Gunnar Lindquist sold his cafe to Ernest Nelson and Nestor Austin.

The new owners, who purchased the complete business and building, closed the cafe for several days and opened under the new management last Wednesday.

Nelson and Austin, local boys are both well liked in this community and should have no trouble in getting their share of business.

At the present time Mr. and Mrs. Nelson are operating the cafe. Mr. Austin, who is now employed in the Highlanding Creamery, will move here with his family in the spring to take an active part in the partnership. The partners plan to make extensive alterations on the building in the spring. They will enlarge the cafe and also remodel and repair the apartments over the cafe, where both families will live.

STOCK JUDGING IS LEADING FEATURE OF VALLEY SHOWS

45 Teams Will Compete at Event in Crookston February 23 thru 27

The opening feature of the 30th Annual Red River Valley Winter Shows in Crookston, Minnesota, will be judging contests scheduled for all day Monday, February 23. Forty-five judging teams representing schools of agriculture in Minnesota, North Dakota, and South Dakota high schools, farmers' clubs, and 4-H clubs of northwestern Minnesota will compete in their respective classes in livestock judging. Subcollegiate teams from the three states will compete also in the crops judging on that day.

The livestock judging contests will feature the judging of general livestock and dairy classes for all groups of contestants. Plaques, ribbons and medals for each of the contests in livestock judging have been provided by the Red River Valley Livestock Association, the Red River Valley Dairymen's Association and the Jersey Cattle Club of America.

A full program of livestock judging, judging of open class competition in crops and poultry, will continue through Wednesday, February 25. Daily programs have been arranged for men, women, and 4-H Club members through-out the week. The livestock activities for the week will close with the two large livestock sales to be held on the afternoon of Thursday, February 26, and Friday, February 27.

An outstanding array of speakers of international fame has been arranged for the evening meetings starting on Tuesday evening, February 21. International affairs will be the general theme of these discussions and the list includes Christopher Norborg of Washington, D. C., Senator Joseph H. Ball, Dr. W. E. Peterson of St. Paul, Governor Luther Youngdahl, and Dimler Stine of the North Dakota Agricultural College, Fargo, North Dakota.

MINNESOTA HENS ARE "GOOD EGGS"

Probably figuring out where the high price of feed puts poultry these days, a hen at Fertile laid a big egg with a perfect figure 8 an inch long and half an inch wide, etched on one side. Hearing of some of the feats of her sisters throughout the state, a Blackduck hen produced a 5¼ ounce omelette-in-the-shell measuring 7 x 8½ inches. Taking a different tack in the race for publicity, a Wadena biddy produced a double-yolk egg each day for eight consecutive days.

COINCIDENCE OF NAMES AND DATES

Fred Cooper had a group picture taken at Sauk Centre, three exposures reading, in either direction, Fred Cooper, Senior was on the left, 88 vigorous years of him; a 62-year-old nephew was in the middle, a young student grandson on the right.

LOCAL DOCTOR AT CONFEREN ON HOSPITALS

Civic & Commerce Board Voices Objections to State Survey Findings

Approximately 200 hospital officials, physicians and civic leaders from thruout Minnesota attended a hearing Saturday in the state office building in St. Paul, at which Dr. Viktor O. Wilson, executive secretary of the Minnesota hospital survey committee explained details of a proposed five-year hospital expansion plan.

Those in attendance from Thief River Falls were Dr. O. F. Mellby and Dr. Theodor Bratrud, representing the local hospitals, and W. E. Dahlquist, representing the Civic and Commerce association.

The $25,000,000 program approved by Governor Youngdahl's survey committee must now be approved by the United States public health service, since the federal government is being asked to contribute $8,000,000 of the total.

Dr. Wilson explained that the plan calls for setting up 14 public health districts thruout the state, and said that hospitals or health centers would be established in these districts in cities designated as area headquarters. Federal assistance would be granted these key cities on a priority basis.

Representatives of many communities at the hearing objected to their cities not being included in the plan, in view of the fact that they had been anticipating federal aid in financing their hospital building plans. Dr. Wilson agreed to allow a week's time to file further objections before submitting the plan to the public health service.

The Thief River Falls men, on their return from the hearing, reported early this week to the board of directors of the Civic and Commerce association, which issued the following statement dealing with its stand on the matter:

"May the following suggestions be written into the record of the public hearing on the Minnesota Hospital plan, held in St. Paul Saturday.

"In regard to estimates on hospital-community populations in Northwestern Minnesota, it appears that perhaps not enough consideration has been given to the importance as hospital centers of such cities as Fargo and Grand Forks and other North Dakota towns. We believe a further study should be made taking these factors into consideration, and that greater importance be placed at this time on retail shopping areas and retail sales volume as bases for determining hospital needs.

"A large area east of Thief River Falls is not adequately provided for in the hospital plan and we believe further consideration should be given to the hospital needs of population centers such as Oklee and Grygla."

Local PTA Wins Citation for Pre-school Clinic

The Thief River Falls Parent-Teacher association is among 57 PTAs of the state named as certificate winners for outstanding achievement in conducting pre-school health programs. This was announced by Dr. E. A. Meyerding, executive secretary of the Minnesota Public Health association, at a meeting of the state PTA Summer Round-Up advisory committee. The session to plan for 1948 Summer Round-Up campaigns, took place Friday, January 30, at Christmas Seal headquarters in St. Paul. Mrs. Andy Williamson served as chairman in charge of the annual spring roundup.

Eagles 50th Birthday Banquet February 12th

The local aerie of Eagles will observe the 50th anniversary of the founding of the national organization next Thursday evening, February 12, Lincoln's birthday instead of Wednesday the 11th, which is Ash Wednesday. The officers announced that a buffet dinner for members and their ladies will be served in the aerie hall at 6:30 and entertainment and dancing to the music of the Smokey Mountain Boys will follow the serving of the meal.

Proclamation

WHEREAS, February 8, 1948 is the 38th anniversary of the founding of the Boy Scouts of America which has been chartered by the Congress of the United States, and

WHEREAS, the Scout program has affected the lives of 14,000,000 American boys and men since its inception, and now has an active enrollment of more than 2,000,000, and

WHEREAS, the skills and experiences acquired thru Scouting are great influences for building young Americans into men and participating citizens, thus making an incalculable contribution to the civic enterprise of this and countless other communities, and

WHEREAS, the Boy Scout movement is a great factor for the promotion of World Peace, and marks this anniversary with the theme, "The Scout Citizen at Work—in his home—in his community—in his nation—in his world," with practical assistance to brother Boy Scouts overseas to rebuild their organizations;

NOW THEREFORE, I, H. E. Simons, Mayor of the City of Thief River Falls, do hereby proclaim the week of February 6th to 12th as Boy Scout Week and urge our citizens to recognize the unselfish service of Scout leaders, and to do all in their power to help promote this fine program among our youth.

H. E. SIMONS, Mayor.

HOME COMMUNITY PROGRAMS TOPIC OF SESSION FEB. 11

Evelyn Morrow to Speak in Civic and Commerce Room Next Wednesday

Evelyn Morrow, district home demonstration supervisor from University Farm, will meet with Pennington County groups to organize home community programs. The meeting will be held in the Civic and Commerce room of the Thief River Falls Auditorium Wednesday, February 11, starting at 1:30 p. m.

Similar projects are being undertaken in other northwest counties for the first time this year. It is expected that many communities of Pennington county will be represented at this meeting.

Frank A. Hobbs, Pennington county agent, expressed his desire to have at least two women from each community attend the meeting. The program will be organized only in those communities where enough interest is shown to want one. In the many instances, 4-H adult leaders will be called on to represent their communities at the meeting.

Mid-week Lenten Rites Are Scheduled for Each Wednesday at Trinity

"Pictures of the Passion" is the title of the series of Mid-Week Lenten sermons scheduled for every Wednesday evening at 8:00 P.M. at Trinity Lutheran Church. Rev. G. S. Thompson, pastor of the church, announced today that each sermon in the series of informal services will be based upon a scene which will be shown on a screen in the church and which will be printed in color for distribution to all who attend.

At the conclusion of the series of seven services a fine reproduction of Sallman's "Head of Christ" will be given to all who have attended all of the services. This picture, suitable for framing, is recognized as one of the finest and most sensitive portrayals of the Saviour.

Following are the seven pictures and names of the artists: "Christ at Heart's Door" by Sallman, "Praying Hands" by Durer, "Christ in Gethsemane" by Hofmann, "Christ Before Pilate" by Munkacsy, "Christ on Calvary" by Munkacsy, "Holy Women At The Tomb" by Ender, and "The Last Supper" by Da Vinci.

Gordon Camp Gives up Duties as Manager of Falls Flying Service

Gordon Camp, flight instructor at the local airport and manager of the Falls Flying Service since October 1945, recently gave up his duties and left last Thursday with Mrs. Camp for Rochester, New York, where he will operate a grocery store owned by himself and his mother. Chris Rinkel and L. A. Ihle, proprietors of the flying service, stated that a successor to Camp would be named in the near future.

COUNTY POLIO DRIVE TO GO ON ANOTHER WEEK

Campaign Brings in Over $4,000 to Date, Glenn Carlson States

The Pennington county polio fund campaign this week passed the $4,000 mark, altho only partial returns have been received from the rural areas of the county, Glenn Carlson, chairman of the drive, announced today.

He added that the campaign, which was slowed up during the past week by extremely cold weather, has been extended for one week. He urged that in the meantime rural residents send in the March of Dimes cards and added that some of the pledges made on the KTRF polio program recently have not yet been fulfilled.

Carlson stated that no reports had been received up to Wednesday noon from Goodridge, St. Hilaire or Highlanding.

The solicitation in the Thief River Falls public schools brought in the substantial total of $253. A final report is not yet available on the polio ball at the Auditorium Saturday evening. A large gathering was in attendance, and spirited bidding marked the auction which was held at midnight, a total of $165 being netted.

HUGE GATHERING AT ELKS BANQUET

Fathers and Sons Guests of Lodge Last Evening

Nearly 400 men and boys were guests of the local Elks lodge Wednesday evening at their annual Fathers and Sons banquet in the municipal Auditorium. Kern Olson officiated as toastmaster.

Following the invocation by Tom Peck, group singing was led by Walt Larson, and piano and accordion selections were supplied respectively by Harold Harrison and Bob Sjulestad.

A welcome to the gathering was extended by F. A. Gibson, exalted ruler of the lodge, while Dr. M. D. Starekow spoke for the fathers and Dale Larson responded for the sons. Andrew Anderson spoke in behalf of the past exalted rulers, and Judge H. O. Chommie discussed safety problems.

Dickie and Bruce Robertson, with Dad Robertson as referee, put on a boxing exhibition which was one of the main highlights on the entertainment for the evening.

Polio Chapter Receives Memorial to Dr. Haney

Herman A. Kjos, treasurer of the Pennington county chapter for infantile paralysis announces the receipt of a $10.00 memorial in memory of and given by friends of the late Dr. T. C. Haney. The gift will be used in the fight against polio.

School Children Will Observe Advent of Lent at Services Wednesday

Public school pupils of Thief River Falls will be released from their classes next Wednesday, February 11, at 11 o'clock to go to the church of their choice to attend services in observance of the first day of the Lenten season, it was announced today by Rev. Walter M. Pedersen, president of the local ministerial association. At the same time he expressed appreciation of the pastors for the cooperation given by Supt. Philip L. Fjelsted of the local schools.

CARNEGIE LIBRARY CIRCULATES MORE BOOKS DURING '47

Total of 64,808 Books Borrowed in Past Year, Annual Report Reveals

Increasing use of the facilities of the Carnegie public library is indicated by the annual report of Mrs. Hazel Halgrim, librarian, which shows that total circulation of books in 1947 aggregated 64,808 compared to 60,347 in 1946.

Registered borowers increased from 5,542 at the start of 1947 to 5,826 on December 31, this number including 2,589 adult and 3,237 juvenile borrowers. In addition to its other functions, the institution serves 37 rural schools in Pennington county.

The library's collection of books was increased substantially by acquisitions during the past year and now totals 18,467 volumes, including 14,595 in the general collection and 3,872 in the rural school department.

The financial statement accompanying the report shows that operating expenses of the library in 1947 totaled $10,356.78.

LOCAL CREAMERY MEETING FEB. 16TH

Civic & Commerce Room to be Scene of Session

The annual meeting of the Thief River Falls Cooperative Creamery association will be held in the Civic and Commerce rooms in the Auditorium Monday afternoon, February 16, starting at 1 o'clock, Tom Fuller, manager announced today.

In addition to hearing the annual report covering 1947 operations of the plant, the shareholders will elect two directors, the terms of Hans Anton and Henry C. Kaushagen expiring at this time.

Lunch will be served at the close of the afternoon.

FIREMEN RESPOND TO ATLANTIC AV. CALL

During the past week the fire department responded to only one alarm, which was turned in from 507 Atlantic av. when an oil stove was flooded. No damage resulted.

Boy Scout Court of Honor Is Scheduled For Monday, Feb. 9

Boy Scouts in the Thief River Falls area join with thousands of others thruout the nation in celebrating their 38th anniversary during Boy Scout Week February 6 thru 12, P. L. Fjelsted, chairman of the district organization, announced today, adding that a number of special events will mark the occasion.

Of outstanding importance will be the court of honor in the municipal Auditorium next Monday evening, February 9, at 8 o'clock. On that occasion many scouts will be advanced in rank, and E. H. Stock will elevate six boys to the rank of Eagle scouts, highest rank attainable. He also will deliver the principal address.

Boys attaining Eagle Scout rank include Allan Williamson, Jerry Rasmussen, Rodney Kaiser, Harry Simons, and Gerald Hedlund, all members of Troop 60, and John Erickson, Troop 59.

Mayor Harry E. Simons, who will serve as chairman, will deliver the address of welcome and will introduce members of the court of honor, including Rev. Leonard Weber, E. H. Stock, Rev. G. S. Thompson, Rev. Walter M. Pedersen, Bernard Barzen, C. A. Jensen, W. A. Walters, Carl G. Quist of Oklee and George Fricker of Holt.

Musical numbers on the program will be supplied by the Lincoln high school boys octet. Another feature will be an impressive candlelight ceremony conducted by Jerry Rasmussen of Senior Troop 60 assisted by a group of twelve scouts.

At a meeting of the district Boy Scout board in this city last Wednesday evening, Supt. Philip L. Fjelsted was elected district chairman, with James Parkins, Carl Quist of Oklee and George Fricker of Holt vice-chairmen. Mr. Stock gave an interesting talk on scouting.

The Cub Scout tinker shop demonstration in the Civic and Commerce room Wednesday afternoon was well attended, and the display provided many suggestions for future Cub Scout projects here.

MC LEOD RENAMED C & C PRESIDENT BY BOARD TUESDAY

James Parkins and Karl Gerstner Appointed to Fill Board Vacancies

Stuart McLeod was reelected to serve his second year as president of the Civic and Commerce association at the annual organization meeting of the board of directors conducted Tuesday evening.

Others elected include Victor Jung, first vice president; Bill Ekstrand, second vice president; Jim Roche, secretary; and Robert J. Lund, treasurer. Appointment of standing committees will be announced shortly.

The board accepted the resignations of Alfred Skarstad and Roy J. Oen, and appointed James Parkins and Karl Gerstner, respectively, to fill out the remainder of their terms.

Zion Church Will Honor Boy Scout John Erickson at Services on Sunday

As an added feature of Boy Scout Week to be observed next week, Zion Lutheran church, in a unique service Sunday morning, will honor John Erickson one of six boys who will be advanced to the rank of Eagle Scout at a court of honor in the Auditorium Monday evening. Rev. Walter M. Pedersen stated that, in recognition of his religious studies and knowledge of the doctrines and rituals of the church, John will be presented with the Medal "Pro Deo et Patria," the highest scouting award in the gift of the Lutheran church. The occasion will mark the first time the award has been presented in Thief River Falls, Reverend Pedersen stated.

John Erickson is the son of Mr. and Mrs. J. A. Erickson.

ARNESON TO HEAD RED CROSS DRIVE

Woman's Club to Conduct Campaign in This City

Appointment of Henry K. Arneson as chairman of the 1948 fund chapter of the American Red drive of the Pennington county Cross was made today by Herman A. Kjos, chapter chairman.

The campaign is scheduled for the month of March, and the Pennington county quota has been fixed at 2,510, approximately $200 more than was sought in the drive last March.

Mr. Kjos also stated that the local woman's club will have charge of the drive in Thief River Falls, and added that Mr. Arneson will announce later the personnel of the committee in charge.

N. E. Muzzy Herd Given High Rank for January

The N. E. Muzzy herd of Holstein cattle took third honors for the month of January, according to the report submitted by Karl E. Nygard, production test supervisor, for the Northwest Dairy Herd Improvement Ass'n. Nine of the twenty-six herds on test averaged more than 30 pounds of butterfat per cow for the month. Dak.; 21 grandchildren, and two great grandchildren. She was preceded in death by her husband and two daughters.

Exams for Clerical Jobs in Welfare Offices Set

A series of competitive examinations for jobs in clerical positions has been scheduled for March, T. L. Culhane, County Welfare Merit System Supervisor, announced today.

Examinations will be held in 14 cities throughout the state on Saturday, March 6. Friday, February 20, will be the last date for filing applications, Culhane said.

Salaries range from $1,080 to $2,916 a year, depending on the position.

Examinations will be given for two grades of clerk-stenographers, two grades of clerk-typists, and two grades of clerks as well as for the position of accounting officer. High school seniors who expect to graduate in May or June were especially urged to apply.

Complete information can be obtained from the county welfare board office, the local state employment office, or from the merit system supervisor, 117 University Avenue, St. Paul.

THIEVES LEAD IN THRILLING GAME WITH HALLOCK

Game Assures Thieves' First Place in League

Bill Zippel's fourth goal of the game, scored on a solo rush with forty-one seconds of play remaining in the game, gave the Thieves a thrilling 7 to 6 win over the Hallock Legionnaires in a vital States-Dominion hockey league game played on the Hallock rink Wednesday night. The win tacked a pair of points on to the locals league standing and clinched a first place finish for the Thieves in the regular season's play.

Favored by hard and fast ice the two teams provided the capacity crowd at Hallock last night with one of the year's finest exhibitions of hockey. An indication of the closeness of the play can be gained by the fact that score in the game was tied six times, and it was Bill Zippel's breakaway goal that gave the Thieves their winning margin. Goalie "Greek" Swanson shared starring honors with Zippel, with the Thieves netminder being sensational in kicking shots out of the goal. The Hallock fans were outspoken in their compliments for the Thieves goalie, claiming that his net-work was the difference between a win and a loss for their team.

Tony Dorn's slap shot of Vigness' rebound gave the Thieves a 1 to 0 lead at the 4:27 mark of the first period; but Louis LaRocque's goal, on Nap Comeault's assist, tied the score a 1 to 1 at the 8:05 mark. Len Lander scored seconds later to give Hallock a 2 to 1 lead; but when Bill Zippel was credited with a goal when his shot was deflected into the net at 8:40, the score was even at 2-all. Ed Schulte's rebound shot gave Hallock a 3 to 2 first period lead.

Babe Paulsen raced in for a hard close-in shot to make the score 3-all with four minutes gone in the second period; and Zippel, on a solo from center ice, gave the Thieves a 4 to 3 lead at the 7:56 mark. Nap Comeault, scoring on a backhand shot after getting a pass from LaRocque in front of the net, made it a tie at 4-up. Bob Protz slipped a pass to Paulsen just inside the Hallock blueline and Babe circled the defense to come in for a goal, giving the locals a 5 to 4 lead at the end of the second period of play.

Len Lander, scoring from the right with a sharply angled shot which was disputed when, after the goal judge had raised his hand signifying a score, the puck was found behind the net. The goal was allowed, and made the score 5-all. During a scramble in front of the net, Zippel slammed in a rebound shot off Stanbridge's stick and the Thieves led at the 7:45 mark. LaRocque's goal, from in front of the Thieves net made the tally 6 to 6 with eight minutes to play. And Bill Zippel's goal in the final seconds provided the winning margin.

Sharp Answer

"Doctor," said the wild-eyed patient, as he rose from the steps of his farm homestead and rushed to meet the doctor's car, "I'm in a deuce of a pickle. Don't know where to turn for relief."

"What's the trouble?" asked the doctor.

"The souls of my departed relatives come and perch on the tops of the fence all round the orchard," replied the patient. "Every night it's the same old round—they just sit there, waiting, waiting, waiting. What can I do to get rid of them?"

"Sharpen the tops of the posts," the doctor prescribed as he drove off.

Dictionary Would Help

"It's no use," said the director to his colleague, "I'll have to get a new typist."

"Pity," said the colleague. "Miss Brown always seemed a nice, obliging sort of girl."

"Oh, she's all that, but she will keep interrupting me when I'm dictating to ask how to spell words."

"That certainly is a great waste of time."

"I don't object to that," explained the director, "but it looks so bad to have to keep saying, 'I don't know.'"

Women Bowlers Split Two Matches Sunday With Detroit Lakes

It was a win and a loss for members of the Women's City Bowling league in a pair of total-pin matches rolled against teams from Detroit Lakes on Sunday afternoon. The matches, bowled over the Mint alleys here, found the Narverud Cleaners with Marian Williams getting a 431 total, defeating the Jean Page team, 1961 to 1928. Detroit Lakes' Mission Orange team bowled a fine 2005 total to defeat the Fashion Shop team by 193 pins.

WILLIAMS LOSES TO PROWLER SIX

Locals Win Game Tuesday Evening by 3 to 1 Score

In a very well-played and exciting hockey game played here Tuesday night the Prowlers, by a 3 to 1 score, defeated the Williams high school team. On Saturday night the locals will conclude their regular schedule by playing the Greenbush six on the Arena ice, and a win for coach Babe Paulsen's squad will send the Prowlers into a second play tie in the conference standings.

Following a scoreless first period, and which found both goalies kicking out potential scores, the Prowlers, midway in the second period, tallied the first goal with young Al Steenerson punching in the score. Following an icing face-off in the southwest corner of the rink, Swede Lund secured the puck and took a backhand shot at the goal, and Steenerson, off the left of the net and out about ten feet, recovered the rebound and beat Bob Gillie with a hard shot.

In the third period, with Bruce Hall serving a penalty, Williams made a rush down the ice with Johnny McKinnon carrying the puck. When McKinnon hit the Prowler blueline, Swede Lund, on a poke check, hooked the puck away from McKinnon and raced down the ice to come in on goalie Gillie unmolested. Lund swinging to the left of the net, scored on a backhand shot that slithered between Gillie's legs and into the net. A short while later Lund scored the Prowlers third goal when he took a pass from Erickson just over the Thief River blue-line and skated by a defenseman and came in to score on a close-in shot.

Johnny McKinnon, with two minutes to play, scored on a "sleeper" play, getting a pass while at the Prowler blue-line and skated in on goalie Miles Thorson for a set-up goal.

The summary:

Thief River Falls H. S. (3)	vs.	Williams H. S. (1)

Officials: referee, Connie Stanbridge; linesman, Ernie Hellquist.

To Re-Size Rugs

Machine-made pile rugs often lose shape or wrinkle and curl because the sizing on the back is worn off. Stretch the rug face side down, tight and smooth on some flat surface where it can remain until dry. Tack firmly. Make the size solution: Dissolve ½ pound hide glue and ½ gallon water in double boiler. Sprinkle or paint lightly on back of rug. Allow to dry 24 hours. Take care not to put so much glue on that it soaks through to the right side.

Removing Indelible Ink

Indelible ink on silk or nylon usually can be removed by frequent washing in warm water. Allowing the material to dry in the bright sunlight will help to fade the letters. If the ink cannot be removed in the above manner, try one of the commercial bleaches; but try a sample of the material in the bleach first to see if it harms the material. If not, the bleach will remove the stain.

Games this week:
Feb. 10th, Thief River Falls at Emerson.

The Thieves by defeating the Emerson Canadians by a 14 to 4 score at Thief River Falls on Sunday afternoon increased their States-Dominion hockey league to five points. With the Warroad Lakers notifying the league officials of their intentions of withdrawing from the league, only three league games remain on the schedule. The Thieves will travel to Emerson on the 10th, and Hallock playing at Grand Forks and Emerson at Crookston on the 15th, will conclude the regular season.

Playoff arrangements will be completed at a meeting of the league directors, and which will be held next week. It is hoped that the league first-round playoffs will be able to get under way by February 20th.

GOVERNOR SEES NO ACTUAL SUFFERING DUE TO OIL LACK

Fuel Oil Distributors Ascribe Problem to Too Heavy Demand for Product

Gov. Youngdahl expressed confidence Monday that the state will "get over the acute fuel oil shortage without any actual suffering."

He reported that approximately 3,700,000 gallons of fuel oil have been promised by ten oil companies for delivery to "hardship communities."

While asserting that the "acute phases of the shortage have been licked", the governor called on citizens to conserve as much fuel oil as possible and warned them against becoming "smug and complacent."

A committee composed of James W. Clark, state fuel oil conservator; Arthur Anderson, director of the state petroleum division, and Gov. Youngdahl will decide the "hardship" towns to which the oil will be sent.

About 50 communities are either without any oil or near bottom, Clark said.

Members of the oil industry in Minnesota issued a statement asserting they were "happy to fulfill the governor's request" for emergency fuel oil by contributing a percentage of their 1946-47 in-shipments for relief of hardship case.

"This is at best only a temporary answer to the fuel oil supply problems" said Walter Holmgren, president of the W. H. Barber Co., and district chairman for the American Petroleum Institute. "The oil to be supplied for the relief of these hardship cases is not additional fuel oil, but is, rather, a case of 'robbing Peter to pay Paul.'

"Actually while we speak in terms of a fuel oil shortage it is, rather, a definite case of excessive demand. The supply of fuel oil today is greater than ever before in history, but unfortunately the demand is even greater. This excessive demand leaves suppliers with dry tanks."

Roseau Village Voters Approve $160,000 Bond Issue for New School

Voters of consolidated school District 41 at Roseau have approved a $160,000 bond issue to finance construction of a separate grade school building and bus garage by a vote of 139 to 22.

Bids on bonds will be opened in the office of Superintendent R. J. Halvorson February 19. Bids on construction will be considered as soon as possible after that date, Halvorson said. The board plans to have construction begin in the spring and be completed by September, 1949.

Growth of the community and consolidation of several rural districts made additional school plant space necessary. Total enrollment of the consolidated district will be from 800 to 1,000 pupils, according to Halvorson.

WILD BLUEBILL MAKES DUCKY PET

Virginia.—Mrs. Glenn Powers found a frightened little northern bluebill huddling in a corner of the yard during duck hunting season. She took it to the house, where it continued to huddle in a corner, until the Christmas decorations went up. Then Booboo, as the timid creature was christened, came to life, and has been a lively and active pet since—sleeping in a Christmas wreath, turning on sink or tub faucets for nocturnal swims, scolding male callers, preening for women callers, eating lots of expensive wild rice, and otherwise making herself an indispensable member of the Powers household.

Many Nickel Countries

In the past nickel has been mined in a great many countries. It has been mined in recent years in quantity in Canada, Celebes, Cuba, New Caledonia, Norway and Russia, and in smaller amounts in several other countries.

A GREAT TEACHER AND LEADER

We who have lived in the era of the world's greatest scientific progress and have survived the most destructive war of all time, have also had the privilege of living during the life of one of the world's great moral and religious teachers. It is strange that a period of time that produced such marvels as television and airplanes and brought the development of atomic power should also have produced a man so ancient, and yet so influential in this modern age, as Mohandas Ghandi.

It is conceivable that Ghandi in death may become as great a leader for world peace as in life he was the great champion of peace within his own country. By precept and by example he directed several peaceful revolutions among his people. To him must go the credit for gaining political independence for India. To him must go much of the credit for what progress has been made in abolishing the caste system among his own people, and transforming a mystic and superstitious India into a modern and enlightened nation. And to him will go much of the credit for the future peace of his nation if Hindus and Moslems heed his advice and live together tollerantly. So highly regarded was he by both Moslems and Hindus that they ceased hostilities after several days of his last "fast to the death."

Any man who has exerted so great an influence over so many millions of people will not be forgotten. In the Asia that is now awakening after a slumber of many centuries, Mahandus K. Gandhi is assured of a permanent place among the great leaders of mankind.

STASSEN IN OHIO

Business Week sees Minnesota's Harold Stassen as very much in the running for the Republican nomination for President, placing him with Warren and Vandenberg as the three most frequently mentioned as possible winners in the event Dewey and Taft stalemate each other. Stassen's challenge to Taft in the Ohio primaries is an important development, the magazin states, explaining,

"Stassen, of course, gets some of Gen. Ike's workers. But his convention chances will hinge more on how he shows up in the primary tilts — such as against Taft in Ohio. Stassen doesn't have to win there to improve materially his prospects; even a fairly respectable vote would be bitter medicine for Taft. Stassen knows this—that's why he will concentrate on eight industrial congressional districts, where Taft's name is an epithet to the unions."

German workers staged a 24-hour strike this week as a means of calling attention to the inadequacy of their food ration. Military authorities told them their strike was futile; that the food ration could not be increased at this time, and that the work stoppage would retard much needed production, all of which the workers no doubt realized full well without being told. This was one strike however with which we were in whole hearted sympathy. It was a peaceful demonstration by hungry people to let us know that they need more food. They are our relatives, our cousins, our brothers and sisters—men, women and children. The question is not shall we help them? The question is how best can we help them? And for the right answer we will have to depend on those in authority, hoping they will spend our money wisely.

One national campaign to which we will enthusiastically subscribe is the effort to bring about a mass slaughter of rats — the four-legged variety. Cities, communities and individuals are being urged to cooperate in a nation-wide war on these pests in the interests of both our health and our wealth. The long-haired fellows who figure out such things tell us that rats alone eat or spoil 200 million bushels of grain in our country; that rats and other vermin and insects take an annual toll of half a billion bushels. Ridding the country of rats would help solve a lot of problems.

Are you one of the fellows who are still standing in line waiting for their turn to get a new auto? It probably will be some time before dealers in the low and medium priced field will be ringing your door bell begging you to take a free ride but the end of the critical car shortage is definitely in sight. Record production of cars and trucks in this country came in 1929 when 5,650,000 units were manufactured. The 1947 production was in excess of 5 million and there is a good chance that in 1948 a new all-time production record will be established. That waiting line is going to move faster from now on.

Tuesday night's meeting of the Sportsmans Club was dedicated to Bill Borchert who, after many years of service as a game warden is stepping up and out of the community to a better job. Bill heard a lot of nice things said about himself, an unusually large percentage of which were true. As a game warden Borchert has done an outstanding job preaching and teaching conservation, while his record as a gestapo agent probably is relatively unimpressive. No game warden has even received better cooperation from sportsmen themselves, and much of the success of sportsmens clubs in this area is due to his leadership. We are glad to join with his many friends in congratulating him upon his promotion and add our voice to the chorus that wishes him well in his new and bigger and broader field of activity.

Sure we will join the angry mob that gathers to say mean things about the weathur man but we can give it to you straight that winter is on the run. Direct from our statistical department on the fourth floor we give you these facts. Over a period of many years it has been observed that winter comes quite regularly early in November and retires early in April. Three months have passed since it was early in November and only two months remain before it will be early in April. A careful calculation justifies the conclusion that only two-fifths of the winter remains. Gosh, it's practically over.

Another commodity that was short thruout the war but that now is plentiful is sugar. A bumper Cuban crop is causing concern about the market which already has shown signs of sagging. It's nice to know that some things won't have to be rationed if we have to resume rationing.

Paul Bunyan Visits St. Paul Winter Carnival

Len Costley, Mando's Paul Bunyan, amazes Phyllis Sullivan, Forest Festival Queen of International Falls, with an endless supply of Paul Bunyan tales as these two Northern Minnesota representatives pause to catch their breath between festivities of the 1948 St. Paul Winter Carnival. Both Costley and Miss Sullivan are employes of the Minnesota and Ontario Paper Company at International Falls.

The Egg and You

An egg may be considered an oversized vitamin pill. The hen wraps up in this nutritional package vitamins A and D, and the B vitamins, thiamine and riboflavin. Eggs are a good source of the most valuable proteins (proteins vary in food value). They rate "excellent" as a source of iron and phosphorus.

National Forests Grow

The government national forests include 73 million acres capable of growing commercial timber. They contain one-third of the national saw-timber stand. Being managed for continuous timber production, they have supplied in recent years about 10 per cent of the nation's yearly lumber cut. Eventually their total sustained-yield output of timber can be more than doubled.

Ate 'Poisonous' Tomato

While today we know that the tomato is a rich source of health-giving vitamins, it was not always so considered. In the early part of the nineteenth century the tomato was considered poisonous. It remained for Michele Felice Corne, an artist during that time to prove otherwise. When Corne started to eat a tomato his friends and local physicians got ready to rush him to a hospital. He lived to prove that his rash experiment was harmless and that the tomato was a delicious food. In a Rhode Island cemetery rests the body of this "pioneer" but no monument has been erected in his name, and he is unknown to the vast majority of those who profited from his test.

Hoop 'Plates'

In 1800 dishes were an almost unknown luxury in Newfoundland. Ten-inch iron hoops were fastened to the tables in public restaurants and the food placed within the hoops.

Record Crop

The world's corn crop in 1946-47, estimated at more than five billion bushels, is the largest on record, according to the department of agriculture.

Central Livestock Assn. to Meet February 10-11

Many livestock producers from this community will attend the 27th annual meeting of the Central Co-operative Association, which will be held in Hotel St. Paul, St. Paul, Minnesota next Tuesday and Wednesday, February 10 and 11. Nearly 3,000 members from seven states are expected at the meeting. The business session will be held on Wednesday, February 11. Reports will show that the Central Co-operative Association and its affiliates did a record business in handling livestock worth $132,833,604.32 during the past year.

Public Owned Utilities

Nebraska and Tennessee are the first states to have all electric utilities publicly owned. Throughout the nation, there are some 3,400 cities now served by electric systems owned by municipalities, cooperatives or public power districts. Greatest concentration of publicly owned electric facilities is in Tennessee valley states, the Middle West and states bordering the Gulf of Mexico.

From where I sit ... by Joe Marsh

Do You Have Noisy Neighbors?

A lot of the neighbors were suddenly annoyed by Job Crowell's hammering at night. Job was building himself a new front porch—and the only time that he could give to it was after sundown.

Finally we decided the best thing to do was all pitch in and help—and get the carpentry over with as soon as possible. We did. Finished the porch next evening—and Job gratefully treated us to ice cold beer and cider.

From where I sit, that's what being a good neighbor means. Instead of complaining about the other fellow's habits, try to understand and share his interests.

So if my practising on the flute annoys you, come on over, neighbor, with your fiddle or guitar and join me! Maybe it will end up in our knowing and appreciating one another better ... in an evening of good fellowship. And I'll promise to provide the beer that goes with evenings of good fellowship!

In Memorium

In loving memory of Arlowyn Delaine Jorgenson, who passed away 3 years ago, Feb. 7, 1945.
To a far but blissfull shore
Where by grace we soon shall join her
Where we'll never part no more
So sadly missed by her family.
Mr. and Mrs. N. Jorgenson, Jeroll Wendell and Harriet. 6c

In Memoriam

In loving memory of John Sagmoen who passed away Feb. 3, 1947.
One year has passed since that sad day,
When one we loved was called away. God took him home. It was his will.
Within our hearts he liveth still
Rest on dear father, thy labor is O'er
Thy willing hands will toil no more.
A faithful father, both true and kind.
A truer one we could not find.
For all of us he did his best,
God grants him now eternal rest.
Sadly missed by his wife and family.
Mrs. Hilda Sagmoen, Gladys, Glenn and Verna. 6c

In Memoriam

In memory of our father, David Rux who passed away Feb. 5, 1938.
Why do we mourn for loved ones
Or shake at death's alarm.
'Tis but a voice that Jesus sends
to call them to his arms.
Sadly missed by the family. 6p

Emerson Six Bows to Thieves 14 to 4; St. Boniface Coming

Flashing their finest scoring exhibition of the year, the Thieves by a lop-sided 14 to 4 score, defeated the defending States-Dominion hockey league champions, the Emerson Canadiens, here Sunday afternoon.

On Sunday afternoon, February 8th, the "Flying Frenchmen" of St. Boniface, Manitoba, will be here for a game with the locals. The St. Boniface "Ancients" have played here several times and they always produce an entertaining brand of hockey. In a pair of games played here last year the two teams split, with the Thieves winning the first game, 4 to 2, and losing the second by an 8 to 4 score.

Sunday's high-scoring game with the Canadiens found the Thieves getting their first tally at the 5:30 mark of the first period when Bill Zippel, getting a pass from Babe Paulsen, slammed a hard shot past Cliff Fraser and into the north goal. Babe had raced in to recover the rebound of his long shot, and, from the right side of the ice, passed the puck to Zippel, who was stationed in front of the Emerson net.

Tony Dorn racked up the second tally when he poked in a shot on a pass from "Mouse" Efteland. Zippel set up the locals third goal when he shoved a pass to Connie Stanbridge just as he, Zippel, was checked outside the blue-line, and Connie's low shot eluded the Canadien goalie. And a minute later, on a bit of neat team-play, Stanbridge and Paulsen combined for a goal with Paulsen getting the tally. Roland Valcourt hit the net with Emerson's first goal when his sharply-angled shot from the right side of the rink, found the corner of the net.

Just as the period ended, Emerson's Eddie Beaulieu was forced out of the game when, in throwing a hard check into Babe Paulsen, he re-injured his right hip. His loss handicapped the Canadiens considerably.

The best period of hockey was played in the second stanza, with both teams stressing offensive play. Goalie "Greek" Swanson made a number of spectacular stops in the period, for at one time the Thieves had two men off the ice due to penalties and the Canadiens were utilizing their "power" plays in an attempt to erase the Thieves lead. Goals by Zippel and Paulson, and tallies by Gus Pohl and "Mouse" Dionne, kept the locals advantage to 7 to 3 at the end of the period.

In the hectic third period, Babe Paulsen and Lloyd Johnson each scored three goals for the locals, with Efteland's long shot accounting for the seventh goal.

The summary:

BJORKMANS LOSE TO WINNIPEG SIX

Visiting Team Heavier, Wins by Score of 10-0

The Bjorkman's Toggery midget hockey team, spotting their rivals a year or two in age, several inches in height, and a number of pounds in weight, lost a 10 to 0 decision to the West End Oriole "bantam" hockey team of Winnipeg in a game played at the Arena Saturday night.

The Winnipeg sextet, reputed to be one of the ablest "bantam" teams in the Manitoba capitol, turned in a fine exhibition of hockey, being especially adept at setting up their scoring plays in front of the local net.

Roy Brunt, picking up a loose puck on the opening face-off, shouldered through the locals' defense and scored 10 seconds after the game had started. Duane Brown, center on the Orioles second line, rammed in four goals, three of which were of the unassisted variety, to give the Canadians a 5 to 1 first period lead.

Van Brunt's solo was the only tally marked up in the second period; but in the third stanza, the Orioles hit the mesh with four goals. Doug MacIntish scored a pair, and Garth MacRae and Allen Johnson tallied the other two goals.

Arrangements are being completed whereby the local sexto will make the jaunt to Winnipeg for a return game, with the date for the contest being tentatively set for Feb. 14th.

PROWLERS WHIP GRAFTON 41 TO 32 SATURDAY NIGHT

Devils Lake Satans to Appear in City Friday for Conference Game

Coach Bob Nick's basketball Prowlers boosted their North Valley conference rating above the .500 mark on Saturday night by scoring a comparatively easy 41 to 32 win over the Grafton Spoilers in a game played at Grafton. The locals will engage in an important conference tilt this week, meeting the Satans of Devils Lake on the high school gymnasium court on Friday night. The powerful Satans are entrenched in second place in the North Valley standings, having a record of four wins and one loss, to trail the conference-leading East Grand Forks team by one-half game. The Prowlers have a record of three wins and two losses, and a win for the locals would move the Prowlers into a three-way tie for second place.

Holding the Grafton Spoilers to but two field goals in the first half, and with Al Williamson, Harley Wagner, and Palmer Ronholm sharing the scoring honors, the Prowlers pulled away from coach George Heen's team to hold a 10 to 3 advantage at the end of the first period, and a 21 to 8 lead at the intermission.

In the first period of play, Wagner scored a pair of field goals, Williamson hit with a close-in shot, Davidson tallied a field goal and a free throw, and Ronholm added a free throw point. Kennedy scored a field goal for the Spoilers, and Sevigny marked up a point on a gift shot.

Ronholm's two field goals sparked the Prowlers second period play, with Williamson adding a field goal and Don Stadum scoring another field goal to give the locals a comfortable 21 to 8 lead at the half.

Holding a 31 to 17 lead moving into the fourth period, and with Williamson and Grovum forced out of the game on fouls, coach Nick sent a number of reserves into the game, with the result that the Spoilers, due largely to their accuracy from the free-throw line, outscored the Prowlers 15 to 10 in the period. In the final period, Grafton tallied three field goals and converted nine out of twelve free-throw attempts.

Numerous fouls were called in the game, which was not particularly rough, and in addition to Williamson and Grovum of the Prowlers, Stark, Burns, and LaBerge of Grafton left the game via the personal foul route.

In the preliminary game, the Grafton 'B' team, with freshman guard Arlan Thorstenson getting twenty points, defeated the Prowler 'B' team, 42 to 29. Don Green led the local 'B' scorers with seven field goals.

PROWLER SEXTET PLAYS ROSEAU 4-4 TIE SECOND TIME

Locals Fail to Hold 3-1 Lead Gained in 1st Period Saturday Night

For the second time this year, and by an identical score, the Roseau high school hockey team and the Prowlers played to a tie, with Saturday night's game ending in 4 to 4 draw. Playing at Roseau on January 14th, the two teams played a 4-all tie. Next week the Prowlers enter the regional hockey tournament which gets under way here on Wednesday afternoon, February 11th.

The Prowlers failed to hold the 3 to 1 lead that they gained in the first period of their game against the regional champion Roseau six here Saturday night. Swede Lund was credited with the first goal less than a minute after the opening face-off when his centering-out pass, from the southwest corner of the rink, was deflected in to the Roseau net by a green-and-white defenseman. Jack Erickson came in with the Prowlers' second goal a couple of minutes later when his high hard shot beat goalie Ken Wellen. Bob Hamerl, at the 4:20 mark, took a pass from Del Hedlund in front of the Prowler net and slammed in a close-in shot for Roseau's first tally. Swede Lund ended the period's scoring with a hard shot from out in front of the Roseau net, the puck catching the right hand corner of the goal.

Ray Baumgartner, getting a pass from Luverne, eluded a Prowler defenseman and skated in on goalie Miles Thorson to rack up Roseau's second goal, and to count the only tally scored in the second period.

In the third period, during a scramble in front of the Prowler net, Jim Oveson poked in a rebound to knot the score at 3-all. And Baumgartner, on an ice-length solo following Swede Lund's rush, scored the tie-breaking goal at the 4:00 mark. Hamerl was given a penalty when he tripped Swede Lund in mid-ice, and with Roseau short-handed, Lund scored a goal from just inside the south blue-line at the 9:20 mark.

Swede Lund played his best game of the year for the locals, being a scoring threat whenever he made a rush down the ice. Ray Baumgartner and Jim Oveson were the most effective players for the Roseau six, the two veterans being on the ice during the entire game.

The summary:

Regional Hockey Tourney

On Wednesday night at 7:15 P. M. the first game of the eighth regional high school hockey tournament will face-off at the Arena rink. The second game of the first-round playoffs is scheduled to begin at 9:00 P. M. The winners of these two first-round games will move into the regional semi-finals on Friday night, meeting the district's No. 1 and No. 2 teams, which were given first-round byes.

Warroad, by virtue of its undefeated slate in league competition, is the regional's No. 1 team, but there is a probability that there will be a three-way for second place. The Prowlers, by defeating Williams, 3 to 1, and if they defeat Greenbush on Saturday night, will move into a second place tie with Roseau and Williams. Principal Bill Claffy, who is the manager of the tournament, had submitted the question to the State High School League headquarters in Minneapolis and the drawing will be made down there.

Coach Babe Paulsen of the Prowlers, Oscar Almquist, and Clarence Schmidt, the "unofficial" coach of the Williams six, are all hoping that the draw will put their clubs into second place and gain their respective teams that first-round bye. And incidentally, into the bracket opposite the Warroad Warriors.

Warroad bosted its stock as the regional favorite considerably on Tuesday night by winning over the Roseau sextet, 7 to 2, in a game played on the Roseau rink. That win, and by its decisive score, marks the second time that the Warriors have beaten the defending regional champions and unless an upset is in the offing, Warroad should make the trip to St. Paul as the region's representatives. But they won't win the title by default, for coaches Paulsen, Almquist, and Schmidt are cooking up "bad medicine" for Max Oahle and the other Warroad braves. Fact is, if Roseau or Thief River Falls should be pitted against Warroad in the semi-finals on Friday night, and a heavy-checking and bruising game ensue, the Warriors, being short on reserves, may not be so efficient in the finals on Saturday night.

But regardless of the outcome, hockey fans will see some nifty playing when they witness the games and watch the performances as the Prowlers' Swede Lund, Warroad's Max Oahle, Williams' Johnny McKinnon; and Roseau's Ray Baumgartner.

They're Big and Tough.

The Satans of Devils Lake will make their bid for the North Valley conference lead this week-end when they meet the Prowlers on Friday night and the Crookston Pirates on Saturday night. Coach Roy Reslock's Devils Lake team has a rating of four wins and a loss in conference play, and by winning the two games this week the Satans would move ahead of the East Grand Forks Green Wave.

Physically, the Satans are the most impressive team in the league and if Mickey Kelly is available for tomorrow night's game, Coach Reslock, if he chooses, can put a starting five on the floor that will average six feet, three inches in height. Kelly, Pete Falstad, Don Knutson, Dick Nicial, and Pat Edmonds, who have been playing in the Satan lineup much of the time, have the weight to go with their height, too.

What's in a Name?

Plenty, apparently, for following the selection of nickname, by a student vote of 44 to 23, the Goodridge high school team defeated the Oslo basketball team, 25 to 24. That victory, and which was the second of the year for Coach Nonte Jarvi's team over the Oslo high school five, was a proper dedication for Goodridge high school's new nickname of "Gold Sox." The name was suggested by Joyce Kulseth, earned the senior miss a prize and which was awarded during the intermission of the Oslo vs. Gold Sox game.

Extenuating Circumstances

The Emerson Canadiens, the defending States-Dominion hockey league champions, are a better team than that 14 to 4 loss to the Thieves would indicate. Giving impetus to their route here on Sunday were several factors that can be termed "extenuating circumstances," to use a slang phrase.

First, the Canadiens had played a Manitoba intermediate hockey playdown game at Emerson on Saturday night; second, Marie Commeault, the 17-year old sister of Ben and Nap Commeault, the two Hallock players who were playing with Emerson, died as a result of being hit over the left temple by a flying puck; and third, Eddie Beaulieu, Emerson's playing-coach, was forced out of the game Sunday in the first period when he bruised his right hip.

All these things served to dampen the spirit of the Canadiens, and the result was a 14 to 4 loss. Another factor, though, was that the Thieves turned in one of their best games of the year, rushing the puck with power, and checking the Emerson offense by the fine play of goalie Greek Swanson and defensemen Tony Dorn and Pug Lund.

Charles Gustafson Gets Degree from "U" of N. D.

Charles E. Gustafson of Thief River Falls will receive his bachelor of arts degree from the University of North Dakota at the end of the first semester in Grand Forks this week. He, with 46 other mid-year graduates will receive his certificate of graduation and will be eligible to participate in the June commencement exercises, when diplomas will be presented.

CHECK BEING MADE OF DEER LIVING ON MUD LAKE REFUGE

Evidence Lacking That Area Is Overpopulated, Reports on Survey Show

Personnel of the Mud Lake national wildlife refuge have been operating traps for the purpose of livetrapping deer since the first week in January.

Traps in use consist of an elongated box measuring 4 x 4 x 12 feet, and are constructed of wood throughout. The traps have a dropping door on either end. The "trigger" is located in the exact center of the interior of the box, and consists of a piece of wire extending across the width of the box, about 1 foot from ground level—the wire is so fastened as to release ropes holding up the doors at such time as the deer touch the wire while inside the trap. Alfalfa hay is used to attract the deer to the vicinity of the traps, and for bait inside the traps.

The traps also are constructed to permit entry of the trapped deer into a small "tagging crate" which is used for ear tagging and weighing the deer. These crates are placed immediately against an additional opening in the trap. When the deer have entered the small tagging crate they are tagged in the ear with a numbered aluminum tag, checked for general condition, weighed (by use of a tripod and spring scale) and released without further ado.

These operations are carried on for providing necessary information in management of the Mud Lake deer herd. Weighing of the deer, and close opportunities for observation of the deer herd, subsequent re-captures of the tagged deer (and weighing) gives additional information of just how the deer are wintering. Subsequent re-capture in distant trap sites, or return of the ear tag to Conservation Department officials by some hunter who has shot the deer in open territory gives accurate data as to the movements of the deer longevity, summer and winter ranges, and other information required for proper management of this wildlife resource. Information on sex ratios is also provided.

At present four traps are in operation, and are located in different deer wintering areas within the refuge bounderies. Including re-takes it is expected that an average of one or more deer per day will be tagged, and/or checked, and released. Trapping will continue until about March 15th.

As yet there is no evidence that the Mud Lake Refuge deer herd has increased to such an extent that the carrying capacity of the area has been attained.

C. PAINTER GETS AROUND

Minneapolis.—Worse confused than the persons involved was the reporter who wrote that Charlotte Painter figured in two seperate automobile accidents the same day, but four hours and several miles apart. Then proceeded to record that Charlotte Painter, 21, Fremont Avenue, was in a collision on Browns Bay, Lake Minnetonka, at 3 p. m., while Mrs. Charlotte Painter, 33 of Clinton Avenue, was in a collision on Browns Bay, Lake Minnetonka, at 3 p. m. Somebody perhaps the reporter, went to the hospital.

Publisher Lee is scheduled to appear before Justice Hedberg on a charge of driving 65 miles an hour in a 60-mile zone. Certainly a fine situation for both editors.

Color Scheme

Color schemes of tan and beiges with ivory, used in conjunction with a little red are now said to help to induce more rapid recovery for surgical patients. In the operating rooms many surgeons favor light gray or green paint to reduce glare and eyestrain for the operators.

16,473 DRIVERS FORFEIT PERMITS

Highway Department Reports on 1947 Record

Drivers licenses of 18 residents of Pennington county were revoked in 1947 and 28 suspended, according to figures furnished The Times by the Minnesota highway department. In 1946 there were 15 revocations and 35 suspensions in this county. In Marshall county 20 licenses were revoked in 1947 and 21 suspended.

Statewide figures show that 16,473 persons forfeited their driving privileges in 1947, due to failure to comply with laws governing motor vehicle operation and settlement of claims arising out of accidents. The total in 1946 was 15,183. Revocations increased nearly 15 per cent and suspensions 7 per cent.

Revocations in 1947 totaled 4,431. Of these 3,761 were due to conviction for driving while under the influence of intoxicants. Other leading causes of revocation were three convictions for illegal speed within 12 months, 162; committed as inebriates, 231; hit-run driving, 165; repeated careless driving, 83.

Suspensions in 1947 totaled 12,042. Of these 6,183, or more than half were made under the Safety Responsibility Act, due to failure to furnish proof of ability to settle claims arising out of accidents. Other leading causes of suspensions were illegal speed, careless driving, failure to renew proof of financial responsibility, failure to take driving test, failure to furnish doctor's statement or eye test, and ignoring traffic signs and signals.

WASHINGTON REPORT

By Senator Joseph H. Ball

The debate in Congress over the European Recovery program, variously known as ERP or the Marshall Plan, will center largely around three main issues. These are:

1. The administration of the program, which will involve such questions as whether it should be run entirely by the State Department or whether an independent agency should have charge of the economic phases of it, and what sort of conditions and requirements on the recipients of loans or grants should be written into the law.

2. How large an appropriation should be authorized for the first fifteen months of the program. Secretary Marshall and President Truman are asking for $6,800,000,000. The amount undoubtedly will be reduced some, but how much is still anybody's guess.

3. The amount proposed for the British, $1,750,000,00 for the first fifteen months. The big question here will be whether this amount is not actually used in effect to subsidize Britain's very expensive and elaborate social security program and its socialization of key industries rather than to promote economic recovery by the shortest route possible.

It is generally agreed now that economic phases of the program will be administered by an agency independent of the State Department. But the types and extent of conditions and requirements on the recipients which should be written into the law are still open questions.

On the amount, discussion so far has centered largely on the disclosure in the President's budget that $2,300,000,000 of the 6,8 billion proposed would not actually be spent until fiscal year 1950. This has inspired proposals that only 4.5 billions of direct appropriations be authorized, plus perhaps a billion dollars of contract authorizations to keep the pipeline filled. Contract authorizations simply authorize the spending agency to contract obligations for which Congress will appropriate the funds later. It doesn't actually reduce expenditures at all and savings by that route are not very real.

There will be plenty of debate over the British share and whether it is not in effect a subsidy to the socialist government's "cradle to the grave" security program and its nationalization plans. Many, remembering that it was Britain's Foreign Secretary Bevin who called the Paris conference of sixteen nations, are wondering if ERP is not primarily a new British loan dressed up in fancy trimmings.

One thing is sure. Every time President Truman or Secretary Marshall makes one of those "it must be all or nothing" statements, resistance in Congress to swallowing the program "as is" stiffens appreciably. Democracy just doesn't operate that way.

BROTHERS IN EVERY SENSE

Worthington.—Dr. B. O. Mork Jr. is a division lieutenant-governor of Kiwanis International. In January he installed Raymond E. Mork as president of the Worthington Kiwanis Club. Not only are Dr. B. O. and Raymond E. brother Kiwanians but they are brothers by birth. Records the being searched in the belief that this may be the only instance of brother installing brother in a Kiwanis office.

HIGHWAY TRAFFIC INCREASES IN '47

Was 12.5 Pct. Heavier Than in Preceding Year

Traffic on Minnesota trunk highways in 1947 was 12.5 per cent heavier than in 1946, according to counts at the automatic photo-electric traffic recorder stations operated at 27 strategic points by the State Highway Department. Increase over 1941 was about 7.5 per cent.

Counts on highway No. 75 north of Moorhead showed an average of 1,363 vehicles per day throughout 1947, compared to 1,143 in 1946.

Weather influence on traffic was noticeable. January's mild weather and clear roads brought a 27.5 per cent increase over 1946. Abnormally hot weather in July and August apparently made people want to go places, so traffic increased 16.6 and 17.9 per cent. November with its snow and icy roads had a 2 per cent decrease, the only month with less traffic than in 1946.

Englander Red Line Mattress with double-layer free-floating springs
For completely restful sleep, your body needs two types of support: a yielding cushion that gives with each motion, each contour . . . a strong support to carry the over-all weight of your body. Now Englander provides both with a basic new principle—a double layer of free-floating springs, not tied together at top or bottom, but moving freely from the center, joined by a flexible ribbon of steel. The upper layer fits your body, the lower layer fits your weight.

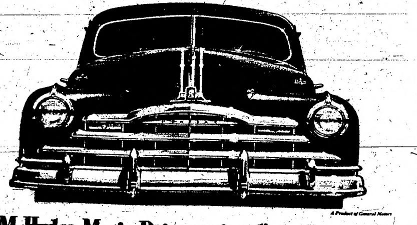
THIEF RIVER FARM SUPPLY



Presenting the new 1948
PONTIAC
A FINE CAR MADE EVEN FINER!

A Product of General Motors

GM Hydra-Matic Drive optional* on all models!

Today, Pontiac announces a series of notable advancements in the car that has already won the wholehearted endorsement of more than a million owners and friends.

Foremost among these advancements is the great General Motors Hydra-Matic Drive—now offered as optional equipment on all Pontiac cars. Pontiac is the lowest-priced car in the world to provide this great mechanical masterpiece—which shifts gears automatically, and completely eliminates the clutch pedal.

Coupled with this great engineering triumph is a striking improvement in beauty and luxury. New exterior smartness extends from the new radiator grille to the streamlined rear bumper.

Interiors, too, are remarkably improved. Upholsteries are more beautiful and are expertly blended to achieve new attractiveness and charm. Instrument panels are finished in a smart design adapted from quarter-sawed mahogany—and an adroit use of chrome moulding adds a deft touch of modernity.

Engine and chassis have been refined wherever possible—but they remain, basically, the same engineering masterpieces which have become synonymous in the automotive industry with goodness and dependability.

There are many more things we could tell you about the new Pontiac, for there are countless improvements which add to its traditional quality and value. But we feel that, for those who *know* Pontiac, we need only say—

—here is, by far, the most *beautiful* Pontiac ever built

—here is the most *luxurious* Pontiac ever built

—here is the most *dependable* Pontiac ever built

—and it is now available with GM Hydra-Matic Drive—*optional at additional cost.

We wish only to add that it is here—on display in our showroom—and that you are most cordially invited to see and inspect it.

School Notes

The student council now completely organized, will hold its first meeting Friday.

Council president is Marion Olson, a junior while Donna Bush, a sophomore is vice president. They defeated Joyce Kulseth and Marlys Geving, respectively. The four nominated had been selected by the class presidents, Lorna Salveson, Edith Stumvik, Mary Jane Hanson and Lloyd Tanen, who were nominating committee and are also members of the executive council.

Members of the executive committee are as follows: Marlys Geving, Roger Easthouse, freshman; Wallace Payne, sophompre; Anita Nordby, junior; and Ronald Bucholz and Eileen Sund, senior. Club representatives are Carol Thompson and Goldie Habedank. Council advisor is Nonte Jarvi, high school principal.

As the high school Gold Sox have only three scheduled games remaining, coach Nonte Jarvi is attempting to arrange a home-and-home series with Middle River, where they do have a team again this year coached by Supt. A. E. Nelson. The Grand Forks Eagles, sponsored by the Eagles lodge, desire games. Coach Jarvi has consented to a game but no return match as too much traveling is involved.

Next Tuesday's game here will be with the Bjorkman Toggery five, which was the De Molay team when they met Goodridge in December. A capacity crowd is again expected.

Wednesday was a red-letter day for the 7th and 8th grade boys as they were one of three Goodridge teams that contested with Oklee. The grades made the best showing of the three quints, holding Oklee to a 2 to 14 count. Vernon Becker scored 5 field goals, Robert Burstad and Kenneth Wiseth a goal apiece. Coach Nonte Jarvi announced the grades will play again when Oklee comes here Feb. 17.

Mrs. Karwand's classes are looking forward to receiving their new maps. They will be a great help to us especially in our geography and history classes.

On Monday afternoon the seventh and eighth grades are sewing and crocheting during the period, the boys have phys. ed. This work is under the supervision of Mrs. Karwand.

The geography classes are working very hard to bring their work up to standard so they may be elligible to join the National Geographic Society. Mrs. Karwand reports the boys and girls are making splendid progress.

The third and fourth grades have a new picture in their room. It is "The Shepherdess" by a famous painter. Mrs. Schulke donated it to her room thinking it may create more interest in the study of famous artists and their works.

Prizes have been received in the third and fourth grade room for doing such a fine job of selling Christmas seals. We have enough paper handkerchiefs to last the rest of the year and tape and bandages to take care of anything that might happen in the way of accidents. Mrs. Schulke hopes we won't have occasion to use any of the tape or bandage however.

The result of the reading contest in the Weekly Readers given to the fifth and sixth grades, under the supervision of Mrs. East, was very gratifying.

OF CATS, CALVES, HORSES, AND THINGS

An automobile was dented up but the horse and rider it struck at Perham escaped unhurt. After waking his mistress in time to escape from her blazing home in St. Paul, Boxy, a box-loving Persian cat, took informal leave of the premises. A Shorthorn cow on the Tom Prokott farm near Little Falls, gave birth to triplet calves, two male and a female. A calf exhibited at Triumph traces its ancestry through yards of "greats," having as a paternal grandmother the lifetime producer of 5,480 pounds of butterfat.

GENERAL ELECTRIC cuts prices in bid to stop inflation
$50,000,000 AT RETAIL LEVELS

WHY GENERAL ELECTRIC PUT LOWERED PRICES AHEAD OF OTHER THINGS

General Electric lowered prices because we wanted to do our part to stop the present spiral of inflation.

General Electric lowered prices on electrical appliances in greatest demand—because that is where lowered prices on General Electric products will do the most good and have the greatest effect.

General Electric lowered prices regardless of the fact that G-E profits are not high—are not at present levels high enough.

We did this because we know that in the long run General Electric can prosper only as the people of this country prosper. We believe that producing *more goods for more people at less cost* is the soundest way of running a business. And we feel that inflation in this country has reached a dangerous level—for the wage earner, for the man with savings, and for industry alike.

Do you know what inflation can do to you?

As money buys less and less, your savings lose their buying power. Life insurance policies dwindle in value. Money saved to take your wife to the hospital won't pay the bill when the time comes. Pay checks buy less and less. Retirement money won't pay for retirement.

This applies to the man who brings home a weekly pay check, to the man with a little savings in the bank or a life insurance policy, and to companies that have to build new plants and buy new machines to fill future needs and provide future jobs.

Inflation is a sinister thing. It steals up on a country and its economy in a gradually accelerating two-step of prices and wages—each trying to get one step ahead of the other—and there is no red line to show when the danger point has been reached.

Inflation is like a fire. Once it gets well under way, it can never be checked until everything is destroyed.

Self-restraint by industries and individuals the best check

You as an individual can do most by buying less and saving more—thus avoiding bidding up the prices for scarce goods. Business and industry can do much by lowering prices whenever and wherever possible—voluntarily.

General Electric put lowered prices ahead of other things because we believe it is a step towards licking inflation.

We Must Destroy Inflation or It Will Destroy Us

Plan Basketball Benefit

Supporters of the high school basketball team have decided to give a Valentine program and basket social at the high school auditorium, the proceeds of which will go to help pay the expenses of sending members of our team down to Minneapolis to attend the state tournament.

These people feel that our boys deserve a reward. They are nearing the close of a hard season, in which they have met strong opposition. Even though they have not always won, it can truthfully be said that they have always played clean, fast basketball, and both in winning and losing have shown fine sportsmanship. They and their coach, Paul Schelske, deserve a reward and will enjoy seeing the tournament.

All supporters of the team are asked to give their help in making this program and social a success. Any suggestions will be appreciated and may be given to the cheer leaders or any member of the faculty.

Plans have not been as yet completed, but the social will probably be held on Saturday evening, February 14, will be for high school students and older people only, and no lady will be admitted without bringing a basket. Complete details will be published next week. In the meantime, be getting a pretty basket made, ladies.

STATE UNIVERSITY WILL BE HONORED WEEK OF FEB. 15TH

Junior Chamber Units Throut Minnesota Will Sponsor Event

Proclaimed by Governor Luther W. Youngdahl, the first annual University of Minnesota Week, devoted to recognition of the University and its services to the people of Minnesota, will be observed throughout the state February 15-21.

"I call upon all citizens," Governor Youngdahl stated in his proclamation, "to devote some portion of the week to a consideration of the University of Minnesota, of the great benefits it presently bestows upon us, and of the still greater advantages we shall reap from a continued program of strong support for the University."

The Minnesota Junior Chamber of Commerce is sponsoring the first observance of "University of Minnesota Week" with the cooperation of the University staff, local chapters of the Junior Chamber are arranging meetings and programs at which University benefits to the state will be described.

On the University campuses, open houses are being planned for the week in many departments, schools and colleges, and open houses for University students will be offered by several St. Paul and Minneapolis industrial plants. A number of divisions of the University are preparing exhibits to be displayed in downtown store windows in the Twin Cities.

Speeches on many phases of University research and study are being prepared by University staff members for presentation to audiences throughout Minnesota during the week.

Highlight of "University of Minnesota Week" will be a dinner Thursday evening, February 19, in the ballroom of Coffman Memorial Union honoring Fred B. Snyder of Minneapolis, chairman of the board of regents, for his many years of service to the University and to the state. Mr. Snyder has been a regent of the University since 1912.

In recognition of his contributions to the building and development of the University, a gold medal, first ever to be awarded by the University, will be presented to Regent Snyder. Recently authorized by the board of regents, the medal will bear on its face the University seal and the inscription: "Builder of the Name."

Mules Replacing Oxen

Many Mexican farmers who have been working oxen are rapidly replacing such work stock with mules. Reasons for this are that it has been necessary to destroy many oxen because of the dreaded foot-and-mouth disease. Mules are not susceptible to this malady. Thousands of oxen have been destroyed through official assistance. It is estimated that there will be a need for about 55,000 mules to take the place of oxen destroyed because of the disease. Mules of the cotton type, about 14 to 15 hands high, are considered most suitable for the purpose.

AUTHORITY TELLS OF DAIRY OUTLOK IN STATE FOR 1948

Decline in Number of Dairy Cows Since 1944 Noted by 'U' Farm Men

Even through dairying may not be as good as some other farm enterprises, Pennington county farmers should think twice before making drastic changes in their dairying plans. The dairyman must set his sights for long time operation instead of temporary gain says county Agent Frank Hobbs.

1948 is likely to be a good year for Pennington county dairymen *although it may even be better* for other kinds of farming, Hobbs says.

Many farmers, of course, will want to make changes and they can do so easily. Some will cull poor producers and others will increase or cut down the number of heifers and heifer calves.

Writing in new Extension Pamphlet 154, "1948 Dairy Products Outlook," Max Hinds, extension economist at University Farm, points out five things dairymen should consider.

1. The number of dairy cows has been dropped since 1944. There are now 7 percent fewer milk cows than in 1944 and 2 per cent less than last year. The cows that are left are giving more milk so total production has stayed the same as last year.

2. No one knows how long consumer income will stay high thus creating a good demand for milk. However, it seems that demand for milk in 1948 will be good.

3. The feed situation is tight. Butterfat and milk prices have risen less than grain prices so the dairyman faces a squeeze in his profits. Heavy roughage feeding, culling poor producers, and feeding according to production are wise moves now.

4. The changing use of milk will determine partly whether the farmer will sell whole milk or cream. Right now the pendulum is swinging toward butter production after it had been in a relatively unfavorable position throughout the war.

5. Certain farmers will want to plan their dairy enterprise to diversify the farm business, maintain soil fertility and furnish winter income from farm labor.

Alexandria Pastor Is Named Field Director for Youth for Christ

John D. Lundberg has been appointed field director of the North Central region Youth for Christ Int'a with offices at 43 South 8th Street, Minneapolis. The region comprises the states of Minnesota, Iowa, North and South Dakota and Western Wisconsin.

Mr. Lundberg left a ministry in Alexandria, to accept the position with Youth for Christ. Prior to that pastorate he served churches in Springfield, Mass., and Milaca, Minn.

Mr. Lundberg is also a gifted artist with a picture service that is entitled "A Message in Art Under Light". He has travelled some 50,000 miles to bring this message in both the United States and Canada.

Mr. Lundberg was born in Minneapolis and graduated from its public school system. Further education included the Minneapolis School of Art, Dunwoody Institute, University of Minnesota, and Bethel college and seminary from which he graduated with a bachelor of theology degree.

Pillsbury State Wheat Contest Is Feature of Valley Winter Shows

The Pillsbury state contest for spring and durum wheats will be a feature of the show in the Crops Division of the Red River Valley Winter Shows at Crookston, February 23-27. The state champions in hard spring and durum wheats will be announced on Tuesday, February 24, by O. C. Solne, superintendent of the crops show.

The Phillip W. Pillsbury cups and cash prizes for the state championship samples will be presented by T. M. McCall, president of the Winter Shows. Wheat growers winning in the state contest at Crookston will compete later in the year for the national championships at Chicago.

O. C. Solne, superintendent of the crops shows, states that all indications now point to the largest crop show in years. Competition this year will be strong among the growers of the new Minnesota and Iowa oat varieties. More than $1300 is offered as prizes in the grain and corn classes this year.

Winter Shows Speaker

DR. W. E. PETERSEN

Professor in dairy husbandry, University of Minnesota, St. Paul, will appear on the Livestock Day and evening programs of the Red River Valley Winter Shows at Crookston Wednesday, February 25. Dr. Petersen has been a member of the staff of the division of dairy husbandry since 1921, and has just recently returned from a three months' study of agricultural conditions in England, Holland, and Denmark. The subject for his address will be "Observations on Agricultural Conditions in England and the Scandinavian Countries."

Use of Radiant Heating

A new method of radiant heating using electrically heated ceiling is operating successfully in an experimental four-room house at Knoxville, Tenn. The electrified ceiling contains a heating element of conductive rubber sandwiched between two thin layers of plastic. The entire ceiling in each room becomes warm, producing enough heat to keep every nook and corner at a comfortable and uniform temperature.

Correct Frames

So many lovely pictures are spoiled because of their inappropriate framing. The frame usually should be as dark as the middle tone of the picture and should form a blending between the picture and the wall so that you are entirely unconscious of the frame when you gaze at the picture.

POLITICAL ROUNDUP

By Arthur Naftalin

The flare-up by Senator Robert A. Taft over former Governor Harold Stassen's bold entry into Ohio Presidential primary, which is scheduled for May 4, can be taken to indicate that Stassen's bid for the Republican nomination is causing more than just passing concern among the older party regulars. By challenging Taft in his home state, Stassen is seeking to draw a definite line on issues within the Party. This strategy could have far-reaching effects, because, when a native-son is challenged on his own ground, the campaign must necessarily turn upon issues rather than personalities.

This column has frequently remarked that, *contrary to what* most observers believe, Stassen has a good chance of winning the nomination. Developments of each passing week serve to confirm this judgment. It is becoming increasingly clearer that the Republican Party cannot win with just any candidate and that the mounting public demand for leadership, both in Congress and the Presidency, that will set and follow a positive course will react to the advantage of the candidate who speaks out vigorously on issues.

Thus, the significance of Stassen's challenging Taft in Ohio is to be found in the fact that it is forcing the Republican leaders to define their Party's program. This could very well result in a deep division within the GOP, paralleling the Truman-Wallace split on the Democratic side, with Taft leading one faction and Stassen the other. Should world-and-national conditions worsen over the next several months, it is conceivable that the national Republican convention would be split on crucial questions and the determination of who gets the Presidential nomination would turn on the issues rather than personalities.

The appointment of former Governor Elmer A. Benson as national chairman of the Wallace-for-President committee is added evidence that the Wallace force will spare no effort to capture the Democratic-Farmer-Labor Party in Minnesota. They have already done extensive work through the Independent Voters of Minnesota and are organizing pro-Wallace DFL groups for the purpose of preparing participants in the 1948 state DFL convention. They believe that Minnesota offers the best, perhaps the only, possibility of their capturing one section of the Democratic Party.

Thus, there will be a stream of pro-Wallace speakers invited to Minnesota. Already former Congressman Hugh deLacy and Senator Glen W. Taylor have appeared, and Wallace himself undoubtedly will be urged to spend considerable time in the state. The fight for Party control is certain to be a hot one, and it will, of course, be principally fought on the foreign policy question.

Several weeks ago this column stated, on the basis of a report from a Washington source that Senator Joseph H. Ball was considering an offer of private employment with an important national organization and that he, therefore, might not be a candidate for reelection. Ball categorically denies the report and states unequivocally that he will seek reelection. Ball's denial is obvious disproof of the report's validity, although our source insists that it was heard in several different places in the national capitol. The Senator alleges that the report was "invented" by this column. The allegation is not true; we simply reported an item that we regarded as interesting and newsworthy and that had come to us from a source which we always found completely reliable. We regret any embarrassment the report may have caused the Senator.

Acorns for Cattle

The statement often is made that acorns and not the leaves are poisonous to cattle and will dry up milking cows. Others seem to think that only dairy cows suffer from acorns. While it is true that acorns are less poisonous than the leaves, if eaten in large quantities, both might cause symptoms of a digestive disorder, poor appetite and a gradual loss of weight. They should be kept away from woodland pastures where acorn trees are present. There is no other cure.

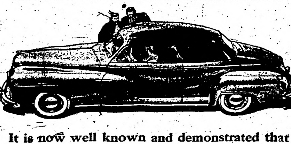
... MOVES FORWARD BY LEAPS and BOUNDS



It is now well known and demonstrated that Dodge is alone in its own field, and moving fast into all fields of automobile selection. It is a car whose qualities of performance have nothing to do with price, simply because price cannot buy them elsewhere.

... a formula of interest to men who care ....

QBM=WDM

No ... this doesn't call for algebra — it's very simple. QBM represents Quality Brand Merchandise. WDM abbreviates Well Dressed Men. Things equal to the same thing, etc. When you buy brand name merchandise backed by a national reputation ... there IS a difference. Brand name merchandise is not tailored to a price ... it is tailored to an ideal of quality. And there is economy in quality — the economy of service and satisfaction. You find QBM at Hamilton's.

Disabled Veteran Believes He Can Lead Normal Life

On the basis of a nationwide survey covering 2,000 handicapped ex-servicemen, a picture of the average disabled veteran is presented by Disabled American Veterans.

The average disabled veteran, the compilation shows, is married, has one or more children, believes he can lead a normal family life, and is satisfied with his job.

Of World War II veterans, 73 per cent are married, 54 per cent have an average of two children each, 80 per cent believe the disabled veteran can lead a normal family life.

Of World War I veterans, 70 per cent are married, 64 per cent have an average of three children each, 76 per cent believe the handicapped veteran can lead a normal family life.

Eighty-four per cent of World War II disabled thought they were getting a better "break" than their counterparts of the first war. The disabled of World War I agreed.

However, a majority of handicapped of both wars felt that America has forgotten its obligation less than two years after the end of the last war.

Makes Sunlight

Latin America Interlaced With Extensive Air Routes

Latin America is today laced with interior networks of airline routes rivaling anything the world's major air powers have produced, making remote hamlets and isolated natural wonders as accessible as the metropolitan charms of Lima, Caracas and Mexico City.

Brazil alone boasts more than 30,000 miles of unduplicated airline routes, without even counting flights across Brazilian territory by Pan American Airways. Mexico's total airline mileage, again excluding Pan American as well as competing American Airlines routes, totals 18,673 miles by latest Civil Aeronautics board figures.

The overall total for all Central and South American countries exceeds 130,000 miles of unduplicated airline routes, representing almost a 200 per cent increase over the 1944 figure. Many of the national airlines now operating in Latin America were developed by German and Italian combines before the war, and seized by Latin American governments soon after Pearl Harbor. A majority, however, represent new development and enterprise, often in the face of acute materials and personnel shortages and almost unbelievable natural obstacles.

Raw Fish Eaters

Eskimos of the Arctic regions of America and extreme northeast of Asia received their name from the Algonkian Indians, living to the south of them. The name means "those who eat their fish raw." The sustenance of the Eskimo is chiefly seals and cetaceous animals which comprise the whales, dolphins and porpoises.

SMILEY

The storms rage-the snows fly-the bitter cold stings and stings-and, then suddenly-there will be spring! Everyday the mailbox becomes the haven for those wonderful seed catalogues, baby chick folders and the usual run of the dandy farm magazines that are chock full of super duper ideas. Now is the time the farmer and his lady have some time to take their leisure at really enjoying reading or glancing through magazines and books. There is plenty of "highbrow" reading done by the farmers in the wintertime — why not?

Birthday Fun

Young Billy Grundhaus had a birthday a week ago Sunday. His mother, Mrs. Bill Grundhaus Sr. had several young folks over to help him celebrate that afternoon, and his dad took the group of children out tobogganing-did they ever make merry! Billy received many gifts and a swell lunch was served by his mother. There was a large gaily decorated birthday cake, of course. The young gang there were Carolyn, Mildred and Marie Bruggeman, John and Bobby Knutson, Wayne, Judy and Phyllis Olson, Eva Mae Johnson and Patty Firter. Also there were Mr. and Mrs. Jack Grundhaus, Mr. and Mrs. Howard Christie, Mrs. Leslie Knutson, Mr. and Mrs. Thomas Fixter, Mr. and Mrs. Mark Olson.

Visitors at the Norton Nelson home a week ago Sunday were Mr. and Mrs. Knut Knutson and family and Engvald Knutson of Kratka, Mr. and Mrs. Johnnie Nelson of Thief River Falls.

Melvin Vigen spent from Thursday to Sunday at his parental home, the Ed Vigen's. Melvin is a Sophomore at the University of North Dakota.

Word has been received by friends in Smiley from Mrs. Floryan Szymanski that she is recuperating favorably in a Minneapolis hospital. She had a major operation two weeks ago. Her husband has been with her down there these two weeks. Smiley folks hope for a complete and speedy recovery for Jane.

Sunday afternoon visitors at the Ole Llan home were Mr. and Mrs. Gust Gustafson and girls, Mr. and Mrs. Armand Llan and girls.

Birthday Party

Mrs. Emil Thune was the honored guest at a nice birthday party when friends and neighbors came to her house Thursday afternoon to help her celebrate by bringing feastables and a cash gift to remember them by. Those there to make the occasion a happy one were the Mesdames Ed Vigen, Ole Llan, Alvin Konickson, Olaf Snetting, Herman Rude, Melvin Torkelson, Carl Alberg, Louie Llan, Armand Llan, Clarence Arneson and Miss Gladys Vigen. The husbands of these women came from town in time for lunch.

Mr. and Mrs. John Ranum motored to Grand Forks Friday. While there they visited at the Walter Lundeen home. The Lundeen's are former Smiley residents. The Ranum's aged aunt, Mrs. John Jenson, before spending the night with Mr. Ranum's sister and brother-in-law, Mr. and Mrs. George Stinar. Enroute home the Ranum's came by way of Warren where they visited at the Otto Ranum home before coming to Thief River Falls in time to help their daughter-in-law Mrs. Ferol Ranum celebrate her birthday that evening. Ray Ranum was also there.

Mr. and Mrs. Mark Olson and Wayne visited at the Ralph Simonson home in Thief River Falls.

The R.E.A. has done a super job in Smiley the past couple of months. They have given so much happiness and so much help to those good folks who were fortunate to get the juice. Here are the people who have recently been "hooked up": Harold Matzke's, Norman Johnson's, Robert Peterson's, S. L. Nelson's, Casper Wiener's Jr. Ole Llan's, Armand Llan's and the Rudolph Hanson's.

Hostesses to dinner Sunday evening were Mrs. Mark Olson and Miss Clara Olson. Their guests were Mr. and Mrs. Bill Grundhaus, [illegible] and Leslie, Mr. and Mrs. John Ranum and Ray.

Those who helped Armand Llan with his birthday Tuesday evening were Mrs. Armand Llan, and their daughters, Mr. and Mrs. Ole Llan and Armand, Mr. and Mrs. Louie Llan, Mr. and Mrs. Gust Gustafson, Melba and Elinor. There were lunch and gifts.

Silver Wedding

Cassie and Susan Wiener have been married twenty five years. There was a party for them Sunday afternoon at their home. It was a nice affair with over fifty people present. So many were unable to come but they sent their gifts of cash. A social afternoon was enjoyed and in behalf of the guests, Jim McCrum, presented gifts in cash as well as a beautiful set of dishes to the honored couple. The Wiener children and grandchildren presented their parents with a "service for eight" silverware. Very nice. Mr. and Mrs. Wiener responded with a few words of heartfelt appreciation and thanks. The hostesses, Mrs. Norton Nelson and Mrs. Johnnie Nelson had arranged the lunch table very decoratively with a wedding cake topped with a silver numeral "25" and lit candelabra on each side. A bounteous lunch, of course.

A week ago Sunday visitors at the Ed Vigen home were Mr. and Mrs. Oscar Vigness of Thief River Falls, Mr. and Mrs. Einar Sand of Highlanding.

Tourists they, the Stenseth's, Mr. and Mrs. L. O. Stenseth, sons Louis and Maurice. They are having a wonderful time. They left by car late last fall and drove to Kansas City where they spent some time with the Ora Gren's (Signe Stenseth). Then on to North Platte, Nebraska where they spent some time with Charles Hinman's (Edith Stenseth). Across country to Inglewood, California to visit their son Lynn who is employed there. A great deal of the time indeed, is spent in sightseeing, to see what there is to see of America's splendor! They are now up in and around Seattle, Wash. visiting relatives. They plan to stop in Montana to visit the Rollie Haynes (Lily Stenseth) before coming home. The Melvin Stenseth's are taking care of the chores and such during his folks absence.

Maynard and Lloyd Ranum have recently returned from a trip to the Southern states. While down that way, they spent several days with Mr. and Mrs. Don Parker (Arlene Ranum) and Orrin Ranum at Fort Worth, Texas. Orrin has a nice job in a ranch near Fort Worth and likes it very much.

Birthday Club

The South Smiley Birthday club met at the Olaf Snetting home Saturday afternoon. The group spent the afternoon doing something worth while. They sewed blocks for a logcabin quilt, which, when completed, will be given some needy family. Good idea, that. Mrs. Snetting received a variety of lovely handkerchiefs as a memento of her birthday. A delicious lunch was served. Those there were Mrs. Melvin Torkelson and children, Mrs. Ole Llan, Mrs. Alvin Konickson and Johnny, Mrs. Joe Belange, Mrs. Armand Llan and girls and Mrs. Theda Hall.

The Gordon Hoel's (Ann Stenseth) have moved into their brand new beautiful home in Thief River Falls. It is on that Avenue between Kneale and Crocker and is directly in back of Johnny Nelsons. The Hoel's have been living in Silverton with her brothers, Art and John Stenseth while their home was being built.

What's Cookin'?

The Smiley 4-H Valentine party will be held on Saturday evening, Feb. 14. A whoppin' good time is in store for that evening. The party will be at the Jim McCrum's home with Mrs. Adam Lendobeja and Mrs. McCrum as hostesses. Each person that comes must bring a valentine to drop in the box to be exchanged. Your own name to be written on the back of the valentine. Each family is to bring a stunt or a game, not too lengthy, and each 4-H member must be prepared to tell a joke when answering Roll Call. Sounds good.

The Bethany Ladies Aid will be at the E. B. Hammer home, Thursday afternoon, Feb. 5 with Mrs. Hammer as hostess. Everyone welcome.

GOODRIDGE

Up to Monday night 46 out of 66 high school students had enrolled in the infantile paralysis drive for a total of $12.85 reports Principal Nonte Jarvi, who is in charge of the high school drive.

The junior class will have a party at the school Thursday night. Games will start the evening to be followed by dancing and lunch, reports Mary Jane Hanson class president.

A double header will be featured at the Community Center Tuesday. In the preliminary the local independents will take on Gatzke, which should have plenty of fun appeal. This game will start at 7:15 p. m. The high school game with Bjorkman's Toggery will follow.

All junior and seniors have entered the Cargill Farm Forum contest Minneapolis in which two winners, one boy and one girl, will be selected from each of these states: Minnesota, North Dakota and South Dakota. Winners will be feted at Minneapolis on March 4, 5.

Each contestant is to write 125 words or less about a picture titled, "Dad Did It, I can do it". All entries must be bonafide farm youth with the contest ending Feb. 14.

Local sponsors of the project are Mr. and Mrs. Nonte Jarvi, social studies and English teacher, respectively.

After the freshman led for half the game, 13 to 8, the upper classmen took over and led at the end 19 to 13. Tanem paced the frosh with 3 field goals, while Byklum was tops for the upperclassmen with the same amount. Another game may be played later in the season. Lynn Josephson officiated the game in an efficient manner, while Nonte Jarvi was in charge of arrangements.

36 Heifers Entered in Junior Heifer Futurity Class at Winter Shows

The Junior Heifer Calf Futurity class, a new classification for the Red River Valley Winter Shows at Crookston, promises to become an outstanding feature of the midwinter livestock show, according to T. M. McCall, president of the Red River Valley Livestock Association. Liberal prizes are being offered by the Livestock Association to encourage junior livestock breeders to start foundation herds from high quality purebred heifers.

Glenn Johnson, St. Paul, district 4-H club supervisor for the Red River Valley counties and superintendent of the 4-H and Junior Futurity shows, announces that thirty-six heifers will be shown in the futurity contest at Crookston this year.

Livestock breeders have cooperated fully in placing top calves of their herds in the hands of the Junior Futurity boys and girls. Tuesday, February 24, has been set aside as judging day for 4-H Club livestock and Junior Heifer Futurity calves.

GROWING WITH YOUR CHILD

Institute of Child Welfare, University of Minnesota

Winter Doldrums

During the summer children are eager to stay outdoors. Warm temperatures, light clothing and vacation schedules lead to outdoor play. When winter comes the picture changes. Cold temperatures, bulky clothing to be taken on and off, long hours in school, lack of sunshine, and early darkness discourage children from remaining outdoors for any length of time. More and more we find our children settling down before the radio immediately after school, to stay until bedtime. As the winter goes on this habit becomes more and more constant until we suddenly realize that Johnny and Margie are getting absolutely no outside recreation. This is, of course, not good.

What can be done to correct the situation? Many things, all positive. First of all, outdoor play should be facilitated by providing proper equipment. sleds, skates, skiis, perhaps a sliding strip and other such equipment are very necessary. Proper arrangement should be made for putting on and removing clothing. Racks at child level with sturdy hooks are essential. Rugs to sit on while pulling on snowsuits and overshoes help, and a place to duck into for a few minutes to get warm will encourage children to go out. One piece snow suits of simple construction and overshoes which are large enough to be put on easily all promote self-help in young children.

Encouragement toward play should be specific and positive. It is good to say "The snow is just right for sliding on the hill. You will have time for only an hour before supper. It will be fun." This puts sledding in a very favorable light.

Certainly a positive approach such as this is much better than: "Why don't you get out of the house for awhile?" or "Wouldn't you like to go sledding?" or just plain "Go out and play!" Small children respond much more promptly and willingly to positive, specific suggestions than they do to general or negative suggestions.

Be careful not to encourage the habit of staying indoors. It is certainly a lot of trouble to get the little ones bundled up and on their way, but it is necessary for their good health. Expect the children to go out, and they probably will.

GRYGLA

Grygla School Slate

The March of Dimes

Last week the dimes marched at District 115. In art class posters were made. The upper grades raised $2.15; the lower grades 80 cents a total of $2.95. The list will be kept up for another week because many children forgot to bring their dimes last Friday. This amount does not include the money contributed by the teachers. Caroll Clausen, 6.

Girl's Quilting Bee

Two mattresses were donated for use in physical education. The girls plan to make slip covers and to use them. Feed sacks will be bleached and dyed. The girls think they shall like the quilting bee.

Spelling Bee Honors

The Minneapolis Tribune sponsors a spelling bee for children in grades up to the eighth in Minnesota. The final contest will be held April 17, 1948.

In Grygla school the list of words and rules were posted and about ten boys and girls are interested. Some pupils here always get a hundred in spelling and think with hard study they could make a fair showing for our school. A spelldown some P. T. A. night might be interesting.

New Proctor Elected

Sheldon Peterson, the proctor of last week presided at the election of the new proctor, Helen Hanson. Each proctor, like a new president of the U. S. chooses his assistants or cabinet. Helen chose LeRoy Austad, Nayda DuChamp, and Patty Peterson.

Surplus Foods

Surplus foods have been sent from various storage centers to Dist. 115 for use in hot noon lunches. The cheese prunes, orange juice and tomato juice, are enjoyed by the children. Dried milk and eggs are to be sent. The children may sample scalloped potatoes, scrambled eggs, and custards, such as the soldiers had during the war.

Palmer Practice

Each day the teacher writes on the board a different lesson from the Palmer Method of Business Writing. During the morning each student writes the line in his best style. The teacher grades the lesson according to the scale and the pupil can better his mark in the afternoon. It's fun to write on the board.

Physical Education Leaders

Leaders for Phy. Ed. last week were Helen Hanson, Bernice Sletten, and Luther Halmrast.

The stunts for last week included Bear Dance, Human rocker, Dutch Jump, Hopoverleg, Forward and backward roll, shoulder rest, hand stands and cart wheel.

New Fungicide

Wartime research to combat mildew in the Pacific has resulted in a new product now coming to commercial markets. It is a fungicide for household use which protects fabrics from mildew by destroying the growth when it appears. Its effect lasts for several months. The chemical can be used to protect such articles as trunks, leather luggage, golf bags, shoes and handbags. Manufacturers claim that it is safe to use on any fabric or surface which would not be harmed by mild soap and water. It may be used full strength on leather goods, but for fabrics the fungicide must be diluted.

New Tubeless Tires

Tubeless tires have been developed and are undergoing tests. They combine safety features of puncture sealing inner tubes with improved riding qualities. It is claimed, with high bruise resistance and ability to retain air pressure.

BIDS ASKED ON PAVING T. H. 32 TO ST. HILAIRE

Highway Department to Receive Bids Also on Projects in This City

Provided favorable bids are received February 27, the Minnesota highway department this spring will inaugurate an extensive paving program in this locality, Commissioner M. J. Hoffman announced Wednesday.

The department is asking for bids on 8.5 miles of paving on Highway 32 from Thief River Falls to St. Hilaire to connect with the St. Hilaire-Red Lake Falls paving job completed in 1947; and also for paving 1.3 miles on Highway 59 in Thief River Falls, comprising the East Third st. parkway from the Soo Line crossing to the east city limits.

Another phase of the project calls for improvements on Highway 32 or Main and Riverside avs. within the city. Included are widening the curve on the west side of Riverside av. at Zeh st., and widening the pavement on Main av. from Fourth to Sixth sts., to 52 feet, as well as new paving from Sixth to Ninth sts.

Also contemplated is the installation of a new base with bituminous surfacing on Highway 1 or Eight st. from Main av. east to the bridge over Thief River.

In addition, it is proposed to resurface the pavement on Main av. from the Great Northern crossing north to Fourth st. and on Third st. from Main av. east to the Soo Line tracks.

The city council at its session Tuesday evening approved plans and specifications for the proposed work on Main av. N. and East Eight st., as submitted by the highway department and approved by City Engineer Douglas Stewart.

The council also adopted a resolution ordering property owners on Eighth st. from Main av. east to the river to install sewer and water mains from the street in to their premises before the surfacing project gets under way. The resolution also applies to Main av. from Sixth to Ninth sts., where paving is contemplated.

LOCAL MAN NAMED PRESIDENT STATE SCHOOL BOARD UNIT

Dr. Jacobson Honored at St. Paul Convention of State Association

Dr. A. E. Jacobson, president of the Thief River Falls board of education, last Friday was elected president of the Minnesota School Board association at its annual convention in Minneapolis. He succeeds H. R. Kurth of Hutchinson.

He has been active in the affairs of the association for many years, being a member of the board of directors the past two years, and this year served as chairman of the legislative committee.

Myron Clark of Stewartville was named vice president, while O. H. Pashita of Chaska and Dr. M. A. Slvinski of St. Cloud were elected to the board of directors. Reelected were Otto O. Barbo, Braham; Mrs. F. N. Christofferson, White Bear Lake; M. S. Orwoll, Granite Falls; J. F. Lindgren, Two Harbors, and the Rev. Morris Robinson, Minneapolis.

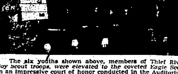
School board delegates voted resolutions asking state funds for scholarships for prospective teachers, increased appropriations for vocational rehabilitation programs and driving instruction in high schools.

Kurth defended the state aid education law against an attack by Arthur E. Gustafson, Pine county superintendent.

Damaged Diesel Engine to Resume Duty Friday

Work of rebuilding the armature on the big Busch-Sulzer Diesel unit in the municipal power plant, which was put out of commission three weeks ago, is now nearing completion, Supt. Ole Legvold reported this week, adding that the unit is expected to be ready to resume operating Friday.

Boy Scouts Elevated to Eagle Rank



The six youths shown above, members of Thief River Falls Boy Scout troops, were elevated to the coveted Eagle Scout rank in an impressive court of honor conducted in the Auditorium Monday evening. Included in the group, left to right, are John Erickson, Harry Simons, Allen Williamson, Gerald Hedlund, Jerry Rasmussen and Rodney Kaisler.

Large Gathering at Boy Scout Court of Honor Held Monday

Climaxing the observance of National Boy Scout Week in Thief River Falls was a court of honor Monday in the municipal Auditorium with a large gathering in attendance. Mayor Harry E. Simons presided as chairman of the event, which had been arranged by Orrin Hall, district advancement chairman, in cooperation with leaders of the various troops.

The exercises opened with the presentation of the colors and the pledge of allegiance given by Senior Scout Jerry Rasmussen, followed by the entrance of the court of honor and the invocation by Rev. Leonard Weber.

Following an impressive candle-lighting ceremony, Mayor Simons gave a brief address of welcome, and members of the court of honor were introduced. Groups of selections were rendered by the Lincoln high school boys octet, and E. H. Stock, Scout executive with the Lake Agassiz council, discussed the significance of the Boy Scout movement.

Highlight of the evening was the presentation by Mr. Stock of the coveted Eagle Scout award to six local boys, including Allen Williamson, Jerry Rasmussen, Rodney Kaisler, Harry Simons Jr., and Gerald Hedlund, all members of Troop 60, and John Erickson, member of Troop 59.

Star Scout awards were conferred by Carl Quist of Oklee on Dale Fjelsted, Troop 60, and Jack Kiland, Troop 57, in addition to six members of Holt Troop 112. George Fricker of Holt presented a Life Scout award to Robert Walters, Troop 60.

Presented by Bernard Barzen with second class Scout ratings were Kenneth Wadul, Jerry Tysesoh, Bruce Williams, Richard Stokke, James Winjum and David Fast, all of Troop 60; and Maurice Reopelle, Mark Belland, Darrol Vad, Darryl Lund and Jerry Belland, all of Troop 57.

First class awards were conferred by C. A. Jensen on Edward Stokke and six Scouts from Holt. A total of 87 merit badges were awarded by W. A. Walters, in addition to which a number of Cub Scouts were promoted in rank.

At the close of the exercises lunch was served to the assemblage by a group of Scout mothers representing the various troops.

Article by Local Woman in Archery Publication

Feathered Shaft, Minneapolis archery publication, includes in its current issue an illustrated article by Mrs. Ruth Legvold of this city. The article, entitled "Loran and the Bears", tells of the exploit of Loran Lord, local archer, in killing a 75-pound black bear cub with bow and arrow on a hunting expedition near Roosevelt last fall.

SCHOOL SURVEY COMMITTEE NOW GATHERING DATA

Suggestions Sought from County Citizens Relative to Changes

In common with most other Minnesota counties, the Pennington county school survey committee appointed in 1947 to make a study of plans for proposed school district reorganization is busily engaged in compiling information regarding the districts as they are set up at the present time.

Mrs. A. C. Matheson, county superintendent and ex-officio secretary of the committee, stated that the group will welcome suggestions from school patrons relative to changes to be made.

All of this material, she stated, will be compiled for submission for approval by the state department of education, and after September 1, 1948, patrons in the affected communities will be given an opportunity to vote on the recommendations.

Mrs. Matheson cited the charter of education adopted at a White House conference in 1944 as stating: "Every rural child has the right to a local school system sufficiently strong to provide all the services required for a modern education."

She pointed out that obtaining such a school system depends upon organizing amply large units of school administration and added that these do not necessarily result in large schools.

The committee, Mrs. Matheson stated, plans to hold a series of meetings at various localities thruout the county.

UCT Chapter Will Stage Laugh Fiesta Saturday in Masonic Lodge Hall

Nur-Al-Din, Oriental Mystic, is the scheduled feature for a Ladies Night program to be given by the U.C.T. chapter Saturday, Feb. 14, at the Masonic hall.

This turbaned prince amazes everyone with his powers of reading answers to questions in the shifting sands of his native desert, according to Carl Hartsen, program chairman. Members will be told all about themselves as the famous seer penetrates the human mind.

The evening's program is built around a Laugh Fiesta, a series of eight funmaking events, states the novel invitation being received by U.C.T. members.

COUNCIL VOTES TO GET BIDS ON THIRD ST. MAIN

Plans to Install New Water Main Before 3d St Paving Is Started

At a busy session of the city council Tuesday evening, action was taken to call for bids on another much-needed municipal project, the installation of an eight-inch water main feeder line on Third st. from Atlantic av. on the west side of the river to Spruce av. on the east side. Bids will be opened March 17.

Action was voted, following submission of plans and specifications by City Engineer Douglas Stewart, who stated that most of the needed material was acquired in 1947. He estimated that the cost of installing the mains together with auxiliary work would be in the neighborhood of $33,000.

The question of finances was brought up, and it was indicated that a study of available funds and projects most urgently needed would be undertaken before final action is taken on the bids. By the time the bids are opened, it will also be known whether or not the state highway department will proceed with the paving of East Third st. this summer.

Speaking for the park board, Lawrence Bjorkman told of the acute need of the park department for a new truck with pickup body, stating that available park funds will not be sufficient to finance the purchase. The council voted to call for bids on a new truck to be opened March 9, either with or without the present old truck as a trade-in.

Bids for official city depository were opened, and as in past years the Union State bank and Northern State bank were designated. The Thief River Falls Times was designated as the official city paper.

James Parkins and Ernest Johnson, representing the Pennington county safety council, recommended that the city acquire for sale to local bicyclists the new Scotchlike type of licenses which are visible at night.

They also recommended measures that would require parents to share the responsibility for infractions of the rules by bicycle users. The council deferred action on the proposals pending a study of the present ordinance governing the subject.

Approximately 100 Jaycees from thruout Northwestern Minnesota were in attendance.

REHEARSALS OPEN FOR MUSICAL SHOW THIS EVENING AT 9

Legion and Auxiliary Will Offer Production in Auditorium in April

Rehearsals for the home talent musical show, "Anything Goes", to be presented in this city early in April under the sponsorship of the local American Legion post and auxiliary unit will get under way this evening at 9 o'clock on the main floor of the municipal Auditorium.

Net proceeds from the presentation will be turned over to the fund being raised by the Minnesota department of the Legion to finance a University of Minnesota research professorship in heart ailments.

In announcing the opening rehearsal, Mrs. Jeannette Wright, director, stated that a large cast of 100 or more persons will be required including a large chorus and several small dancing groups, and she appealed to people in this and neighboring communities to turn out whether or not they feel they have any particular talent.

Musical accompaniment for the show will be supplied by an augmented orchestra under the supervision of Mrs. Dorothy Larson and Harold Karns. Mrs. Rudy Larson will serve as assistant director and have charge of all dance routines, assisted by Mrs. Bill Taylor.

E. O. PETERSON TO HEAD ROTARY CLUB

Is Elected Tuesday to Succeed E. B. Benson

E. O. Peterson was advanced to the presidency of the Rotary club in its annual election conducted Tuesday noon, and he will be inducted early next July as successor to E. B. Benson. Other officers elected were M. C. Gulbranson, vice president; Russell E. Olsen, secretary; and Jim Roche and George M[illegible], directors.

The program at the luncheon meeting, arranged in observance of National Boy Scout Week, included an address by E. H. Stock of Grand Forks, Scout executive with the Lake Agassiz council, who said the Scout organization had grown to a present membership of 2,200,000.

Also introduced at the meeting were Scoutmasters Morris Owen, Jack Williams and Ed Hougen, as well as five of the six boys who were elevated Monday evening to the top rank of Eagle Scout. Included were John Erickson, Allen Williamson, Gerald Hedlund, Rodney Kaisler and Jerry Rasmussen.

Speech Department Offers Plays Feb. 16

The Lincoln high school speech department will present four one-act comedies Monday evening, February 16 at 8 o'clock in the high school auditorium.

A large cast appears in "Call It a Day," an hour in a doctor's office with Arthur Tharaldson as Doctor Culver and Marion Syrtvedt as Mrs. Culver. The patients who throng the office each with his own problem are: Don Hulbert, Delores Wynnemer, Robert Joringdal, Gene Gunstensen, Joyce Benson, Beatta Mattson, Irma Martinson, Beverly Jechort, Eloise Benson, Frances Marquette, Marion Geving, Ardell Ripley, Merlynne Berge, Marlene Bowman, Phyllis Engelstad, Allan Lund, Kathryn Vorachek, Elaine Phillips, Harriet Mutten, Darlene Solheim, Harriet Sampson and several "guest actors."

"The Rose Garden" presents the difficulties of a young couple, Rowena Pennington, played by Annabelle Peterson, and Larry Andrews, Loren Borsheim, who are planning to elope because their grandparents have forbidden them to see each other.

The grandparents, Allan Hillerdal and Joan Evenstad, meet to separate the young people, but they make up their quarrel of forty years ago, decide to arrange for their grandchildrens' wedding, but quarrel again. Maggie, the maid, is played by Joan Arndtson.

"The clever little farce "Nobody Sleeps" sparkles with clever lines tossed back and forth by a gay trio of sisters who refused to take seriously the burglar they find in the living room at midnight. Hewitt Flom plays "Spike" the burglar, Barbara Kaye, Mrs. Busby, and the three sisters are Joyce Williams, Lila Kruhn, and Evelyn Bothman.

The fourth play of the group shows Mahdi Boswell, Arlene Williams, enjoying her success in curing the romantic ills of her family. Zelda, Jeanette Grinde, wishes to win her boy-friend played by Allen Hanson, from the clutches of a convincing rival. Aunt Maisie, Joyce Roller, has tried in vain for years to bring the wealthy bachelor, Mr. Cranshaw, Phillip Jensen, to the point of proposing marriage. Even "Lobelia" the maid, played by Shirley Hoppe, has difficulties with her dark haired swain, Bertrude. Mahdi, herself does not need to "waste ammunition" on Eddie, her school boy companion, played by John Lind. Finally the charm works and the play ends with happiness and success for all.

A competent production staff are working out effective staging for each play. The stage construction staff is headed by Gerald Nelson; stage properties by Evangelyn Iverson; and personal properties by Barbara Berg.

Jane Brezney is publicity chairman; Delina Pederson and Barbara Nilsson are co-chairmen of the circulating committee. Prompters for the plays are Beatta Mattson, Donna Christensen, Arlene Williams, and Carol Kleinvachter.

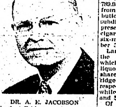
County Units Obtain $20,789 from State Liquor, Cigaret Tax

Heads State Association



DR. A. E. JACOBSON

Who last Friday was honored by election to the office of president of the Minnesota School Board association at its annual convention in St. Paul.

First Distribution under New State Law Arrives Here This Week

Warrants aggregating $20,789.03 were sent out this week from the state capitol for distribution to Pennington county subdivisions, the payments representing their share of state cigaret and liquor taxes for the six-months period ended December 31, 1947.

Largest single beneficiary is the city of Thief River Falls, which receives $6,681.00 from the liquor tax and $3,000.55 as its share of the cigaret tax. Goodridge receives $193.14 and $87 respectively from the two taxes, while St. Hilaire receives $319.68 and $144.

Of the remaining funds, $7,139.52 in liquor taxes will be apportioned to various townships of the county thru the auditor's office. The $3,216 cigaret tax payment made to the county is to be credited to the county revenue fund, according to a ruling received Wednesday by Auditor A. M. Senstad from the attorney general's office in St. Paul.

For the state as a whole the distribution of liquor taxes aggregates $3,009,453, or $1.11 per capita, while the three-cent per package additional tax on cigarets amounts to $1,390,150, or 50 cents per capita.

4 PTA UNITS PLAN JOINT BIRTHDAY PARTY TUESDAY

Committee Is Planning Program to be Given in High School Gymnasium

Members of all four local units of the Parent-Teachers association will join to commemorate PTA Founders Day at a birthday party to be held next Tuesday evening, February 17, at 8:15 p. m., in the high school auditorium, it was announced today by Miss Godelyne Troumbly, chairman of the committee in charge.

A patriotic theme will feature the buffet lunch to be served at the close of the evening.

POLIO DRIVE NETS MORE THAN $5,000

Paul Engelstad Revealed as the "Mystery Farmer"

Slightly more than $5,000 had been turned in up to Wednesday noon in the Pennington county polio fund campaign which is now being brought to a close, Glenn Carlson, drive chairman, stated today, adding that a final report will be made next week.

Carlson also revealed that Paul Engelstad, prominent Rocksbury farmer, is the Pennington county "Mystery Farmer", who at the outset of the local campaign volunteered to contribute to the polio fund an amount equal to ten per cent of the total donations made by all rural residents of Pennington county.

Mr. Engelstad this week expressed the hope that the 300 rural residents who have not yet sent in their March of Dimes cards would do so at once and make him dig that much deeper to pay his ten per cent.

Carlson stated that about 100 KTRF radio pledges also remain to be fulfilled, and he asked that they be mailed to the March of Dimes, Thief River Falls, or brought in to the Jay-Bee drug store.

Alice Jensen Weds Iver Karlstad at Service February 6

Trinity Lutheran church was the scene of a candlelight service Friday morning, Feb. 6th, when Miss Alice Jensen, daughter of Mr. and Mrs. Gust A. Jensen of Viking, became the bride of Iver M. Karlstad, son of Mr. and Mrs. Martin Karlstad of rural Thief River Falls. The ceremony was performed by Rev. G. S. Thompson at 11 a. m. in the presence of thirty relatives and friends.

Lohengrin's wedding march was played by Mrs. Art Hamilton as the couple entered, and Mrs. William Gilbertson sang, "I Love You Truly" and "O Perfect Love."

The bride was pretty in a gown of white, with long sleeves, sweetheart neckline, and veil held in place with a crown of flowers. Miss Lucille Jensen, sister of the bride, was maid of honor, wearing a light blue formal, and Mrs. G. Helm of Red Lake Falls, sister of the groom, was bridesmaid, wearing a rose formal. All carried bouquets of roses and gardenias. Sandra Hellum was flower girl.

Attending the groom were Stanley Karlstad, as best man, and Roy Wichterman, Gerry Helm, and Harold Vatthauer were ushers.

The bride's mother wore a black dress with matching accessories and the groom's mother wore a light green dress, with matching accessories. Both wore gardenia corsages.

A turkey dinner followed the ceremony at the bride's parental home. The table was centered with a decorated wedding cake.

The bride is a graduate of Park River, N. Dak. agricultural college, and the groom attended Pershing high school at Plummer. Following their return from a wedding trip to Minneapolis on February 16, they will reside on the groom's farm. For traveling the bride chose a brown suit with matching accessories.

Out-of-town guests at the wedding included Mr. and Mrs. Gerry Helm and Sandra of Red Lake Falls, and Mr. and Mrs. Stanley Karlstad of Minneapolis.

NOTED SPEAKERS TO PARTICIPATE IN WINTER SHOWS

Senator Joseph Ball and Governor Youngdahl Will be on Speaking Program

World and national affairs will be the general theme for the evening meetings of the forthcoming Red River Valley Winter Shows at Crookston. National authorities have been secured as speakers for the three evening sessions, which start on Tuesday, February 24, and continue thru Thursday, February 26. United States Senator Joseph H. Ball and Minnesota's governor, Luther W. Youngdahl, will head the list of speakers from Minnesota.

Senator J. Ball is scheduled to speak on Wednesday evening, February 25, and will use as his subject "Critical Domestic and Foreign Affairs". Dr. W. E. Peterson, professor in dairy husbandry at the University of Minnesota, who has just returned from a three-months' study of agricultural conditions in England and the Scandinavian countries, will appear on the Wednesday evening program with Senator Ball.

Minnesota's governor Luther W. Youngdahl, will not only discuss the critical problems confronting the citizens of Minnesota, but will give a brief resume of his observations on his recent trip to Sweden. Professor Dmitri Stein, a member of the Electrical Engineering staff of the North Dakota Agricultural College, will appear on the Thursday evening program of February 26 with Governor Luther Youngdahl. Professor Stein was born in Russia and received his education in Germany. He will speak on the subject "Soviet-American Relations in the Jointly Occupied Zone of Berlin".

The evening programs will be opened on February 24, with Dr. Christopher Norberg, Washington, D. C. as speaker. Dr. Norberg, a former member of the staff of the University of Minnesota, served as Chief of Special Studies for the Office of Strategic Services in northern Europe during World War II. In his residence at Moscow, he observed the Soviet foreign policy in day-to-day action. He has published many books; his most famous one, however, is "Operations Moscow", which will be the subject of his address on Tuesday evening.

An excellent program of incidental music has been arranged for the evening meetings, which include programs by the Crookston Municipal Band, musicians from the Northwest School, and the University of North Dakota.

LOCAL NEWS

Miss Ruby Peterson attended a fellowship meeting at the Gospel Tabernacle in Bemidji on Monday afternoon.

Mr. and Mrs. Francis Grahn and daughter Loveleen of Roseau arrived Tuesday for a visit here with the latter's mother, Mrs. Myrtle Hale.

Miss Barbara Elofson, student at the University of Minnesota, arrived home Thursday morning to spend the remainder of the week with her parents, Mr. and Mrs. Harold Elofson.

Mr. and Mrs. Lawrence Edwardson of Bemidji, arrived Tuesday to spend the remainder of the week with the latter's brother-in-law and sister, Mr. and Mrs. Claude Evenson.

Misses Phyllis and Peggy Olson left Tuesday morning by plane from Fargo, N. Dak., for Seattle, Wash., to visit several days before they will continue to Fairbanks, Alaska, where they intend to spend the summer with their brother-in-law and sister, Mr. and Mrs. Ordean Iverson.

Major and Mrs. Alfred J. Emard are the parents of a baby girl, Vicki Ann, born Feb. 8, according to word received by Mrs. Emard's sister, Mrs. Lloyd Johnson of this city. Major Emard is a postal officer at Camp Stoneman, Calif., and is formerly of Red Lake Falls. Mrs. Emard was employed here during the war.

Mr. and Mrs. Richard Mabey, accompanied by the latter's mother, Mrs. Clara Holzknecht, left Thursday for St. Cloud, where the Mabeys will join Mr. and Mrs. Norbert Holzknecht on a tour to Texas and Mexico city, expecting to be gone for three weeks. Mrs. Clara Holknecht will remain at St. Cloud during the trip.

GIRL SCOUT NOTES

During February, the Girl Scouts' International month, the local girl scouts are scurrying around getting ready for the biggest event of the year "The Festival of Nations," which will be presented at the auditorium February 28 from 5 to 8:30 p.m. An excellent program will be assured. From the many foreign countries, each troop has selected one to portray. Besides many exhibits, characteristic foods from these countries will be on sale, making it possible for you to eat your dinner there. It promises to be lots of fun.

Troop 26 held its election of officers, as follows: Janice Lindberg, president; Shirley LaPorte, secretary; Gloria Melby, treasurer; and Adelle Hanson, scribe.

Last Monday they also had a Valentine party at the Brownie room of the Northrop school with Mrs. Don Kolbo, their leader, in charge. The girls had their boy friends as guests, and spent the afternoon playing games and exchanging valentines. A delicious lunch closed the afternoon.

Adelle Hanson, scribe.

The Washington Brownie troop will present the program over KTRF next Monday at 5:30 p.m., with Kathryn Sagmoen, leader and Marilyn Olsen, assisting. A quiz program will be given.

The regular leaders meeting will be held in the Civic and Commerce rooms Monday, Feb. 16 at 8 p.m.

The girl scouts of troop 13 held their election of officers Wednesday afternoon of last week. Audrey Aase was elected president, and Marjorie Havel, scribe. They formed their patrols and the troop now has five.

Troop 16 is selling "while-away" diaries, stickers with names, stationery and cards. These may be had by notifying any member of troop 16. For our meal at the "Festival of Nations" we are serving French salad, and French bread, sliced and buttered. Margaret Gross, our assistant leader, who came from France, is helping us. Katherine Plom, scribe.

G. F. MIDGETS TAKE TOGGERY SIX 3-2

Game Played Saturday on Grand Forks Rink

The Grand Forks park board midget hockey team evened their series with the Bjorkman's Toggery midget hockey team on Saturday morning, defeating the locals, 3 and 2, in a game played on the University of North Dakota's rink at Grand Forks. An attempt will be made to arrange a third and deciding game in the series.

Ron Geatz accounted for the winning goal for coach Cliff Purpur's team when, in the third period, on an assist by Curtis Storbakken, he broke a 2-all deadlock by shoving a score past goalie Rodger Elofson. The locals had kept the game on even terms by tallying in the first period on Jack LaSalle's solo goal, and on an unassisted score by Marvin Jorde in the second period.

In another midget hockey game played Friday evening, with a local team making a trip to Emerson, Manitoba, the Canadians proved too big and too fast for they handed the local sextet a 12 to 0 defeat.

The summary:

Bjorkman's Toggery (2)	vs.	Grand Forks All-Stars (3)
Elofson	goal	Johnson
Lund	defense	Buddy
LaSalle	defense	Twedell
J. Poole	wing	R. Geatz
M. Poole	wing	Hoppe
Jorde	center	Storbakken

Scoring by periods:

	1st	2nd	3rd	
Bjorkman's Toggery	1	1	0	—2
Grand Forks	1	1	1	—3

First period scoring: Storbakken (Twedell); LaSalle, unassisted.

Second period scoring: Peterson (Harjoff); Jorde, unassisted.

Third period scoring: R. Geatz (Storbakken).

Spares: Thief River Falls—Kotaska, Vad, Quesnell, Ripley, Gutu, Proulx, Perrault, J. Poole, Grand Forks—Knauf, Peterson, Carl, Hogan, J. Geatz, Hedlund, Dahl, Laffner, Gerstner.

STATES-DOMINION LEAGUE STANDINGS

Thieves in First Place by Substantial Margin

League Standings

	W.	L.	T.	G.	Opp.	Pts.
T. R. Falls	7	1	1	70	42	17
Grand Forks	5	2	0	48	37	10
Hallock	4	3	0	53	44	8
Emerson	2	5	0	47	64	4
Crookston	0	6	1	25	60	1
Warroad	0	1	0	3	9	0

Results of the week's games:

Thief River Falls, 7, at Hallock, 6.

Crookston, 3, at Grand Forks, 6.

Thief River Falls, 13, at Emerson, 3.

Games this week:

Jan. 15th, Hallock at Grand Forks.

Jan. 15th, Emerson at Crookston.

The Thief River Falls Thieves clinched first place in the league standings on Tuesday night by trouncing Emerson, 13 to 3, at Emerson, and regardless of the outcome of the Hallock Legionnaries vs. Grand Forks Amerks game at Grand Forks on Sunday, and if, as rumored, the league directors decided to "toss" the Warroad game and its four points out of the league records, coach Connie Stanbridge's club will hold the top rung.

The Grand Forks vs. Hallock game, and the Emerson vs. Crookston contest will conclude the States-Dominion schedule. According to league secretary Russ Embury, league directors will meet here this evening to determine the play-off procedure to be used to determine the league championship.

G. H. NOHRE HEADS HEART FUND DRIVE

Musical Show to be Staged to Raise Funds

State headquarters of the American Legion and auxiliary have announced the completion of plans for the state-wide campaign to raise funds for a heart research professorship.

To beat heart disease, doctors must know more about it. To make that possible The American Legion, Department of Minnesota—through the American Legion Foundation — will establish a memorial heart fund to endow a research professorship for study of the causes and cures of heart disease and the closely-related problems of rheumatic fever and rheumatic heart disease.

The money will be held in trust by the University of Minnesota. The fund will be used to engage an outstanding research director, who will explore the whole field of heart ailments but will give special attention to rheumatic heart disease in children. Research will begin July 1, 1948.

Pennington county has been asked to contribute a fair share towards the heart fund and plans are already being formulated to make the campaign a success. Gordon H. Nohre of the Legion Post and Mrs. H. F. Harrison of the auxiliary unit will act as chairman and vice-chairman for Pennington county. A musical variety show, "Anything Goes," under the direction of Mrs. Jeannette Wright, is to be given in April and the proceeds will go to the heart fund.

A campaign kick-off memorial heart fund radio broadcast is scheduled for Saturday, Feb. 14th, at 9 P. M. over WCCO. Speakers will include Governor Luther Youngdahl, Dr. J. L. Morrill, president of University of Minnesota; Dr. Harold S. Diehl, dean of the University medical school, and Dr. Charles W. Mayo.

Funeral Rites Held for Arthur C. Rud, Resident of Viking

Funeral rites were held Wednesday afternoon, Feb. 4, at the Zion Lutheran church in Viking, for Arthur C. Rud, 47, who passed away at a local hospital Jan. 30. Rev. Carl Thompson of Viking and Rev. Thv. Myhrer of Newfolden officiated and interment was made at the church cemetery.

Mrs. Kore Myhrer sang "Beyond the Sunset", Virgil Hjelle, "Den Store Hvide Flok", and Glenn Anderson, "Come Ye Disconsolate" and "As Sinks Beneath the Ocean."

Born in Viking township on Oct. 21, 1900, Mr. Rud received his elementary schooling there and later attended the northwest school of agriculture at Crookston. In 1925 he was united in marriage to Celia Bjorge of Thief River Falls, who passed away in 1933, and to this union were born two children. On November 6, 1937 he was united in marriage to Mrs. Mildred Anderson (nee Engen) of Viking.

Surviving are his wife; three children, Betty, Duane and Halward all of Viking; three sisters, Mrs. H. O. Sande and Mrs. O. O. Sande of Thief River Falls, and Mrs. A. C. Andreason of Radium; two brothers, Henry Rud of Viking and Martin Rud of Crookston. He was also preceded in death by his parents, a brother and sister.

PROWLER SEXTET WHIPS GREENBUSH TO END SCHEDULE

Local Team Registers Decisive 7 to 1 Win on Arena Ice Saturday

The hockey Prowlers ended their season's schedule on Saturday night by defeating an aggressive Greenbush high school sextet, 7 to 1, on the Arena ice. This week the locals are participating in the regional hockey tournament which is being played here, and the first round of which was concluded last night. The semi-finals are slated for Friday night, with the championship finals billed for 7:15 P. M. Saturday night.

The Greenbush high school six, showing considerable improvement over their play of last year, caused coach "Babe" Paulsen's squad plenty of trouble before the Prowlers were able to build up a comfortable lead. Al Steenerson's hard drive from the left side of rink gave the locals a 1 to 0 lead early in the first period, but that was the only score the Prowlers were able to record in the opening frame. Derwood "Swede" Lund's pair of second period goals, with Steenerson and Graydon Garlough assisting on the first, and Steenerson getting an assist on the second, gave the blue-and-gold a 3 to 0 lead moving into the third period.

Goals by Lund, Jack Erickson, Don Baken, and Emil Magnuson boosted the locals lead to 7 to 0 in the third period, and Greenbush barely averted a shutout when, in the final minutes of play, Herb Reese punched a score past goalie Miles Thorson and into the south net. Jack Erickson's goal was the result of neat bit of team play, with Rene Walsberg flipping a pass to Erickson as the two reached the Greenbush defense and Jack beat Paul Montry with a hard shot. Emil Magnuson registered the final tally on a rink-length solo, lifting a backhand shot into the net from six feet in front of the goal.

The summary:

Thief River Falls H. S. (7)	vs.	Greenbush H. S. (1)
Thorson	goal	Paul Montry
Dennis Lund	defense	O. Reese
Bradley	defense	Pulczinski
Garlough	wing	H. Reese
Steenerson	wing	Peterson
Derwood Lund	center	Rasmussen

Scoring by periods:

	1st	2nd	3rd	
Thief River Falls	1	2	4	—7
Greenbush	0	0	1	—1

First period scoring: Steenerson (Garlough). Penalties: none.

Second period scoring: Derwood Lund (Steenerson, Garlough), Derwood Lund (Steenerson). Penalties: none.

Third period scoring: Derwood Lund (Garlough); Erickson (Walsberg); Baken (A. Reese); Magnuson, unassisted; H. Reese (Peterson). Penalties: none.

Spares: Thief River Falls—Erickson, Arras, Walsberg, A. Reese, Ness, Baken, Walker, Kaisler, Magnuson, Karlik, Christenson; Greenbush—Suther, Gjovik, Anderson, E. Erickson, Pete Montry, Borgen.

Officials: referee, Connie Stanbridge; linesman, Ernie Hellquist.

Lions Club Wednesday Hears Address on Russia

Members of the Lions club at their luncheon meeting Wednesday noon in the Rex Cafe heard an interesting address by Rev. G. P. Schroeder of Minneapolis, Baptist pastor and native of Russia, who spoke on the topic, "Behind the Iron Curtain". Lester Ihle, vice president of the club, had charge of the meeting in the absence of President George W. Werstlein.

Youth Breaks Probation, Committed to St. Cloud

Following issuance of a commitment order by Judge J. E. Montague last week, Sheriff Arthur Rambeck Saturday apprehended Robert Kenneth Frost at Shevlin and delivered him to the state reformatory at St. Cloud. Frost, formerly of Roseau, was taken into custody for violating his probation in January, after having been on probation since conviction last spring for the burglarizing of the Mirt Bowling Alleys and the Thief River Falls Oil company.

GOOD NEWS OR BAD?

Commodity prices took a nose dive this past week and as the prices slipped lower day after day the question in everyone's mind was is this the end of the joyride. The men who get paid for telling us why such things happen have explained that it could be the beginning of a bust but that more likely it is merely a healthy adjustment brought about by the forces of supply and demand.

Here in the agricultural communities we wonder if this is going to be a repetition of what happened in 1920 when the agricultural depression started. It may have been the recollections of 1920 that started the recent decline. Commodity prices just about reached the 1920 peak a few weeks ago and from that point they started the gradual slide that became the dive. Traders might have been haunted by the ghosts of 1920.

Because of the government price support program, however, there is no reason to fear that the dive is going to end in a crash and we do not have to worry about 60c wheat and 10c oats for a while at least. The really important question is whether the peak of inflation has been passed or are prices going to bound up again to new highs. That is something to be feared more than a moderate price decline.

Declining prices may bring about very substantial tax reduction for the American people—and reduce the government surpluses that some congressmen seem to think are a very bad thing for our country. It isn't the kind of tax reduction we want of course, but the declines are certainly coming at an opportune time to keep Congress from acting foolishly. Uncle Sam may soon need everey penny he can scrape together just to meet his heavy current obligations.

Is Russia undergoing a change of policy. Some observers see indications of a less stubborn attitude that they think might be the beginning of a new and more peaceful approach to world problems. Moscow has recently agreed to a reduction in reparations demanded of Austria; has taken steps to meet exchange obligations in western Germany; has finally opened negotiations to settle their lend-lease account with our country, and the new Russian Ambassador to Washington is unusually sociable. If the hard-boiled attitude is dropped it is because it failed to accomplish its purpose. We didn't run away every time the Russians huffed and puffed. If there actually is a change of policy and friendship is to be tried where threats of force failed, then friendship should be met with friendship. It may be just another act as far as the leaders are concerned but it could be the beginning of a better understanding and a more genuine friendship with the Russian people.

For the time being at least we are going to have less clamor for food rationing and price control.

A few years ago our scientists penetrated the vast unexplored regions of the atom and found exactly what they expected to find. The fact that they obtained results that they had figured out mathematically they would obtain satisfied skeptics that they knew what they were about. Now our scientists are about to penetrate hitherto unexplored regions of space. A 200 inch telescope, by far the strongest ever built, will soon go into action, enabling astronomers to observe the conduct of suns a billion light years away. To us this is all crazy talk. Light travels seven times around the world in a second they tell us, and they are going to play with planets so far away that it takes a billion years for their light to reach us. In our book that means that what they are looking at now actually happened a billion years ago and they will have to live another billion years to find out what the weather is today. To us it doesn't make sense, but neither did the nonsense they told us about the atom. It sounds nutty, but we'll bet a new hat they're right.

Get Correct Data When Reporting Accidents

Persons taking license numbers of vehicles involved in accidents or traffic violations should be sure to get the numbers correctly, a state highway bulletin suggests.

In many cases numbers reported to the highway department are found to belong to vehicles that were nowhere near the scene of the accident. In such cases efforts to use the safety responsibility act to bring about a settlement come to naught, unless the owner of the vehicle actually involved makes a correct report.

Besides writing down the numbers promptly and correctly, efforts should be made to get the owner's name, make and model of car, and other verifying data.

Ed Moren Returns from Weed Inspectors Course Held on U Farm Campus

Chemicals, especially 2,4-D will play an increasingly important part in the control of weeds in 1948.

Ed Moren, county weed and seed inspector, was among the 100 persons who heard this prediction at the annual weed and seed inspectors' short course held at University Farm, late in January.

The inspectors were given the latest available information on weed control at the course, according to J. O. Christianson, director of agricultural short courses.

The program included a review of weed laws, important insect problems of 1948, new seed developments and corn borer control measures.

3 BLAZES MONDAY WITHIN SIX HOURS

Several Hundred Dollars Damage Caused by Fires

The local fire department responded to three alarms Monday within the space of six hours; while no other fires were reported during the remainder of the week.

The first blaze was reported at 1:30 from the E. A. Gausen home at 1003 Duluth av. N., where sparks from a chimney fire ignited the shingles on the roof and burned several holes in it, the damage being estimated at about $75.

A fire broke out at 3:30 in the kitchen of the Oscar Mostrom residence at 937 LaBree av N., and the blaze, which caused about $200 damage to the room and contents, was virtually extinguished by Mostrom and Leonard Schultz, another tenant, before the firemen arrived at the scene. Mostrom suffered burns on his hands and arms, and the firemen administered first aid.

The day's third fire at 7 p. m. broke out in the rear of an enclosed truck when a charcoal stove became overheated. Small damage resulted to the truck, which was owned by Art Huldahl of Hatton, N. D., and was parked in the rear of the Firestone garage.

BUSINESS WOMEN HEAR MRS. KILAND

Mrs. Jennette Wright Also Speaks at Session

The Pennington county commander for the Minnesota Cancer division, Mrs. Ray Kiland, Tuesday night addressed the dinner meeting of the Thief River Falls Business and Professional Women. She has headed the Pennington County cancer division for the past four years.

In her report to the club, Mrs. Kiland described the now nearly-completed cancer detection clinic at the University of Minnesota. The clinic's services will be available to Minnesota residents over 45 years old. It is expected that a thousand persons will be examined yearly. Medical records are to be used for detection research by cancer specialists.

Another dinner guest at the meeting was Mrs. Jeanette Wright, who described the American Legion Auxiliary's musical comedy to be presented in April. It is to be a benefit show for the unit's heart fund. Joanne Wedul will represent the Business and Professional Women in the production.

Program chairmen for the evening were Mrs. Clenore Storholm and Mrs. Irene Forsberg. A valentine motif was used in table decorations. Miss Alma Klawitter sang two solos accompanied by Joyce Roller.

Rev. Lindholm Returns from Trip to Chicago

Rev. L. W. Lindholm, returned Wernesday from Chicago where he attended sessions of the annual Founder's Week conference at the Moody Bible Institute. Community Church Will Hold Lenten Sessions

"Personalities of the Passion" is the general theme for the Wednesday evening Lenten meditations at the Community Methodist Church. These services will be held every Wednesday evening during Lent at 8:00 p. m. in the church and will be in charge of Rev. D. T. Beadle, pastor. The first in the series will be given next Wednesday and is entitled, "Peter: the man of impulse."

In the poultry house, a 40-watt bulb will take care of 200 square feet of floor space or about 100 layers, says George Briggs, professor of poultry husbandry at University Farm.

Mrs. Bernard Wells visited for several days at the Clyde Hutchinson home in Goodridge last week.

Overabundance of Deer Reported in Thirty States

Although countless sportsmen have hunted long and hard to bag a deer, 30 of the 48 states have areas where deer are too abundant, Wildlife Management Institute reports. In deer trouble areas, the animals have become so numerous that they have devoured all available high quality foods and have starved to death in large numbers. Stomachs of starved deer are usually full of food, a survey reveals, but the foods are of such low quality that while they supply plenty of bulk, their nutritional value is negligible.

The survey of deer trouble spots in the United States was made by Aldo Leopold, Lyle K. Sowls and David L. Spencer of University of Wisconsin. They point out that more than 100 different deer herds in the 30 states have reached the excessive population density that resulted ultimately in destruction of the food supply and starvation for the deer.

Areas of overabundance of deer have developed chiefly since 1900, it is pointed out, because before that time the two chief natural enemies of deer, timber wolves and mountain lions, were found on most deer ranges and tended to check local overpopulations both by actual destruction of some deer and by keeping them moving. Coyotes are not effective predators of deer because overpopulations frequently have developed where coyotes are numerous, but never where wolves or cougar occur.

Deer overpopulations are among the most critical wildlife conservation problems in the nation, because the public so often resists control measures necessary to cure the situation.

Thieves Clinch 1st Place in League by Defeating Emerson

The Thieves put a "cap" on a successful hockey schedule on Tuesday night when they swamped the Emerson Canadiens, 13 to 3, in a States-Dominion league game played on the Emerson rink. The win, the locals' seventh in league competition, clinched first place for the Thieves in the league standings. Two games remain to be played in league competition, with Hallock playing at Grand Forks on Sunday, and Emerson playing at Crookston, also on Sunday.

A league director's meeting will be held here on Thursday night and at that time the details of the States-Dominion league will be completed. On Sunday afternoon the Thieves will meet the Winnipeg Dodgers for the second time, and the locals will attempt to avenge the 10 to 9 defeat from Joe Popiel's sextet several weeks ago.

The Thieves, utilizing three forward lines, possessed too much scoring power for the injury-ridden Emerson Canadiens on Tuesday night, racking up a 5 to 1 lead in the first period, adding three goals in the second period, and winding up with another five-goal splurge in the third period.

"Mouse" Efteland, on a pass from Les Vigness, tallied the game's first goal at the 4:39 mark, scoring on a hard shot from the left side of the ice. Bill Zippel, on a pass play from Babe Paulsen, came in close for the second goal, scoring at 8:07; and Tony Dorn slapped in the third goal at the 11:11 mark of the first period.

Efteland, picking up an Emerson "clearing" pass in front of the Emerson net, whipped the fourth goal into the cage; and Lloyd Johnson, from just outside the goal crease, scored the Thieves fifth counter of the period at the 16:25 mark. Emerson's diminutive center-ice player, Roland Valcourt, tallied the Canadiens' first marker, beating goalie Swanson with a close-in shot after getting a pass from Kian.

Goals by Zippel, Paulsen, and Vigness, boosted the Thieves lead to 8 to 1 in the second period. The game became "heavy" in the final minutes of the period, with both teams resorting to bruising body checks and slashing stick-work. Referee Jack McGee kept the game "in hand" by calling five penalties.

After Lesperance and Valcourt had opened the third period with a pair of Emerson goals, bringing the score to 8 to 3, the Thieves, in a space of four and one-half minutes, marked up five goals to give the locals a 13 to 3 win.

In an exhibition game played on Sunday afternoon, the Thieves, after playing sluggish hockey in the first period and trailing by a 4 to 2 score, rallied for seven goals in the second period and six goals in the third period to defeat the St. Boniface "Ancients", 15 to 5, at the Arena rink here.

Right-wing Babe Paulsen sparked the locals second and third period scoring drives, getting three goals in each period, and center-ice Lloyd Johnson came in with a pair of goals in each of the periods.

DEVILS LAKE BOWS TO PROWLER QUINT 40 TO 35 ON FRIDAY

Local Team Will Meet Grand Forks Maroons in Grand Forks Friday

The Prowlers put a "crimp" in the title hopes of the Devils Lake Satans here Friday night, scoring a 40 to 35 win in a North Valley conference basketball game. The victory lifted the locals into a second place tie in the conference standings with the Grand Forks Maroons, with each team having a record of four wins and two losses. On Friday night this second-place deadlock will be broken, for the Prowlers will meet the Maroons in a game on the Grand Forks court.

Coach Roy Reslock's burly Satans were impressive in their pre-game drill and warm-up, and appeared capable of handing the locals a defeat. But following the first period tip-off it was evident that coach Nick's Prowlers possessed too much speed and ball-handling ability for their husky opponents. After a minute and a half of play Ronholm marked up the first point on a free throw. Big Micky Kelly made the score 1-all on Wagner's foul, but Harley, scoring on a jump-shot, gave the locals a 3 to 1 lead, and when Williamson and Davidson scored field goals, the Prowlers held a 7 to 1 advantage.

Kelly tallied the Lakers first field goal when he tipped in a rebound shot, but Williamson's overhand hook shot, and his free throw try when fouled on the play, gave the locals three points. Marlow Davidson hit with a long shot, and Williamson, driving into the lane, looped a one-handed shot into the east basket. The second period of play lagged at time when the Prowlers, in attempting to draw the Satans out of their zone defense, passed the ball around near mid-court. The locals left the floor at the intermission holding a 17 to 11 lead, and of those 11 Devils Lake points, Kelly had scored nine.

In the third period, the Prowlers increased their margin over the Satans, outscoring the visitors, 13 to 9, to gain a 30 to 20 lead. Ronholm hit with a pair of long shots, and Williamson, Davidson, and Wagner added field goals. The Prowlers, in the second and third quarters, were scoring on a large percentage of their field goal tries, having a string of eight straight field goals.

The tempo of the game quickened in the fourth period, with coach Reslock sending Lee, Samdahl, and Aarsby into the lineup, and shifting the Satan defense from a zone to a man-to-man system. The Lakers, with Samdahl getting three field goals, outpointed the Prowlers, 15 to 10, in the fourth quarter.

Al Williamson of the Prowlers and blond Mickey Kelley, each with fourteen points, were game's high scorers.

In an exciting preliminary game, the Plummer quint, after trailing by a 5 to 2 score at the end of the first period, and 16 to 14 at the half, piled up a winning advantage in the second half to defeat the Prowler 'B' team, 36 to 32. Bob Swanson, with fourteen points, and Sonny Corenson, with thirteen points, were the high-point men for the winners. Lawrence Perkins, with four field goals, and Don Green and Maynard Troland, with 3 field goals and a free throw each, were the high scorers for coach Wayne Johnson's squad.

REGIONAL HOCKEY TOURNAMENT NOW UNDER WAY IN CITY

Prowlers Whip Greenbush in First Round Game; to Tackle Warroad Friday

In first-round games of the eighth regional high school hockey tournament played here Wednesday night, Thief River Falls and Roseau earned places in the semi-finals. The Prowlers subdued a stubborn Greenbush high school sextet, 5 to 0, while the defending champion Roseau team beated the Hallock six, 2 to 0.

In the semi-final games scheduled for Friday evening, the Prowlers will meet the favored Warroad Warriors at 7:15 P. M.; and the Roseau team will play the Williams club at 9:00 P. M. The winners of the Friday night semi-final games will meet at 7:15 P. M. Saturday night for the regional title and the right to represent the eighth region in the state tournament to be played in St. Paul.

Wednesday evening's first-round games, while the outcome was as predicted, provided the Thief River Falls and Roseau teams with sterner opposition than had been anticipated. Greenbush's goalie, Paul Montry, played a brilliant game against the Prowlers, particularly in the first period when he held the locals scoreless. Jackie Erickson broke the scoreless deadlock with a backhand shot into the south goal at the 1:45 mark of the second period; and a couple of minutes later, Swede Lund, getting a rebound off Steenerson's shot, scored on a close-in drive. Rene Walsberg followed a goal at the 4:00 mark. And Ronnie Ness, on an assist from Swede Lund, rammed in the period's fourth goal with 57 seconds of play remaining.

Opening the third period, with the Prowlers two men short due to penalties, Swede Lund raced in following the face-off to score a quick solo at 0:05. Holding a 5 to 0 lead, the Prowlers, with the Warroad game in prospect for Friday evening, appeared content to play defensive hockey and check the Greenbush rushes in mid-ice.

Hallock's be-spectacled Bob Blair turned in another of his first-rate net-minding jobs, with the result that Roseau was extended considerably in recording a 2 to 0 win in Wednesday night's second game. Stocky Roy Baumgartner scored the first goal for coach Oscar Almquist's team when he hit the mesh at 5:42 in the opening period, with Del Hedlund setting up the play for his team captain. And in the second period, Lavern Bjorkman, younger brother of Roseau's captain of last year and all-state player of 1946 and 47, Rube Bjorkman, skated into the north goal to beat Blair with an angle shot at 10:25 of the period.

BEMIDJI DEFEATS PROWLER QUINTET BY SCORE OF 48-30

Lumberjacks Reveal Marked Superiority in Making Free-throws

For the second time this season the Bemidji Lumberjacks, the eighth region's basketball titleholders, defeated the Prowlers scoring a 48 to 30 win over the locals in a game played on the B. S. T. C. floor in Bemidji on Saturday night.

Coach Bob Nick's Prowlers played the highly-regarded Lumberjacks to a more even game than the 18-point winning margin would indicate, and it was a remarkable percentage of conversions on free throw attempts that boosted the Jacks' point total. In the first period of play both teams counted three field goals from the field, with Palmer Ronholm, Wally Grovum, and Erven Skaar getting the two-pointers for the locals, and Ronholm adding a point on a free throw. But the Lumberjacks, in addition to field goals by Knutson, Calhoun, and Aakhus, piled up seven points on eight free throw ties, to gain a 13 to 7 lead.

The Prowlers played the Lumberjacks on even terms in floor play in the second period, and it was only a three-out-of-four from the free throw line that gave the Jacks the point honors, 7 to 6, and a 20 to 13 lead at the intermission. Harley Wagner's field goal, and a pair of free throws and a field goal by Ronholm accounted for the Prowler points.

In the third and fourth periods, Bemidji, taking advantage of Prowler defensive lapses, and making use of their height to control the rebounds and jump-balls, utilized a "fast break," with forward Chuck Grover scoring four field goals, pulled away from the locals to build up their lead to 18 points. Bemidji continued their deadly free-throw scoring in the second half, converting eight out of nine attempts.

Harley Wagner and Palmer Ronholm paced the Prowler scorers, having ten points apiece. Chuck Grover, with thirteen points, and Dick Calhoun, with ten points, led coach Mike Lagather's regional champions.

Keeping Score

…. [illegible]

Anything Can Happen.

With the Warroad Warriors meeting the Prowlers in a game at 7:15 P. M. tomorrow night, and the defending champion Roseau six playing the Williams team at 9:00 P. M., the eighth region's high school hockey tournament will have moved into the semi-finals. The championship finals are scheduled for Saturday night at 7:15 P. M., with a consolation game being played at 9:00 P. M.

Northwest prep hockey fans, who are the most rabid in the state, are exhibiting plenty of excitement over the outcome of the tournament, and each of the four semifinalists can boast of *numerous supporters.* While Bernie Broderick's Warroad team, due to its season's record, in which it was undefeated in league play, has been installed as a slight favorite; but with such teams as Roseau, Thief River Falls, and Williams competing, anything can and probably will happen.

With Broderick expressing concern over Warroad's first round game with the Prowlers and Roseau's Oscar Almquist fearing the stylish passing of the Williams sextet, none of the coaches are oozing with confidence. Coach Babe Paulsen's Prowlers have revealed plenty of improvement during the past several weeks. In fact, Oscar Almquist, after watching the Prowlers play Roseau to a 4-all tie a short while ago, contended that the locals are the most improved team in the region. And Warroad, having played a 2 to 2 tie with the Crookston Cathedral team on Saturday night, may be past the high-scoring peak that they reached when they played the Prowlers here on January 24th.

One factor that adds to the unpredictability of the tourney's outcome is the number of freshmen and sophomores that are in the lineups of the teams. And several of these freshmen and sophomores (and eighth graders, too) hold important positions with their respective teams. How these youngsters will perform under the stress of tournament play is a matter that increases the worries of the coaches.

A sure thing, though, is that Warroad's Max Oshie, the Prowlers' Swede Lund, Roseau's Ray Baumgartner, and Williams' Johny McKinnon will, if they play up to their usual form, be all-regional selections.

For the Record.

The senior hockey Thieves 13 to 3 win over the Emerson Canadiens marks one of the first times, if not the first time, that a local team has defeated Emerson on the Emerson rink. And it's definitely the first time that the Thieves have piled up such a lop-sided win at Emerson. Emerson, after losing a Manitoba intermediate play-down series with Swan Lake on Monday night, losing by one-goal in a two-game total-goal series, weren't as "sharp" as usual, while the locals' three-line offense completely over-powered the Canadiens. Emerson, with the Ayotte, LaRocque, Loiselle, Ben and Nap Comeault of Letellier in their lineup, defeated Swan Lake, 7 to 5, at Emerson on Saturday, but in the second game of series, played at Swan Lake on Monday, the Canadiens lost by a 9 to 6 score.

Jack McKee, refereeing the game in the absence of Pete Ullman, who has accepted a position as referee in the Maritime League in eastern Canada, expressed himself in informal conversation following Tuesday night's game of his All-States-Dominion league team. And it would line up like this: at goal, either Tony Loiselle of Hallock or Greek Swanson of the Thieves; at defense, Tony Dorn of the Thieves and Ben Comeault of Hallock; at centers, Cliff Purpur of Grand Forks at Louis LaRocque of Hallock; at the wings, Babe Paulsen and Bill Zippel of Thieves, Russ Johnson of Grand Forks, and Armand Ayotte of Hallock.

It's Getting Interesting.

Ham Bergland's Western Oil team, which had been making a run-away race of the City Bowling league, is beginning to show final stretch jitters, with their lead having been pared to four games. The Westerns hold a four-game lead over the second-place Forkenbrock Motors, and there are four weeks of the season remaining. The league leaders have three-game matches to bowl with Hartz Warehouse, V. F. W., Plummer, and Forkenbrock, and in that order.

It could happen that the final three-game match of the schedule, with Forkenbrock would decide the championship. That's the way Ted, Babe, and Julian Lendobeja, Cal and Mert Ripley, Millard Peterson, and Jack Forkenbrock hope it will be.

Marine Corps League Plans for Activities

The Tony Dorn Detachment of the Marine Corps League held its regular monthly meeting at the Rex Cafe on Tuesday evening. Plans were made for a local window display for two Jims Day on February 17th. Other subjects discussed included: a wrestling match sometime during the month of April to be sponsored by the detachment and organization of a drill team on an active basis. In the absence of Commandant Orville Eide, Stephen Austin and Clifford Bugge were in charge of the meeting.

JANUARY TRAFFIC CRASHES KILL 28

Auto Deaths for Month Lowest in Two Years

Motor vehicle traffic accidents brought 28 deaths in Minnesota in January, according to reports compiled by the State Highway Department.

Although 28 is just 28 too many, the January total has some encouraging aspects. It is 17 less than in January, 1947, and it is the lowest number in any month since February 1946.

The January drop in traffic deaths is a good start in the Minnesota Safety Council's drive to save 400 lives in 1948—"399 and yours." The goal is a reduction of 150 in traffic deaths, 130 in home accidents, 30 *in industrial* and 50 in water and hunting accidents.

Pedestrians predominated among the January traffic victims with 12 killed. All but two of them were past 60. All of the fatal pedestrian accidents occured during hours of darkness and all but three in the larger cities.

Eight were killed in vehicles that ran off the road and overturned or struck fixed objects, seven in collisions of motor vehicles and one in a grade crossing crash. Included were three killed in a truck which overturned and burned, and six killed in three crashes which took two lives each.

Failure to reduce speed for icy stretches or at times when visibility was poor was blamed for several of the fatal accidents. Drivers falling asleep were believed to have caused at least two deaths. Four out of every five of the fatal accidents occured during the hours of darkness.

THESE RECORD-CONSCIOUS HENS!

An Austra-White hen on the R. H. Wetenkamp farm at Red Lake Falls laid two normal eggs in one day. While a pullet on the Ed Perreault farm nearby balanced up production by starting out with an egg about the size of a thimble.

SERENADE TO AN ALLIGATOR . . . Robert Bullerman, keeper at the Brookfield, Ill., zoo, blows a B-flat two octaves below middle C on his French horn in the forlorn hope that it will incite this bashful male alligator to give with a mating bellow. Bullerman failed, but a quartet of French horn masters did the trick.

POLITICAL ROUNDUP

By Arthur Naftalin

The political front in Minnesota is astir these days with mounting activity in a half-dozen different sectors. With five months to go yet before filings for office officially open, the present indications are that this will be an unusually exciting election year. At the moment, political leaders in the various camps are busily engaged in the backstage maneuvers preparatory to the open firing, but already campaign oratory has begun to resound over the state.

The most active political spot in the state is the Stassen-for-President headquarters in the Pillsbury building in Minneapolis. Here a staff of 25 clerks, stenographers, and typists are at work on the voluminous details of the Stassen campaign. To critics who raise questions as to how this huge organization is being financed the Stassen managers report that the money has been raised entirely in the form of small contributions from Stassen supporters in Minnesota and elsewhere.

National observers are paying more and more attention to Stassen's bid for the nomination. His entry into the Ohio primary against Senator Taft has highlighted differences on matters of issues within the GOP, and Stassen himself has become increasingly confident that his chances of winning the nomination are improving. At the moment, his supporters are concentrating their attention on the March 9 Presidential primary in New Hampshire, after which comes the Nebraska primary on April 13.—On which day, incidentally, Stassen will observe his 41st birthday.

Meanwhile, on the state level, Republicans are preparing for their precinct causes on next Friday, February 20. The visit this week of Senator Taft for the state party's Lincoln Day observance in St. Paul is certain to sharpen interest. The Republican Women's Workshop is rushing a busy program, and activity will reach a high pitch during the next month, culminating in the state convention on March 20.

Work has already started in behalf of Senator Joseph H. Ball's re-election. Last week formation of a Hennepin county volunteer committee for Ball was announced as a forerunner to a statewide committee to be organized soon. The chairman of the Hennepin group, Stanley B. Newhall, frankly stated activity was getting under way now in behalf of Ball in an attempt to head off the candidacy of Mayor Hubert H. Humphrey of Minneapolis. "We thought we would throw down the gauntlet to Mr. Humphrey right here in his own bailiwick," Newhall told the press.

Mayor Humphrey, meanwhile, was in Washington, where he visited with President Truman. He assured the President that every possible effort would be made to keep the Democratic-Farmer-Labor Party in the national Democratic Party by resisting the efforts of the Henry Wallace supporters who hope to use the DFL for the Wallace "third-party" campaign. Time magazine, commenting on Humphrey's visit with the president, hinted at the possibility of Humphrey's being Truman's running mate for Vice President.

On still another sector of the Minnesota front, the state central committee of the DFL has summoned into session on February 19, the day of the Party's Jefferson-Jackson day dinner. The call for the meeting went out over the head of State Chairman Harold Barker. It was issued by 30 members of the committee, who pointed out that the central group has not met since 1946 and that the Party constitution requires it to meet twice annually. At its February 19 meeting, the central committee will issue the call for the Party's state convention, which will be the crucial event in determining the DFL's future in the state.

The supporters of Henry Wallace are sparing no effort in pushing their program to capture the DFL. Plans are now definitely under way to bring Wallace to Minnesota for a three-day swing.

MOTHER NATURE IN GENEROUS MOOD

A small apple tree at Paynesville yielded 18 apples last fall so large that two of them fill a quart jar; one of them measured 13¾ inches around and weighed 12 ounces. Will Mead of Brainerd is proud of a 22-inch ear of corn with 28 rows of kernels, measuring four inches in diameter—better than 12 inches around; but is rather rueful as he recalls that Jim Hill, railroad magnate, once offered $1,000 for a 14-inch ear of corn produced in Minnesota. Triplet Holstein calves were born on the Henry Wolle farm near St. James.

The color of the yolk is not an indication of the quality of an egg. An egg with either a light or dark yolk may be of high or low quality, according to W. H. Dankers extension marketing specialist at University Farm.

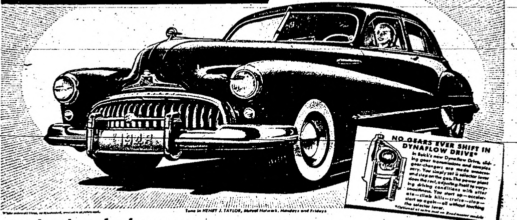
Fashion Plate for '48



NO GEARS EVER SHIFT IN DYNAFLOW DRIVE*
In Buick's new Dynaflow Drive, sliding gear transmissions and complex gear-changers are made unnecessary. You simply set a selector lever and step on the gas. The power plant does the rest, adjusting itself to varying driving conditions with utter smoothness. You start up—accelerate—climb hills—cruise—stop—start up again—all without touching the selector lever.
*Optional at extra cost on Roadmaster models

White sidewall tires, as illustrated, available at extra cost.
Tune in HENRY J. TAYLOR, Mutual Network, Mondays and Fridays

Buick takes the bows—with ten sparkling models, a new Vibra-Shielded ride, sensational Dynaflow Drive, 30-odd new advances

The curtain's up—the show is on—and square in the spotlight of public favor is this fashion-plate Buick.

This bonnie, brawny beauty is taking bows for the eye-appeal of its ten stunningly-smart models . . .

Catching bouquets on the utter brilliance of Hi-Poised Fireball power . . .

Getting applause for Safety-Ride rims, pillow-soft tires, all-coil springing—for bodies newly sheltered against disturbing noise—for no less than 30 new features.

And, it's winning curtain calls on two major advances no other car offers.

One is the fabulous new Dynaflow Drive* where there is no gearshifting, even automatically. You just step on the gas—and motoring close to magic is yours.

Other star feature is the Vibra-Shielded ride. Here for the first time you're shielded against vibration build-up that brings on fatigue. Here no tiny tremors can harmonize into big ones. Here is living-room comfort and quiet.

Your Buick dealer is showing this fashion plate that's touched with magic. See it. Check it for spaciousness, for solid-feeling steadiness, for superlative finish, fittings and fabrics.

Then—to get one into your garage at the earliest possible date—get your order in now.

Pennington County, Minnesota

State of Minnesota,
County of Pennington—ss.
District Court
Fourteenth Judicial District

THE STATE OF MINNESOTA, to all persons, companies, or corporations, who have or claim any estate, right, title, or interest, in, claim to or lien upon, any of the several parcels of land described in the list hereto attached:

The list of taxes and penalties on real property for the County of Pennington remaining delinquent on the first Monday in January, 1948, has been filed in the office of the Clerk of District Court of said County, of which that hereto attached is a copy.

THEREFORE you, and each of you, are hereby required to file in the office of said Clerk, on or before the Twentieth day after the publication of this notice and list, your answer in writing, setting forth any objection or defense you may have to the taxes, or any part thereof, upon any parcel of land described in said list, in, to, or on which you have or claim any estate, right, title, interest, claim or lien, and, in default thereof, judgment will be entered against such parcel of land for the taxes on said list appearing against it, and for all penalties, interest and costs.

Dated January 31st, 1948.

HENRY STORHAUG,
Clerk of District Court,
Pennington County, Minnesota.

MIDDLE RIVER

The Middle River Fire Department has received a new 5-gallon "Fyr-Fighter" fire extinguisher. The extinguisher is a gift of the H. O. Anderson family in appreciation of the efforts of the Middle River Fire Department during the recent fire at the Andersons. The Fire Department is grateful for this gift as it was a much needed piece of equipment.

Louie Anderson, who is spending the winter in Sweden sent greetings to the Middle River residents by special messenger, namely, Gov. Luther Youngdahl. Mr. Anderson is visiting relatives there.

Mrs. Gordon Hannestad, Howard and Hazel Ann of Badger arrived here Friday evening to spend the week end visiting at the Young home. Harry Young took them back to Badger on Sunday afternoon.

Dorothy and Judith Gullickson spent the weekend visiting at the Ludvig Gullickson home in Red Lake Falls. They returned on Sunday evening on the bus.

Lyla Anderson underwent an appendectomy at the Mercy Hospital in Thief River Falls on Monday morning.

Ruby Hanson was a shopper and a business visitor in Thief River Falls on Saturday afternoon.

Mrs. Isabelle St. John and David of Thief River Falls visited with Mrs. Agnes Hallquist on Friday.

Gib Overvold motored to Thief River Falls on Saturday afternoon on business.

Herbert Schenkey, Earl Lindahl and Harold Lagergren, all attending school in Minneapolis spent the week end here visiting friends and relatives. They returned to Minneapolis on Sunday afternoon.

Aldyne Lindahl was a Sunday dinner guest at the home of Mr. and Mrs. Edward Lagergren.

Mr. and Mrs. Lloyd Pelton were visitors and business callers in Thief River Falls on Saturday afternoon.

Mr. and Mrs. Mylan Abrahamson and Alta Holm attended a show in Thief River Falls on Sunday afternoon.

Irvin Johnson and Roy Anderson spent Sunday in Thief River Falls. They visited with Irvin's cousin, who is a patient in a hospital there.

Mr. and Mrs. Glenn Olson of Bemidji spent the weekend visiting at the L. H. Olson and John K. Dappula homes.

Miss Marie Phillipson spent Tuesday in Thief River Falls on business.

Mrs. Charles Collins underwent an operation at a hospital in Crookston on Monday morning. During her absence her mother, Mrs. Reinke is taking care of the house and Richard, the Collins' small son.

Mr. and Mrs. Arvid Carlson and their son Alton Carlson of Holt left Monday morning for Arizona where they plan to spend some time. Mrs. Alton Carlson and girls remained in Holt until living quarters have been secured. Further details of their trip will be available next week.

Bennie Hanson was a business visitor in Thief River Falls on Monday afternoon.

Mr. and Mrs. Chas. Skoglund and Roger left last Monday for Minneapolis to spend a few weeks visiting relatives and friends. Roger will leave from there for Detroit to visit relatives. Glenn Davidson is taking care of the Skoglund farm during their absence.

Mrs. Andrew Schantz has spent the past week visiting at her parental home in Goodridge.

Mrs. Harold V. Nelson entertained a group of boys and girls on Wednesday afternoon in honor of her daughter Sharon's eighth birthday.

Mrs. Art Peterson and Ames returned last Saturday from Minneapolis after they spent a few days visiting relatives there.

Word has been received by friends and relatives that Magnus Moen and Irvin Magnussen have arrived in the state of Washington.

Glenn Olson, a sophomore at the Bemidji State Teacher's College, was the winner of the Union Seal Contest which closed December 19. The seal which Olson designed is patterned with a beaver on each side, centering a pile of sticks which is surrounded by a club, heart, diamond and spade.

Glenn received ten dollars as a prize for winning with his original design. He is married to Sally Wappula, former student at the college, also of Middle River. The contest was open to all students, and the objective was to get a seal to officiate the corporation of the Beaver Union. It will be used as an emblem on official Union matter and will be imposed on various objects connected with the Union.

Mrs. Calmer Brenna is still a patient at a hospital in Thief River Falls, after undergoing an operation over a week ago.

Sig Bredeson left Wednesday evening for Minneapolis. He returned home on Saturday morning.

Mr. and Mrs. Gust Qualley, Mrs. Bennie Hanson and Mrs. Rodney Hallquist were shoppers and business callers in Crookston on Thursday.

From where I sit . . . by Joe Marsh

Will's Proud of His Big Ears

Will Dudley's mighty proud of his big ears! Best crop of corn he's grown since '33. And Will, like so many other farmers, has plenty of reason to be proud of what he raises.

The farmer has always been a keystone in our economic life, and the key to our national well-being. But from where I sit, he's more important now than ever. He's not only feeding America—but friends of America overseas—building good will for this country at a time when friendship for democracy is most important.

And farmers have willingly shouldered that responsibility. Will spends extra hours in his cornfield . . . comes home tired to a temperate glass of beer and early bed, to be ready for the next day's work.

From where I sit, America can be mighty grateful for her five million farmers . . . for their productivity, hard work, and temperate living—of which Will's moderate glass of beer is proof!

CITY COUNCIL PROCEEDINGS

Thief River Falls, Minnesota.

The City Council of the City of Thief River Falls, Minnesota, met in the regular session in the Council Chambers in the Auditorium and Municipal Building on January 13, 1948, the meeting being called to order at eight o'clock P. M. with all members present.

The minutes of the meeting of January 6th, were read and the same were by motion duly approved and adopted as read.

Monthly reports of the Clerk, Treasurer, Manager of Sports arena, Municipal Judge for October and November, Weighmaster for month of November and Police Department were presented, examined and ordered filed.

Fire Chief Langevin presented a recommendation of Sidney Roy as a member of the Fire Department Volunteer Call Men replacing William Taylor. Alderman Stanbridge moved that such recommendation be approved and ratified, Alderman Hellquist seconded such motion which was thereupon adopted by unanimous vote.

Applications for renewals of licenses to sell cigarettes and papers were presented as follows: O. H. Vraa, 8th Street Grocery; Robert Bell, Bell Oil Company; Paul Furuseth, Knowle Avenue Grocery; Olaf Rice, Rice Economy Oil; Karen Widme, Tiny Tavern; John Stewart, Brumund Hotel; Harold Burrell, Harold's Grocery; Otto Netteland, Netteland Market; Ernest Sorenson, The Diner; R. G. Tryhall, F.O.E. [illegible]; Mildred Bergquist, Home Cafe; W. H. Dixon, Red Owl Stores and Inga Shettler, Main Sandwich Shop. Alderman Hellquist moved that such applications be approved and granted and that the Clerk be instructed to issue and deliver the licenses therefor. The motion was seconded by Alderman Hall and the same was passed and adopted by unanimous roll call vote.

Applications for building and remodeling permits were presented, as follows: St Luke's Hospital Association, remodeling and repairing fire damage to building located on Lots 14-15, Block 61, O.T.S., at a cost of $4,500.00 O. M. Bishop rebuilding garage located on East 50 feet, Lots 13-18, Block 37 O.T.S. for Sales and Service at an estimated cost of $10,000. Roy Shettler, Chick Hatchery on the S. E. corner Block 32 of Soo Line Right-of-way, cost $3,000 and O. H. Loeby, construction of Restaurant and Drive In Lunch, on a triangular plot of land located at the intersection of Highway No. 32 and The Sanatorium Road and north of the Sewerage Treatment Plat at a estimated cost of $8,000; all such applications bearing the approval of the City Building Inspector. Alderman Stanbridge moved that the applications of St. Luke's Hospital, O. M. Bishop and Roy Shettler be approved and granted, which motion was seconded by Alderman Fuller and adopted by unanimous vote. After discussion of the application of O. H. Loeby, Alderman Stanbridge moved that such application be granted, which motion was duly seconded by Alderman Fuller and adopted.

Official Bond of H. O. Chommie, Municipal Judge in the amount of $1,000 with Western Surety Company as Surety was then presented and being approved as to form and execution by the City Attorney, it was moved by Alderman Hellquist that the same be approved and placed on file with the City Clerk and with the Secretary of State. The motion was seconded by Alderman Gjernes and adopted.

An application for permit to move into and thru the streets of the City, a building intended to be placed on Lot 1, Block 2 of Rafteseth's Addition for residential purposes and remodeled to the extent of $3,000, was presented by Felix Grandbois, action of the same having been deferred by the previous administration. A bond in the amount of $500.00 with personal surety was also filed in connection with request for moving permit to indemnify the City against damage possible by reason of such moving which bore the approval as to form and execution by the City Attorney. Alderman Hellquist moved that such applications be granted and that the indemnity bond be approved and filed. The motion was seconded by Alderman Hall and the same was thereupon adopted and carried.

Mayor Simons presented the following appointments: Alfred Bredeson, member of Cemetery Commission for the term expiring in January 1952, Carl Christofferson, member of the Cemetery Commission for the term expiring in January 1953, Lawrence Bjorkman, member of Park Board for the term expiring in January 1952 and Arthur O. Christianson, member of the Park Board, for the term expiring in January 1953. Weighmaster for two year term, H. N. Rhodegaard. John X. Lynsky, member of Carnegie Library Board to fill the vacancy existing by reason of the death of Philip Bryant and term expiring on July 1, 1949. Dr. Olaf Mellby, Health Officer for the ensuing term. Alderman Hall introduced a motion approving and confirming all such appointments. The motion was seconded by Alderman Gjernes, and the same was thereupon adopted by unanimous roll call vote.

The Council then proceeded with completion of various remaining appointments for the ensuing term. A ballot was ordered on election of Street Commissioner and Engineer for the ensuing term. The result of the ballot indicated 5 votes for D. H. Stewart and one vote for John Jarnason and D. H. Stewart was thereupon declared elected to the position of Street Commissioner and Engineer for th ensuing term. The Commissioner and Engineer elect then presented a recommendation for appointment of A. O. Stokke as Instrument Man in the Engineering Department. Alderman Hellquist moved that such recommendation be approved, which motion was seconded by Alderman Gjernes and adopted, whereupon A. O. Stokke was declared elected to the position of Instrument Man in the Engineering Department. Alderman Stanbridge then moved that all other present employees, under the jurisdiction of the City Council, be retained as such in their present capacities. Alderman Hall seconded such motion and the same was thereupon by unanimous roll call vote, duly passed and adopted.

The President announced his appointments of Standing Committees for the ensuing term, as follows: Light and Water Utility: Bredeson, Chairman, Hall and Gjernes; Streets and Walks: Hall, Chairman, Hellquist and Fuller; Municipal Buildings: Stanbridge, Chairman, Bredeson and Gjernes; Fire Department: Fuller, Chairman, Hellquist and Stanbridge; Finance: Gjernes, Chairman, Hall and Bredeson, Taxes and Assessments: Hellquist, Chairman, Fuller and Stanbridge; Health and Sanitation: Dr. O. F. Mellby, Chairman, Hall and Fuller; Welfare: Gjernes, Chairman, Hellquist and Hall; Licenses and Insurance: Fuller, Chairman, Stanbridge and Bredeson.

Alderman Hellquist then moved that the Fidelity Bonds of the City Clerk be fixed in the amount of $5,000; that of the Treasurer in the amount of $2,000 and that of the Deputy City Clerk in the amount of $3,000 and that such officials and employees be required to furnish bonds in the said amounts. Alderman Fuller seconded such motion and the same was passed and adopted.

A report of operations of the Municipal Liquor Dispensary for the period from September 25, 1947 to January 3, 1948, as prepared by Co-operative Auditing Service, Inc. of Minneapolis was presented and examined and was ordered placed on file.

The City Clerk was directed to make and execute an application to the Highway Department of the State of Minnesota, for a permit for placement on the Third Street Bridge No. 5327 structure, of facilities for carrying a feeder line of Water Main extension to the present City Water System in conformity with previous plans of the City Council for such extensions such project being designated as SP 5703 (59-114) Bridge No. 5327, Pennington County Public Utilities.

Alvin Holsknecht, representative of Gar Wood Load-Packer, appeared before the Council in connection with a proposal by Northern Chevrolet Company of December 15, 1947, in which they agreed, in response to call for bids for garbage collection equipment, to furnish A Gar Wood Load Packer on Chevrolet motor equipment and advised that he had been informed by his Company that the Load Packer had, since acceptance of the proposal, increased in price to the extent of $300.00, and that the cost to the City would therefore be increased by such amount.

Employees of various departments of the City were present and thru their spokesman, Harry Hendrickson, suggested that employees be given an opportunity to discuss with the City Council the question of salaries now in effect. The President indicated that an informal meeting would be arranged for a later date to discuss the matter.

E. J. Barsen of the Municipal Airport Committee was present and advanced various suggestions with respect to further operations of the Municipal Airport.

Alderman Hellquist introduced a resolution approving for payment to Minneapolis Bridge Construction Company, a final estimate, less retainer for clean up, in the amount of $4,056.04, in connection with their contract for reconstruction of Horace Avenue Sewer Lift and moved the adoption of such resolution. Alderman Gjernes seconded such motion and the resolution was thereupon by a roll call vote unanimously passed and adopted.

Alderman Hellquist introduced a resolution directing a transfer from the General Fund of $300.00 to be utilized as a Mayor's Contingent Fund during the fiscal year of 1948 and moved its adoption. The motion was seconded by Alderman Hall and the resolution was unanimously by a roll call vote, passed and adopted.

Alderman Hellquist introduced a resolution approving for payment various bills against the City and moved its adoption. Alderman Stanbridge seconded the motion and the resolution was thereupon passed and adopted by unanimous vote.

Alderman Hellquist then moved that the meeting be adjourned which motion was adopted and the meeting was thereupon declared adjourned.

FLAX YIELDS INCREASE 35%

FLAX IMPROVED MORE than any other major crop this past season. Comparison of 1947 crop yields with those from 1929-1945 shows Flax improved 35%. That's twice the increase of spring wheat and barley, three times that of rye, four times that of corn and oats. This spectacular increase in Flax yields can only be attributed to the use of improved growing practices and new high yielding varieties. All crops benefited equally from the favorable weather.

CROP	Avg. Bushel 1929-45	Avg. Bushel 1947	Gain 1947
FLAX	7.36	9.9	35%
Spring Wheat	12.95	15.3	18%
Barley	21.93	25.5	16%
Rye	11.67	12.8	10%
Corn	26.65	28.6	7%
Oats	29.55	31.5	7%

YIELDS—based on December 1, 1947 U.S.D.A. Crop Production Report.

"My Oats were good this year, but Flax brought me about twice as much per acre," says Eugene Wilber who farms near Brookings, S. D. "One field of B-5128 Flax yielded 27¼ bushels to the acre. My other, seeded with Koto, ran slightly over 20 bushels."

Birthday Month of two Great Americans

The greatness of our nation isn't due to any one thing or any one individual. This month, in observing the birthday anniversaries of two famous Americans . . . George Washington and Abraham Lincoln, we pay tribute not to the greatness of the men, but to the ideals and ideas that made them great. Let February 12 and 22 remind us once again that our responsibility is to preserve the democracy men like Washington and Lincoln helped make possible.

BRANDT DISCUSSES FACTORS RELATING TO TURKEY OUTPUT

If Normal Market Prevails, Higher Prices Are in Prospect, He Reports

In response to the concern expressed by any farmers over the prospects of profitable turkey raising in 1948, John Brandt, president of Land O' Lakes Creameries, Inc., this week cited several factors that will influence the market condition including the possibility of government interference.

It is definitely established, he said, that the turkey crop for 1948 will be materially less than in 1947. He added that there is no possibility, even under the most favorable conditions, of supplying the eggs that would produce a crop of anywhere near the volume of the last few years.

"Therefore, if natural marketing conditions prevail," he declared, "turkey prices would definitely be at a much higher level in the fall of 1948 than in either 1947 or 1946.

"There is also the possibility of meat rationing to keep in mind. If any rationing program should include only pork and beef, then poultry and turkey would be favored items on the list of consumer demands, which would naturally affect the price level."

On the other hand, Mr. Brandt said, feed costs for the first half of this year will be much higher than the first half of 1947. If good crops prevail, however, grain for the feeding of turkeys during the last half of 1948 might be available at lower levels than in the first six months of the year, he said.

He pointed out that the price of grain in the first half of the season is not as important as during the last six months, when farmers are feeding bigger birds more grain. For that reason, he said, the reversal of prices, with the lower prices prevailing the last half of the year, is always favorable to turkey growers.

The cost of grain for that period is the factor that can produce either profits or losses to the turkey growers, Mr. Brandt declared.

"The final conclusion," he said, "is that if there is no interference with respect to price ceilings of rationing, turkey prices will be at a high level in the marketing season of 1948, possibly high enough to offset increased cost during the year."

SINGERS COMPETE IN TALENT SEARCH

Annual Event Sponsored by St. Paul Newspapers

For the fourth consecutive year, young women in this area, 17 to 20 years of age inclusive, who like to sing are going to have an opportunity to sing their way to musical education which may send them far along the way to success in the world of music.

Their opportunity will be the 4th annual "Search For Talent" sponsored by the Women's Institute of St. Paul and the St. Paul Dispatch-Pioneer Press.

This year the competition for the grand award of a $500 music scholarship or $500 cash will be conducted substantially as it has in the past. Minnesota and a portion of Wisconsin have been divided into regions, and competition will be held in each region to determine regional winners. An alternate winner will also be selected in each region, and both winner and alternate will receive all-expense-paid trips to St. Paul as guests of the Women's Institute and the St. Paul Dispatch-Pioneer Press.

The first regional contests will be held April 10. Subsequent regional contests will be held on April 17, April 24 and May 1. The final contest to determine the winner of the grand award will be held in St. Paul on May 18.

Complete details about the "Search For Talent", including eligibility, regions and locations of places of competition, and points upon which singing will be judge are summarized in a brochure which may be obtained by writing to the Women's Institute of St. Paul, Dispatch-Pioneer Press Building, St. Paul 1, Minnesota.

"Thunder in the Valley" at Avalon Next Sunday

"Thunder in the Valley", Technicolor screen drama starring Lon McCallister, Edmund Gwenn and Peggy Ann Garner, will be presented at the Avalon theatre Sunday thru Tuesday. The story, set against the background of Scotland's picturesque Highlands, centers around crusty Edmund Gwenn and his sensitive and moody son Lon McCallister.

WASHINGTON REPORT

By Senator Joseph H. Ball

The Ives bill, S. 984, "to prohibit discrimination in employment because of race, religion, color, national origin or ancestry" was recommended to pass recently by the Senate Labor and Public Welfare committee by a vote of 6 to 5. I voted against reporting the bill. Previously, I had moved that the bill be referred back to the subcommittee with instructions to eliminate the compulsory features. That motion lost 6 to 5.

Although even its proponents concede that there is not the slightest chance of S. 984, sometimes called the FEPC or Fair Employment Practices Commission bill, ever passing at this session of Congress, it will be the subject of plenty of political controversy and I would like to make my own position clear.

The heart of the bill is section 5, which makes it an unlawful employment practice for an employer "to refuse to hire, to discharge, or otherwise to discriminate against any individual with respect to his terms, conditions, or privileges of employment, because of such individual's race, religion, color national origin or ancestry".

With the purpose of the bill, which is to move toward elimination of racial and religious discrimination in employment, I have no quarrel. Such discrimination not only violates our religious tenets, but it also results in an economic waste to society. The government tried, with some success, to lessen such discrimination during the war through the FEPC set up by executive order. The compulsion in that case was the threat of losing federal contracts.

In 1946, a bill to establish a permanent FEPC was reported out, with compulsory power for the commission. I supported it at that time, although then I had some doubts about the compulsory features and planned to support amendments on the floor. However, a filibuster defeated the bill before any amendments could be considered. And until we can change our Senate rules, and any proposed change in the rules is subject to unlimited debate, any proposal to give the federal government compulsory powers to deal with race problems will be defeated by filibusters of southern senators. Until northerners have experienced the almost fanatic determination of southerners on this issue, it is difficult to understand how 16 or 18 senators can block action. But the fact that they can and will do so is recognized by all senators.

All proponents of the bill contend that its educational and conciliation features are the most important and would be most used, but argue the compulsion is necessary to make the educational work effective. That was my own position in 1946. Frankly, I have changed my mind, because the more I thought through the issue the more I became convinced that giving a federal agency the power to determine that an employer had refused to hire some individual, or to promote one of his employees, because of racial or religious discrimination, with the added power to order reinstatement or hiring of the individual, would be likely to create more abuse than it would cure.

An employer's freedom to hire and promote employees whom he thinks are most efficient and will contribute most to his enterprise, is vital to the whole system of free enterprise. There is no way for a federal agency to determine factually what motivated an employer in hiring or promoting. Its decision necessarily would have to be arbitrary, but it would very drastically limit that employer's freedom and the freedoms and rights of employers are just as important in a free system as those of employees.

That reasoning, plus my conviction that it was impossible to pass a bill with compulsion in it and that consequently to support it would be a futile political gesture at this time, is why I voted against the FEPC bill in committee. I think it is important because the FEPC bill is similar to other proposals to have the government, using compulsion, move into fields which have hitherto been regarded as reserved for freedom of individual choice.

LIVESTOCK MEN TO HAVE BIG WEEK AT THE WINTER SHOWS

Exhibits and Contests Featured at Crookston Event February 23-27

Livestock men from the Red River Valley counties of Minnesota and North Dakota will have a big week at the forthcoming Red River Valley Winter Shows and Northwest School Farmers' Week, which will be held at Crookston, February 23-27, inclusive.

Outstanding events pertaining to livestock, livestock exhibiting, production, and sales of purebred livestock, will be featured on different days throughout the entire week.

The livestock judging contests will be the big feature of the opening day, February 23, with the judging starting in the open and 4-H club classes on Tuesday, February 24. The highlight of February 24 will be the judging of the junior futurity heifer calves, a new classification for the Red River Valley Winter Shows.

Wednesday, February 25, has been set aside for the livestock meetings. Director P. E. Miller, of the Minnesota agricultural extension service, will discuss the saving of feed in our livestock program; Dr. W. E. Peterson, professor in dairy husbandry, University of Minnesota, will speak on "The Livestock Situation As I Saw It in Western Europe."

Sugar beet growers of the Red River Valley who have been feeding sugar beet tops and who observed the feeding of beet tops in Montana last year will conduct a panel discussion, under the leadership of County Agent Carl G. Ash, of Crookston. Others assisting on the panel will include County Agent Frank Forbes of Warren, V. M. Gibbons of Crookston, Walter Ross of Fisher, and Lee Munger of Warren.

O. M. Kiser, animal husbandman at the Northwest School and Station, will give a brief summary of the feeding of sugar beet tops in the fattening of western lambs. Dr. W. A. Billings, extension veterinarian from the University of Minnesota, will discuss the livestock disease situation in Minnesota. C. O. Ebling, editor of Stock and Dairy Farmer, Duluth, has been secured, also, for a brief address.

Chemical Elements

At present 96 chemical elements are known, of which the last four, Neptunium, Plutonium, Americium and Curium, were produced as a result of the research which led to the atomic bomb. Several other artificial elements also have been given official standing.

Ernest Bjerken Winner Of New Years Cup Match of Local Rifle Club

Ernest Bjerken, shooting a fine 381 aggregate, won the annual New Year's Cup Match of the local rifle club, which was shot over the club's indoor range at the Arena last week. Bjerken, in succeeding Leonard Hanson as the cup holder, had a score of 89 in the prone position, a 100 in the sitting position, a 95 at kneeling, and an 87 at the off-hand position. Following Bjerken in the aggregate point totals were Leonard Hanson with a 371, Orlando Bishop with a 364, Einar Swanson with a 360, Tom Wasle with a 347, and Wilbert Maves with a 340.

Home Burns Down

Early Wednesday morning at 3 a. m. the Handy Wells home burned to the ground. Having a chimney fire earlier in the evening they got it out and later retired to bed. Then before 3 p. m. they were alarmed by shouts from James Mislalek who was sleeping upstairs. He had to leap form the upstairs window bare footed to save his life.

The Wells family when awoke by James shouts leaped out of the bedroom which was all afire in the ceiling. Hurrying to get the three small children out grabbing along a few clothes and blankets managed to get out seeking shelter in the barn until help arrived in the morning.

Handy Wells returned back to the burning house saving a few articles from the kitchen. He froze his feet in so doing with only a pair of stockings on. Frank Johnson arrived with a car to the family rescue that morning from the cold place in the barn. The Wells family resided at the Johnson home until they get settled again.

Mr. and Mrs. Charlie Wells and Grandsons Jackie and Albert Wells returned from Rock Island, Ill. Friday where they have spent the past month visiting relatives.

All week surrounding neighbors have been calling at the Frank Johnson home with boxes of clothing for the Handy Wells family, which was surely a great help.

Sound Destroys Bacteria

The dairy industry has discovered that supersounds passing through milk beat bacteria to death in a few seconds, compared to about half an hour under ordinary methods of pasteurization by heat. Supersounds also can homogenize milk, breaking up the molecules to leave a fluid of easy digestibility. All these developments may be overshadowed by the part that supersounds may play in medicine, according to scientists at University of California who have succeeded in killing the deadly germ Staphylococcus by subjecting it to vibration.

SCHOOL BOARD PROCEEDINGS

Regular Meeting
January 12, 1948

The regular meeting of the board of education of Independent School District No. 18 of Pennington County, Minnesota, was held in the office at Lincoln High School on January 12, 1948, and was called to order by President Jacobson. Members present: Jacobson, Wold, Frolland, Bennes, Oen, and Superintendent Fjelstad. Absent: Rullen.

The minutes of the regular meeting of December 8, 1947, were read and approved.

It was moved by Bennes, seconded by Oen, and carried, that Wold and Rullen be appointed delegates to represent our board at the State School Board Meeting February 5 and 6 in Minneapolis.

The secretary read a report from Tolts, King and Day, Inc., regarding the valuation of our school properties as of January 1948 based on present day costs, and a lengthy discussion followed.

Wold introduced the following resolution and moved its adoption:

BE IT RESOLVED that the valuation on the school buildings be increased by $50,000.00 to be added to the existing policies, and that the new values for each building shall be as follows:

Building	Value 1947	Value Jan. 1, '48	Ins. at 90%

Special Meeting
January 27, 1948

A special meeting of the board of education of Independent School District No. 18, Pennington County, Minnesota, was held in the office at Lincoln High School on January 27, 1948, and was called to order at 5:35 P. M. by President Jacobson. Members present were: Jacobson, Rullen, Wold, Frolland, Bennes, Oen, and Superintendent Fjelstad. Absent: None.

The meeting was called to order by President Jacobson.

The secretary read a communication from Mr. William Frolland, who asked that his resignation be acted upon at this time.

Chairman Jacobson expressed the appreciation of the board and the school district to Mr. Frolland for his faithful work and service in the capacity of director and went on to state that he regretted Mr. Frolland found it necessary to take this action, however, expressing his understanding that it was justified.

Rullen moved, Bennes seconded, an it was carried that Frolland's resignation be accepted.

Bennes moved, Wold seconded, and it was unanimously carried that Mr. Andy Williamson be appointed to fill the unexpired term of Mr. Frolland.

Mr. Andy Williamson was then called to discuss the appointment. He signed the acceptance and oath.

There being no further business to come before the board, the meeting adjourned.

ROY J. OEN,
Clerk.

Early Child Training

It takes more than instinct alone to help solve the difficulties of children and youth handicapped by distorted emotions. Studies made during the last 25 years show that early impressions and attitudes give children a particular "set" or "bent" to body, mind or character which is apt to persist into older years.

GROWING WITH YOUR CHILD

Jane Rebels

"You came in at 10 o'clock again last night, young lady" was Jane's mother's opening blast at the breakfast table.

"I did, and you have no right to tell me when I should get in," retorted 16 year old Jane.

Here again is an example of the problem of adolescent rebellion. Child against parent and parent against child. Is it necessary?

It is so easy to think of our children as "belonging" to us, much as a horse or cow or dog would "belong." It is so easy to be unaware of the increasing growth and independence of our children.

We are reluctant to let go of the reins, continue to insist on controlling our children, never let the child completely guide his own career.

Sometimes this continues until "children" are forty, fifty, or sixty years old. Many parents still feel perfectly free to criticize clothing, behavior and attitudes even after children are stable independent adults.

Adolescents, particularly the group aged 16 - 19, are feeling the perfectly normal desire to leave the close, confining restriction of their childhood days. They want to enter into the state for which they are physically and psychologically fitted, adulthood.

In many societies, formal recognition of an adolescent's entry into adult status is made. They are welcomed into adulthood and are given the privileges and responsibilities of adults. In our culture, we follow the opposite path. We snub the adolescent, punish him, reproach him; in short do anything to keep him out of adult society.

It is a good idea to stop every now and again to look over our adolescent offspring and to evaluate their need for more freedom. Sometimes the children do have a basis for their rebellion and secretiveness.

Corn leads all the feed crops in acreage in Minnesota. It also leads in yield per acre with an with 35.6 for oats and 28.2 for average of 42.8 bushels compared barley.

Helperette Garden Club

Mrs. Ann Kraemer was the hostess to the club members at her home Wednesday afternoon. There was an excellent turnout. The president, Mrs. Leah Burtness, presided over a dandy meeting. Roll call of the members was answered with some of the cleverest household hints. Mrs. Burtness arranged a contest on flower recognition. This was won by Mrs. Betta Hedlund, and the "goofy" prize was earned by Mrs. Freda Olson. A lively discussion on hot beds and planting was discussed with some useful ideas cropping out from one member or the other. A nice meeting, that! A delectable lunch was served by Ann to top off the lovely afternoon. The next meeting will be at the home of Mrs. Lillian Anderson. The topic will be that of discussing and describing briefly any flower that begins with each members first initial. The roll call will be answered by a short cut in house cleaning.

Mrs. Mark Olson, Miss Clara Olson, Mrs. John Ranum, Mrs. Jim McCrum are the local women who extend the sincerest of invitations to their neighbors and friends to come to their Ladies Aid Thursday afternoon, Feb 19 in the Zion Lutheran church (across from Hartz store) The ladies serving with them are Mrs. Alf Bredeson, Mrs. Jorgen Austad and Mrs. Stanley Cockrell (Ruth Bredeson). Won't you come down for a delicious lunch that starts at 3 p.m. and ends at 7 p.m.?

The Smiley 4-H Valentine party will be Friday evening instead of Saturday evening this week—the young crowd of high school age don't want to miss the Prowler hockey tournament Saturday evening, which, of course, is a special event. Bring your Valentines and a stunt and away we go for a good time at the Jim McCrum home Friday evening, Feb. 13.

It is the S. S. Nelson's that have electricity now and not the S. L. Nelson's as was misprinted in the last issue. So sorry.

Mr. and Mrs. Ray Johnson (Gladys Wiener) left Friday for their home in Stillwater. Mrs. Johnson has spent the past month visiting her folks, the Cassie Wieners. Mr. Johnson has been here only the past week. The Wiener young folks had a party for their Mom and Dad, the Cassie Wieners, Wednesday evening honoring them on their twenty-fifth wedding day. Ben Szymanski played for the dancing that provided the diversion of the evening.

Founder of the Army

William Booth, founder of the Salvation Army, preached 60,000 sermons in 60 years and traveled five million miles. Pioneering in the use of the automobile, he led a caravan of four of the earliest model Napier cars on a 62-day revival tour through England and Scotland, holding an average of three meetings each day. He was 74 years old at the time. He remained vigorously active until the day of his death, August 20, 1912, at the age of 83.

Grygla School Slate

This week the fifth grade writes the school notes upon the Grygla School Slate. The topics are thought up and each pupil chooses one to write for his English lesson Monday morning.

New Proctor Elected

Helen Hanson, the proctor for last week presided at the election of Sheldon Nomeland for this week. Sheldon chose Colin Levorson, Audrey Austad and Sheldon Peterson for his cabinet. He also appointed Nayda DuChamp, Patty Peterson, and LeRoy Austad as a committee to plan for the Valentine Party for the upper grades. Arles Berg, 5.

Make Way for Folk Dances

Two days a week, Tuesday and Wednesday there are no veterans' Agricultural classes and the teachers may use the Auditorium and piano for folk dances. The tables have been placed at one side for lunch so that they do not have to be shifted each day. Audrey Austad.

Checker Tournament

During the winter noon periods the pupils have played many games, such as Uncle Wiggley, Wizard of Oz, Horseshoe, parchese, Chinese Checkers and Tremble Stix.

A checker tournament was planned for this school. Ten students entered their names. On Monday they drew names and matched for the first round. On Monday Darlene Berg and LeRoy Austad were eliminated. In next weeks Slate the complete list and winners will be announced. Douglas Nomeland, 5.

Our New Gym

The big table moved from the library and the three mats placed there for exercises. The three mats have been covered. The girls tacked one end and the boys the other. Mrs. Jensen made a big cover of eight print feed sacks donated by Mrs. Clarence Peterson, mother of Patty and Sheldon. The lower grades use the little gym at two and the upper grades at two-thirty in the afternoon. Mayo Ellingson, 5.

Rules For Our Gym

These rules are posted in our little gym and are necessary:

1. Leave shoes in cloak hall.
2. One pupil on a mat at a time.
3. Play follow the leader.
4. Wait turn in line close to the wall.
5. Play quietly. Play safely.
6. Have fresh air.

Marie Klaven, 5.

Development of Telescope

The first practical refracting telescope was invented by Hans Lippershey, a spectacle-maker in Middleburg, Holland, in 1608. As originally devised, it was a monocular opera-glass, composed of a convex and a concave lens fitted at opposite ends of a tube. This original telescope was a toy compared to the 200-inch Mt. Palomar telescope, which astronomers expect will penetrate space six septillion miles.

Apply Lime Early

Lime should be applied six months to a year before legumes are seeded. It takes lime that length of time to sweeten acid soils so that good stands of clover and alfalfa can be grown.

WINTER SHOWS AT CROOKSTON OPEN MONDAY

Full Program Scheduled for 38th Annual Event to Continue Five Days

A week crammed with activity awaits those who attend the 38th annual Red River Valley Winter Shows at Crookston, February 23-27. In addition to exhibits of livestock and grains, afternoon meetings of various Valley organizations and women's groups are scheduled, while outstanding speakers have been secured for the evening sessions.

The speaker Tuesday evening, February 24, will be Dr. Christopher Norborg of Washington, D. C., former professor of philosophy at the University of Minnesota and stationed in Moscow, Russia, during World War II, who will discuss the topic, "Operations Moscow."

U. S. Senator Joseph H. Ball, former resident of Crookston, will speak next Wednesday evening, February 24, on the topic, "Critical Domestic and Foreign Affairs."

Dr. W. E. Peterson, professor of dairy husbandry at the University of Minnesota college of agriculture in St. Paul, will also speak Wednesday afternoon and evening on details of a three-months study made by him recently in England and the Scandinavian countries.

Governor Luther W. Youngdahl will speak next Thursday at the recognition banquet honoring Valley farmers and homemakers, and also on the evening program. Another speaker Thursday evening will be D. R. Stein of Fargo, recently returned from Berlin, Germany, who will discuss Soviet-American relations in the Berlin area.

Evening meetings will be held in the high school auditorium, while women's meetings will be held in the afternoons in the First Methodist church.

Other details in connection with Winter Shows week appear elsewhere in this issue of The Times.

Four One-act Comedies Successfully Staged by Speech Department

A large audience assembled Monday evening in the Lincoln high school auditorium to witness the presentation of four high school ouditorium to witlively one-act comedies by members of the high school speech department under the direction of Miss Helen Movius. The vehicles were entertaining, and the respective cast showed evidence of having been well drilled.

FOUR PTA GROUPS HONOR FOUNDERS

Program Held Tuesday in Lincoln Gymnasium

Members of the local Parent-Teacher association who were active in the organization during the years from 1921 to 1931 were cited for their services at a Founders Day program staged by the four Thief River Falls units Tuesday evening in the Lincoln high school gymnasium. Miss Godelyne Trounfoly, committee chairman, presided.

Included in the early members were Dr. and Mrs. O. F. Mellby, Mrs. Theodore Quale, C. W. Pope, W. G. Claffy, and the Misses Lyda Batten, Olga Bloomaness, Edna Larson and Bessie Sedlacek.

The informal program also included comunity singing, reminiscences by members of the group and the exchange of autographs written in a souvenir booklet distributed at the meeting.

At the close of the evening a buffet lunch was served, a feature of which was an attractively decorated birthday cake donated by Jungs Bakery. Representatives of the various groups handled the serving.

Vincent D. Dorry was elected president of the Elks Past Exalted Rulers club at an organization meeting February 10, the group comprising former heads of the local lodge. Fred F. Protz was named vice president, and Ole E. Engelstad secretary. The past officers conducted initiation rites last Thursday evening, when nine new members were received into the order.

SCHOOLS CLOSED FOR TODAY DUE TO STORMY WEATHER

Bus Line Also Cancels Runs out of This City Due to Poor Visibility

With Northwestern Minnesota in the grip of a severe winter storm this morning, schools in Thief River Falls, as well as many in the rural areas were closed for the day.

A strong gale from the north filled the air with loose snow and reduced visibility to almost zero. At the same time the mercury dropped from a high of 26 above zero Wednesday afternoon to 12 below this morning.

The wind was strong enough to break loose from its moorings the large electric sign in front of the Jay-Bee drug store, altho it did not fall all the way to the ground.

The Triangle Transportation company canceled bus runs scheduled for today to Detroit Lakes, Fargo and Grand Forks, and it was uncertain this morning whether the northbound bus to Baudette would make its trip this evening.

High temperature reading of the past week was 44 above zero Monday, while a low of 18 below was recorded Saturday.

KERMIT FINSTAD WINNER OF RADIO SPEAKING CONTEST

Pennington Co. Winner Will Compete in Valley Contest at Crookston

Kermit Finstad of the Rocksbury 4-H club won the Pennington county 4-H and Rural Youth radio speaking contest Saturday, speaking on "How Can I Help Maintain World Peace," according to Frank A. Hobbs, Pennington county agent.

Patsy Long of the Steiner 4-H club won second and Gladys Vigen of Rocksbury and Helen Sorenson of Sanders 4-H Club tied for third place. Other entries in the contest were Elaine Cody and Joyce Melhouse of the Falls 4-H Club and Evelyn Bondley of the Silverton Club.

Kermit Finstad will represent Pennington county at the district event to take place during the Winter Shows on 4-H Day, Wednesday, February 25 at 5:00 P. M. The district contestants' speeches will be broadcast over KILO, Grand Forks.

CAST FOR MUSICAL SHOW REHEARSING

Dancing Groups Set up; Need More Chorus Voices

In first rehearsals during the past week, considerable progress was made in organizing the cast of the musical production, "Anything Goes," to be presented by the local American Legion and auxiliary in April in cooperation with other civic groups.

Six dancing groups are nearly all set up under the direction of Mrs. Rudy Larson, and practice sessions are planned for three nights each week. More voices are needed for the chorus, it was announced.

Mrs. Jeanette Wright, in charge of the production, stated today that a central committee comprising representatives of all local service clubs has been formed to assist with details of the show.

Net proceeds of the show will be assigned to the American Legion's memorial heart research professorship to be established on a permanent basis at the University of Minnesota.

On exhibit this week at the Carnegie library are the paintings that won prizes in the recent Zehlian art award contest, it was announced today by Mrs. Halgrim, librarian, and Mrs. John Stewart, chairman of the Zehlians. Also on display is a costume and accessories dated 1867, which belonged to the late Mrs. Della Zeh, patroness of the Zehlian group of the local Woman's club.

50th Birthday of Order of Eagles Observed

In common with more than 1,500 units of the Fraternal Order of Eagles, the Thief River Falls aerie last Thursday evening held a banquet and dance in the aerie hall commemorating the fiftieth anniversary of the founding of the organization in February 1898.

Approximately 400 members and their ladies attended the party, a feature of which was an attractive birthday cake, shown in the picture with, left to right, Albert B. Kriel, worthy treasurer; Frank Clinton, worthy president; and Harvey Helle, junior past worthy president.

During 1947 the local aerie sponsored a blood bank, and is co-sponsor of the Teen-age Canteen. With a present membership of almost 1,000, the aerie is making tentative plans for the erection of a three-story building on East Third st.

A U. S. Navy recruiter from Grand Forks will be stationed at the veterans service office in the court house next Wednesday, February 25, to interview local candidates for enlistment in the Navy, it was announced today.

Blaisdell Trio to Perform Monday in H. S. Auditorium

One of America's brilliant instrumental ensembles, the Blaisdell Trio of New York will appear in the Lincoln high school Auditorium on Monday, Feb. 23, at 8:15 p. m. The concert will be presented under the auspices of Thief River Falls Music Center.

The Blaisdell Trio is made up of Frances Blaisdell, flutist, Alexander Kougell, cellist, and Thomas Richner, pianist. Their program will offer solo and duet numbers, as well as trio selections.

FRANCIS BLAISDELL

Frances Blaisdell, leader of the group, has established herself as one of America's foremost flutists. She was the first woman flutist to be graduated from the Julliard School of Music, and has appeared as soloist with orchestras in New York, London, and Boston. Recently, Miss Blaisdell accompanied Lily Pons, the famed prima donna of the Metropolitan, on a coast to coast concert tour as assisting flutist.

Thomas Richner, pianist with the trio, was the winner of both the MacDowell Club Award and the equally imoptant Naumberg Musical Foundation Award. In New York Olin Downes, distinguished critic of the New York Times, called Mr. Richner, "one of the most promising of the country's younger artists."

The presence of cellist Alexander Kougell in the Blaisdell Trio emphasizes the international scope of the world of music since he is the only member of the group who is not American born. Of Russian birth, Mr. Kougell has concertized in the Mediterranean countries as well as the near East. In 1937, after graduating from the International College of the American University of Beirut, Mr. Kaugell studied in Paris.

BETTY IRVIN WINS COUNTY SPELLING EVENT SATURDAY

Will Participate in Red River Valley Contest at Crookston Feb. 27th

Competing with twelve other rural school pupils, Betty Irvin, pupil in School District 125, Wyandotte township, won first place in the Pennington county rural school spelling contest in the district court room Saturday afternoon.

By virtue of her achievement, Betty will represent this county at the Red River Valley contest at the Winter Shows in Crookston Friday, February 27, when winners from eleven counties will compete. She is the daughter of Mr. and Mrs. Paul Irvin.

Second place in the county event was won by Phyllis Nelson, Dist. 194, and third by Beverly Swanson, Dist. 7. PARTY OFFICERS URGE ATTENDANCE AT GOP CAUCUSES

State Chairman Calls Attention to Precinct Caucuses, Friday, Feb. 20

With Republican precinct caucuses set for Friday, state Republican party officers this week asked local party leaders to do what they can to get out a big attendance for the caucuses.

The Thief River Falls caucus will be held in the Auditorium Friday evening at 8 o'clock, it was announced by L. A. Ihle, county vice chairman.

"The caucuses is the keystone of party government," Bernhard W. LeVander, Republican state chairman, said. "Only when citizens generally are willing to go to caucuses and participate in the decisions of their party can we have truly representative government."

Mrs. M. L. Spencer, Republican state chairwoman, joined in the appeal for participation in caucuses. "The caucuses offers the only opportunity for the ordinary citizen in a state such as Minnesota, with the convention system, to have his say in determining who the nominee of his party is going to be."

Delegates will be chosen at the caucuses to represent the various precincts at the county convention of the party. The county convention will choose delegates to the state and district conventions. Each district convention will select two delegates to the Republican National Convention, and the state convention will choose seven delegates-at-large to complete Minnesota's delegation of 25.

NEW DIRECTORS FOR CREAMERY NAMED MONDAY

Large 1947 Volume of Business Reported at Annual Meeting Monday

Producing a total of 938,086 pounds of butter in 1947, and paying patrons an average of 79.31 cents per pound for all butterfat delivered, the Thief River Falls Cooperative Creamery association enjoyed a highly successful year, it was revealed in the report submitted at the organization's annual meeting Monday afternoon in the Civic and Commerce rooms.

In the annual election of directors, Carl Torgerson and Fred Koop were elected to succeed Hans Anton and Henry Kaushagen, both of whom have served the association for many years and declined to be candidates for reelection.

C. M. Fesch of the state department of agriculture, dairy and food, spoke at the meeting in explanation of the new state grading laws, and stressed the importance of producing top quality cream and milk.

The annual report, submitted by F. H. Kaiser of the Cooperative Auditing Service, revealed that the total amount of butterfat received declined from 861,693 pounds in 1946 to 779,488 pounds in 1947; while butter production rose from 778,828 pounds in 1946 to 938,086 pounds in 1947.

The difference is accounted for by the fact that in 1946 a total of 212,831 pounds of butterfat was sold in the form of cream, while in 1947 only 22,948 pounds was sold in the form of cream. The amount of skimmilk sold also declined from 5,380,087 pounds in 1946 to 3,018,450 pounds last year.

The report also revealed that total assets of the local plant were $149,461 on December 31, 1947, while total current liabilities were $50,419.

During the past year the creamery distributed to its patrons $27,009.29 in equity reserves, representing profits from operations for the years 1931 to 1937.

UCT GROUP ENJOYS PARTY SATURDAY

Laugh Fiesta Provides an Enjoyable Evening

Fifty members and ladies participated in a "Laugh Fiesta" staged Saturday evening by the local unit of the United Commercial Travelers, and enjoyed a hilarious program presented under the direction of Carl Harthen.

Receiving special attention at the party was Nur-Al-Din of Bagdad, who read the fortunes of the guests, and who bore a strong resemblance to Robert J. Lund.

The big laugh event of the evening was Babes in Blunderland, in which the youngest UCT members were asked to choose their mamas from the audience. "Baby" Vic Jung, with Mrs. Andrew Anderson as his "mama," won the prize, with Wendy Olson a close second.

Another event was a singing contest in which the men were led by Vern Kelfenheim and the ladies by Mrs. Kelfenheim.

An excellent lunch was served by a committee including Mrs. Martin Gulbranson, chairman; Mrs. E. D. Traver and Mrs. John Anderson. Assisting Mr. Harthen with the program were Mr. and Mrs. Morris Odegaard, Julien Provencher, Mrs. Leonard Hanson and Mrs. Lloyd Johnson.

TALKING MOVIE AT TRINITY CHURCH

Lutheran World Action Shown Sunday Evening

As a report to the churches on the disposition of ten million dollars contributed by American Lutherans during the past two years, the motion picture film; "The March of Faith" will be shown at Trinity Lutheran church on Sunday evening at 8:00 p.m.

Professionally produced with excellent sound, the picture runs 45 minutes and graphically explains both the distress which the war brought to millions of people, and the manner in which "Lutheran World Action" has begun to bring both physical and spiritual help to the suffering.

The picture was produced under the direction of the National Lutheran Council.

The public is cordially invited to the showing at Trinity Church and no admission fee will be charged. Rev. G. S. Thompson, pastor, announced.

Disabled Veteran Topic of Broadcast Saturday

The radio transcription, "Untapped," will be presented over Radio Station KTRF on Saturday evening, February 21, at 6:45 p. m. The program points out problems encountered by disabled veterans in securing employment and also points out to employers the advantages of using the untapped manpower of disabled veterans. For further information regarding disabled veterans, the public is asked to contact the Thief River Falls office of the Minnesota State Employment Service.

GI EDUCATIONAL ALLOWANCES RISE

Subsistence Payments to Veterans Increased

President Truman Saturday signed legislation increasing benefits of 2,000,000 attending school under the GI bill.

It raises the monthly subsistence allowance for veterans without dependents from $65 to $75, those with one dependent from $90 to $105, and those with two or more dependents from $90 to $120.

The new schedules go into effect April 1.

The measure was backed strongly by veterans' organizations. It passed in the senate last summer and in the house Feb. 3.

The house veterans committee's professional staff said veterans working part-time when they go to school will be eligible for the new allowances.

The present ceilings of $175 a month on combined earnings and allowances for veterans without dependents, and $200 for those with dependents, are not changed by the new law.

The limit is the same as that in effect for veterans taking on-the-job training, also under the GI bill.

Veterans getting on-the-job training are not included in the extra allowances. Neither are farm trainees, interns, or part-time students, the veterans agency said.

Approximately 2,014,000 former service men studying full-time under the GI bill of rights, along with most of the 147,000 disabled veterans in training under a vocational rehabilitation act, will benefit from the bill.

Slot Clothes Machine

Among the ingenious, automatic vending machines which sell goods and services to the American public are those which pop, butter and salt a bag of popcorn; wash your clothes; deliver an electronically-heated hot dog sandwich; sell railroad tickets or insurance policies; shine your shoes; record your voice; take your picture, rent you a typewriter. A new type of coin changer, according to an article in Capper's Farmer, enables a machine to take a big coin, sell a product and return the correct change.

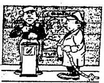
Persuasive Measures

"Doc," said the old mountaineer, leading a gangling youth into the presence of the village medico, "I want you should fix up my son-in-law. I shot him in the leg yesterday and lamed him up a mite."

"Tut, tut," clucked the doctor disapprovingly. "Shame on you for shooting your own son-in-law."

"Wal, doc," replied the mountaineer, "he warn't my son-in-law when I shot him!"

USELESS GAME



The manager of a movie theater was standing in the lobby. He noticed a patron, obviously from out of town, buy a ticket, then a few minutes later go back and buy another one. This happened several times, until the manager finally went over to the man. "My dear sir," he said, "why do you waste your money like that? All you need is one ticket."

"I know," the man wailed, "but that doorman keeps tearing them up!"

HOME-COMMUNITY PROGRAM SET UP

Six Townships Share in Organization Meeting

The Home-Community Program was organized with 18 Pennington County farm women present at a meeting conducted last week by Miss Evelyn Morrow, home demonstration supervisor from University Farm, it was announced today by County Agent Frank Hobbs.

Six townships were represented at the meeting. Next month, local groups will be organized in every community that wishes to be included in the program. Mr Hobbs urges those interested to contact him or Mrs. Frank Hoordisty, who is the home and community chairwoman for the county Farm Bureau.

The group chose the subjects to be taken up at the first two meetings. The first of these was "First Aid to the Home," which should be of interest to many of the county homemakers. "Selection and Care of Equipment" will be the subject discussed at the second meeting.

An open meeting for county women will be held on freezing vegetables in the month of June.

Largest Oil Plant

The largest plant in the United States for the manufacture of solvent refined lubricating oils will be built in Louisiana by a new company being organized. The plant with a daily capacity of 6,000 barrels of oil, as well as by-products, will cost 30 million dollars.

Auxiliary Notes

Wednesday, the American Legion Auxiliary shipped 55 dozen cookies to the Veterans Hospital at Ft. Snelling. The cookie jars at the hospital are kept filled every day by units of the state. Sunday is Thief River Falls day in the hospital.

The local unit is sponsoring an essay contest on "Our American Heritage—Liberty", in the High School with cash prizes of $5.00 and $2.00 for the local winners. The winning essay will be entered in the state contest.

The unit again is sending a girl to "Girls State". This selection is made from the junior class of Lincoln high school. Last year Arlene Williams attended Girls State in St. Paul from Thief River Falls.

THIEVES TO PLAY FORT FRANCIS SIX IN ARENA TONIGHT

Winnipeg Dodgers Whip Local Sextet Second Time Sunday 11 to 7

Joe Popiel's Winnipeg Dodgers scored their second win of the year over the senior hockey Thieves here Sunday afternoon when, after gaining a 9 to 1 lead in the first two periods of play, they staved off the locals' third period scoring rush to register a 11 to 7 triumph.

Tonight at the Arena rink the Thieves will play the Fort Frances, Ontario, sextet. The Fort Frances team is reputed to be one of the fastest teams performing on Iron Range, and have been consistent winners in their games with the Eveleth Rangers, the Duluth Coolerators, and Hibbing.

In Sunday's exhibition, it was a combination of the all-round play of Steve Witiuk and Bill Yanchuk, and the nimble net-minding of Mike Evanchuk, plus the inability of the locals to "click" on their scoring plays, that gave the Winnipeg Dodgers their 9 to 1 lead at the end of the second period of play.

Steve Witiuk, a member of the Blackhawks junior team in Winnipeg, scored the first goal at 3:40 when he recovered a loose puck in front of the Thieves net and beat goalie Swanson with a shot from the right. Babe Paulsen made the score 1-all with an unassisted goal at 4:05, with Babe intercepting a Dodger pass in the Winnipeg zone and firing a hard shot inside the penalty shot line. Johnny MacLean's goal, with the Thieves shorthanded, and Pete Ezinicki's long shot, gave the Dodgers a 3 to 1 first period lead.

After the Dodgers had scored six goals in the second period, to build up a 9 to 1 lead and outplay the locals by a considerable margin, the Thieves rallied in the third period to outscore the visitors, 6 to 2. Bill Zippel opened the third period scoring by taking a pass from Paulsen near the goal-crease and finding the net with a flip shot. "Mouse" Efteland, at 7:42, recovered his own rebound and angled a shot into the north goal; and when Zippel, on an assist from Vigness, slammed in a score with the Dodgers shorthanded, the Thieves had tallied their fourth goal. Les Vigness, during a scramble in front of the Dodger net, picked up a loose puck and beat Evanchuk with a close-in shot, bringing the score to 9 to 5 for the Dodgers. Goals by Witiuk and Popiel, at 13:30 and 15:05, pushed the game beyond the reach of the locals. Vigness, on a break from center ice, and Efteland's unassisted goal, concluded the game's scoring.

In an entertaining preliminary game, the Bjorkman's Toggery midgets defeated the Sportsman's Store All-Stars, 2 to 0.

The summary:

Thieves Sextet Plans For Exhibition Games This Evening and Sunday

While the other four teams in the States-Dominion hockey league are engaging in first and second round play-off games, the Thieves, the league leaders, will be marking time by playing a pair of top-flight teams in exhibition games. This evening, Thursday, the locals will meet the Hall-Laurence Aces of Fort Frances, Ontario, at the Arena rink, with the opening face-off scheduled for 8:30 P. M.

And on Sunday afternoon, the Winnipeg Electrics, one of Winnipeg's stronger independent teams, will meet the Thieves on the Arena ice. That the Electrics will provide the Thieves with capable opposition is indicated by the fact that the Winnipeg sextet, several weeks ago, scored a win over the Hallock Legionnaires. Sunday's face-off will be at 3:00 P. M.

FAMILY ENJOYS WEEKLY COFFEE

Waseca. — Every Wednesday afternoon for twenty years her five daughters have joined Mrs. Martin Anderson at the coffee table for a pleasant hour. When Mr. Anderson was alive he enjoyed the social gathering as much as anyone. All five of the daughters are now married, but that did not disrupt the routine. A brother and his wife who live nearby often join the group.

Funeral Services Held at St. Bernard's for Charles J. Langevin

Funeral services were held Saturday morning at St. Bernard's Catholic church for Charles J. Langevin, 79, who was summoned at a local hospital Thursday, February 12, following an illness of 12 years. Father William Swanson officiated at the requiem high Mass, and interment was made at St. Bernard's cemetery.

Mr. Langevin was born Oct. 8, 1868 in Scotland. When a young man he came from Scotland to Wausau, Wisc. and worked in a sawmill. He came to this city in 1903, and was employed in a saw mill and with the Soo Line. He was engaged as a carpenter later. On August 16, 1905 he was united in marriage to Amelia Schenkey in this city.

Survivors include his wife; two daughters, Mrs. P. G. Zimmerman of this city and Mrs. Helen O'Connell of Fergus Falls; five sons, Luke of Minneapolis, Leo, Dennis, Bernard and Roy of this city; and twelve grandchildren. Two daughters preceded him in death.

Charles T. Walters, Father of Former Resident Summoned

Funeral services for Charles T. Walters, retired veteran employe of the Great Northern railway in Minneapolis, were held Wednesday afternoon in the Listoe and Wold chapel there, with burial at Rockford, Minn. Services were under auspices of Braden lodge 168, AF & AM of which he was a member.

Mr. Walters, 89 years old, died Sunday in the Masonic home near Bloomington. He had been there since October, and prior to that lived in Thief River Falls, St. Paul and Minneapolis. He was born in Lockhaven, Pa. He retired 19 years ago from 49 years of service with the Great Northern's Dale street shops of which he was general foreman.

He is survived by two sons, Charles of St. Paul and Robert Walters of Vancouver, Wash.; a sister, Mary Walters of Philadelphia; six grandchildren; and two great grandchildren. A daughter, the late Mrs. Charles Millar of this city preceded him in death.

Rites Held Here for Albert Myrom, Formerly of Norden Township

Funeral rites were held Wednesday morning at the Erickson and Lund chapel, Rev. G. S. Thompson officiating, for Albert Myrom, who died Feb. 14 in Chicago, Ill., at the age of 61 years and 11 months. Interment was made in Greenwood cemetery.

Born March 6, 1886 in Norden township, he later moved to Minneapolis, Seattle, Wash., Fairbanks, Alaska, and in 1947 to Chicago, Ill., where he made his home since.

Surviving are two sisters, Mrs. Charles Sharon of Minneapolis and Mrs. Dorothy Simon of Chicago, Ill., five brothers, Sigurd and Harry Myrom of this city, Casper Myrom of Cambridge, Theodore Myrom of Chicago, Ill., and Thorvald Myrom of Torrance, Calif. His parents, one sister and one brother preceded him in death.

Mrs. Andrew Tweten Passed Away; Rites Held February 18th

Mrs. Andrew Tweten resident of this city for the past 34 years, passed away at a local hospital Thursday, Feb. 12, at the age of 59 years. Funeral services were conducted in Trinity Lutheran church on Wednesday afternoon, Rev. G. S. Thompson officiating and interment was made in Greenwood cemetery.

Mrs. Tweten was born Nov. 24, 1888 in Hammar, Norway. She came to this city in 1914 and was also united in marriage to Andrew Tweten here the same year.

Survivors include her husband, Andrew Tweten of this city; four daughters, Mrs. Helen Jordan and Miss Ebba Tweten of San Diego, Calif., Mrs. Ruth Langguth of Altoona, Pa., and Mrs. Ann Aakus of this city; one son Kenneth Tweten of Tacoma, Wash., one half sister and four half brothers in Norway; and two grandchildren.

Antique Furniture

If you have furniture that was made before 1831 you may sell it as antique, according to a U. S. treasury department ruling. However if you have Egyptian furniture made in 1500 B. C., you have the first furniture made, according to present knowledge.

Tile Belonged to Sultans

The Roman tiles represent the oldest type known, having been used for many centuries, and are said to have been known to the Assyrians, Chinese and Greeks. Turkish tile makers were under patronage of the sultans and were required to complete all state buildings before they could be employed on private projects.

Ferdinand Hincik, 74, Resident of Goodridge, Died Monday Evening

Ferdinand Hincik of rural Goodridge was summoned at a local hospital Monday evening, Feb. 16, at the age of 74 years. Funeral rites will be held at St. Bernard's Catholic church here, Friday, Feb. 20th at 11 a.m., Father Leonard Weber officiating. Interment will be made at Greenwood cemetery.

Born on August 18, 1873 in Czechoslovakia, Mr. Hincik came to the United States in 1891 and settled at Two Creek, Wisc., where he worked as a farm hand for many years. He was united in marriage to Josephine Kobetsky at Two Creek, and they remained there until 1895, when they came to Tabor in Polk county and farmed until 1898, later coming to Thief River Falls. While here he was employed at Vinton-Nichols Lumber company and the Robertson Lumber company. He lived at Mavie and Goodridge until 1931, then moving to North Dakota. In 1940 he returned to Mavie where he retired due to ill health.

Survivors include his wife, Josephine, five daughters, Mrs. Antoine Lusian of Robbinsdale, Mrs. Clifford Roller of Goodridge; Mrs. Walter Anderson of Vallejo, Cal. Mrs. A. W. Oskl of Goodridge, and Mrs. Roger Anderson of Soap Lake, Wash.; 21 grandchildren; and 11 great grandchildren. Three sons preceded him in death.

Washing Machine Patent

A patent for the first washing machine with rotary motion was granted to Hamilton E. Smith, Pittsburgh, on October 2, 1858. The first complete electric washing machine was patented by Alva J. Fisher, August 9, 1910.

Giant Cactus of Arizona

The sahuaro or "giant cactus" of Arizona is especially fitted to get along with a limited water supply. Its extensive root system spreads in all directions from the main trunk for as many as 50 feet. The roots are close to the surface, so that rainfall is easily assimilated and stored in the pulpy interior of the main plant.

Funeral Rites Held February 19th for Mrs. Victor Anderson

Funeral rites were held Thursday morning, Feb. 19th at St. Bernard's Catholic church for Mrs. Victor Anderson, who was summoned at a local hospital at the age of 32 years. Father William Swanson officiated at the Requiem high Mass. Interment was made at St. Bernard's cemetery.

Mrs. Margaret Mary Anderson was born September 6, 1915 in this city, and has made her home here all her life. In 1936 she was united in marriage to Victor F. Anderson at Dorothy, Minn.

Relatives surviving are her husband, Victor Anderson, two daughters, Patsy and Thresse, and mother, Mrs. W. H. Quirk all of Kratka; two half sisters, Mrs. Helen Beste of Oaskis, and Mrs. Agnes Wetch of this city; and a half brother, Mike Quirk of Highlanding. She was preceded in death by her father.

195 REGISTERED ANIMALS OFFERED AT WINTER SHOWS

Annual Livestock Sale Will Be Conducted Two Days, February 26-27

A total of 195 head of registered livestock from breeders in the Red River Valley region of Minnesota and North Dakota will be offered in the annual Red River Valley Livestock association consignment sale at Crookston on February 26 and 27. This sale has become one of the outstanding livestock events of the Red River Valley Winter Shows.

Thursday, February 26, will feature the sale of Holstein cattle, bred gilts and bred ewes. On the following day, Friday February 27, there will be sold Milking Shorthorns and beef cattle. The sale is scheduled to start at 12:00 o'clock noon each day.

The Dutch Lunch banquet, which is an event that has been attracting a large number each year, will be held on Wednesday evening in the Eagles Hall. A committee of livestock breeders and business men from the Crookston Chamber of Commerce is planning an outstanding entertainment program. Musical numbers will be presented by students of the Northwest School. The committee this year was fortunate in securing U. S. Senator Joseph Ball and Claude O. Ehling, Editor of the Stock and Dairy Farmer, Duluth, as speakers.

Viking Resident Fined $75 on Traffic Charge

Charged with driving a motor vehicle while under the influence of intoxicating liquor, Edwin Sebjornson of the Viking community was brought into municipal court by the state highway patrol last Thursday. He paid a fine of $75 and his drivers license was revoked. Local police Wednesday brought Robert Westacott Jr. into court on a charge of speeding on Sixth st., and he was fined $15.

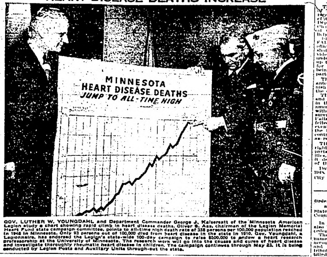
HEART DISEASE DEATHS INCREASE



GOV. LUTHER W. YOUNGDAHL and Department Commander George J. Kaiseratt of the Minnesota American Legion study a chart showing rapid climb in heart disease deaths. Oliver S. Aas, chairman of the Legion Memorial Heart Fund state campaign committee, points to all-time high death rate of 338 persons per 100,000 population reached in 1946 in Minnesota. Only 93 persons out of 100,000 died from heart disease in the state in 1910. Gov. Youngdahl, a Legionnaire, has endorsed the Legion's state-wide 100-day campaign to raise $500,000 to endow a heart research professorship at the University of Minnesota. The research work will go into the causes and cures of heart disease and investigate thoroughly rheumatic heart disease in children. The campaign continues through May 23. It is being conducted by Legion Posts and Auxiliary Units through-out the state.

Item in Detroit, Mich., Paper Recalls Heyday of Lumber Industry Here

A reminder of the days forty years ago when Thief River Falls played a prominent part in the lumbering industry is contained in an item in a recent issue of a Detroit, Michigan, paper, which tells of a picture in the possession of Bill Renpz, former lumberjack. The picture, dated March 4, 1909, shows what is claimed to be the largest load of timber ever hauled by horses on sleighs, the load containing 50,580 feet of timber weighing 250 tons. The trees were logged by the Irvine Camp for the Thief River Falls Lumber company.

Turpentine From Pulp

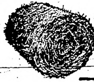
Increased demands and higher market prices for turpentine and its component fractions have created an additional source of revenue for manufacturers of pulp. Crude turpentine, or pinene, can be recovered from certain coniferous pulp woods, particularly southern yellow and long leaf pine, during the cooking period of a wood charge in digesters. The extent of recovery varies from 1½ to 4 gallons per ton of pulp produced, depending on the type of wood, its age and location. In addition to obtaining turpentine, the modern equipment recovers heat in the form of hot water for washing pulp and other mill use.

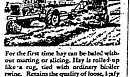
Greenhouse Space

Florists of the United States have more than 200 million square feet of actual growing space under glass in their greenhouses.

Effective Fire-Barrier

Exhaustive tests conducted by the National Bureau of Standards reveal that a wood-lath wall filled with mineral wool insulation will stop the passage of fire for one hour.





ROLLED BALE..
PACKAGE FOR GREEN LEAVES
Leaves are sealed within the bale, safe and dry.
Rolled bale is convenient to handle — will not buckle.
Hay unrolls into a wide, soft, leafy mat, appetizing to livestock. Can be fed whole in feed rack without waste.
Roto-baling is entirely automatic.
The tractor operator is the entire baling crew.
For the first time hay can be baled without matting or slicing. Hay is rolled-up like a rug, tied with ordinary binder twine. Retains the quality of loose, leafy hay. Bale is weather resistant, easy to feed, easy to handle. The Roto-Baler is the only machine that makes a rolled bale.

ADVERTISEMENT FOR BIDS

The City Council of the City of Thief River Falls, Minnesota will receive sealed bids for the installation of water main, until 8:00 P. M. March 17th, 1948 at the office of the City Clerk, Thief River Falls, Minnesota, at which time all bids will be publicly opened and read aloud.

Form of the contract documents, including plans and specification pursuant to which the work shall be done are on file at the office of the City Engineer, Thief River Falls, Minnesota. Copies of said documents may be obtained by depositing $10.00 with the City Clerk for each set obtained. The amount of the deposit will be returned to those who return the documents in good condition within 5 days after the date set for opening the bids.

The work consists of the following approximate quantities: Install 4300 lin. ft. 8" water main, install 1700 lin. ft. 6" water main, install hydrants valves and fittings, construct valve manholes and other appurtenances.

Each bid must be accompanied by a certified check or cashiers check acceptable to the City, in an amount equal to at least five percent of the total amount of the proposal, payable without condition to the City Treasurer, of the City of Thief River Falls, Minnesota. In case the successful bidder fails to enter into a contract or to give bond as required by law within the specified number of days of the award of the contract such check shall be forfeited to the City as liquidated damages.

The City of Thief River Falls, Minnesota, reserves the right to hold all bids for a period of 15 calendar days after the date set for opening bids, and to reject any or all bids or parts of bids, to waive any irregularities and to award the contract as it deems to be for the best interest of the City.

Dated this 10th day of Feb. 1948.
City of Thief River Falls, Minnesota.
P. G. PEDERSON,
City Clerk.

Olympic Games in England

After a lapse of 40 years the Olympic games will be held in Britain in 1948. Britain itself will be the arena for the games, for all events are not centered in one place. London will be the scene of the opening ceremony on July 29, and further, will be "at home" to most of the principal events. However, Bisley (shooting), Torquay (yachting), Henley-on-Thames (rowing and canoeing) and Aldershot (modern pentathlon) are the "outsiders" who will have their share of the games.

Honey For Longevity

Three thousand years ago Greek philosophers believed that the span of human life could be doubled by a diet which included a mixture of honey and water to relieve fatigue.

Japanese Safety Valve

If at least two earthquakes do not occur in Japan daily, the natives become worried. They consider mild, daily earthquake tremors as safety valves for the pent-up energy beneath their islands.

Mrs. A. Rafteseth returned home Tuesday morning from Minneapolis.

Save Drowning Fish

Thousands of fish drown in the northern states each winter when heavy ice prevents oxygen from getting to the water, Gib Swanson *points out in Capper's Farmer.* To avoid such loss last winter, the Wisconsin conservation department dusted lampblack on the ice-covered lakes from the air. It worked; the lampblack absorbed the sun's rays and melted the ice. Other black substances like soot have been used effectively in removing snow from airport runways and from highways.

Start of Fur Industry

The fur industry had its roots back in 1497, shortly after John Cabot came to Nova Scotia. Codfishing became a prosperous business. The fishermen sailed the Atlantic to the Canadian maritime provinces. While they were shore drying and salting their catch they were pestered by the Indians for knives, beads and trinkets from across the seas, trading these for the Indians' fur clothing. Soon the codfishermen found it more profitable to trade in furs than to fish for cod.

Concocted New Dish

"Chicken a la king" was named for E. C. King, proprietor of a New York summer resort. His chef concocted a new dish and listed it on the menu as "a la king" in honor of his employer.

Help From Dad

If you want just a little bright silk to pipe the child's dress, look through the neckties of the gentlemen of the house. Frequently a necktie that is seldom used will give just the touch of color needed for the small garment.

Grand International Brotherhood of Locomotive Engineers, which was organized in 1863 at Detroit, Mich., as the Brotherhood of the Footboard, is the oldest railway labor organization in the United States.

Keeping Matches Dry

A book of paper matches may be slipped inside the cellophane jacket of a package of cigarettes to keep them from absorbing dampness in the shirt pocket.

Sewing Aid

Colored carbon paper for marking darts and other pattern markings on material supersedes the tedious tailor-tack method, explain extension specialists. Dressmaking carbon paper may be purchased in white, red and blue colors. The carbon is placed between pattern and the wrong side of the material. A tracer is run over the dart or tuck pattern marks leaving tiny carbon dots on the cloth.

High Corn Output

The United States accounted for 60 per cent of the world's corn production last year.

Restores Flavor

Pouring canned orange juice from container to glass several times will restore some of the flavor of fresh juice.

ON DOUBLE TAXATION

Rather than impose double taxation on stockholders of cooperative organizations we would favor changes in our tax laws ending the double taxation on stockholders of ordinary corporations. Profits of corporations are subject to the following taxes before there can be any dividends to stockholders:

The first $5,000 of net income is subject to a tax of 21%.

The next $15,000 of net income is subject to a tax of 23%.

The next $5,000 of net income is subject to a tax of 25%.

The next $25,000 of net income is subject to a tax of 53%.

All net income over $50,000 is subject to a tax of 38%.

The above are the federal government taxes. In addition to these the state of Minnesota imposes a net tax of 5.4% on all corporation net income.

These are taxes that are imposed on corporation profits but not on the profits of partnerships or individually owned businesses.

After these taxes are paid by the corporation then the stockholders are subject to the usual taxes on individual income on any dividends received.

There is justification for a heavy tax on that part of the net income of a corporation that is reinvested and which adds to the value of a share of stock. But a tax on the net income that is distributed in the form of dividends and on which the receiver of the dividends will be required to pay a tax, is not justified and is obviously unfair.

Advocates of double taxation of cooperatives would be more consistant if they also advocated double taxation on individuals and partnerships. Perhaps they would have a better chance of correcting an injustice however if they concentrated on eliminating the double taxation altogether.

UNLIMITED OPPORTUNITIES?

A report from a neighboring state informs us that a small number of young men are to be trained as bricklayers, that after their training each will be assigned to work with a licensed bricklayer, and that after serving as assistants for a period of three years they may be licensed. In other words a few fortunate young fellows are going to be admitted to an exclusive society. In this land of the free a young fellow can no longer become a bricklayer merely by his own effort and application. He must wait for a vacancy and then hope that he will be accepted.

If it were only bricklayers who controlled competition in this way and limited the field of opportunity for young people there would be no real cause for concern. Unfortunately what the bricklayers are doing is also being done by many other trades and professions. And some of these trades and professions have established their closed shops legally, enforcing their authority by the power of law.

Minnesota has given to more than a dozen trades and professions the right to regulate themselves. This right is given presumably in the public interest, but there is reason to believe that in too many instances the authority is being abused.

Year by year it is becoming more difficult to become admitted to any professional group and the number of admissions is limited, not in the public interest but to control competition. And year by year more of the crafts and trades are protecting the vested rights of their members either by their own closed shop rules or by the closed shop rules of a board of their own members that has been given legal authority.

Who is there that can stand before a group of young people today and tell them they are living in a land of unlimited opportunities?

With the official arrival of Spring only a month away it should be safe to assume that we are through with extremely cold weather, and that is a comforting thought for those who have worried about the fuel oil supply. It looks like we will get by another winter without any too serious consequences. Now however, we face a possible summer gasoline shortage. Here is why. Normanlly refineries build up stocks of fuel oil during the summer to take care of the peak winter need, and build up stocks of gasoline during the winter to take care of the peak summer need. This winter refineries have had to continue fuel oil production longer than usual to meet an emergency. Because they have not been able to build up gasoline reserves they may not be able to meet the peak demand next summer. And that is why the industry is asking us not to be wasteful. The profit is all ours.

A nation-wide war is now being waged against America's top ranking killer, heart disease. We have always associated heart diseases with elderly people but now we learn that diseases of the heart cause a high percentage of crippling and death among children—actually kills more children than all other childhood diseases combined. In Minnesota the American Legion is sponsoring a Memorial Heart Fund to finance a study of the causes and cures of heart disease, and the closely related problems of rheumatic fever, at the University of Minnesota. We have made good progress in the control of some other diseases and the effort in this new field should be given wholehearted support. It is being sponsored by responsible organizations.

There seems to be some confusion among wives as to whether male should be spelled the same as mule.

Speaking of the fuel oil shortage and efforts to convert to coal, it appears that there is no fuel like an old fuel.

March is to be observed as National Wallpaper Month. Now is the time to get plastered in preparation for it.

Quoted misprint: The program was concluded by Miss Blank playing the piano.

With the days of big income tax payments threatened by the recent slump in prices, Congress soon may not have any treasury surplus to worry about.

Says Editor Lud Roe of Montevideo: Years ago cigarets were coffin nails, and now they are tax.

Quirk of our language — To worst a man is to get the best of him.

Altho Pennington county got a $20,000 windfall last week from the state liquor and cigaret taxes, few persons will recommend increased consumption on that account.

For Lighter Peaches

Vitamin C, in the form of lemon juice or vitamin C pills from the drug store, will help prevent darkening peaches taken to the freezer locker.

Looking Backward

1928—TWENTY YEARS AGO

John Bratrud is accompanying his brother, Dr. Theodor Bratrud of Warren, on an extended tour of South America.—W. N. Morell Jr. assumed the post of receiver of seven closed banks in this city and vicinity.—Walter H. Mann of Fond du Lac, Wisconsin, was named to succeed the late W. A. Barnard as superintendent of the Soo Line here.—J. M. Thelge succeeded F. T. Satre as president of the local cooperative creamery.—Judge Andrew Grindeland dismissed a jury in district court here on the ground that the panel had been improperly drawn, no women being included.—Mr. and Mrs. A. Lein arrived from Long Beach, Calif., for a visit at the H. O. Melby home.

1938—TEN YEARS AGO

J. O. Yotter, Soo Line conductor, went on the retired list.—Thirty members of the Winnipeg Winter club entertained more than 1,000 local spectators at a skating show in the arena.—Albert Knutson, farm worker of the Holt community, was instantly killed while walking on Highway 32 in Holt.—J. P. Curtis was elected president of the Thief River Falls Golf club, succeeding C. H. Jung.—Mr. and Mrs. Haakon M. Olson returned from a ten-day buying trip to Chicago.

NEW JOB . . . Blériot H. Lamarre, who figured prominently in recent senate investigation as alleged dummy president of Maj. Gen. Bennett Meyers' manufacturing plant, has a new job—as a gas station attendant.

Australian Atom Bomb

Chief center of research into the theory and nature of atomic energy in Australia is the nuclear physics laboratory of the University of Melbourne, where a huge Van De Graaf machine for accelerating particles for atom smashing has been completed. The machine was made wholly in Melbourne from Australian materials. It generates 1,000,000 volts. It is the first construction of its kind in Australia and took over 12 months to complete. The design was taken from a German blueprint, which was altered to suit Australian materials and equipment.

More Barn Hay Driers

Barn hay drying has proved its value and is rapidly expanding as a profitable haymaking practice. Despite wartime shortages of materials, many barn hay driers have been installed. Some of the advantages of barn hay curing are: Weather risk is minimized; 30 to 50 per cent more leaves are saved; hay retains 40 to 50 per cent more green color; 15 to 25 per cent more protein is retained; hay storage capacity is increased up to 50 per cent; hay can be cut and stored the same day, and spontaneous combustion danger is greatly reduced.

Women in Japan

There are upward of 700 American women in Japan and 1,300 more are expected eventually.

GOOD NEWS
We are paying one of our policyholders practically the exact amount for a stolen and recovered car that was paid for this car when it was new 7 years ago.
Another policyholder had a hub-cap stolen off his car and for this loss we are paying the price of a new hub-cap $1.15. We are not connecting him with home office for a correspondence course. I believe we have proven that our settlements and prompt payments are the best.
We claim to be able to save you $30 to $50 per year on your insurance on the new cars in the higher value brackets, those costing $2000 to $2400.

G. FORKS MAROONS DEFEAT PROWLERS IN ROUGH CONTEST

Local Quintet Tackles Crookston Pirates in Game Friday Evening

Forty-two fouls were called in the rough game played between the Prowler and the Grand Forks Maroons and which was played on the Grand Forks Central high school floor Friday night, with the Maroons recording a 49 to 24 and moving past the locals in the North Valley conference basketball standings.

The Prowlers will engage in a pair of conference games this week-end, meeting the Crookston Pirates, with their high scoring center Don Drake, on Friday night; and then traveling to Devils Lake for a game against the Satans on Saturday night.

Field goals by George McEnroe, Dick Koppenhaver, Gerry Schue and Lloyd Hallada, and Hallada's free throw, gave the Maroons a 9 to 4 lead over the Prowlers in the first period of Friday night's game. Harley Wagner's field goal and free throws by Al Williamson and Palmer Ronholm accounted for the locals' points.

In the second period, Ronholm looped in three field goals, getting the fielders from long tosses, and a pair of free throws, to keep the Prowlers within reach of the Grand Forks quint. Keith Jorde racked up the other Prowler field goal giving the locals a 14-point total at the intermission. Rugged Lloyd Hallada, playing a strong game under the backboards, flipped in three field goals to pace the Maroons second period scoring and boost the Central lead to 22 to 14 at the half.

In the rough second half, seventeen fouls were called on the Prowlers, with Grand Forks adding fifteen points on conversions. Eleven infractions were called on the Maroons in the second half and the Prowlers made good on eight of the tries. Grand Forks holding the locals to one field goal in the second half, scored by Jorde in the third period, pulled away to a 35 to 18 lead at the end of the third quarter.

Hallada, having scored but one free throw in the third period, broke loose for a field goal and five free throws in the final period, and boosted his point total to 17 for the game, to spark the Maroons to a 14-point quarter and give coach Don Hall's squad a 49 to 21 win.

For the second game in a row the Prowler forwards, Al Williamson and Marlow Davidson were blanked from the field, Bemidji having performed the feat last week. Guard Palmer Ronholm continued his sturdy defensive play, and his 10 points led the Prowler scorers.

In the preliminary game, the Grand Forks 'B' team, with several varsity squad players in their lineup, walloped the Prowler 'B' team, 56 to 16.

Minnesota State Hockey Tourney to be Broadcast Over KTRF This Evening

The state high school hockey tournament opening tonight in Minneapolis will be broadcast over Radio Station KTRF as long as the Warroad team, regional champion, continues to be a contender, it was stated by Alvin Christofferson, who will handle the broadcast from Minneapolis. The Warroad sextet meets the St. Louis Park team in the first round of play tonight at 9 o'clock, games on succeeding nights being scheduled for the same hour.

2 Midget Hockey Tilts Set for Saturday Night

The Grand Forks All-Star midgets will play Bjorkman's Toggery midgets at 7 p. m. and the Sportsman's Store midgets will play the Red Lake midgets at 8:15, Saturday night, Feb. 21, in the Arena here.

Warroad Six Whips Roseau Team 3-2 to Win Regional Crown

The Warroad Warriors dethroned the Roseau team as the eighth region's high school hockey champions on Saturday night by defeating Coach Almquist's club, 3 to 2, in a hectic finals game played before a capacity crowd that jammed into the Arena to witness the contest that climaxed the tournament played here on Wednesday, Friday, and Saturday.

In a consolation game played following the championship encounter, the Prowlers defeated the Williams six, 5 to 1, and gained third place in the tourney standings. This week coach Bernie Broderick's Warroad sextet will participate in the State High School hockey tournament being played on the St. Paul Auditorium rink. The Warriors are scheduled to play the St. Louis Park team in a first-round game this evening at 9:00 P. M.

It was largely through the smooth-skating, nifty stick-work and accurate shooting of all-regional Max Oshie that the Warroad team was victorious in the tourney, for it was Max's goal with 31 seconds of play remaining that gave the Warriors a 5 to 4 win over the Prowlers in a semi-finals game Friday night, and it was his solo goal at the 6:07 mark of third period Saturday night that broke a 2-all tie and provided the title winning margin.

Saturday night's championship game furnished the near-record crowd with innumerable thrills, and for two periods it appeared that Roseau would be successful in defending its regional title. Although both teams had scoring opportunities, the first period of play was scoreless but at 1:07 of the second period the Roseau fans caused the beams to shake with their cheers when Del Hedlund, on a backhand shot after taking a pass from Ray Baumgartner, flipped the puck into the south goal.

A couple of minutes later, Baumgartner, on a drive from the right of the net, beat goalie Jim Green to give Roseau a 2 to 0 lead. And the play throughout the second period seemed to indicate that Roseau was to be the eventual winner. Max Oshie was forced out of the Warroad lineup early in the period when he crashed into the west sideboards and injured a knee.

But in the frantic third period, Sam Gibbons' backhand lift from close in, with Max Oshie, who had returned to the game, feeding the pass, accounted for Warroad's first goal at 1:27. And at 5:35, Max Oshie, with Gibbons on the assist, knotted the score at 2-all when his shot found the corner of the net. The winning goal was racked up at 6:07 when Max Oshie on a solo rush, circled the defense to the right and swept in on Ken Wellen and backhanded a neat shot into the laces, and that goal proved to be the winning margin.

In the semi-final games on Friday night, both winners, Warroad and Roseau, were forced to come from behind to win. The Prowlers, on Swede Lund's goal gained a 1 to 0 first lead over the Warriors at the 2:38 mark. George Guilbault's goal from close in, after the Prowler defense was lax in clearing the puck, made it 1-all at 6:01. With Max Oshie in the penalty box, Al Steenerson pushed the locals into the lead with a long shot at 10:36; only to have Gibbons, seconds later, stickhandle through the defense for a solo goal to even the score.

Goals by Guilbault and Max Oshie boosted Warroad's lead to 4 to 2 early in the second period, and it was not until the final seconds of play that the Prowlers, on Swede Lund's hard drive from twenty feet out, registered a goal, paring the Warriors lead to 4 to 3.

At 4:15 of the third period, Bruce Hall's long hoist from the east side-boards was deflected into the south goal for a Prowler score and the game was tied up, 4 to 4. And the game was deadlocked until 11:26 of the twelve-minute period had elapsed when Max Oshie, on a pass from brother Buster Oshie, beat Thorson with a shot from close-in, giving the Warroad six their 5 to 4 win.

Roseau trailed by a 1 to 0 score after the first period of play of their game with Williams, with Johnny McKinnon scoring on a solo rush at 8:46 of the opening period. Moving into the second period of play, Gordy Lee, on a slow sliding shot from just inside the blue-line, scored Roseau's first tally to tie the game at 2:35. And Del Hedlund's sharply angled shot at 6:08 gave Roseau a 2 to 1 lead. Lavern Bjorkman's goal at 6:32 provided coach Almquist's team with "game insurance."

The States-Dominion hockey league concluded its regular schedule on Sunday afternoon, and this week the first-round play-offs are under way with Grand Forks meeting Crookston, and the Hallock Legionnaries playing the Emerson Canadiens.

In a hectic wind-up game, the Hallock team defeated the Grand Forks Amerks, 9 to 7, at Grand Forks to move into a second place tie with the Amerks. To determine the second position for the play-offs, a special extra period of hockey was played following the regular 9 to 7 game, and in this extra period the Amerks, by a 2 to 1 score, were victorious.

According to the play-off plan adopted at a meeting of the league directors held here last week, the first-round, with Grand Forks vs. Crookston and Emerson vs. Hallock, is to be concluded on February 22nd. These first-round winners will then meet in the semi-finals on the 24th and 26th, and the winner will move into the best-out-of-three finals with Thief River Falls, beginning on the 27th and ending on the 29th. The Thieves, as a result of being the league leaders, were given first and second round byes. If a third game is needed to determine the final series winner, that game will be played on the evening of the 29th, at Thief River Falls.

Should neither Grand Forks or Crookston reach the championship round, and the Thieves win the title, the local club will automatically become the States-Dominion hockey leagues entry in the A.H.A. play-offs in St. Paul. If, however, Grand Fork or Crookston win the play-off title, the Amerks must play Crookston at Grand Forks on March 1st, with the winner playing the Thieves at Thief River Falls on March 2nd to decide the league's representative in St. Paul.

In case this extra play-off will be necessary, the Hallock and Emerson sextets will be excluded, for these two terms, having Canadian players in their lineups, will be ineligible for the State A. H. A. tournament.

All-Regional Hockey Team

Tournament referees, Bill Russell of Winnipeg and Roland Van Dell of St. Cloud, wishing to maintain their neutral status, refused to underwrite a regional hockey team; but they did agree to discuss the various players and offer suggestions and recommendations. The result was that following each period of play there was considerable conversation about the performances of the players, and it was concluded that the following lineup would be a representative all-regional team: goalie, Bob Blair of Hallock; right defense, John McKinnon of Williams; left defense, Ray Baumgartner of Roseau; right wing, Max Oshie of Warroad; left wing, Sam Gibbons of Warroad; and center, Derwood "Swede" Lund of Thief River Falls. And added to this lineup as spares would be center Jim Oveson of Roseau, and defenseman Dennis Lund of the Prowlers.

Referee Van Dell, St. Cloud Teachers College hockey coach, was not here for the first round games on Wednesday night, so he did not have an opportunity to watch Hallock's Blair in action. But he took referee Bill Russell's word for it that The Hallock goal-tender was the region's best. And as for Max Oshie, Swede Lund, Sam Gibbons, Ray Baumgartner, and Johnny McKinnon, and the two spares, Jim Oveson and Dennis Lund, they were tournament standouts.

Incidentally, acknowledgment must be made of the capable and efficient manner in which the tournament was conducted, and with the officiating of referees Russell and Van Dell.

Bruce Hall Hockey Captain

The fourteen Prowler hockey lettermen, in an informal meeting Monday night, unanimously elected defenseman Bruce Hall to be captain of the 1948-49 team. Lettermen present at the meeting were co-captains Swede Lund and Ralph Engelstad, Bruce Hall, Dennis Lund, Allen Steenerson, Graydon Garlough, Jack Erickson, Ronnie Ness, Don Baken, Jim Arras, Miles Thorson, Rene Walsberg, Brian Walker, and Ambrose Reece. And of that group only Swede Lund, Engelstad, Walker, and Reece are seniors, so captain Hall will be leading an all-veteran squad on the ice next season.

Explanation

Several of the hockey fans were perplexed at the off-side face-offs called by referee Russell in the game Sunday between the Dodgers and the Thieves. There were times when the play would be in center-ice and, with a player off-side, the face-off would be made at the face-off spot in the defending zone of the offending team. Referee Russell quoted the following A. H. A. rule as an explanation: "If in the opinion of the Linesman an intentional off-side play has been made, the puck shall be faced at the end face-off spot in the defending zone of the offending team." That was the reason for those face-offs.

An Important District Game

The basketball Prowlers, after being on the short end of the score in their last two games, against Bemidji and Grand Forks, will endeavor to get back into the win column tomorrow night when they meet Coach Warren Johnson's Crookston Pirates on the local floor. The game, which is a North Valley conference tussle, is important from a 31st district standpoint, too, for it will perhaps have a bearing on the district tournament pairings. Crookston, last year's district winners, lost practically their entire team by graduation and coach Johnson has been forced to rebuild the Pirate squad. In center Don Drake, a six foot, five inch junior, the Pirates have the conference individual scoring leading, the towering Crookston player having tallied 90 points in eight games. And in left-handed Jim Anderson, the Pirates have another potent scorer, with the shifty forward having scored 61 points to tie East Grand Forks' Earl Gangeness for fourth place.

If the Prowlers are to be successful in turning back the Pirate invasion, the boys will have to "bottle up" the scoring efforts of Drake and Anderson. And the locals will have to do some scoring of their own. Except for guard Palmer Ronholm and center Harley Wagner, the Prowlers haven't been very efficient point-getters during their past two games. Of the 54 points that the locals have tallied in the last two games, Ronholm and Wagner have accounted for 32. The Prowler forwards may decide that tomorrow night is the time to drive in for those field goals, and if they do the Pirates are in for a loss.

STATE INCOME TAX CHIEF TELLS WHO MUST FILE RETURNS

Investigation Is Under Way to Detect Evaders, Commr. Spaeth Reports

The Minnesota department of taxation has had under way for sometime a state wide field investigation, county by county of income tax evasion. In those cases where audits disclose irregularities or possibilities of of fraud, the cases will be assigned for special investigation and prosecution, if warranted, G. Howard Spaeth, commissioner of taxation, announced this week.

Audits and examinations during the year ended December 31, 1947 of income tax returns filed and investigation of taxpayers that did not file returns, for one reason or another, resulted in the assessment of additional taxes, penalties and interest (over and above the amounts reported to be due by the taxpayers on the returns as filed) in the sum of $1,634,326.25.

Numerous persons apparently do not understand the requirements of the state income tax law. The law provides that the following persons must file returns with the State of Minnesota:

An unmarried individual if his gross income exceeds $1,000 whether he owes a tax or not. A married individual if his gross income exceeds $2,000 irrespective of whether he owes a tax or not. In cases where the combined gross income of both husband and wife exceeds $2,000, joint or separate returns must be filed irrespective of whether any tax is due or not. Nonresident owners or operators of farms or other real estate in Minesota must file returns if their gross income exceeds the requirements stated above.

Every partnership which is either domiciled or is doing business in the State of Minnesota is required to file a return regardless of the amount of the gross income of the partnership.

For the purpose of determing whether or not returns must be filed, gross income means gross receipts, gross revenue or gross earnings before subtracting any of the deductions allowed by the Income Tax Act.

The state income tax law contains severe penalities for failure to file any return required by the Act, or filing a false or fraudulent return, in either case with the intention of evading the payment of taxes. The law provides for the assessment of a 50% penalty in those cases. The law also contains a provision that any person who wilfully fails to make a return or wilfully makes a false or fraudulent return with the intent to evade the tax or a part thereof imposed by the act shall be guilty of a felony.

State income tax forms are available at all offices of county auditors and all state and national banks. They may also be obtained by writing to the State Income Tax Division, 213 State Office Building, St. Paul 1, Minnesota.

DIAMOND GETS CUFFED AROUND

West St. Paul.—A friend asked Bill Larson where he got his fancy ring. Bill looked and was dismayed to note that "the ice" was gone, leaving a ragged yawning setting. Pockets, gloves, floor were scoured, to no effect. Then Bill remembered where he sometimes found coins that slipped from his fingers, looked in the cuff of his trousers, and there sparkled the diamond.

FIRST VACATION IN HALF CENTURY

Dennison—This village makes big news twice in quick succession. Once because of sharing in Minnesota's new cigarette and liquor tax distribution through two counties, Goodhue and Rice. Again because J. A. Wallace, veteran depot agent and telegraph operator, is taking his first actual planned vacation in fifty years. Mr. and Mrs. Wallace are going into the sunny southwest for a prolonged visit.

IN THE GOOD OLD WINTER TIME . . . They are traveling a mile a minute on their water skis at Cypress Gardens, Fla., but Bill Sisle, who hails from Anaheim, Calif. (and if this be treason, make the most of it) finds time to put "the eye" on Nancy Stilley, Florida aquatic star. If the California chamber of commerce wants to know why Bill is vacationing in Florida, away from his own sun-kissed bailiwick, the Florida chamber of commerce will answer.

POLITICAL ROUNDUP

By Arthur Naftalin

On Friday of this week the rank-and-file participant in the Minnesota Republican Party will have an opportunity to express his views on how the Party should be run, if he takes the time to attend his party's precinct caucus. Some weeks later, perhaps in April or May, the Democratic-Farmer-Labor voter will have a similar opportunity. These caucuses are officially designated as party "primaries," and they were introduced several decades ago in an effort to take party control out of the hands of the "bosses" and give it to the party's rank-and-file.

The sponsors of the legislation which established the "grass roots" caucuses were sincerely interested in democratizing party control. They envisioned widescale public participation in the caucuses by hundreds of thousands of voters. They believed that, given the opportunity, the rank-and-file would participate extensively in the proceedings that lead to the county and state convention which adopt the party program and endorse the party's candidates, and that, in the process the party leadership would come to reflect the cross-sectional makeup of the rank-and-file.

Over the years there has perhaps been some increase in the total number of voters who actively participate in party affairs, but, actually, the percentage of the rank-and-file who do take part is very small. It is doubtful that, in this year's caucuses, more than 3,000 to 3,500 in each of the two major parties out of the state's 1,200,000 voters will attend the precinct caucuses. Thus, while party leadership may be somewhat more democratic today than it was in the days of the powerful "political boss," party affairs are directed by only a small fraction of the voting membership.

When a contest for control of a party develops as it is now within the D. F. L., victory does not necessarily go to the faction that would have the greatest support at the polls. Victory goes to the fraction that can do the best job of organizing. It is no easy job to get faithful workers to organize and lead caucuses in several thousand precincts in 87 counties. In hundreds of precincts—even in the highly-populated urban counties—no caucuses are held for lack of a single participant.

In the face of this apathy and ignorance of the caucuses procedure, it is possible for a small but highly-organized group to move in and capture the legal machinery of a party. For example, the Communist Party—which is believed to have between 1,000 and 2,000 members in the state—can, by devoting its efforts to organizing within one of the major parties, capture hundreds of precincts, and, then by skillful manipulation of others who are unaware of the Communists' presence, actually go on to take control of the party itself. When this happens, the rank-and-file awake the morning after a convention to find that their party has adopted resolutions for which there was no apparent support among the bulk of voters.

Behind the scenes within the D-F-L there is now proceeding a vigorous struggle to line up precinct workers and ward and county leaders. There is much oratory in the air, but between now and the state convention the main time and effort of fraction leaders are going into the organizing work. The appeals are aimed not at the general voting public but to that smaller number of sophisticated participants who will take the time to attend the caucuses. A particular faction may be supported by an overwhelming percentage of the party's rank-and-file, but if it fails to get its supporters to the caucuses and the county convention, it can lose control of the party.

Indications are that the Republican caucuses and county, district, and state conventions will produce no flareups, that they will go down the line for Stassen for President and the incumbent office-holders.

RIVER VALLEY

Mr. and Mrs. Mac Stucy visited with their daughter Faye, who is a patient at a hospital in Thief River Falls. She is now getting along fine.

GRYGLA

F. A. Brown, in charge of collections for the Infantile paralysis drive announces that $145 has been turned over to the County Committee as a result of the campaign. He wishes to especially thank the Ladies Aids of the St. Olaf's Church and the North Star and the school children of Grygla. Your support was most generous and the committee is very grateful.

Birthday Honors

One of our oldest residents was honored at a birthday party last Tuesday afternoon, February 10, when relatives gathered to honor Mrs. Marie Brevik's [illegible] birthday. Those who attended contributed to a pot luck lunch, which was much enjoyed. A white angel food cake topped with pink candles was brought by Mrs. George Hill of Duluth.

Those present besides the guest of honor were Mr. and Mrs. Peter Levang, Mrs. Hans Wick, Mr. and Mrs. Evert Salveson, Mrs. Clarence Peterson and Patty, Mrs. Axel Rund and children, Mrs. Harry McLean and children, Mr. and Mrs. Matt Wick and family, Rev. and Mrs. C. L. Halmrast, and Mrs. Geo. Hill of Duluth.

Mr. and Mrs. Gilmer Anderson and family, Mrs. Emmet Finley and children, Mrs. Ida Finley and Eugene and George Lee were entertained at the Ben Anderson home last Friday afternoon in honor of Sharon Anderson's fifth birthday. Sharon received several gifts besides three decorated birthday cakes.

Ladies Aid Organized

Ladies of the Northwood congregation have organized a ladies aid. The following officers have been chosen: President, Mrs. Ordean Anderson; vice president, Mrs. Ben Anderson; and secretary-treasurer, Mrs. Oscar Hagen. The first meeting was held last week at the Oscar Hagen home. The ladies busied themselves with needlework in preparation for a fall bazaar. Lunch was served. The next meeting will be held at the Erling Gilthvedt home on March 4.

The local creamery unit of the group health insurance held their annual meeting last Tuesday afternoon at the local hall. Arthur Nordby served as chairman of the meeting and Mrs. Adolph Erickson read the secretary's minutes of the last annual meeting and also gave a report of the finances of the group.

A representative of group health was present and gave a report of progress made by the organization and answered questions relative to the insurance program and also to the possibility of getting a health center located here. A resolution was adopted to be presented to the annual state meeting, asking that plans be worked out to try and get such a health center located in this community.

Leonard Haack was elected as a candidate for nomination to the District Board and Supervisory Committee at the District meeting which will be held in Thief River Falls sometime next month. Delegates elected to this meeting were Irven Anderson, Torjus Johnson and Melvin Sorenson, with one of this group also serving as a delegate to the State annual meeting which will be held in St. Paul. The Creamery Board of Directors were elected to continue serving as Directors and Officers for the insurance group.

The local unit consists of about 225 members, and premiums and dues collected for the past year amounted to $7,242.25.

The Zion Ladies Aid held their annual meeting at the Curtis Nordby home the last week in January, with Mrs. Curtis Nordby and Mrs. Joel Sistad as hostesses. Mrs. Marcel Sistad presided as chairman and Mrs. Albert Moe read the secretary's minutes and called the roll. Mrs. Arthur Nordby read the treasurer's report for the year, which showed a nice balance of cash on hand. Rev. Halmrast conducted devotion and several hymns were sung by the audience.

New officers elected at this meeting, were President, Mrs. Clinton Knutson; vice president, Mrs. Adolph Erickson; secretary, Mrs. Roy Paulson; treasurer, Mrs. Curtis Nordby. Mrs. Matt Wick was elected as Mission-Box secretary and Mrs. Arthur Nordby and Mrs. Hans Cleven to the Parochial School Committee.

Grygla School Slate News Reporters

The lower grades were not satisfied with the reporting of lower grade work in the School Slate. The third and fourth grade pupils decided to write on the Grygla School Slate each week. Read their reports. Clayton Klaven, 8.

Douglas Homeland Checker Champ

Douglas Homeland, a fifth grader, proved himself the checker champion of the upper grades in the tournament last week. The ten pupils who entered went down in preliminary and semi-finals were Darlene Berg, LeRoy Austad, Arles Berg, Mayo Ellingson, Luther Halmrast, Colin Leverson, Caroll Clausen, Betty Hanson, and Clayton Klaven. Sheldon Nomeland, 8.

Chinese Checkers Tournament

So successful was the checker tournament last week that the upper grades decided to stage a Chinese checker tournament this week. Twelve pupils entered and the first board was played Monday with LeRoy Austad winning over Sheldon Nomeland; Clayton Klaven, Sheldon Peterson, Robert Johnson, and Caroll Clausen. The champion will be announced on the next school slate.

The Stock Market

The eighth graders are excited over the stock market reports each day. Each student chose a commodity and a stock to watch rise or fall. This helps the class to better understand stocks and bonds in eighth grade mathematics. Kenneth Gibson, 8.

Upper Grade Valentine Party

The upper grade Valentine party was held in the room the last hour of Friday, February 13. The veterans class was meeting in the auditorium. The program committee, LeRoy Austad, Nayda DuChamp, and Patty Peterson planned a party full of fun.

Three poems were given by Luther Halmrast, Corrine Krohn, and Carroll Clauson. Two group songs were sung by Audrey Austad, Arles and Darlene Berg, Sheldon Peterson, and Mayo Ellingson.

Lunch was served on the long table in the hall by Mrs. Leo Svenspladsen, who prepared cup cakes, sandwiches, and nectar.

The Valentine box, made by the committee, was decorated with red hearts and held many Valentines.

After the program "Skip to My Lou", "Blackbirds", and "Fruit Basket Upset" were played. Nayda DuChamp and Patty Peterson, 8.

New Proctor Elected

Sheldon Nomeland, the proctor of last week presided at the election of the new proctor, Nayda DuChamp, Monday morning. Nayda selected for her cabinet Helen Hanson, Robert Johnson, Audrey Austad, and Carrol Ann Sletten. The clippings of Grygla School Slate which appear in the Thief River Times are kept in a scrap book. Colin Leverson, 8.

School Spelling Champ

Monday morning, Feb. 16, Mrs. Jensen gave the final 100 word test for the spelling bee. Luther Halmrast won first place with Nayda DuChamp and Patty Peterson ranking next as alternates. Luther will be Grygla's candidate at the spelling bee at Warren. We hope he wins there and at Minneapolis. Helen Hanson, 8.

The March of Dimes

The lower grades brought dimes to help children who have infantile paralysis. These children cannot jump in the snow banks. Our gift may make a child walk again. We were proud to place our names on the scroll and make our gift. The Grygla community will get credit for the dimes we brought. We collected four dollars and forty cents. The upper grades collected $3.85.

Hollywood Juniors

The second grade are finishing the movie "Cinderella". We drew nine pictures. Now we are going to make the box for the movie. We will paint the outside of the box. Blue Crepe paper curtains will open when the movie begins. They will close when the movie is over.

The third grade made the largest movie of twenty-five pictures. We will use the large puppet box for our movie. These lower grade movies will be shown at PTA February 20, 1948.

Lower Grade Valentine Party

Friday afternoon at two o'clock the lower grade children had a Valentine Party. It didn't seem like Friday the 13th because we had such a lovely time.

Two visitors came to our party. They were Carol Haack, who is Sharon Sourdill's brother.

The fourth grade were on the program committee. There were three poems read, two Valentine riddles asked and a story read.

The third grade made the valentine box. It was a lovely box covered with white paper. Red hearts trimmed the Valentine box.

Two treats surprised the children. Mrs. Richard Shoberg brought Eskimo bars for all the children. Audrey Johnson gave each child a cup cake of candy with a peppermint stick for the candle.

Lunch was served at three o'clock by Mrs. Svenpladsen. She served a lovely lunch of cupcake, sandwiches and nectar.

Mr. and Mrs. Matt Wick and children and Mr. and Mrs. Tron Fonnest and children of Thief River Falls were dinner guests at the Hans Wick home on Sunday. The Tron Fonnests also visited at the B. H. Fonnest home.

Arne Wick returned home on Thursday after a months visit at the Harold Wick home at Bellingham, Wash. and with other relatives at various other points in that state.

Mrs. George Hill left on Friday for her home at Duluth after visiting relatives here since Tuesday.

Mr. and Mrs. Charles Rustvold of Thief River Falls arrived here on Thursday for a few days visit with relatives.

Charles Warner Jr., eleven year old son of Mr. and Mrs. Charles Warner was rushed to a Thief River Falls hospital on Friday for an emergency operation for appendicitis.

Ben Anderson and Eugene Finley spent Monday and Tuesday at Rainer where they visited at the Clarence Anderson home.

Violet Olson is staying at the Douglas Miller home since Mr. Miller left to be employed at International Falls.

Dorothy Jacobsen spent the week-end at her parental home at Viking.

Shirley Bush is employed at the hospital in Thief River Falls.

Donna Bush spent Thursday and Friday at Thief River Falls visiting at the Walter Halvorson home and consulting a doctor. Mr. and Mrs. Ralph Bush attended the hockey game at Thief River Falls on Friday evening and brought Donna home with them.

Mr. and Mrs. Bernie Meek and Janice and Bobby and Betty Munson, all of Warroad visited at the Ralph Bush home a week ago Sunday.

AMERICAN KIDS IN GERMANY . . . Children of American army personnel are looking at the ruins of the German Reichstag, which might now serve as the tombstone for the Nazi hopes of world domination. It was the burning of the Reichstag (now known to have been an inside job—a party job) that gave Hitler the excuse to grab power. Allied bombs wrought the real destruction of the building.

First U. S. Savings Banks

The first savings banks in the United States were non-profit institutions, founded for charitable purposes, according to the Encyclopaedia Britannica. The original savings bank was the Provident Institution for Savings of Boston, which received its charter in December, 1816.

Cadiz Held Treasures

Galleons laden with New World treasure once filled the magnificent natural harbor of Cadiz, Spain. It was from this Atlantic port just north of Gibraltar that the Spanish Conquistadores set out for Mexico and Peru. They sent home the gold and silver of the Incas and the Aztecs to make Cadiz one of the richest cities of Europe.

HAMRE

Stork Shower Held

A stork shower was given on Mrs. Royal Holthusen on Sunday, Feb. [illegible] at the Wm. Zavoral home.

Party hostesses were Mrs. Ernest Zavoral and Marion Zavoral. A very large crowd attended and the honored guest was swamped with beautiful baby gifts. All her needs were filled.

She was seated at a table decorated with red streamers and hearts held a baby doll in a towel reading will it be a Valentine. The Valentine scheme was carried out through the other party decorations. After opening and all viewing the gifts, lunch was served buffet style being contributed by the ladies present.

Mr. and Mrs. Gordon Pittman and family and Rev. Sabo from Goodridge all were Sunday dinner guests on Feb. 8 at the Dreng Nesland home.

Mary Ellen and Robert Wells spent from Tuesday until Friday evening of last week with their grandparents, Mr. and Mrs. Charlie Wells.

Mr. and Mrs. Handy Wells and family moved again to their farm on Friday of last week after spending the past nine days at the Frank Johnson home while getting established again after the loss of their home by fire.

Mrs. Charlie Wells spent Monday with Mrs. Handy Wells and children while Handy and Charlie Wells made a trip to Thief River Falls.

Mr. and Mrs. Donald Gibson and son Jimmy from Grygla visited at the Handy Wells home Sunday.

Valentine Party Held

A valentine party was held on Friday afternoon at the Jelle school. A nice valentine program was given by the school pupils, after which different games were played. The valentine box then was opened and distribution of valentines by several postmasters took place.

Following was the enjoyment of a lovely lunch served to all being brought by the parents. Those present besides the school children and teacher were Mr. and Mrs. Edward Jelle, Melvin Jelle, Raymond Dalton, Mmes. Nels Folkedahl, Albert Mootz, Frank Johnson and Charlie Wells.

Mr. and Mrs. Charlie Wells were Sunday dinner guests at the Jessie Warner home by Grygla.

Ladies Aid Held

The Carmel ladies aid was held last Thursday at the Julius Tanem home with Mrs. Ted Sledvedt and Mrs. Olga Jelle serving as hostesses. Rev. Halmrast rendered a prayer and devotion and audience sang several hymns. Lunch totaled $8.50.

Birthdays Honored

Little Robert Wells celebrated his 4th birthday on Feb. 13.

Mr. and Mrs. Otto Knutson and family, Mr. and Mrs. Frank Johnson and sons all motored to Thief River Falls on Saturday to help Mrs. Harvey Woods celebrate her 83rd birthday. Mr. and Mrs. Walter Woods and family, and Miss Minnie Woods from Oslo also came there to join the event. Two heart shaped birthday cakes centered the table being brought by her daughters.

Day Nurseries Not New

Children's day homes would be established in the centers of every poor population, where for a small charge babies and young children could be taken care of in the day while the mothers are at work. — This was the plan advocated by William Booth in 1890.

From where I sit ... by Joe Marsh
Free Ride For You—on the Freedom Train!
We had a real thrill in Our Town just the other day—when the Freedom Train stopped by!
You've heard about it, of course—an actual train that's touring the country to remind us again what true Democracy means. It carries such Americana as the Declaration of Independence, the Bill of Rights, and other immortal documents that guarantee every citizen his liberty.
A great idea! And from where I sit, we're all riding along with that Freedom Train—right now—by living in a country that protects our individual liberties—whether they apply to our right to vote, to choose our church, to speak our minds, or enjoy a glass of beer with friends.
Only thing is—we've got to prove ourselves worthy of the ride . . . by guarding zealously against whatever forces of intolerance encroach upon our American concepts of live-and-let-live, in a free and strong Democracy!

Far Away Is the Sun

The earth is nearest the sun in January and farthest away in July. In 1947 the date of perihelion (when the earth was closest) was January 3, and the distance separating us was 91,342,000 miles. The time when we are farthest apart, called aphelion, came on July 5, 1947, with the distance of 94,451,000 miles. The reason that it is warmer in July than in January is not due to any close approach of the sun, but to the fact that in the northern hemisphere the sun comes more nearly overhead and its ray of heat and light fall on the ground more nearly vertically and are more concentrated than in the winter.

Mrs. Evelyn Anderson and children left on Saturday night for their home in Minneapolis, after a few days visit with relatives here.

Basket Social Big Success

The basket social at the school house on Saturday evening proved to be a huge success, both socially and financially. A good crowd was in attendance. The program, consisting mostly of music, singing, comedy acts by members of the team, and stunts by the audience, was very much enjoyed. Over 40 baskets were sold. Many of these were double baskets, while a few were triples. Free coffee was served for those having baskets and coffee and cake was for sale for those unfortunates who did not get a basket. Following the lunch hour a carnival spirit reigned and the few concessions did a thriving business.

Net profits for the evening were a little over $200.00. This money will go to help pay the expenses of the basketball team when they attend the state tournament in Minneapolis next month. Members of the team express their thanks to all who helped to make this a success. They especially thank the Marshall County State Bank, of Holt for their generous donation.

Sweeping the nation like wildfire:
"This time it's Hudson"
the car you step down into!

GET in on the excitement. See a new kind of motor car—only five feet from ground to top, but with more inside head room and roomier seats than in any other mass-produced car built today!

Hudson is the only American-built car you step down into when entering, not up on—yet it maintains road clearance.

Hudson's new, all steel Monobilt body-and-frame* is the only motor-car construction that completely encircles you, even outside the rear wheels, with a rugged, box-steel foundation frame.

You ride within this frame—cradled between axles—not on top of the frame as in other cars. And as you ride, Hudson's combination of unique construction and comfort features gives you a sensation of snug safety and serene, smooth going unlike anything you've known before!

Treat yourself to the thrill of riding behind Hudson's all-new Super-Six engine—the most powerful six built today—or the better-than-ever Super-Eight. Find out about automatic gear shifting in forward speeds as provided by Hudson's exclusive "Drive-Master" transmission.

Step into the nearest Hudson showroom. You'll see why, across the nation, they're exclaiming, "This time it's Hudson!"

How to climb a telephone pole...

YOU'LL NEED climbers, safety belt and strap, special tools. We'll teach you how to put them on, how to "step", how to brace yourself to keep from falling . . . and when you get to the top, how to hoist a cross arm into place, bolt it on, anchor a cable, transpose a wire. A score of skills like these are second nature to more than 5,500 well-trained, well-paid plant men who maintain existing equipment and build new lines to meet urgent need for local and long distance service.

HERE COMES THE "DROP LINE" from a nearby pole to another home—one of 17,000 orders for service we are filling as fast as we can get much needed equipment.

VOICE-LINK with the world, your telephone performs scores of tedious errands in a few pleasant moments. Who can compute the value of the time saved?

NORTHWESTERN BELL TELEPHONE COMPANY
Serving Iowa, Minnesota, Nebraska, North Dakota, and South Dakota

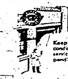
Constant research, precision equipment, skilled workers, long-range planning—all to bring you the best telephone service in the world at the lowest cost.

Only One is No. 1—
Only Chevrolet Is First!

Meet the new standard of Big-Car beauty! It's here, in Chevrolet's Bodies by Fisher—finest bodies made—available only on Chevrolet and higher-priced cars.

You'll enjoy Big-Car performance, too, when you own a Chevrolet; for it brings you Valve-in-Head engine performance, found elsewhere only in more expensive cars.

You'll find Chevrolet rides more smoothly on all types of roads due to the famous Knee-Action Ride; and, of course, Knee-Action is found only on Chevrolet and costlier cars.



Keep your present car in good running condition by bringing it to us for skilled service, now and at regular intervals, pending delivery of your new Chevrolet.

Men and women everywhere agree: Only one is No. 1—only Chevrolet is first—in all-round value as in popularity. Consequently, more people drive Chevrolets than any other make, according to official nationwide registrations; and more people want Chevrolets than any other make, according to seven independent nationwide surveys. Here, in the new 1948 Chevrolet, is record value. For new and even more luxurious styling, colors and appointments have been added to all of Chevrolet's other advantages of BIG-CAR QUALITY AT LOWEST COST!

When a Berry is a Berry

Almost everybody likes berries, but few people know that what we usually call berries — strawberries, raspberries, blackberries, loganberries—are not berries to the botanist. They are "drupelets." Among true berries, which nobody ever thinks of calling by that name, are grapes, bananas and tomatoes. But cranberries and blueberries come by their name honestly.

VARIED 4-H CLUB PROGRAM SLATED AT WINTER SHOWS

Much Interest Shown in New Junior Heifer Calf Futurity Event

4-H club exhibits and 4-H club meetings will be outstanding features of the 1948 Red River Valley Winter Shows, Crookston, February 23-27. Glen Johnson of St. Paul, district supervisor of 4-H club activities for Northwestern Minnesota, is general superintendent of the 4-H club department.

Activities will start with the livestock judging contests on Monday, February 23. Livestock exhibitors in the 4-H club classes will be getting their livestock ready on Monday for the judging of the 4-H club livestock classes on Thursday, February 25. A prominent feature of the livestock show this year will be the competition in the Junior Heifer Calf Futurity, in which 4-H club members, Future Farmers of America, and Northwest School students will compete for the coveted Blue Ribbon classes.

Twenty six calves have already been entered in this contest. A recognition dinner will be given the exhibitors and the cooperating livestock breeders on Tuesday evening.

Wednesday, February 25, is designated as 4-H Club Program Day, with 4-H dairy demonstrations during the morning and the recognition dinner at the Elks Club Wednesday noon and the radio speaking contest Wednesday afternoon.

The 4-H club corn and potato exhibits will be on display in the crops exhibit room. Assistant superintendents in the 4-H club department are G. E. May, county agent, Moorhead, and Julian Johnson, county agent, Red Lake Falls.

NATIONAL GUARD COMPANY F CITED FOR WAR SERVICE

Local Unit Wins Praise For Its Performance in Philippines in 1945

Citations of three Minnesota National Guard companies for outstanding performance of duty against the enemy in the Philippine Island has been announced in recent general orders of the Department of the Army.

The three units, all part of the 136th Infantry Regiment, Minnesota National Guard, are Company F, now stationed at Thief River Falls, Company G, at Crookston and Company I at Litchfield. The actions for which the battle honors have been awarded occured in the spring of 1945 during the reconquest of Luzon under General MacArthur.

Company F earned its citation on Skyline Ridge, Nueva Viscaya Province, Northern Luzon, when it held that position for three days from the 9th to 11th of April although completely surrounded and cut off by superior Japanese forces. This small force repulsed repeated attacks against the position and succeeded in destroying more than 200 Japanese troops although their own strength was only 97 men.

Our Telephone Count

Latest statistics show that the United States has more than 22 telephones for every 100 inhabitants, compared to 2.2 telephones per 100 inhabitants in the world as a whole. The United States has about 59 per cent of the telephones in the entire world.

DRUNKEN DRIVING PROBLEM STUDIED

Analysis Shows Marked Difference in Habits

A marked difference in the driving habits of admitted drinkers and professed non-drinkers is shown in an analysis, made by the Minnesota highway department, of reports of 28,536 motor vehicle traffic accidents in a nine month period in 1947.

Results of the analysis, the report emphasizes, are only indictive and not conclusive, for two reasons. First, in 23 per cent of the accidents reported it was not stated whether drivers had or had not been drinking. Second, in a majority of the reports the only information was the driver's statement, while in relatively few cases were drivers tested or drivers' reports supplemented by police reports. The information available, however, revealed the following figures:

Drinking was attributed to one or more drivers in 15 per cent of the accidents where information as to drinking or lack of it was stated. This 15 per cent includes both drivers "under the influence" and those who had been drinking but not to the extent of being "under the influence".

Accidents involving drinking drivers are more likely to be serious, 2.3 per cent being fatal, 34.8 per cent involving non-fatal injuries, and 62.9 per cent property damage only. In accidents involving non-drinking drivers, 0.9 per cent were fatal, 29.7 per cent brought non-fatal injuries, and 69.4 per cent property damage only.

Seventy-nine per cent of the accidents involving drinking drivers occured during hours of darkness, while only 33 per cent of accidents involving non-drinking drivers occured in such hours.

Sixty-three per cent of accidents involving drinking and only 23 per cent of accidents involving non-drinkers occured between 8 p.m. and 3 a.m.

Peak of drinking accidents was from 1 to 2 a.m. For non-drinking accidents the peak was from 4 to 6 p.m.

Henry A. Wallace Speaks in Minnesota Next Week

Henry A. Wallace will engage in his most intensive campaign in several months when he comes to Minnesota for the last three days of February. His visit is sure to stimulate wide speculation and interest at a time when the political parties are preparing plans for their spring conventions.

Wallace will spend the 27th of February in Minneapolis where he will speak at a mass rally in the Armory in the evening. On Saturday February 28, he will speak in the Willmar Auditorium at 1:30 p.m.

On Sunday, February 29th, Mr. Wallace will visit the Iron Range cities, and Duluth. He will speak at a luncheon in Chisholm at noon, at a rally in Eveleth in the afternoon and at a rally in Duluth in the evening. From Duluth Mr. Wallace will return to his farm in New York state.

Orville E. Olson of Minneapolis who is directing the Wallace campaign in Minnesota announced that campaign headquarters will be opened in downtown Minneapolis this week.

Vanishing American Soil

When John Smith and Miles Standish came to these shores, the topsoil averaged about nine inches in depth. Today, due to the ripping and wearing action of water and wind on unprotected land and the removal of organic matter, the result of land abuse, topsoil averages about six inches in depth for the nation as a whole. In some places it is entirely gone—and more is going.

Tobacco Cost High

American Medical association reports that the American people spend two and one-half times as much for tobacco as they spend for physicians' services.

Date and Pecan Ring.

Dates, halved
Pecans, halved
Honey
1 cup sifted white flour
2½ teaspoons baking powder
½ teaspoon soda
1 teaspoon salt
1 cup unsifted whole wheat flour
½ cup brown sugar
½ cup pitted dates, chopped
½ cup pecans, coarsely chopped
1½ cups rich milk
2 tablespoons vinegar
2 eggs, beaten
2 tablespoons shortening, melted

Grease an 8-inch ring mold thoroughly. To prepare decorative topping, alternate halves of dates and pecans on bottom of mold and drizzle with honey. In a mixing bowl, sift flour, baking powder, soda and salt. Add whole wheat flour, brown sugar, dates, nuts, and mix thoroughly. Combine milk and vinegar. Add shortening, then add beaten eggs. Stir in dry ingredients. Mix just until flour disappears. Pour into prepared ring mold and bake in a hot (425-degree) oven for 15 minutes, then reduce heat to moderate (350 degrees) and continue baking for 20 to 25 minutes.

*Swedish Pancakes With Berry Sauce.

(Serves 4)

1 cup sifted enriched flour
¾ teaspoon baking powder
½ teaspoon salt
1 tablespoon sugar
1 egg, beaten
1 cup milk
1 tablespoon melted shortening
Sweetened berries or jam

Sift together flour, baking powder, salt and sugar. Combine egg, milk and melted shortening. Mix well. Add to flour mixture. Mix smooth. Using 2 tablespoons of batter for each cake, bake on hot griddle or skillet. Spread each cake with butter, then with berries or jam.

UNION GOSPEL TENT MISSION

Thief River Falls, Minn.

ARE WE A "BENEFICIARY?"

I have read the account of the "first distribution" to our "county subdivisions, the payments representing their share of state and cigaret and liquor taxes for the six-months period ended December 31, 1947." While I believe both items listed as sources of revenue to be a curse, I confine these remarks to the liquor side of the question.

"Largest single beneficiary is the city of Thief River Falls," says the report.

We are called a "beneficiary." Are we? Mr. L. G. LeTourneau, prominent American industrial leader, is quoted as saying:

"I am heartily in favor of liquor advertising that will tell the truth of the poverty, disease, broken homes, wrecked lives, lost virtue, suicides, homicides, and sudden accidental deaths that result from drinking."

If "gains" come via the state, what may we not expect to learn of drinking "profits" locally? It has been called to my attention that every dollar of profit through the municipal liquor store here is blood money derived from the misfortunes of those who drink. I'm wondering if professional and business people, including representatives of public education who loaned their names to that list which urged a "NO" vote here last summer, now are pleased with the local spot dispensing liquor.

Yes, we would appreciate to have all sides of the news, also in this local paper, which in this instance reports us a "beneficiary." We have been informed of salaries of dispensary personnel, costly furnishings, whether chromium or otherwise. Why not also publish the cost of the drinks and the cost after the liquor is dispensed? If a dispensary is essential to the welfare of a municipality, the result of its commodity upon consumers and their homes should be printed. Instances where liquor is the direct cause of accident, brawl, death and court trial ought to be listed. In a recent trial in this county much of the evidence, if not the preponderance of it, blamed liquor as party to the offense. The jury must have been convinced for it returned a verdict of guilty. So, if we are a "beneficiary" through this business, the activities of the "policy holder" should be reported as news in order that the reading public, "the beneficiary," might evaluate fairly and exercise the proper sense of "appreciation!"

Any spot dispensing liquor for public consumption is a place of shame. It can never be a place of honor. Its commodity makes customers indecent. No wonder the late Thomas Edison said, suggests a report, he had better use for his head. It's as true as can be: the liquor business does not make sense — nationally, statewise or locally.

Citizens with integrity and a sense of honor which is above revenue through blood money ought strenuously to oppose use of such income for purposes of public utility. We appreciate new public facilities, but let us oppose to obtain them through blood money.

"Woe to him that buildeth a town with blood, and stablisheth a city by iniquity!"

"Woe unto him that giveth his neighbor drink, that puttest thy bottle to him, and makest him drunken also, that thou mayest look on their nakedness!"

"Know ye not that the unrighteous shall not inherit the kingdom of God? Be not deceived: neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor abusers of themselves with mankind, nor thieves, nor covetous, nor drunkards, nor revilers, nor extortioners, shall inherit the kingdom of God."

We still believe the Bible.

Farm and Implement News

Once again we want to urge you to get your tractor in for repair as soon as possible. Right now our shop can handle it without any delay. Drive it in yourself, call us or drop us a card and we will send our truck out to pick it up. A little service done now will avoid expensive break-downs in the middle of working seasons. We are equipped to handle all tractor jobs from mechanical work to repainting and every Blue Ribbon service job is guaranteed.

We have a few boss harrows and adjustable steel lever harrows still on hand. Unfortunately, we can't promise delivery six weeks from now, so if you need one, get it now... We have sold all the Winner Fanning Mills we have been able to secure to date and future deliveries are uncertain. If you are going to need a fanning mill, let us know as soon as possible and we will try to get you one.

If you are looking for a four-wheel trailer-wagon, we have three different kinds to choose from: McCormick-Deering heavy duty with spring bolsters, Lindsay Electric Wheel and East Moline. All three are equipped with Timken bearings and auto-type steering. They are built for road speeds and good-size loads. Prices from $101.75 (without tires).

It is time to place your order for that Superior Hydraulic FARMHAND. We sincerely believe this to be the best type of loader available and we know that hundreds of users will agree with us. The FARMHAND lifts up to three thousand pounds and has a "reach" of 21 feet. It has literally hundreds of time and labor saving uses. For instance, you can save up to $6.00 per ton of hay stacked. One man can do a job which formerly required up to five men... The FARMHAND offers numerous attachments including hay basket, manure fork, gravel plate, snow scoop, forage fork and sand scoop... Mountings for any two-plow or larger tractor. Limited number available. Order yours early.

We have a few used McCormick-Deering cream separators on hand at prices from $34 to $90. Each one is guaranteed satisfactory or it can be returned... Again in stock: plastic miniature Farmall tractors and wagons for children... Don't forget to stop in and see the new International Harvester freezer chests... One used car on hand—a 1941 Studebaker Champion 2-door sedan—in good condition... We have a good supply of electric motors in ¼, ⅓, ½ and 1 H. P. sizes. Prices from $23.25 and up.

SEVERAL WOMEN SPEAK NEXT WEEK AT WINTER SHOWS

Mrs. Luther Youngdahl To Speak Next Thursday on Her European Trip

A program of more than usual interest has been arranged for the women at the forthcoming Red River Valley Winter Shows, Crookston, with the daily programs starting on Tuesday and continuing through Friday, February 27.

On Tuesday, February 25, the joint meeting of women and members of the Ninth District Horticultural Society will be held at the First Methodist Church in Crookston. The society is an organization made up of some twenty affiliated garden clubs of the Red River Valley area. Garden clubs of the area are sending delegates to take part on a panel discussion of garden and flower problems, and specialists Parker Anderson and Leon Snyder of the agricultural extension division will discuss tree and ornamental planting problems.

On Wednesday, February 25, Miss Eva Blair of the home economics extension, St. Paul, will speak on the subject of "Observations of Living Conditions in Western Europe". Mrs. Viola Battey, assistant probation officer in connection with district juvenile and municipal courts in Ramsey County, St. Paul, will speak on the subject "The Juvenile Court Meets the Delinquent Girl".

On Thursday, Mrs. Luther Youngdahl, wife of the governor of Minnesota, will speak on her observations made on her recent trip to Sweden. Mrs. Ann Bystrom, of the Ann Pillsbury Home Service Center, Minneapolis, will discuss "Modern Trends in Foods".

For the closing program on Friday, Mrs. J. E. Madden of Crookston, librarian, will discuss notes on new books and give a book review. Mrs. John E. Crimmins of Minneapolis will give a lecture-demonstration on "Hobbies".

An excellent program of music has been arranged for the women's meetings, with music groups from the Northwest School and Crookston High School, Miss Winnifred Erickson, soloist, from the Northwest School, and Richard Eagle, violinist of Crookston. An organ prelude will be given each day with Mrs. Elmer F. Anderson, Ruth Emerson, and Alpha Morck as organists.

Stillwater Man Heads Editorial Association Anti-accident Campaign

R. A. Hannah, publisher of the Stillwater Post-Messenger, has been named to head the new Safety Committee of the Minnesota Editorial association for 1948.

The new MEA board of directors, at its first meeting since the state convention, chose Mr. Hannah chairman and named with him on the safety committee; Grace A. Dunn of the Princeton Union; Dan W. Johnson of the Ivanhoe Times; Ted Norelius of the Lindstrom press; and Mae B. Tygeson of the Annandale Advocate.

Miss Dunn, who served as chairman of the committee which last year accomplished marked success in disseminating information for the prevention of traffic and other accidents, was specially commended by the MEA board and induced by them to continue as a member of the committee. C. H. Zealand, secretary of the Minnesota Safety Council, is an ex-officio member.

13 TOWNS STRADDLE COUNTY BOUNDARIES

Many interesting disclosures were made in State Auditor Stafford King's February report on the distribution of Minnesota's new cigarette and additional liquor taxes. Not least among a mass of figures is the fact that thirteen Minnesota towns lie across county lines, twelve of them occupying space in two different counties and one reaching into three counties. Chatfield is shared by Fillmore and Olmsted counties; Dennison by Goodhue and Rice; Granite Falls is in Chippewa and Yellow Medicine counties; Jasper in Pipestone and Rock; New Prague in LeSueur and Scott; Osakis in Douglas and Todd counties; Ormsby in Martin and Watonwan; Hennepin and Wright counties share three villages, Dayton, Hanover, and Rockford. Benton and Stearns share Sartell, Meeker and Stearns are Eden Valley, and St. Cloud is the champion sprawler, reaching into Benton, Sherburn, and Stearns counties.

Candy to Them

American tooth paste has found favor with Finnish children as a substitute for candy. The sweetish taste of some of the dental preparations make a strong appeal to the youngsters who have been starving for sweets for seven years. Recently the American Red Cross distributed dental paste to the school children at Kouvola. On their way home the little ones grew curious about the foreign gifts, tasted the scented contents and liked the paste so much that the tubes soon were empty.

Pennsylvania Farm Land

According to the 1945 U. S. farm census, the 171,761 Pennsylvania farms contain 15,010,675 acres of land. The total possible cropland is 8,001,335 acres, and land used for crops in 1944 both harvested and failure, amounted to 6,663,799 acres. Planted pastures totaled 4,240,673 acres, and woodland totaled 3,312,084 acres.

WASHINGTON REPORT

By Senator Joseph H. Ball

President Truman stirred up quite a furore among Southern Democrats by the report of his Civil Rights Commission and his message to Congress urging passage of anti-poll tax, anti-lynching, fair employment practices and similar legislation. Some of those bills undoubtedly are needed, but my own observations as a member of the District of Columbia Committee and the District Appropriations Subcommittee make me wonder why Mr. Truman is not doing something about the shameful disregard of the civil rights of negroes and other uninfluential people in the District of Columbia.

President Truman could do something about that situation without consulting Congress, because he appoints the three commissioners who run the city government of Washington and who in turn appoint the police administration which is responsible for law enforcement here. Mr. Truman likewise appoints the U. S. district attorney who is Washington's prosecuting attorney.

Eliminating economic discrimination against racial and religious minorities is important, but it is far more important to make sure that those fundamental civil rights guaranteed in the Bill of Rights are protected. Article IV says: "The right of the people to be secure in their persons, houses, papers and effects against unreasonable searches and seizures, shall not be violated." That is the people's protection against gestapo police methods.

Here in Washington, the nation's capital, a new police chief one Robert Barrett, was appointed last summer. Barret once was convicted of beating up and crippling a man he arrested on suspicion, who later was proven innocent. A retrial was ordered but was never held. Barrett is the kind of policemen most cities have avoided for a generation.

The rough treatment which Washington negroes receive at the hands of the police here is so notorious that few of them will carry a complaint to the police any more. The reception they get indicates to them that any negro, or any other person without influence, is guilty until proven innocent.

Last fall, a negro war veteran, Willie Clegg, employed by the Washington Post, was arrested one night on suspicion of molesting women, held incommunicado 31 hours, cuffed around and bruised and finally released, hours after any intelligent policeman could have ascertained a mistake had been made. It is, of course, a violation of law to hold any person incommunicado.

The Post took up the case, tried to get an indictment of officers responsible, but failed. Its campaign finally forced a departmental trial of the three policemen involved, but it was held before a trial board appointed by Chief Barrett and two of the three members were his subordinates in the police department. The three policemen were acquitted after a trial made a farce of justice, and Barrett congratulated them on their handling of the Clegg case. Willie Clegg finally quit his job and went back to North Carolina.

I am co-author of a resolution for an investigation of Washington's police administration. Action so far has been blocked by a Democratic senator, but the resolution will be pressed. Meanwhile, if President Truman is really interested in protecting civil rights, I would respectfully suggest that he call in the three District Commissioners, who are his appointees, and tell them to do something about protecting civil rights and cleaning up police administration right here in Washington.

To Speak at Crookston

JOSEPH H. BALL

United States senator, St. Paul, has been secured to speak on the evening program Wednesday, February 25 at the Valley Winter Shows in Crookston. Senator Ball, a former resident of Crookston until 1922, is the senior senator from Minnesota. He will speak on the subject "Critical Domestic and Foreign Affairs."

Naturalist Urges Bird Feeding During Winter by Minnesota Citizens

If you like birds around your yard in the winter, the best way to keep them as neighbors is to feed them, advises Dr. W. J. Breckenridge, director of the Minnesota Museum of Natural History at the University of Minnesota.

"There is a period of emergency coming," warns Dr. Breckenridge. "In the spring when sleet storms occur and ice forms on the ground, the birds are in a fix unless their human friends help them out by providing feeding stations," he added.

Well-stocked feeding stations will save the lives of the birds who winter in Minnesota, and will get them into the habit of staying around the house, explains Dr. Breckenridge.

The way to feed the downy and hairy woodpeckers, chickadees, white breasted nuthatches, blue jays and brown creepers, the most common winter residence birds, is to scatter on the ground and in trays such food as bread crumbs, grain, chicken feed, suet, fats and ground-up stale nuts.

Even the popular bluebirds and robins may need help after they arrive back from the South late in March or early in April, Dr. Breckenridge warns, with Minnesota weather as unpredictable as it is.

M. O. Giertsen Named Chief Bridge Engineer With State Department

Appointment of M. O. Giertsen as chief bridge engineer of the State department of highways, succeeding the late E. J. Miller, who died Jan. 21 after a long illness, was announced today by M. J. Hoffman, state Commissioner of highways.

Mr. Giertsen has been principal assistant to the chief bridge engineer since early in 1931, with complete responsibility for the inspection, maintenance and repair of all of the 2,500 bridges on Minnesota's trunk highway system.

Mr. Giertsen joined the highway department in 1920 and has 27 years continuous service. A native of Minneapolis and son of a pioneer Mill City family, he attended grade and high schools there, was graduated from the University of Minnesota with a bachelor of science degree in 1912 and received his degree of civil engineer in 1913.

COW COMFORT DURING MILKING Pays BIG DIVIDENDS
By adjusting vacuum precisely to the needs of each teat, the Perfection MILK-MASTER achieves the utmost in comfortable milking.

Milk "let-down" must be maintained throughout the milking period. Cow comfort is important. Avoid any unusual disturbances. Milking with the Perfection MILK-MASTER, after the cow is properly prepared to induce "let-down", keeps her comfortable and contented, because the MILK-MASTER automatically adjusts the vacuum for each teat according to the need. No other milker has this feature.

The proper preparation to stimulate the "let-down" of milk is to wash the teats and lower part of udder with warm water then squeeze a squirt or two of milk from each teat. One minute later, attach the teat cups. Remove teat cups as soon as milk stops flowing. After a little training most cows will milk out in 2½ to 4 minutes.

Faster milking with the MILK-MASTER promotes udder health and increased production, besides saving time.

Let us tell you more about the MILK-MASTER way.

Mrs. H. Nabben of Thief River Falls was a visitor at the Overum home on Wednesday. She visited with Mrs. Overum, who has been ill all winter. Now that spring is just around the corner we hope she will soon be better.

Willie and Gunder Senum, and Harry Phillips were Grand Forks visitors on Monday.

A Valentine party was held at the Sunnyside school on Friday for the pupils and their parents. Valentines were exchanged and lunch was served.

The flu has been going around here among the children. Many have been taken in to see the doctor, others have been treated at home.

A valentine party was held at the county line school on Friday for pupils and parents.

The 4-H meeting held at the Hall on Friday had a large attendance. It was parents night and they had full charge of the program and lunch.

It's a week ago since little Billy Halverson passed away. His death and funeral came as a big shock to our community. Little Billy was buried from the Trinity Church last Wednesday and laid to rest in Greenwood cemetery. Billy was only 3 years old, but had attended Sunday school 13 Sundays in succession and had earned one pin, and was buried with that on his sweater. There were many beautiful flowers and memorials given in his behalf. Rev. G. S. Thompson delivered the funeral sermon. We all extend our deepest sympathy to the sorrowing family. Out of town relatives to attend were: Mr. and Mrs. C. Carlson of Duluth, Bernice Halverson of Minneapolis, Mr. and Mrs. Bud Bler of Williams.

Mrs. H. Halvorsen, Mrs. Alf Solem and little Kathryn attended the general aid in the Trinity church basement on Thursday.

Mr. and Mrs. Bill Halvorson are the parents of a little girl, Yvonne Cheryl, born a week ago Saturday. They both came home last Saturday.

Some of the farmers here attended the sign up meeting Holt on Wednesday.

Bernnie Jacobson, who has spent most of the winter in Tacoma, Wash., has returned home to help care for his aged father who is not very well.

Feb. 26th Is Potato Day at Valley Winter Shows

A high-quality potato show is assured in both the open and 4-H club classes for the forthcoming Red River Valley Winter Shows, Crookston, February 23 - 27. Many of the new potato varieties which have originated at the Minnesota experiment station will be on display during the week.

Potato growers of the Red River Valley will gather for their annual Potato Day at the shows Thursday, February 26. A program of information on subjects of vital interest to potato growers will be given by specialists in many fields of potato production. Ben Arrestad of Halstad, president of the Red River Valley Potato Growers' association, will preside at the meeting.

The award is being pinned on by Col. Paul W. Mapes at the Windolph home at Lead, S. D. Windolph is the oldest living holder of the Congressional Medal of Honor.

GROWING WITH YOUR CHILD

Most parents will do anything to have a popular adolescent daughter. Most are so eager that they interfere too much.

"May we raid the ice-box after the basketball game, mother? I'm bringing Bill and Jeannie and Tom home with me."

This is a common request, but one that is usually either rejected or else mother does too much. When kids say "raid the ice-box" they mean just that. They don't want any fancy salads, or special cakes. They feel uncomfortable with the "best" china and sterling silver. Mary will thank you forever if you just let her manage things her own way.

Many mother begin to bait mantraps with their daughters as soon as the girls enter high school. Nothing can queer a girl's social chances faster than a manhunting mamma. The average girl is embarrassed by these actics. Many become so ill at ease that they become unattractive.

Another group of mothers is quite willing, anxious perhaps, to see their daughters have a "nice" time. Then they are twenty-five years behind time. For instance, one mother insisted on her daughter coming home from a basketball game at ten o'clock. "Late enough for a fifteen year old girl," she said. "I had to be in at eight-thirty when I was that age."

Being required to pull out of a party early generally makes the adolescent quite unhappy and may harm her relationship to the social group. Mother should think twice: probably she will realize that the rest of the crowd stay out later with no ill effects and that an agreement can be reached as to unobjectionable places to go.

Adolescents resent parental inquisition and control. Remember that the adolescent is probably more sensitive to social demands than he is at any other age. Remember that he is experimenting, and that he will come out of the experimenting as a socially mature adult. If the parent has provided a good foundation of attitudes during childhood, he need have little fear to let adolescents go on their own.

Sedan Confiscated for Illegal Taking of Deer

A 1947 sedan seized by the game warden for its use in connection with illegal taking of deer, was ordered confiscated and sold by the district judge at a January hearing in the Wilkin county district court. The car will be sold at public auction at 10:00 A.M., February 25, at the front doors of the Valley Sales garage, Breckenridge, Minnesota.

The car was the property of Norman Halbakken, Pelican Rapids, who was arrested last November on charge of taking or attempting to take deer with an artificial light. When brought to court a few days later he entered a plea of guilty and was assessed a $400 fine and the car was ordered held on complaint of the Game and Fish division for disposition at the January term of district court. Two companions, Charles Thompson and Ralph Ladwig, both of Lawnsdale, were brought to court with Halbakken and received similar $400 fines.

The first whist game of the season was held Monday evening at the Jackson hall, with a fair turnout. The white side won and were guests of the pink side at a lunch at the Poole's tavern. Mr. Newman of Hazel won high score, and M. H. Jackson was low score man.

Moon Circle and Spectrum

The inner white circle around the moon is due to the scattering of light by water droplets in the atmosphere, while the colored spectrum around the moon is caused by small ice crystals existing in high clouds. Each little ice crystal acts as a prism to break up the light into a spectrum; but since they are so very small, we do not see them as individual crystals and they are united into a continuous circle.

Life Span of Patent

Invention is the embodiment of an idea, a product of a man's mind. It is not like a mineral deposit or a piece of land which has been available since the beginning of time. In return for a complete disclosure of his idea, the inventor is granted a patent—a limited "competitive monopoly." During this 17-year period of its existence the owner is given exclusive right to make, use, and sell his invention. During that period anyone is free to make and to patent improvements on the invention. It may be produced by anyone at the end of the 17-year exclusive period.

Longest Bird Flight

The longest flight on record for any banded bird is that of an Arctic tern banded at Turnevik Bay, Labrador, and found on the beach at Margate on the east coast of South Africa. The shortest possible distance between the two points is 8,000 miles and the probable course would be around 9,000 miles.

COUNTY BOARD PROCEEDINGS

OFFICIAL PROCEEDINGS, BOARD OF COUNTY COMMISSIONERS, PENNINGTON COUNTY, MINN.

February 3, 1948

Pursuant to adjournment the Board of County Commissioners of Pennington County, Minnesota met at the office of the County Auditor at 10:00 A. M., February 3, 1948.

Members present: Hyland, Hylden, Roy, Mulry and Mandt.

Members absent: None.

The minutes of the meetings of January 6-7 and 20, 1948 were read and approved as read.

Moved by Hyland seconded by Mandt that the sum of $330.00 and $263.07 be appropriated from the Road and Bridge Fund to Star Township to assist the Township with road work, and that this total sum of $593.07 be credited to Star Township's account with Pennington County against the amount owed by Star Township to Pennington County.

Carried.

Moved by Roy seconded by Hylden that the following securities assigned by the Northern State Bank as collateral for County Deposits be approved:

$50,000.00 U. S. Bonds, 2s, due 12/15/54.

Carried.

Commissioner Hylden offered the following resolution and moved its adoption:

WHEREAS: the Minnesota State Highway Patrol is to be increased in 1948 by the addition of patrolmen, and,

WHEREAS: Minnesota State Trunk Highways enter Pennington County from five different directions, and,

WHEREAS: at the present time the nearest Minnesota Highway Police Patrol are stationed at Roseau and Crookston, and,

WHEREAS: having no patrolmen closer than Roseau and Crookston places a considerable amount of extra work on the law enforcement officers of Pennington County in the enforcement of the traffic code and the investigation of traffic accidents, now

THEREFORE BE IT RESOLVED: that the Board of County Commissioners of Pennington County, Minnesota, convened in regular session, respectfully request that the Minnesota State Highway Department station two or more State Highway Police Patrolmen at Thief River Falls, Minnesota, when the patrol force is increased, to assist the local County and City law enforcement officers in their duties of enforcing the traffic code and in the investigation of traffic accidents.

The foregoing resolution was seconded by Commissioner Mulry and carried.

Children Need Glasses

About 11 per cent of all children tested in first grade are in need of glasses. The percentage increases to 30 per cent by time children reach ten years of age. It has also been found that of school children making normal progress, 15 per cent have inefficient vision, and of those making unsatisfactory progress, 85 per cent have inefficient vision. A recent government survey indicates that myopia increases about 800 per cent between the first and fifth grades.

Rural Free Delivery

The U. S. rural mail carriers serve 44 million people who make up our farm population. Operating over dirt roads costs 7.8 cents a mile, over gravel roads 4.8 cents a mile, and over paved roads 3.8 cents a mile. Fifty-seven per cent, or 1,673,520 miles of our total mileage of secondary or feeder roads are still without surfaces of any kind.

POULTRY WILL BE FEATURED AT THE R. R. VALLEY SHOW

Dr. W. A. Billings Will Be Luncheon Speaker Wednesday, February 25

The poultry show will again be a feature of the Red River Valley Winter Shows, Crookston, February 23-27. The ban on poultry shows, brought about by the introduction of the Newcastle disease in Minnesota, which was in effect last year, has been lifted.

Harold Thomforde, secretary of the Northern Minnesota Poultry association states: "There is excellent interest on the part of the poultry men in the 1948 shows, and we expect to have our poultry building filled to capacity with high-quality exhibits. Because of the rapid increase in the rabbit industry in the Red River Valley, we are having classifications for rabbits in our show this year."

The poultry association will hold its annual luncheon meeting at noon on Wednesday, February 25. Turkey problems will be the discussion theme. Dr. W. A. Billings, national authority on turkey production, will be the chief speaker. Other poultry problems will come up for discussion. Turkey producers of the Red River Valley are invited to attend this meeting.

Requests for information regarding the poultry show and meeting and reservations for the poultry men's luncheon should be made to Harold Thomforde, Secretary, Crookston, Minnesota.

Uses of Straw

Straw, our most important crop residue, now is going into wider industrial use. In recent years there has been a particularly noticeable expansion in use of processed straw, mostly for making cigarette papers, straw board and for producing high-quality writing paper. In other countries it is used to make brick, thatching roofs, as a substitute for twine and for making mats, bags and wearing apparel, for fuel and for many other household uses.

U. OF M. STUDIES POTATO DISEASES

Experiments Will be Conducted Thruout State

Extensive plans for continuing a three-fold research attack on potato disease problems in 1948 have been completed by University of Minnesota and state department of agriculture food and dairy officials. The research, aimed at cutting down the heavy annual loss from potato diseases, will be conducted at University Farm laboratories, at experimental plots throughout the state and on individual farms.

Research efforts will follow three lines, says H. Macy, associate director of the University agricultural experiment station.

The entomology division will study how insects spread potato diseases, and try to work out effective methods of control.

The division of horticulture will test the disease resistance of new varieties of potatoes and will try to develop other new varieties more resistant to insects and disease.

The third avenue of research attack will be followed by the division of plant pathology. This division will determine the nature, cause and control of diseases caused by bacteria, fungi and viruses.

Macy points out that the nature of this research is such that striking results probably won't be obtained in a short time. However, as soon as results are obtained they will be brought to the attention of Minnesota farmers and producers, through various farm groups, county agents, publications and the press.

The research is being conducted by the University and the funds are provided by the State Department of Agriculture Dairy and Food from a fund accumulated as a result of seed potato certification activities.

Forestry Division Has No More Evergreen Trees

Heavy demand for planting stock, with applications still coming in to the forestry division office in St. Paul, has exhausted the supply of coniferous (evergreen) trees for planting on private lands, Chester S. Wilson, conservation commissioner, announced today.

The demand for deciduous tree stock has not been as heavy and orders for this stock can still be accepted.

Foresters suggest that deciduous trees be planted this year for woodlots and erosion control as future protection for conifers to be planted later. Conifers will be available in a year or two and can then be secured to complete the planting program.

RED CROSS OPEN CANVASS NEXT MONDAY

Woman's Club to Handle Solicitation in City; County Goal Is $2,510

Next Monday, March 1, will mark the opening of the annual Red Cross campaign for funds in Pennington county and thruout the nation, Henry K. Arneson, chairman of the county drive, announced today. He added that the quota this year is $2,510, which is $200 larger than in 1947.

The solicitation in the city of Thief River Falls will be conducted by the Woman's club, with Mrs. Millard J. Peterson as city chairman and George W. Werstlein as city treasurer. Numerous other local women will assist the club members with the canvass.

Mrs. Edwin C. Hanson of Rocksbury is serving as rural chairman, and her list of township leaders was announced Wednesday. James Parkins is rural treasurer. Stephen Singer will serve as chairman for the village of Goodridge, and Mrs. M. H. Jackson for St. Hilaire.

The workers who will conduct the city canvass will assemble at a kickoff luncheon in the Terrace room of the Rex Cafe Saturday, February 28, at 1 p.m., Mrs. Peterson announced, adding that chairmen, team captains, and solicitors will be guests of the local chapter and will receive supplies and instructions for the drive.

Herman A. Kjos, chairman of the county Red Cross chapter, will report on his attendance at a recent regional Red Cross meeting in St. Paul, where he heard an address by Basil O'Connor, national president of the organization.

Other leaders in the city campaign include Mrs. Willard Still, coordinating chairman; Justus Larson, special gifts; and Stan-

LOCAL YOUTH ENDS LIFE LAST SUNDAY BY SHOOTING SELF

Tragic Act Committed by Young Man, Age 20, in Basement of Home Here

James C. Hanson, 20 year-old native of this city, met a tragic death from a self-inflicted gunshot wound in his head Sunday at 1 p.m. The rash act was committed with a .22 automatic rifle in the basement at the home of his sister, Mrs. Walter Gibson.

Local authorities report that the youth left a brief note in which he indicated he was despondent and tired of living. No inquest was held.

Funeral rites will be conducted Friday afternoon, February 27, at 2 o'clock from the Gulbranson chapel, with Rev. G. S. Thompson officiating, and interment will be in the Landstad cemetery west of Thief River Falls.

Born in this city March 12, 1928, James was graduated from the rural schools, and attended Lincoln high school two years. He was employed for a year by the Soo Line, and the past year had been a truck operator for Clayton Steenerson.

Surviving his untimely death are his mother, Mrs. Alex Yeschick of Brainerd, and four sisters and two brothers, including Mrs. Walter Gibson of this city, Mrs. Perry Kelly and Mrs. Wanda Pierce of Seattle, Washington; Miss Caryl Hanson of Minneapolis, DelMont of this city and Roger of Brainerd.

Also surviving are his grandparents, Mr. and Mrs. Alfred C. Olson of Thief River Falls. His father preceded him in death.

WARROAD SCHOOL HOCKEY TEAM IS HONORED IN CITY

Guests at Breakfast in City After Competing in State Tournament

The Warroad high school hockey team, en route home after representing the Eighth region in the Minnesota high school tournament in St. Paul last week-end, was entertained at a breakfast in the Rex Cafe here Monday morning arranged by the Civic and Commerce association.

Forty persons participated in the affair, with Stuart McLeod, Civic and Commerce president, in charge of the informal program. In behalf of Thief River Falls and the Eighth region, Mayor Harry E. Simons welcomed the team and complimented its members on the excellent showing they made in the tournament.

Alvin Christofferson who handled the broadcast of the games for Radio Station KTRF, gave highlights of the tournament, and Bernie Broderick, Warroad coach, expressed appreciation for the support given the team, which he said received more than 200 telegrams while the tournament was in progress.

Others who spoke briefly were Bill Lafave, Ole Ekeren, Russ Embery, Connie Stanbridge and Harold Paulsen, Lincoln high school hockey coach.

ST. HILAIRE PLANT PRODUCES 333,763 LBS. BUTTER IN '47

Big Gathering Present at Annual Meeting of Stockholders Monday

Reports on a successful year in 1947 were submitted Monday afternoon at the annual meeting of the St. Hilaire Cooperative Creamery association, with an unusually large gathering in attendance.

In the election of directors, three incumbents were retained in office, including C. O. Swanson, now serving as president; Roy Randorf and William Kruse.

Principal speaker at the meeting, which was preceded by the serving of dinner, was Emil Thorson of the Minnesota department of agriculture, dairy and food.

The report on operations revealed that in 1947 sales of dairy products aggregated $302,897 while a total of 333,763 pounds of butter was churned during the year. This figure compares with 68,549 pounds produced in 1946, when most of the butterfat received was sold in the form of frozen cream.

26 Local Rotarians Go to Good-will Meeting in Winnipeg Last Week-end

Following their trip to Winnipeg last week-end to attend the International Good-will meeting sponsored by the Winnipeg Rotary club, members of the 26-man Thief River Falls delegation recounted their pleasurable experiences Tuesday noon at the luncheon meeting of the local club. They reported that approximately 800 Rotarians from thruout Canada and the United States attended the event at the Royal Alexandria Hotel. The Thief River Falls men made the journey on the private car of E. A. Hamerski, Soo Line superintendent, returning Sunday evening.

Donations Given Family That Recently Lost Home

A pickup-truck load of furniture, clothing and canned goods was assembled in this city Saturday for Mr. and Mrs. Handle Wells and three children, whose home east of Grygla, together with its contents, was destroyed in a recent fire. Mr. Wells was in the city Tuesday to pick up the donations, which had been collected by M. R. Levorson, service officer of the local Legion post, and Mrs. Levorson, welfare chairman of the Legion auxiliary.

L.O'L. DISTRICT 17 MEETING IN CITY MARCH 3D

John Brandt Will Give Main Address in City Auditorium Wednesday

Thief River Falls next Wednesday, March 3, will be host to several hundred creamery operators and dairymen when the annual meeting of District 17 of Land O'Lakes Creameries is held in the municipal Auditorium, Arthur Stenberg of Greenbush, district chairman, stated today.

The morning session, at 10 o'clock, will be devoted to reports by Edward D. Rydeen, district treasurer; John Lager, field man; and Stuart McLeod, manager of the Thief River Falls Land O'Lakes branch.

Lunch will be served in the Auditorium during the noon hour in addition to which music will be supplied by the Lincoln high school band, directed by Orel Vangen.

Featuring the afternoon program, which will begin at 1:15, will be the annual address of John Brandt, president of Land O'Lakes Creameries in Minneapolis. His talk will be broadcast over Radio Station KTRF from 2:30 to 3:30.

The program will open with greetings from Jim Roche, secretary of the Civic and Commerce association. Vocal selections will be rendered by the local Legion auxiliary trio and a Middle River trio, in addition to solos by Tony Helm of Fertile and Dick Biddick of this city, and a humorous skit by Donna May Kvien of Middle River.

Other details include the award of attendance and door prizes, presentation of efficiency prizes to creamery operators and the election of officers. Present district officers include Arthur Stenberg, chairman; H. M. Magnuson, vice chairman; Elmer Lee, secretary; and E. D. Rydeen, treasurer.

Shetler's Hatchery Adds New Member to Its Staff

Mr. and Mrs. Roy Shetler, owners of Shetler's Hatchery & Poultry Service announced today the addition of Gilbert Petersen to their staff as machine operations foreman. Mr. Petersen has had 15 years of hatchery experience, and is a graduate of a poultry disease school in Charles City, Iowa. He has many years of practical field experience in poultry work in this area.

PRESENTING THIEF RIVER FALLS CO-OP CREAMERY BOARD

Two new members took their places on the board of directors of the Thief River Falls cooperative creamery at its organization meeting Monday afternoon. They are Fred Koop, extreme left, and Carl Torgerson, third from left. Other members shown are Christ Nelson, secretary, second from left; John Funnesdahl, president; third from right; Tom Fuller, manager; and Odin Hanson, extreme right.

Valley Shows under Way in Crookston

G. C. Gerlach, Red Lake Falls farmer, retained his title as Minnesota wheat king Tuesday when his Midas wheat won sweepstakes honors at the Red River Valley winter shows in Crookston.

It is the second year in succession the Red Lake county farmer has won the Philip W. Pillsbury trophy and award. This year's sample weighed 63 pounds and now will be entered in competition at Minneapolis to pick a national wheat king in April.

Gerlach by no means rested on last year's laurels. In judging Tuesday, he also showed the grand champion oats in the amateur division, was first in the amateur division for feed barley and first in the professional division with his flax.

Carl Knutson, Viking, won the special Pillsbury award for durum wheat with 63½ pounds of Carleton durum.

Peter Shirrick, Red Lake Falls, won the Red River Valey development association trophy for best sample of legumes with his sweet clover seed.

Livestock day Wednesday at the Winter Shows brought out the best crowd of the 1948 exposition.

The visitors came to witness the judging of the hundreds of cattle, hogs, sheep and poultry and more especially to hear U. S. Senator Joseph Ball who was

Orchestra Being Formed for Show 'Anything Goes'

All musicians of this community interested in tryouts for the orchestra that will feature the musical show, "Anything Goes," to be presented in April in the municipal Auditorium, are asked to notify Al Knaus by calling phone 412. Nearly all local civic organizations are sharing in the sponsorship of the production.

Soo Passenger Trains Delayed Monday by Snow

Passenger train service on the Soo Line Minneapolis-Winnipeg run was disrupted Sunday night when a cut between Calloway and Ogema became filled with drifting snow. The Minneapolis-bound train was held at Mahnomen, and arrived at its destination about twelve hours late, with a similar delay in the arrival here Monday of the train bound for Winnipeg.

John Funnesdahl Again Heads Creamery Board

John Funnesdahl was reelected president of the Thief River Falls Cooperative Creamery association at the organization meeting of the board Monday afternoon. Also reelected was Christ Nelson as secretary, while Odin Hanson was named vice president succeeding Hans Anton, who has retired from the board following many years of faithful service.

200 Friends Honor P. B. Malberg on His 90th Birthday

P. B. Malberg, one of the first settlers north of Thief River Falls in Marshall county, was honored Sunday afternoon when approximately 200 friends assembled in Steiner hall to help him celebrate his 90th birthday.

For a man of his advanced years, Mr. Malberg is in excellent health, and he enjoyed the party arranged in his honor. In behalf of the assemblage, Edwin L. Swanson presented him with a gift, and he responded with a brief talk of appreciation.

Mrs. Alfred Solem, a longtime neighbor of Mr. Malberg, presided over an informal program, which opened with a piano selection by Elaine Sands of Alvarado, a granddaughter, followed by two vocal solos by Keith Jorde, accompanied by Mrs. Howard Grow.

Mrs. C. M. Adkins and H. O. Berve brought birthday greetings and reminiscences of early-day happenings, after which Marlene Kellberg supplied a piano selection and Mrs. Bert Kron gave a reading.

Thirteen children, including many descendants of Mr. Malberg, presented an acrostic, spelling out the words, "Happy Birthday." In the group were Betty Malberg, Lloyd Halvorson, Roger Solem, Larry Molstad, Marjorie Russell, Marlene Kellberg, Leola Dyrud, Arleen Malberg, Dorothy Muzzy, Stuart Solem, Ardean Dyrud, Arlen Solem,

Dalys Kellberg and Kathryn Solem.

Rev. Carl F. Johnson, pastor of the First Lutheran church, of which Mr. Malberg was one of the founders, gave a brief address. At the close of the afternoon a bounteous lunch was served, with a huge birthday cake forming the center of attraction.

TRAINING SESSION FOR RURAL YOUTH IN CITY MARCH 3D

Leaders from University Farm Will Be Present To Lead the Discussion

House Subcommittee Recommends $900,000 More for River Work

Harold C. Hagen, Ninth district representative in Congress, this week informed The Times that a House subcommittee on civil functions of the war department has approved an appropriation of $900,000 for continuing work on the Red Lake-Clearwater river project.

Before the money actually becomes available, the appropriation will require approval of the full committee followed by favorable action by the two houses of Congress.

Approval by the subcommittee, however, means that another hurdle has been passed successfully.

Blaisdell Trio Gives Concert-goers Musical Treat Monday Evening

A most pleasurable evening was experienced by the large audience that heard the accomplished Blaisdell Trio Monday evening in the concluding program of the artists' series offered during the winter months under the sponsorship of the Thief River Music Center. In complete mastery of their respective instruments were Frances Blaisdell, flutist; Thomas Richner, pianist; and Alexander Kouguell, cellist. In addition to ensemble numbers, each member of the trio played a group of solos, and they responded to the hearty applause with numerous encores.

PLUMMER CO-OP CREAMERY HOLDS MEETING MARCH 1

Plant Shows Increase in Amount of Butterfat Handled During 1947

The Plummer Cooperative Creamery association will hold its annual meeting next Monday afternoon, March 1, starting at one o'clock, George Orr, secretary, announced today, adding that the ladies aid of the Catholic church will serve lunch immediately preceding the meeting.

In the business session the entire board of directors will come up for election for a one-year term. Speakers at the meeting will include Stuart McLeod, manager of the Thief River Falls Land O'Lakes Creameries plant; John Lager, Land O'Lakes field man; and County Agent J. C. Johnson, who will discuss the new grading laws.

The Plummer plant had a successful year in 1947, Secretary Orr reported, showing a 10,000-pound gain in volume of butterfat handled.

SHELTERBELTS & HOME PLANTING TO BE TOPIC MARCH 4

Meeting Will Be Held in Civic and Commerce Room Next Thursday

An all-day institute on planning farmstead shelterbelts, farmyard improvement and home fruit planting will be held in the Civic and Commerce room of the Thief River Falls Auditorium beginning at 10:00 A. M. Thursday, March 4, County Agent Frank A. Hobbs announced today.

L. C. Snyder, extension horticulturist, and Raymond J. Wood, extension forester, University Farm, will be in charge of the program.

Wood will give suggestions on trees and shrubs to plant in shelterbelts and yards. In addition to discussing species of trees for farmstead shelterbelts, he will explain how and where to plant them.

Snyder will recommend varieties of fruit to plant in home gardens in Pennington county and give pointers on their plantings and care. Kodachrome slides will also be shown of fruit varieties, as well as of shelterbelts and landscaping plans.

Representatives of home and community groups and Farm Bureau units, 4-H club leaders and others interested are invited to attend the institute, Hobbs says.

COL. E. MILLER JAYCEE BOSSES NIGHT SPEAKER

Junior Chamber Award Will Be Pesented to Local Young Man Tonight

Members of the Thief River Falls Junior Chamber of Commerce will be hosts to their employers at their annual Bosses Night dinner meeting this evening at 6:30 in the Civic and Commerce rooms in the Auditorium.

Justus Larson, Jaycee president who will be in charge of the program, announced that the guest speaker will be Colonel Ernest B. Miller, past commander of the Minnesota department of the American Legion, whose appearance is sponsored by the local Legion post.

During the late war Colonel Miller was in command of the 194th Tank Battalion in the Philippines and survived the death march at Bataan as well as the ordeal of spending 41 months in a Japanese prison camp. His address will be broadcast over Radio Station KTRF from 8 to 8:30.

Another feature of the program will be the presentation by Mayor Harry E. Simons to a local young man of the Jaycee distinguished service award for 1947. Stuart McLeod, president of the Civic and Commerce association, will bring greetings to the junior group.

The musical portion of the program will include group singing led by Harold F. Harrison, songs by the Lincoln high school boys octet and piano selections by Harold Carnes.

C. C. HEARS PLANS FOR FESTIVAL ON R. L. RIVER WORK

Group Is Planning for Celebration to Mark Start of Huge Project

At a well-attended meeting of the Civic and Commerce association last Thursday, tentative plans were discussed for a festival next summer to celebrate the initiation of work on the Red Lake-Clearwater river flood control project.

It is proposed to hold a public meeting and banquet, with state and federal government officials in attendance. Definite dates for the event have not yet been set.

Walter Nelson, supervisor of drivers license examiners in 21 Northern Minnesota counties, was a guest at the meeting, and spoke briefly on details of his work.

Bill LaFave reported for the road committee on the projected paving work planning by the state highway department in this locality. Mr. Miller of the Craig Construction company recommended that the city have its paved streets resurfaced while the paving contractors are stationed here this summer.

United Mission Advance to Benefit from Trinity Church Offering Sunday

Members of Trinity congregation will bring an offering to the cause of the United Mission Advance at the morning services next Sunday. The departments of home missions and foreign missions of the Evangelical Lutheran Church have set a goal of two million dollars for expanded work in their fields in this postwar era. $2,600 has been allotted to the local church as its goal, and $2,000 remains to be raised. Under a resolution passed by the congregation at its annual meeting members will bring their gifts to this service in the hope that the entire amount can be raised in one offering. The appeal throughout the church has by this time brought close to $1,500,000 into the treasury. Anthems by the Junior and Senior Choirs will form a part of the service dedication.

Gladyce Strande and Morris Ballingrud Married February 15

Miss Gladyce Strande, daughter of Mr. and Mrs. Ole Strande of Gully, became the bride of Morris Ballingrud, son of Mrs. Nora Ballingrud of this city, at a ceremony performed Sunday afternoon, Feb. 15th in the Trinity Lutheran church here, Rev. G. S. Thompson officiating. The altar was decorated with pink gladioli and ferns.

Before the ceremony, Miss Grace Dahlen sang "Because" and "O Perfect Love." Lohengrin's wedding march was played by Mrs. G. E. Ahre as the bride proceeded down the aisle to the altar, where she was given in marriage by her father.

Attendants were Miss Ione Strande of Gully, sister of the bride, and Wallace Ballingrud of Minneapolis, brother of the groom.

The bride chose for her marriage a white satin gown with fitted bodice and short train, and carried a shower bouquet of pink roses on a white Bible. Her attendant was also attired in a gown of white net over taffeta, and carried a shower bouquet of pink roses.

Immediately after the ceremony a reception was given in the church parlors to 120 guests. A three-tiered wedding cake topped with two large bells centered the bridal table. Mrs. Charles Schmitz of Fargo, N. Dak. had charge of the guest book, Mrs. Gordon Ballingrud poured and Mrs. Harwood Olsen cut the cake. Others assisting were Eileen Rhodegaard, Palma Hornseth, Martha Hammer, Grace Welin and Mrs. Clarence Williams. Music was provided thruout the reception by Grace Dahlen, Eleanor Nettland and Mrs. G. E. Ahre.

Prior to her marriage the bride was employed as teller at the Northern State bank, and the groom is employed with the Soo Line. The young couple left following the reception and will reside at 91 N 17th St., Minneapolis. For going-away Mrs. Ballingrud chose a beige gabardine suit with black accessories and a corsage of pink roses.

WARROAD SEXTET WAS RUNNERUP IN STATE TOURNEY

Defeated by Powerful Eveleth Team in Final Round in St. Paul 8-2

Coach Bernie Broderick's Warroad Warriors, the eighth region's high school hockey champions, advanced to the finals of the state tournament held at the St. Paul Auditorium last week, losing to a powerful Eveleth sextet, 8 to 2, in a championship contest played Saturday night.

It marked the fourth year in a row, or ever since the State High School League has sponsored high school hockey, that an eighth regional team has been in the finals. Thief River Falls was runner-up in 1945; Roseau won the title in 1946, and was runner-up in 1947; and this year Warroad was runner-up.

En route to the championship finals, Warroad defeated St. Louis Park, 10 to 1 in a first round game Thursday night, subdued a stubborn South St. Paul team, 5 to 3, in the semi-finals on Friday night, and then dropped their 8 to 2 decision to Eveleth on Saturday night. Eveleth had reached the finals by scoring a 7 to 2 win over Rochester on Thursday and an 8 to 1 win over St. Cloud Tech on Friday.

A record-breaking crowd of fans witnessed the finals on Saturday night, and they saw coach Cliff Thompson's well-balanced squad, having an abundance of reserves, over-power the Warriors to take a 2 to 1 first period lead. Tony Tassoni poked in a rebound to get the first Eveleth counter early in the period, but Max Oshie, one of the tourney's stand-out players, evened the score at 1-all when he beat All-State goalie, Walt Ikola with a knee-high shot. Defenseman Gene Klune gave Eveleth a 2 to 1 lead at the 8:55 mark; and with a pair of goals in the second period, by John Matchefts and John Mayasich, the Rangers had boosted their lead to 4 to 1.

In the opening minutes of the final period, a pair of quick goals by Tony Tassoni and Matchefts moved Eveleth into a "safe" lead, 6 to 1. Buster Oshie, Warroad's young right-wing, accounted for the Warriors final tally at the 4:20 mark.

Max Oshie, as a forward, and Orville Kofstad, at defense, were the Warroad players honored by selection to the All-State team. Eveleth placed four men on the All-State squad, with goalie Ikola, center John Matchefts, wing Dick Peterson, and defenseman Gene Klune being named.

The summary:

Warroad H. S. (2)	vs.	Eveleth H. S. (8)
Green	goal	Ikola
Kofstad	defense	Klune
M. Oshie	defense	Venturini
Culbsault	wing	Tassoni

Burial Rites Held Wednesday at Euclid for Mrs. E. Murney

Mrs. Esther Murney, 86, mother-in-law of N. B. Waldorf of this city, passed away at a local hospital Monday morning, Feb. 23. Services were conducted at the Gulbranson chapel Wednesday at 12:30, and the body was taken to Euclid, where final rites were held at the Presbyterian church, Rev. D. T. Beadle of this city officiating. Interment was made in the church cemetery.

Mrs. Murney was born Aug. 21, 1861 in Ontario, California, coming to Euclid with her parents in 1879. She was united in marriage to Edmund Murney in January, 1881 at Euclid and resided there until Sept. 1947, when she came to this city to reside at the Home for the Aged.

She was a member of the Presbyterian church at Euclid, served as Sunday school superintendent for 35 years; also a member and past officer of the ladies aid, and served on the school board and as justice of peace for many years.

Survivors include one son William A. Murney of St. Paul five grandchildren, including Mrs. Frank Klein of this city; and ten great grandchildren. Her husband, a daughter and a son preceded her in death.

DEVILS LAKE WINS FROM PROWLERS SATURDAY 49-45

Locals Lead During Greater Part of Game; Overtime Is Required

In a hectic North Valley conference basketball game played at Devils Lake on Saturday night, the Devils Lake Satans, after trailing the Prowlers thruout most of the game, rallied in the final quarter to tie the score at 44 to 44, and in the overtime period coach Reslock's squad scored five points while holding the locals to a free throw, and won a 49 to 45 decision. By the win, their fifth in conference play, the Satans moved into a tie with the Prowlers for third place in the circuit standings. The Prowlers have a conference game with Grafton on the schedule, while the Satans are billed to play East Grand Forks on Friday.

With Al Williamson, Marlow Davidson, and Palmer Ronholm doing the bulk of the scoring, the Prowlers gained a 9 to 6 lead at the end of the first period, and a 25 to 18 advantage at the half. Williamson racked up three field goals and three free throws to lead the Prowler first half scoring.

Devils Lake, with Pete Falstad, who was playing center in the absence of Mickey Kelly, popped in five field goals in the third period, and with a pair of field goals by Samdahl and a field goal by Swenson, to pare the Prowler to a point at the end of the third period, 36 to 35. Wally Grovum's two field goals, and a field goal and a pair of gift shots by Don Stadum, kept the Prowlers ahead of the rushing Satans.

In the fourth period, which found players on both teams leaving the game because of personal fouls, the locals led until the final seconds of play when Swenson's field goal evened the score at 44-all. In the overtime period, Devils Lake marked up five points on field goals by Don Knudson and Moore, and Moore added a free throw point. Marlow Davidson's free throw was the sole point tallied by the Prowlers.

Pete Falstad, held scoreless in the first half, tallied 16 points, on six field goals and four free throws, to win the game's high point honors. Al Williamson, with 14 points, and Marlow Davidson, with 10 points, were the Prowler high scorers.

In a Prowler 'B' game played at Plummer on Saturday night, the Plummer five recorded their second win over the locals, defeating the Prowler 'B', 40 to 32. Floyd Frederickson's 14 points paced coach Doran's squad to their well-earned triumph.

They Grow Tall

The tallest eucalypt of authentic measurements was a mountain ash at Colac, Victoria. This tree was 347 feet tall, but is now dead. It was seven feet taller than the California redwood. So far as is known, there is no other living eucalypt which even approaches that height.

AREA COUNCIL OF GIRL SCOUTS WILL MEET HERE APR. 12

Arrangements Made at Session of Area Board in This City Saturday

The Girl Scout area board held its monthly meeting in the new area office in the Chevrolet garage building Saturday afternoon. Mr. J. A. Hughes, Red Lake Falls, president, opened the meeting and Mrs. P. O. Hanson, Hallock, acted as secretary. Robert Lund, Thief River Falls, is the area treasurer.

Following a discussion as to the date and time of meeting, it was decided to hold the area council meeting on Monday, April 12, in Thief River Falls. At this meeting, the permanent form of representation will be decided upon so that a constitution can be drawn up and submitted to the national organization. Upon the acceptance of this constitution, a charter would be granted to the area board, and further benefits to Girl Scouting in this area would accrue.

Attention of those present was called to the camp skills workshop to be held in Thief River Falls on April 21. Adults from all over the area who are interested in furthering their knowledge of the out-of-doors are invited to attend. Miss Olive Crocker, Miss Mary Adams, and Miss Eleanor Thomas from the regional office and Miss Marie Gaudette, from the national office, will conduct the workshop.

Towns represented at the meeting last Saturday were Hallock, Plummer, Warren, Red Lake Falls, Thief River Falls, Clearbrook, Gonvick and Karlstad. Local women attending the meeting were Mrs. Tom Peck, Mrs. L. B. Hartz, Miss Kay Barzen, and Mrs. C. G. Nybakken.

Local Red Cross Workers at St. Paul Conference

Herman A. Kjos, chairman of the Pennington county chapter of the American Red Cross, and Mrs. Edwin C. Hanson of Rocksbury, rural chairman of the forthcoming fund campaign, attended a conference early last week at Hotel Lowry in St. Paul. Speakers included Basil O'Connor, national chairman of the Red Cross, Governor Luther W. Youngdahl and others.

the principal speaker at the afternoon men's meeting.

Senator Ball appeared on the afternoon program with several livestock experts all of whom stressed the importance of livestock raising in the Red River valley. Ball was a speaker again at the evening program which also featured an address on agricultural conditions in England as observed by Dr. W. E. Peterson, division of animal husbandry, University of Minnesota.

Important to the valley farmers who attended the Wednesday program was the announcement that G. C. Gerlach, Red Lake Falls, had added still more honors to his list.

Gerlach was declared Minnesota Crop Grower for 1947, a new award for the shows, and was presented with a plaque supplied by the Minnesota Farm Bureau.

The Red Lake Falls man was also awarded the trophy for being the best small grain grower in the valley by the Red River Valley Development association.

Social Security Agent at Employment Office in City Next Thursday

"Minimum qualifications must be met before a person is eligible for social security retirement payments," Mr. Kistler, manager of the Grand Forks social security office said today, adding, "Mere possession of a social security card at the age 65 is not enough."

"While ten full years of work is enough to qualify anybody, older men and women can draw social security retirement payments even if they worked less than ten years," Mr. Kistler continued. "The exact length of time depends on the worker's age."

"These qualifications may vary according to the date of birth of the worker," he explained. "If you are interested in knowing what your minimum requirements are, be sure to contact the social security representative at the employment office in Thief River Falls Thursday March 4 at 9:00 a.m.

WASHINGTON PTA TO MEET MONDAY

Panel Discussion Set for Evening Meeting

Panel discussions will feature the regular meeting of the Washington PTA unit Monday evening, March 1, at 8 o'clock in the Washington PTA rooms, according to an announcement made by Mrs. Willard Holmes.

"Parent and Family Life Education" will be discussed by members of the Northrop PTA, and other speakers will include Rev. G. S. Thompson, choosing "The Home" as his topic; Mrs. William Gilbertson, who will speak on "A Young Child, Its Mental and Physical Growth and Development;" Mrs. Quentin Jones, "The Child in Its Relationship to School;" and Rev. D. T. Beadle, "The Child and Its Relationship to Church."

Dr. B. Borreson will also give a talk on the tuberculosis mobile unit. Refreshments will be served by the third grade room mothers.

Spring Fashion Clinic Shows New Skirt Length

This spring brings the most dramatic fashion changes in many a year, Miss Olive Smith, fashion coordinator for Montgomery Ward Stores throughout the country, told a gathering of fashion department managers at the fashion clinic held at Hotel St. Paul and attended by Miss Delores Horter, fashion department head of the local Montgomery Ward store. Fashion heads from Ward stores in all central north states also attended the meeting.

The spring fashion forecast Miss Horter continued, puts emphasis on the new ballerina silhouette with tiny waist and new fuller, longer skirts descending to mid-calf length for suits, coats and dresses. Hips are rounded and shoulder lines softened in a sweeping style trend toward prettier, more feminine fashions that will make every woman want new clothes this spring.

Prominent Speakers at Minneapolis Farm Forum Scheduled for March 4

FARM PRODUCT SUPPORT LEVELS

One reason why most farm commodity prices are not going to drop much lower is the government guarantee that for crops grown in 1948 farmers will receive a price equal to at least 90% of parity. Parity has been arbitrarily established as the exchange value of farm products during the years 1910 to 1914. The following table of recent market levels is taken from the February 20 issue of United States News:

	Prices Received By Farmers Feb. 11	Indicated Support Levels, Feb. 11
Wheat, bu.	$ 2.15	$ 1.95
Corn, bu.	1.70	1.41
Cotton, lb.	.29	.28
Soybeans, bu.	3.30	2.12
Potatoes, bu.	1.80	1.66
Hogs, cwt.	23.00	16.02
Wool, lb.	.41	.41
Butterfat, lb.	.85	.63
Chickens, live, lb.	.26	.25
Egg, doz.	.46	.46
Flaxseed, bu.	6.00	6.00
Rye, bu.	2.00	1.58
Oats, bu.	.90	.70
Barley, bu.	1.60	1.14

The government guarantee does not expire until December 31, so farmers can go into the 1948 crop year with reasonable assurance of a fair return regardless of what happens. There may be changes in the guarantee laws during this period but in a campaign year it is not likely that the farmers will be adversely affected by any changes that are made.

CIVIL-RIGHTS AND THE SOUTH

Candidate Truman kicked southern Democrats in the teeth with his civil-rights speech but he was well aware of what the consequences might be before he spoke. He was talking to several million northern negro voters whose support in the coming election might mean victory in some key states. He knew southern Democrats would exlode when they heard him but he had to take a chance, hoping they would forgive him before election day as they had twice forgiven President Roosevelt under similar circumstances.

Since the start of the war there has been a shift in negro population that is going to have several far-reaching effects in American politics. Negro population in the traditional south had decreased to the extent that it may result in a loss of representation in Congress following the next census. Besides becoming a more important factor in the politics of northern states, this larger negro population will give to northern states more representation in Congress.

Southern Democrats are plenty mad about the whole thing. It will surprise most observers however if they do not get their anger under control sufficiently by election day to keep the solid south in the Democrat column.

Dairying hasn't gone into as much of a slump in this territory as we feared it had. That is the cheerful conclusion we have come to after reading the annual reports of creameries in this and neighboring communities. We sat in on a discussion of this problem with members of the local creamery board. It was the opinion of the board members that while there has been a substantial decrease in the number of dairy cows in the area, this decrease has been offset to a large extent by an improvement in the quality of herds. With high priced feed, farmers have been checking production and getting rid of boarder cows. That is a kind of progress that will add to the wealth of the community thruout the years.

VIKING

The Bachelor Supper at the Viking Lutheran Church of Viking, Feb. 20, met with favorable response. In spite of the weather and bad roads there still was a large number of bachelors present. The cooks were dressed in long flowing dresses of pioneer day fashion. The waitresses were beautifully decked out in black ballerina skirts and white blouses. The Rev. Truman Mohn of East Grand Forks, spoke on the subject, "Bachelorhood—Opportunities Unlimited." In his message he stressed the opportunities for bachelors in various fields of service because they are not bound to the responsibilities of family duties. Songs, music, and brief talks were given by different bachelors and the cooks. Testimony and prayer was given by John Abel of Concordia College, Moorhead, Minnesota. He also took pictures of the event. A free-will offering was received toward the caring for the expenses of the supper. Above the expenses of the supper a large amount of money was received for the organ fund of the church. A committee was elected to arrange for further similar gatherings.

The voters of Viking township will have a town caucus, Friday, February 27th at 10:30 a. m. The purpose of this meeting is to nominate candidates for the annual town meeting.

Eloise and Marian Windahl visited Fairview school on Monday, as the Viking school was celebrating Washington's birthday.

INTERNAL REVENUE AGENTS OFFER AID

Will Be Stationed in City from March 1 to 15

After having been stationed during February in various communities in this area, winding up today and Friday at Grygla, E. S. Anglim and Roy Brown, deputy collectors of internal revenue, will be in their office in the basement of the Thief River Falls Auditorium during the period from March 1 to 15 to assist federal income taxpayers in connection with their 1947 returns.

The collectors pointed out that while most taxpayers have already made substantial payments on their 1947 federal tax thru withholding from their wages or thru direct payments, all taxpayers nevertheless must file returns on or before March 15 if their total income in 1947 was $500 or more.

Either the withholding statement or Form 1040 should be used in filing the return, it was explained.

In Memoriam

When evening shades are falling
And we are sitting all alone
To our hearts there comes a longing
If she could only come home
On and off our hearts do wonder
To a grave not far away
Where we laid our beloved mother
Just seven years ago today
27th of February
Sad and silent was the call
And so dearly beloved by us all
God called her home it was his will
In our hearts she lingers still

Sadly missed by us all, Mr. and Mrs. C. E. Conners, Mr. and Mrs. Lester Holmes, Mr. and Mrs. Norman Holmes, Mr. and Mrs. Ole Granum, Mr. and Mrs. Orter Holmes. 9p

Notice of Annual Meeting of the Consumers Cooperative As'sn Thief River Falls, Minnesota

Date, Saturday, March 6, 1948.
Hour: Two P. M.
Place: City Auditorium.
To the Stockholders:

Notice is hereby given that the annual meeting of the Consumers Cooperative Association of Thief River Falls, Minnesota will be held in the City auditorium of Thief River Falls, Minnesota at two p.m. on Saturday March 6, 1948, for the following purposes:

1. To receive the report of the officers of said association.

2. To elect members to the board of directors. Four directors will be elected to fill the expiring terms of John Funnesdahl, Gunsten Skomdal, Harry L. Solberg, and H. L. Finstad.

3. To consider and act upon a resolution adopted by the board of directors to amend the articles of Incorporation also to consider and act upon an amendment to the By-Laws to conform to the changes in the Articles of Incorporation, or in any other manner as the stockholders may desire. You are further notified that a mail vote will be counted upon the foregoing propositions for those who cannot attend the meeting, and that a ballot for that purpose is enclosed herewith.

4. To transact such other business as may be proper to come before an annual meeting. While only holders of common stock are permitted by law to vote upon matters pertaining to the affairs of this association, we not only urge all our stockholders of common and preferred stock to attend the meeting, but we also urge our patrons to attend the meeting, so they may hear the reports and know the progress that the association is making.

Our main speaker for this meeting will be a person from Midland Cooperative Wholesale.

Zion church will serve lunch.

Aug. N. K. Anderson
Secretary-Treasurer

Card of Thanks

I wish in this manner to thank Dr. Starekow and nurses at Mercy hospital for their care. Also to all who sent me cards, letters and gifts.

For every kindness to my family at home.

To Mrs. Emma Arnold of Plummer, who has taken care of my family while I've been ill.

My sincere thanks to all of you. Mrs. Gerald Stephens, Hazel, Minn. 9c

Card of Thanks

To those who expressed their sympathy during our recent bereavement. Special thanks to Father L. I. Weber, the altar boys, the choir, funeral director Gulbranson, Mr. Olson, Mr. Larson, the pallbearers, for the flowers and memorial offerings. Mrs. Ferd Hincik, Mrs. Antoine Luslan, Mrs. Walter E. Anderson, Mrs. C. V. Roller, Mrs. A. W. Oski and Mrs. Roger Anderson. 9c

Card of Thanks

I wish to take this means of thanking all who made my 90th birthday party such a memorable occasion.

It was wonderful to see and meet so many old and young friends as it is not so easy to get around and meet friends anymore.

A special thanks to those who took part in the program and to the lunch committee.

The gifts will be cherished always. Sincerly, P. B. Malberg. 9p

Card of Thanks

We wish to thank all friends, relatives, neighbors and all who assisted us at the time of the loss of our home. We especially wish to thank Ecklund-Holmstrom Post of the American Legion and Auxiliary and Mr. and Mrs. M. R. Levorson for their welcome contributions. Mr. and Mrs. Handie Wells and family. 9p

Card of Thanks

I wish to express my wholehearted thanks and appreciation to all who sent flowers, cards and letters of cheer. Also for your visits while I was a patient at a local hospital. May God bless you all. Mrs. Joe Weber, Jr. 9p

PROWLERS DEFEAT CROOKSTON QUINT FRIDAY 40 TO 29

Locals Rally in Final Quarter After Three Periods of Even Play

It was nip-and-tuck between the Crookston Pirates and the Prowlers for three periods of their district and North Valley conference game played here Friday night, but in the fourth quarter the locals tallied 14 points while holding the visitors to but 5 points and pulled away to a 40 to 29 win.

Coach Bob Nick's squad will conclude its pre-tournament play this week, journeying to Detroit Lakes on Friday night, and then meeting the Grafton Spoilers on the high school court here Saturday night.

Al Williamson's tip-in shot, on a rebound, gave the Prowlers a 2 to 0 lead after 10 seconds of play Friday night, but field goals by Pilger and Anderson, and Madson's free throw, pushed the Pirates into the lead midway in the period. Mario Davidson scored on a left-handed hook shot.

Jim Anderson broke up a Prowler play and dribbled in to the east basket for a set-up, and on a free throw, Anderson gave the Pirates an 8 to 4 lead. Palmer Ronholm hit a long one-handed toss, and Wagner's jump shot from lane tied the score with a minute to play. Wally Grovum scored on a close in shot, and Stadum's free throw gave the Prowlers an 11 to 8 first lead.

The Prowlers, with Harley Wagner doing a fine defensive job, were successful in holding the Pirates lanky and high-scoring center, Don Drake, scoreless in the first period, and it was not until the final minute of play in the second period that Drake scored a field goal. The Prowlers held a 23 to 17 lead at the intermission.

In the third period the Pirates, with Drake getting a pair of field goals and three free throws, pared the Prowler lead until they gained a 24 to 24 tie with less than a minute to play. Don Hurst's field goal just as the buzzer sounded ending the period, gave the locals a 26 to 24 lead.

In the final period, Davidson racked up a free throw, Ronholm drove in for a lay-up shot, Grovum pivoted and popped a two-hand goal, Davidson recovered a rebound and scored on an under-the-basket shot, and Grovum converted a point on Pilger's fifth foul, giving the Prowlers a 34 to 24 lead. Drake and Madsen tallied Pirate free throws, but Don Stadum's field goal and Harley Wagner's rebound gave the locals a 37 to 26 lead with two minutes to play. Stadum's field goal and Ronholm's gift toss boosted the Prowler point total to 40.

For the locals, burly Palmer Ronholm took scoring honors with 14 points. Don Drake led the Pirate scorers with 11 points.

In a preliminary game, the Pirate 'B' team, with Bob Hermanson getting five field goals and a pair of free throws, all in the second half, defeated the Prowler 'B' team, 33 to 18.

31st District Cage Tournament Opens in City Wednesday

The 31st district basketball tournament will open in Thief River Falls Wednesday afternoon, March 3rd, and will continue until Saturday night, Mar. 6th, when the championship finals will be played.

Tournament pairings were made here last week, with East Grand Forks, Thief River Falls, Red Lake Falls, Crookston, and Warren, the district's class 'A' teams, being given positions in the tourney, and with the winner, runnerup, and third place winner in the sub-district meet being held in East Grand Forks this wek being awarded the other three places in the eight-team tournament.

On Wednesday afternoon, East Grand Forks will meet the third place winner in the sub-district meet in a first-round game; and in the second game of the afternoon Red Lake Falls will play the sub-district winner. Wednesday evening's game will find Crookston paying Warren, and Thief River Falls meeting the sub-district's runner-up team.

Single games will be played on Thursday and Friday nights, with a consolation finals being slated for Saturday afternoon, and the championship finals that evening. On Thursday night, the winners of Wednesday afternoon's games will play; and on Friday night the winners of Wednesday night's games will meet in another semi-finals game.

Sportsmens Club Will Meet Tuesday Evening

The March meeting of the Pennington County Sportsmens club will be held in the Civic and Commerce rooms in the Auditorium next Tuesday evening, March 2, at 8 o'clock, Henry Storhaug, secretary, stated today. Motion pictures will be presented, and lunch will be served at the close of the evening.

U. S. Navy Recruiter to Visit City in March

A representative of the U. S. Navy recruiting office at Grand Forks will be stationed at the veterans service office in the court house March 3, 10, 17, 18, 24 and 25 to receive applications for enlistment in the regular Navy, it was announced today.

MIDGET SIXES WIN 2 TILTS SATURDAY

Toggery and Sportsmens Store Teams Winners

The city's midget hockey teams, the Bjorkman's Toggery and the Sportsman's Store were successful in registering wins against outside teams in a pair of games played at the Arena Saturday night. The Bjorkman's, playing the first game of the double-header, scored a well-earned 5 to 3 triumph over the Grand Forks All-Stars; and the Sportsman's Store sextet trounced the Red Lake Falls team, 10 to 1.

Scoring all of their goals in the first period, with Joe Poole, Munroe Poole, Jack Quesnell, Jack Erickson, and Lyle Guttu, getting the counters, the Bjorkman's won the odd game in their series with the Grand Forks Midgets, defeating coach Cliff Purpur's squad by a 5 to 3 score. Ray Peterson and Ronnie Geatz tallied for Grand Forks in the first period, and Ron Geatz marked up a goal in the final period.

The Sportsman's Store piled through Red Lake Falls for three goals in the opening period, added four goals in the second period, and then closed out their scoring with another three-goal spurt in the third period.

THIEVES DROP TWO EXHIBITION TILTS DURING PAST WEEK

Local Sextet to Enter League Championship Finals This Week-end

The senior hockey Thieves, awaiting the outcome of the first and second round matches in the States-Dominion hockey league playoffs, engaged in a pair of exhibition games, and dropped a 9 to 5 decision to the Fort Frances Aces on Thursday night, and a 5 to 3 loss to the Winnipeg Electrics on Sunday afternoon.

The locals will move into the States-Dominion league championship finals this week, playing at Grand Forks or Hallock on Friday night and concluding the best-out-of-three series here Sunday afternoon.

Against the Fort Frances Aces on Thursday night, the locals played creditable hockey in the first two periods, holding a 5 to 2 lead. Three goals by Bill Zippel and single-tons by Tony Dorn and Lloyd Johnson had given the Thieves their advantage. But in the third period, the Aces, making use of sluggish play of the locals, racked up seven goals while holding the Thieves scoreless, to skate off the ice with a 9 to 5 win.

Sunday afternoon's well-played and interesting game found the Winnipeg Electrics and the locals playing hard, bruising hockey. After a scoreless first period, Bill Zippel, on a combination play with Babe Paulsen, flipped a backhand shot into the north goal at 1:35 of the second period to open the scoring. Don Hodgert hit the net with a long, hard shot at 2:40 to even the tally at 1-all; and Bill Yanchuk, who was making his third appearance on the local ice this year, gave the Electrics a 2 to 1 lead when he scored with the Thieves short-handed. A minute before the period ended, Zippel, with Bell and Paulsen assisting, lifted a shot into the net from close in to knot the game at 2-all.

Yanchuk's show shot at the 3:20 mark, after getting a pass from Hodgert, moved the Electrics into the lead. And solo rushes by Hugh Crossan and Will Hayton gave the Canadians a 5 to 2 lead. Babe Paulsen ended the game's scoring by slapping in the rebound of Bud Brossoit's shot with less than a minute to go.

States-Dominion Finals.

The senior hockey Thieves will move into their season's climax this week-end, with the States-Dominion league finals on the schedule. And it appears that the locals will oppose the Grand Forks Amerks in the best-of-three series that gets under way tomorrow night.

Playing the first game of the semi-finals at Hallock on Tuesday night, Coach Cliff Purpur's Grand Forks six scored a 5 to 2 win, and they are favored to take tonight's game at Grand Forks. This semi-finals series is determined on a total goals basis, so the Hallock sextet will have to outscore the Amerks by four goals this evening, and that will be quite a task.

If, as expected, Grand Forks emerges as the semi-finals winners, the Thieves will meet the Amerks in the first game of the finals at Crookston tomorrow night. Due to the fact that the Sports Building at the University at Grand Forks is being used for the hockey game between the North Dakota A. C. and the Sioux on Friday, the Amerks vs. Thieves clash was forced to transfer to the neutral Crookston Arena rink. The second game of the series will be played here Sunday afternoon, and if a third game is necessary that will be played here Sunday night.

The Thieves, on their play during the past two weeks, aren't the cinches to take the league playoff championship that they were early—this month. Playing at Emerson on the 10th, the locals turned in one of their finest exhibitions to trounce the defending league champions, 13 to 3, but since that time the Thieves have dropped three exhibition games, and they haven't ben very impressive. They'll need all their skill and manpower if they are to defeat the Amerks, especially if the Grand Forks team will have Russ and Prince Johnson on the wings to flank center Cliff Purpur. That line is one of the best in the league. Well, anyway it will be a championship series worth watching.

Reserves are Needed.

The Warroad Warriors, the eighth region's hockey champions, did well in winning second place in the state high school tournament that was concluded in St. Paul on Saturday night, which was won by Eveleth. That result, 8 to 2 for Eveleth, was further evidence that to win a state high school hockey title a team needs more than six or seven "regulars." Last year, Roseau, with seven "dependables" on the squad and with Rube Bjorkman playing full time, lost to St. Paul Johnson in the finals. And this year the Warroad team, in the finals, revealed a lack of adequate reserves, and so lost by a decisive margin to the champion Eveleth team.

Special Event.

Chuck Dostal at the Arena is completing arrangements for a special match race between Frank Clinton and Dennis "Cotton" Langevin. Clinton, who in the 1930's was an all-state basketball player with Grand Forks Central, has been boasting of his skating ability, and the result is that Langevin has wagered that he can catch Clinton on the Arena ice, with Clinton using skates and he, Langevin, wearing overshoes. And, furthermore, that he can do this within five minutes.

Worth an Audience.

After two overtime periods the broom-ball hockey game between the Carlson's and Valhall All-Stars ended in a 1 to 1 tie, and nothing more could be fairer. The Carlson's lined up with Glenn, Bob, Merle, Nicky and Gus Carlson and Stan Larson on the ice; while the Valhall squad was composed of Arnie, Jim, Al, Glen and Ken Engelstad, Ray Oen and Denny Hanson. The two teams went on the ice at 10:00 P. M. Tuesday night, and it was nearly Wednesday morning before they left the Arena, with each team claiming a moral victory.

Miscellany.

Len Egstrom, the Grand Forks referee who has officiated several basketball games here, and who "worked" the game here on Friday, is a brother of Peggy Lee, the nationally-known radio singer. Len is pretty proud of his sister.—The hockey referee at last Sunday's game here was Dick Davis of Winnipeg. Davis is rated as one of Winnipeg's best referees, and for several years he was an official in the United States Hockey league, working out of St. Paul and Minneapolis.—Bernie Broderick reports that a scout of the Chicago Black Hawks was in attendance at the state high school tournament, and that he invited Warroad's all-state Max Oshie to attend the Black Hawks tryout camp at Winnipeg next fall. The St. Paul Saints, too, expressed interest in the smooth-skating Warroad player.

League Finals Dates Undecided.

Information received here this morning indicates that the dates and schedule for the States-Dominion hockey finals are still undetermined, and this in spite of the director's meeting held here several weeks ago. League directors are to meet this evening in Grand Forks following the Grand Forks vs. Hallock game, and at this meeting the details for finals will have to be threshed out.

GOODRIDGE QUINTS TO PLAY TUESDAY

Two Cage Tilts and Boxing Bouts Slated

The Goodridge high school student council will sponsor a double-header basketball game at the Goodridge gymnasium on Tuesday evening, March 2nd, according to an announcement made by Nonte Jarvi, council advisor. The net proceeds of the evening's entertainment will be used to purchase award sweaters for the school's senior lettermen.

Next year's team will oppose the graduating seniors in one of the games, with Thompson, Tanem, Becker, Dahle and Payne in a lineup opposing seniors Bucholz, Wiseth, Byklum, Neuschwander and Easthouse.

The second game will be between the two winners of the girl's intramural basketball tournament that is now in progress.

Boxing bouts will also be added to the evening's program. Orlen Ellingson and David Stranlund, both eighth grade students, have been matched for a bout, and several other matches are in the process of being arranged.

ACCIDENTS COST MINNESOTANS 100 MILLION A YEAR

Analysis Is Made by Safety Specialist for Minnesota Farm Bureau

Accidents cost the people of Minnesota approximately $100,000,000 per year in hard cash money—Exclusive of the value attached to loss of life, pain and suffering, and persons permanently maimed—according to an analysis made by W. A. Dickinson, farm safety specialist of the Minnesota Farm Bureau Federation, based upon the 1946 report of the Minnesota state insurance commissioner. The analysis was submitted to the Minnesota safety council and in turn released to the Safety Committee of the Minnesota Editorial association for publication.

The largest single item was the total of premiums paid for insurance against preventable mishaps, not including such types of insurance as windstorm, hail, tornado and health.

Minnesota's yearly bill for the various types of casualty insurance, it was pointed out, depends upon the number and seriousness of casualties suffered in each field, as rates are determined by damages paid. Mr. Dickinson's analysis states:

"The Minnesota insurance commissioner's report for 1946 reveals that the people of Minnesota paid premiums as follows for 'casualty' insurance. These figures do not include windstorm, hail or tornado insurance, nor for 'sprinkler', 'glass' and other hazards.

Accident Insurance	$ 2,783,502
Auto Liability	12,457,645
Auto Property Damage	5,107,511
Auto Collision	3,825,322
Workman's Compensation	10,900,921
Fire Insurance	30,355,481
Total	$65,430,382

"This is the cost in part only—25% of automobiles are not covered. Not half of the people in Minnesota are covered under workman's compensation. Then there is the cost of funerals, hospital bills, doctors bills, and time lost, not covered by insurance. It would seem very conservative to say that accidents cost the people of Minnesota not less than $100,000,000 per year."

STORK DISDAINS STAPLES SNOWDRIFT

Staples.—The stork is a busy bird and can't wait for stalled cars to be shoveled out. So while Alvis Brever, on his way with Mrs. Brever to a hospital, was digging out of a January 26 snowdrift the stork dropped his package and hurried away on other errands. A husky baby boy announced his arrival. Mother and son were taken into a nearby home, thence back to their own home, and all doing nicely.

From where I sit... by Joe Marsh
Where Does Your Money Go?
Read the other day where country folks and farmers spend more money, proportionately, on their homes than city dwellers do.
Doesn't seem hard to believe when you think it over. Take the folks in our town, for instance: They're home-loving people—who'd rather spend an evening by the fire with a mellow glass of beer than go out in search of entertainment or diversion.
So it's only natural they put more into what means most to them and to their children: their homes. They may not have too much to spend—but it goes for those permanent, abiding comforts that make home a nicer place to be.
And from where I sit, that budget calls for some of the niceties of home life too—like cider and popcorn for the kids from time to time, and a friendly glass of beer for Mom and Dad... things that belong with what we mean when we say "Home."

TRUMAN BACKERS IN CONTROL OF DFL STATE COMMITTEE

Anti-Wallace Faction Under Hubert Humphrey Wins Victory Thursday

Opponents of Henry Wallace's third party movement won control of the Democratic-Farmer-Labor state central committee in Minneapolis Thursday.

The anti-Wallace faction headed by Mayor Hubert Humphrey of Minneapolis and leaders of Americans for Democratic Action, elected its own seven-member steering committee to have "complete charge" of arrangements for the DFL state convention, including writing of the convention call.

Of the 138 delegates voting the right-winger of the DFL party—or group favoring Truman for president—mustered approximately 100 votes for each of their nominees for the steering committe.

The Wallace forces grouped about Elmer Benson, chairman of the Wallace national campaign committee, could get only 38 votes as the highest number for any of its nominees.

The motion, as adopted, called for seven members-at-large to have complete charge of arrangements, including selection of preconvention committees and control of finances.

The Wallace forces vainly tried to create a nine-member group, as a substitute for the seven-member committee, to be chosen on the basis of one from each congressional district.

Elected to the steering committee were:

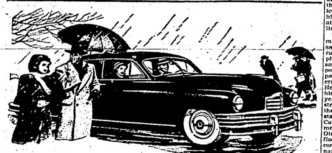
Byron Allen, Detroit Lakes, onetime DFL gubernatorial candidate; Orville Freeman, Minneapolis, secretary of the state central committee; Mrs. Eugenie Anderson, Red Wing; Mrs. Charles Halsted, Brainerd; John Moriarty, Duluth; William Horan, Wells, and Rep. Curtiss Olson, Roseau.

Brazil's Tree of Life

Brazil's "tree of life," the carnauba, grows in the northern coastal states. From five to six ounces of wax are obtained from each tree annually. Total production of the carnauba wax in Brazil is 26 million pounds annually. The wax now sells for $1.05, compared to 32 to 36 cents a pound before the war. The wood, hard and impervious to salt water and insects, is used in construction.

Check Zoning Laws

It is important to check all zoning restrictions before building, remodeling and buying a home. One often finds that no additions to the house are permitted.



Great News for every motorist who breathes!
Come in—see the real thing in automatic all-season heating and ventilation!
HERE'S an amazing new system that combines fresh air . . . automatic warmth . . . and sheer magic!
In winter—it keeps car air automatically at the desired temperature . . . with a gentle blanket of warmth instead of the old-style blast of heat. It circulates warmth fore and aft, side to side. Does away with window-fogging problems. Gives you a complete change of air once a minute.
On rainy days—it picks dry, fresh air right out of the mist . . . keeps interiors crisp and windows clear.
During heat waves—it circulates a quiet flow of fresh air throughout the car . . . even when windows are closed and the car is standing still!
See it and you'll agree—it's the successor to all the car heating and ventilating systems you've ever known!
So drop in soon at your nearest Packard showroom. See how the new Packard Eights let you "tune in" the best of every season!

POLITICAL ROUNDUP

By Arthur Naftalin

The hopes of Democratic-Farmer-Labor leaders that their party might enjoy a stronger position in this year's election than it did in 1944 and 1946 were revived by last week's meeting of the DFL state central committee at which the "right wing" forces won an overwhelmingly decisive victory. DFL spirits had been at low ebb in the face of the vigorous activity on the part of the supporters of Henry Wallace, but the state central committee made it clear that, if the Wallace group is to take the DFL out of the national Democratic Party, it will have to expect a vigorous struggle.

For many months—in fact, ever since the 1946 DFL convention—the party's affairs have been run by the state executive committee, the membership of which was enlarged in a surprise last-minute move at the '46 convention and which, as a result, has been dominated by the "left wing" group. In recent months, many members of the executive committee have been active in the Wallace campaign. The committee was so militant in pushing the "left wing" program that it even adopted a resolution condemning Mayor Hubert H. Humphrey of Minneapolis, the party's most likely candidate for United States Senator.

The main action taken by the state central committee in effect removed the direction of party affairs from the hands of the executive committee and gave it to a steering committee of seven—all of whom are personal and political friends of Mayor Humphrey, and all are outspoken opponents of the Wallace third party move and of the influences of the Communist Party. Thus, the central committee served notice that the DFL will rally behind Humphrey and will repudiate the "left wing" Communist line elements.

The DFL steering committee makeup offers some likely hints as to who some of Humphrey's running-mates might be, if Humphrey decides to seek senatorship; Byron G. Allen, always a popular DFL figure and the party's 1944 candidate for governor, is one of the mainsprings. He has discouraged talk about his candidacy for anything this year, but there is certain to be strong pressure to get him on the ticket. Another important state leader is certain to be Curtiss Olson of Roseau, liberal member of the state legislature. Olson was responsible for the floor leadership of the central committee meeting and was named to keynote the state convention in June.

The "right wing" is now clearly on the offensive. One evidence that it is on the move is the definite stand the Congressman John Blatnik is taking with respect to the Wallace-Truman matter. Blatnik told a large group of Eighth District ADA members that he would support President Truman's reelection wholeheartedly, which statement was interpreted by ADA leaders as an unequivocal break with the "left wing."

As the "right wing" offensive gathers momentum, the state ADA oranization emerges as an important political body. A number of its members have launched a new political journal called The Minnesota Outlook which is designed to advise DFL rank and file about the intraparty situation. In Hennepin County, the ADA has been working optimism that, working together with other groups, this combination will be able to win party control in the state's largest county.

Supt. Netteland announces the following for the honor roll in the high school: Freshman, Roger Easthouse, Dinna Ellingson, Marlys Geving, Bernice Smith, Ida Smith, Carol and Thomas Thompson; sophomores, Lois Selle, Goldie Sjulson, Darlene Stromlund; juniors, Delores Kulseth, Marion Olson and senior Alvina Askeland.

Lloyd Wiseth and Thomas Thompson have been added to the sports staff of the Mascot, high school newspaper.

The girls in the 7th and 8th grades have organized a club, "The Golden Rule" which meets each wednesday. A new set of officers are elected every two weeks.

Beverly Oski, sixth grader, won first prize with a theme on the topic "We Should all Support the March of Dimes Because—" which was sponsored by the Kiddies club of the Thief River Falls radio station. Her prize was one dollar.

The 7th and 8th grade boys have been beaming now for several days on the result of their 17 to 16 win over Oklee. With several seconds to go clever Kenneth Wiseth scored a field goal to turn back Curt Rubash's squad of 20 players. Wiseth with 6 and Kobechek, also with 6 led the Goodridge attack.

Despite losing by a good margin, the local basketeers improved in the gift toss department when they converted 8 points in this manner against Oklee.

By the time this is in print the Goodridge basketball season will have been over unless the unexpected would have happened at the sub-district tournament in East Grand Forks. As this was the concluding high school game for some of the boys, coach Nonte Jarvi expected the boys to battle hard, possibly to an upset.

Mr. and Mrs. Selmer Ramsey announce the arrival of a baby daughter, Feb. 23.

School Notes

Basketeers making the trip and competing against Alvarado at East Grand Forks Wednesday were Wiseth, Becker, Thompson, Bucholz, Tanem, Byglum, Payne, Dahle, Heuschwander and Easthouse. They were accompanied by Obed Sabo, who drove one of the cars, and coach Nonte Jarvi.

Jackets for the courters arrived but nothing further has been heard about the new suits ordered months ago. It's quite certain however that the suits will have arrived by next December.

Greetings from the Norwegian Junior Red Cross to the local juniors were received here Monday.

Gift boxes of the American Junior Red Cross from each of the high school classes were turned in to Mrs. Peterson, local school chairman, Tuesday. In charge of the gathering were the class presidents, Lloyd Tanem, Mary Jane Hanson, Adeline Kulseth and Lorna Salveson, supervised by Nonte Jarvi, principal.

Due to weather conditions there was no school Thursday and Friday.

The girls are getting set for the interclass basketball tournament. The juniors already have lined up their team as follows: Marian Olson, Adeline Kulseth, Delores Kulseth, forwards; guards, Donna Stanley, Beverly Brateng, Margie Vraa; substitutes are Joyce Hedeen and Alice Zavoral. Donna is captain.

BIG JIM MEETS HIS MATCH . . . James E. "Big Jim" Folsom, governor of Alabama with aspirations toward the presidency, found a man his size when he entered the conference room for the closed session of the southern governors' conference. He was surpassed in physique by Capt. Reid Clifton of the Florida highway patrol, whose 205 pounds and 6 feet 6 inches overshadowed the Alabama governor's 230 pounds and 6 feet 8 inches.

Pioneers Tanned Leather

American pioneers knew and practiced the art of tanning leather. To them it was a useful art and a simple one, and very little special equipment was needed for the work. When they killed a buffalo, cow or deer, they used the hide as well as the flesh. On their floors laid rugs made from the skins of wolves and other animals. Methods of curing skins were known to the ancient Egyptians. In China, leather has been found which proved to be more than 3,000 years old.

Vegetable Seeds

More than one-half million acres in the United States are given over to growing vegetable seeds. Of that area, half is devoted to peas.

GRYGLA

Watch the Market

The eighth grade arithmetic class has kept a record of a few of the stocks on the N. Y. Stock Market and the grains and livestock on the Chicago market. Each pupil chose different stocks and commodities to watch and record on the bulletin board at the back of the upper grade room.

Bernice Sletten, 7

Chinese Checkers

Colin Leverson was declared Chinese checkers champion of the upper grades in the final game, Monday, Feb. 23, when he defeated LeRoy Austad. Twelve pupils entered the contest, but were eliminated by Colin and LeRoy in the semi-finals last week.

Plans are being made to hold a horse shoe tournament with rubber horse shoes this week.

Robert Johnson, 7

New Proctor Elected

Sheldon Peterson of the sixth grade was elected proctor for the week of Feb. 23. He appointed to serve on his cabinet Bernice Slettin, girls' wash room secretary; Mayo Ellingson, boys' wash room secretary and Navda Du Champ room librarian. It was suggested that the two secretaries take charge of the two upper grade room tables during the noon lunch. The plan worked well. In a democracy everyone should elect or appoint capable officers and then obey the rules.

Luther Halmrast, 7

Vacations, Patriotic and Snow

School at Dist. 15 was dismissed Feb. 12, Lincoln's birthday. The fact that the gas ran out Feb. 11 made the teachers decide to take the twelfth rather than the twenty third day of the month as a holiday. The pupils liked the hot lunch too well.

Thursday, Feb. 19, the school board ruled there should be no school because of the blizzard.

Audrey Klaven, 7

Visitors

Many former students of Dist. 15 returned to visit when Goodridge or Thief River Falls schools are not in session. They all have liked our little gym and the little theatre of the lower grades.

Chairs are kept ready for visitors at all times. The proctor is glad to open the door when you knock. Visitors will find they can watch the school more comfortably in these chairs than crowded in the pupils desks. Come often!

Oratorical Contest

Announcement was made that a Civic Orations contest open to pupils of the fifth through the eighth grades will be staged in Grygla. The competition will be supervised by Mrs. Jenson and will be held under the sponsorship of Modern Woodmen of America.

The purpose of the contest is to stress the attributes of good citizenship in the minds of school pupils and help them think and speak in public. The contests are limited to towns with a population of 1500 or less in order to give benefit such competition will afford them.

Two awards will be made, one to the school and one to the winner of the contest. The school award is a metal trophy with metal plaque to be engraved with the name of the winner. To the pupils who give the best oration on the subject "What Freedom Means" will go a 5 inch trophy.

Watch for the announcement of date and judges.

We are sorry to report that John Jenson, local power plant employee, was injured on Tuesday morning. Few details are available but Mr. Jenson was taken to a Thief River Falls doctor after sustaining head and shoulder injuries when he fell from the engine at the plant.

Mr. and Mrs. Henry Holte visited at the Gust Saxvold home on Sunday afternoon. In the evening they were supper guests at the John Loven home at Gatzke.
